FORWARD-LOOKING STATEMENTS

This disclosure statement contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. In some cases you can identify forward-looking statements by terms such as "may", "intend", "will", "could", "would", "expects", "believe", "estimate", or the negative of these terms, and similar expressions intended to identify forward-looking statements.

These forward-looking statements reflect our current views with respect to future events and are based on assumptions and are subject to risks and uncertainties. Also, these forward-looking statements present our estimates and assumptions only as of the date of this disclosure statement. Except for our ongoing obligation to disclose material information as required by federal securities laws, we do not intend to update you concerning any future revisions to any forward-looking statements to reflect events or circumstances occurring after the date of this disclosure statement.

Actual results in the future could differ materially and adversely from those described in the forward-looking statements as a result of various important factors, including the substantial investment of capital required to produce and market films and television series, increased costs for producing and marketing feature films, budget overruns, limitations imposed by our credit facilities, unpredictability of the commercial success of our motion pictures and television programming, the cost of defending our intellectual property, difficulties in integrating acquired businesses, and technological changes and other trends affecting the entertainment industry.

In compliance with the OTC Pink Basic Disclosure Guidelines, the Company hereby submits the following disclosures and information for the Annual Report, covering the quarterly period ending June 30, 2015. These Addit5ional Disclosures are intended to supplement the filings and information previously published concerning the above reporting period, including, but not limited to, the 10-Q formatted filing posted to the OTC Markets on or about August 15, 2015.

Item 3 – **The jurisdiction and date of the issuer's incorporation under that jurisdiction** are:
Wyoming (corporation), registered January 29, 2009. The Company's wholly-owned, operating entity, Truman Press, Inc., d/b/a "Hannover House" was incorporated in California in 1993, and re-registered into Arkansas, effective June, 2008.

Item 4 – **Exact title and class of securities outstanding**:
The Company's stock is traded on the OTC "Pinksheets" Markets under the trading symbol: HHSE. The Cusip number for the Company is: 410686 101. The following is true and correct, per our transfer agent, as of and at the period ending on June 30, 2015:

Total Common Stock Shares in issue as of March 31, 2015: 713,927,966*

a. Above Shares Restricted from Sale: 103,860,595*
   TOTAL COMMON STOCK SHARES IN MARKET: 610,067,374*

b. Series "A" Preferred Shares: 3,000,000

Shareholders of Record: 2,012 *(Standard Registrar count)*
Total Beneficial Shareholders: 343 *(Broadridge, ICS count)*
Total Authorized Common Stock Shares: 800,000,000**
Total Authorized Series "A" Preferred Shares: 10,000,000

** Common Stock Share count includes 10-mm restricted stock shares issued as collateral to TCA Global Master Fund, which are subject to return to treasury stock.*

*** Note: During this reporting period, the total Authorized Common Stock Shares level was increased to 800,000,000 – by an action of the Board of Directors on April 21, 2015 – which action was following a discussion at the Annual Meeting of Shareholders, and a waiting period of more than thirty days, as per the guidelines detailed in the corporate by-laws. Also at that time, in compliance with comments received following Company's filing of a Form 10 Registration statement with the Securities and Exchange Commission, the Board created a mechanism for the establishment of "Reserve Shares" which could be issued by the Transfer Agent, but only as a final step in a chain-of-events relating to certain "Convertible Notes" that the Company entered into during 2014 (with JSJ Investments). Under the "Reserve Share" structure, the Company's Transfer Agent (Standard Registrar) could, under very special circumstances, exercise the powers of the Board of Directors in authorizing up to 100-million addition shares, but only in the event that: a). the notes (or any portion thereof) are demonstrably unpaid, following a note holder's notification to HHSE and a ten-day cure period; b). the value of the conversion of debt into common stock shares at the time of the conversion results in a need for more shares than the existing authorization limit of 800-million. c). Compnay does not notify Standard Registrar of an issue, dispute, breach, claim or circumstance which would negate the note holder's right to receive Common Stock shares. As of this reporting period, June 30, 2015, JSJ Investments was holding non-matured notes totaling $56,000, Mohawk Capital was holding a non-matured note of $25,000 and L.G. Capital was holding a matured, but not yet paid or converted note for $25,000. The total of these non-matured or unpaid notes is $106,000. The Company estimates the potential quantity of shares that could be demanded, if these notes were not paid, but converted into shares at the currently low share pricing, would be approximately 14-million shares. The establishment of 100-million "Reserve Shares" to address a share liability issue that is likely to impact the Company for 14-million or less shares (if said notes were actually converted into shares), seems unnecessary and excessive... but was approved by the Board in order to comply with Form 10 comments.*

Item 5 – **Stock Transfer Agent:**

The Transfer Agent for the Company's stock is:
Standard Registrar & Transfer Company, Inc.
12528 South 1840 East
Draper, UT 84020
Tel. 801-571-8844 / Fax 801-571-2551

The Company attests that the Transfer Agent is Registered under the Securities Act, and relies upon both the statements as such published onto the Transfer Agent's website, as well as to a direct communication with the Transfer Agent in which they confirm their registration status.
