Ladies and Gentlemen:

I have been retained by Go Green Global Technologies Corp., (the Issuer) solely for the purpose of rendering my opinion as to whether there is adequate current information available on the OTC Disclosure and IQ News Service regarding the Issuer and related matters as of its already posted filings and as regular disclosure counsel going forward.

I have been retained solely to review the current information supplied by the Issuer. I am licensed to practice law in the State of Colorado. This opinion is limited to the laws of the United States. I am permitted to practice before the Securities and Exchange Commission and have not been prohibited from practice before the Commission.

As to matters of fact, I have examined such documents as I have deemed necessary and appropriate for this opinion, including but not limited to those listed below and believe the sources of such factual information, public officials, officers and directors of the Issuer and the transfer agent of the Issuer to be reliable. I have assumed that the information contained in all documents reviewed are accurate copies of the originals are true and correct, including that all signatures are genuine.

Documents Reviewed:

1. Articles of Incorporation; Bylaws and Minutes of meetings of Stockholders and the Board of Directors and Actions taken by Written Consent in Lieu of Meeting by the Board of Directors;
2. The Annual Disclosure Statement dated March 25, 2015;

I have (i) personally met via video conference and telephone with management and the directors: (ii) reviewed the information, published by the Issuer through the OTC Disclosure and News Service; and (iii) discussed the Information with management and the directors of the Issuer.
