STEREO VISION ENTERTAINMENT, INC.
(A Development Stage Company)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of accounting policies for Stereo Vision Entertainment, Inc. is presented to assist in understanding the Company's financial statements. The accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

The unaudited financial statements as of December 31, 2013 include, in the opinion of management, all adjustments (only normal recurring adjustments) necessary to fairly state the financial position and results of operations for the twelve months. Operating results for interim periods are not necessarily indicative of the results which can be expected for full years.

Nature of Operations and Going Concern

The accompanying financial statements have been prepared on the basis of accounting principles applicable to a “going concern”, which assumes that the Company will continue in operation for at least one year and will be able to realize its assets and discharge its liabilities in the normal course of operations.

Several conditions and events cast doubt about the Company’s ability to continue as a “going concern”. The Company has incurred net losses of approximately $19,099,309 for the period from December 23, 1999 (inception) to December 31, 2013, has a liquidity problem, and requires additional financing in order to finance its business activities on an ongoing basis. The Company is actively pursuing alternative financing and has had discussions with various third parties, although no firm commitments have been obtained. In the interim, shareholders of the Company have continued to meet its minimal operating expenses as they have done in the past.

The Company’s future capital requirements will depend on numerous factors including, but not limited to, continued progress developing its products and market penetration and profitable operations.

These financial statements do not reflect adjustments that would be necessary if the Company were unable to continue as a “going concern”. While management believes that the actions already taken or planned, will mitigate the adverse conditions and events which raise doubt about the validity of the “going concern” assumption used in preparing these financial statements, there can be no assurance that these actions will be successful.

If the Company were unable to continue as a “going concern”, then substantial adjustments would be necessary to the carrying values of assets, the reported amounts of its liabilities, the reported expenses, and the balance sheet classifications used.

Principles of Consolidation

The consolidated financial statements for the quarter ended December 31, 2013 include the accounts of the parent entity and its wholly-owned subsidiaries TDOJ LLC and REZN8. Neither subsidiary has had any meaningful operations during the preceding quarter.

Reclassification

Certain reclassifications have been made in the 2012 financial statements to conform with the 2013 presentation.

Intangible Assets

Intangible assets consist of movie and music licensing rights and production costs and are valued at cost. As of December 31, 2013, the Company had $430,078 in film costs that are in the development stage or pre-production stage.

The Company identifies and records impairment losses on intangible assets when events and circumstances indicate that such assets might be impaired or when the property is not set for production within three years of acquisition. The Company considers factors such as significant changes in the regulatory or business climate and projected future cash flows from the respective asset. Impairment losses are measured as the amount by which the carrying amount of intangible asset exceeds its fair value.

NOTE 2 - INCOME TAXES

As of December 31, 2013, (taxable fiscal year) the Company had a net operating loss carry forward for income tax reporting purposes of approximately $19,099,309 that may be offset against future taxable income through 2032. Current tax laws limit the amount of loss available to be offset against future taxable income when a substantial change in ownership occurs. Therefore, the amount available to offset future taxable income may be limited. No tax benefit has been reported in the financial statements, because the Company believes there is a 50% or greater chance the carry-forwards will expire unused. Accordingly, the potential tax benefits of the loss carry-forwards are offset by a valuation allowance of the same amount.

	2013	2012
Net Operating Losses	$3,072,610	$2,553,000
Valuation Allowance	(3,072,610)	(2,553,000)
	$ -	$ -

The Company evaluates its valuation allowance requirements based on projected future operations. When circumstances change and causes a change in management's judgment about the recoverability of deferred tax assets, the impact of the change on the valuation is reflected in current income.

NOTE 3 - DEVELOPMENT STAGE COMPANY/ GOING CONCERN

The Company has not begun principal operations and as is common with a development stage company, the Company has had recurring losses during its development stage. Continuation of the Company as a going concern is dependent upon obtaining the additional working capital necessary to be successful in its planned activity. The management of the Company has developed a strategy, which it believes will accomplish this objective through additional equity funding and long term financing, which will enable the Company to operate for the coming year.

NOTE 4 - RENT EXPENSE

The Company's principal executive offices are located at 15452 Cabrito Road, Suite 204, Van Nuys, CA 91406 and consist of approximately 2,500 square feet of furnished executive suite offices and reception and conference room arrangements. The lease expired in June 2005. Since the lease expired, the Company is on a month to month lease. The monthly rent for the property is $2,500. For the three months ended December 31, 2013, rent expense was $7,500.

NOTE 5 - LOANS FROM SHAREHOLDERS AND OTHER RELATED PARTY TRANSACTIONS

As of December 31, 2013, the company owed $0 to various shareholders, officers and directors.

NOTE 6 - COMMON STOCK TRANSACTIONS

Common stock transactions for prior periods have been disclosed in prior reporting and not included from this summary.

NOTE 7 - STOCK SPLIT

None in previous three years.

NOTE 8 - COMMITMENTS

On November 26, 2010, the Company entered into a consulting agreement with John Honour whereby Mr. Honour will be paid $300,000 per year. This agreement shall be in effect for a period of three years, ending November 25, 2013.

NOTE 9 - STOCK OPTIONS

At December 31, 2013, there were no stock options outstanding.

Item 4 Management's Discussion and Analysis or Plan of Operation.

Management plans to continue to develop the Company's wholly owned and jointly owned intellectual properties. 'Three Dimensions Of Jerusalem' (TDOJ) is a faith based film to which we have attached a talented team of award winning professionals for its creation. The company-owned intellectual properties include 'Kung Fu U' (KFU3D) and Secrets of the Lost san Sabas' (SLSS). 'Aubrey Blaze' (AB3D) is a science fiction thriller for theatrical release to be made in Puerto Rico The Company has purchased the 9-time Emmy-Award-winning 3D motion graphics company REZN8. R8 has been a California corporation in good standing for 27 years.

The Company can satisfy its cash requirements with minimal cash reserves. Funding efforts will continue to raise additional funds in the next twelve months. The company will continue the development of standard independent 3D features films on company's intellectual property. There are no expected purchases or sales of plant and significant equipment. There are no expected significant changes in the number of employees.

Item 5 Legal Proceedings

There are no additional legal proceedings apart from those already disclosed in the annual report.

Item 6 Defaults upon Senior Securities.

None

Item 7 Other Information

None

Item 8 Exhibits

No new exhibits.

Item 9 Certifications

I, Stephen Williams, Chief Financial officer, certify that:

I have reviewed this quarterly disclosure statement of Stereo Vision Entertainment, Inc.;

Based on my knowledge, this disclosure statement does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this disclosure statement; and

Based on my knowledge, the financial statements, and other financial information included or incorporated by reference in this disclosure statement, fairly present in all material aspects the financial condition, results of operations and cash flows of the issuer as of, and for, the periods presented in this quarterly disclosure statement.
