6) **Describe the Issuer's Business, Products and Services**

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the
following:

A. **description of the issuer's business operations;**

Prestige Cars International, Inc. ("Prestige Cars International", the "Company" or "PCI"), founded by Robert Atanasov, was incorporated in the State of Florida on January 25, 2007, and began doing business immediately thereafter. PCI buys and sells luxury European vehicles, and their parts, worldwide, specializing in vintage Rolls Royce, Bentley, Mercedes Benz, BMW, Porsche, Jaguar and Land Rover . Sales are on a personal basis, and over the Internet (www.prestigiouseurocars.com)

THE EVOLUTION OF THE CORE BUSINESS STRATEGY

In 2015, PCI's intent is to identified a new, unique and rapidly growing business opportunity seeking out locations across Miami to west Palm Beach, entrenched in a highly lucrative, small and fragmented portion of the multi-billion dollar auto repair business PCI plans to set up shops in Miami , Adventure, Pompano Bch Boca Raton and West Palm Bch with their Flag ship service facility in Ft Lauderdale..

This opportunity already connects to the types of repair work that PCI does already, while representing a further vertical integration of PCI's intended long-term strategy for added auto repair capabilities. Important, this opportunity allows PCI to significantly optimize its revenue and profits within a twelve (12) month period.

This opportunity is the rebuilding of failed "out of warranty" parts and assemblies on high-end cars that will remain drivable for many years to come, and the resale of such rebuilt parts and assemblies to auto repair shops and dealers alike nationwide.

The execution of this new business strategy calls for PCI to expand and equip its main location in order to specialize in the service for Mercedes Benz, BMW, Jaguar, Rolls Royce, Bentley, and Land Rover.

Quarterly Disclosure Statement for the Quarter Ended June 30, 2014

History

Effective as of 2007, **P**restige Cars International, Inc. ("PCI"), a Florida corporation was incorporated and acquired into a company (Cambridge Park Limited, LLC.). The merger was treated as a asset purchase and later spun off into its own public entity (PREC). **P**restige Cars International, Inc. has been doing business year round since its conception, year after year building a strong sales base and sales force to support its position in the market with assets growth and liabilities to succeed in the public arena.

On August 2008, we filed a 15c211 and a Certificate to Amendment the Incorporation to authorize the number of our authorized shares of common stock of 200,000,000 shares a dividend was issued to all shareholders of record of 1000 share each: 36,973,636 shares of common stock, par value $.0001 per share (the "common stock"), and 50,000,000 shares of preferred stock, par value $.0001 per share (the "Preferred Stock") not issued yet. The foregoing description of the amendment to our certificate of incorporation does not purport to be complete and is qualified in its entirety by reference to the complete text of the Certificate of Amendment to Certificate of Incorporation. Which direction On May 1, 2010, with support from our major shareholders, we made the decision to wind down our operations in the automotive industry area and refocus our efforts in the area of E-Bay sales to develop a knowledge-based and culturally attuned social media sales force over the Internet with E-Bay.

We upgraded the majority of our operations in June of 2010, but continued to operate a small operations and team of technicians. In addition 24,000,000 shares were approved for the purchase of E-Bay Sales with 144 restricted shares.

On August 27, 2014, we entered into a completion mode to secure the companies trading position and began to pre-pair the financials and disclosure to begin trading.

Overview of Experience

Technical

Currently involved in healthcare oriented systems design/programming and wireless secured communications, I have attained a diverse background with over 12 years of experience in the technology sector. I am actively involved in the planning, architecture, development and programming of software, hardware and information systems, possessing strong design, engineering and programming skills in most (mainframe/PC) languages, database systems and development tools.

Management

Since the early 1980's, I have been actively managing the course of several companies and complex projects providing consulting, mentoring hands-on design/programming, and guidance in a number of engagements. I excel in technical and leadership roles including project management, training, data security, wireless communications techniques, medical device interface with computers, business systems development and legacy systems conversions. During the past 15 years I have functioned as CEO/CIO of a medium-size scientific hardware/software development company, of which I am the majority shareholder, and have gained strong team, speaking, written and people skills to complement my technical capabilities.

Availability and Career Objectives

Desire full/part-time consulting, especially related to security and wireless projects, conversion, planning, development and programming in business and scientific areas. I have recently completed a systems conversion and implementation of a secured interactive wireless medical network. I can function exceptionally in feasibility analysis, strategy, technology planning, FDA compliance projects, data analysis, technical speaking engagements, short-term CIO/CTO positions and similar activities.

Use of Estimates
The preparation of consolidated financial statements in conformity with accounting principles generally acceptable ("GAAP") in the United States of America ("U.S.") requires us to make estimates and assumptions that affect the amounts reported and disclosed in the financial statements and the accompanying notes. Actual results could differ materially from these estimates. On an ongoing basis, we evaluate our estimates, including those related to accounts receivable, fair values of financial instruments, useful lives of property and equipment, income taxes, and contingent liabilities, among others. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable, the results of which form the basis for making judgments about the carrying values of assets and liabilities.

Non-Controlling Interest
The Company owned 51% of the outstanding stock of E-Bay Sales. The financial information related to E-Bay Sales was consolidated into our financial statements, which included an accounting for non-controlling interest.
