

Blue Diamond Ventures Inc., Canadian Cannabis Update

BLDV to focus on Canadian Opportunities in September

September 6, 2017 Blue Diamond Ventures Inc. (OTC PK: BLDV)
Denver Colorado:

Blue Diamond Ventures Inc. (BLDV) provides a summary of the Canadian Cannabis projects to the market.

AMS Farms Canada – Fund Raising Continues

The Private Placement Memorandum that will be used to finalize the investment transaction has been presented to AMS, and is now in final review. This will PPM will raise the \$12 Million required for the construction of the 50,000-sq. ft. facility in Hanover.

Build to Lease Opportunity in Toronto

BLDV is in final negotiations with a Licensed Producer in Ontario to provide a turn-key design and build-to-lease building of 3,000 sq. ft. that will contain three levels of growing, for a total of 9,000 sq. ft. of grow space, with future expansion plans to build a 40,000-sq. ft. facility on the same site. Project should be confirmed within September. This project will be part of the newly expanded Innovative Growth Group Fund (Previously Michigan Growth Fund)

Canadian Operator to Lease from BLDV in Michigan

BLDV is processing a qualified request from an existing **Canadian Licensed Producer** to lease space in Michigan to expand their successful line of Cannabis Products. Applications for new licenses in Michigan will be accepted on December 15th, 2017, BLDV has multiple projects slated for new operators in Michigan and provides a Suite-of-Services to potential lease holders to assist in the licensing process.

Health Canada Provides Updates that include new Sanitation Standards.

Health Canada has issued a supplement to their **Good Production Practices** (GPP) that includes new sanitation requirements. Canada is raising the bar for manufacturing standards for **Medical Cannabis Facilities**. Cannabis Clean, a wholly owned subsidiary of BLDV will soon be releasing their new standards based on the **Good Agricultural Practices** (GAP) and the **Good Manufacturing Practices** (GMP) that are being developed in Israel as part of the move toward bringing Cannabis Manufacturing in line with other Biotech Industries. Cannabis Clean will use these new standards as the core of their new customized offering being launched on November 1, 2017. The new sanitation standards developed in Israel **will meet the requirements of Health Canada.**
