

## Transfer Agent Verified Shares Program

The Transfer Agent Verified Shares Program provides reliable share data to investors of OTCQX, OTCQB and Pink securities by allowing participating transfer agents to submit verified shares outstanding information for their clients directly to OTC Markets Group.

### Participating Transfer Agents:

- American Stock Transfer & Trust Company  
(coming in 2017)
- Broadridge Financial Solutions, Inc.
- ClearTrust, LLC
- Colonial Stock Transfer Co. Inc.
- Computershare (coming in 2017)
- Continental Stock Transfer & Trust Company  
(coming in 2017)
- Corporate Stock Transfer
- Direct Transfer LLC
- Equity Stock Transfer
- Island Stock Transfer
- Nevada Agency and Transfer Company
- Olde Monmouth Stock Transfer
- Transfer Online, Inc.
- VStock Transfer
- West Coast Stock Transfer, Inc.

This program enables registered transfer agents to report their client's share data, including authorized and outstanding shares, to OTC Markets Group on a regular basis in a secure manner. Share data provided by transfer agents will be displayed alongside a "Verified" logo on [www.otcmarkets.com](http://www.otcmarkets.com), indicating that the information is reliable and trustworthy, and will be disseminated through OTC Markets Group's data products along with other security-related information. OTC Markets Group will also use this data to confirm compliance with OTCQX and OTCQB market rules.

### Why should transfer agents participate?

Accurate share information helps public companies build credibility with investors and brokers. Transfer Agents can provide their clients a higher level of service, by automating the publication of current share outstanding on [www.otcmarkets.com](http://www.otcmarkets.com). Together, OTC Markets Group and transfer agents can help issuers build trust and improve transparency.

### How is this information disseminated?

OTC Markets Group displays information on shares outstanding on its website at [www.otcmarkets.com](http://www.otcmarkets.com), a publicly available financial portal that provides verified company information to investors, broker-dealers and others researching the securities on the OTCQX, OTCQB and Pink markets. When share data is provided by a Transfer Agent, a "Verified" logo on [www.otcmarkets.com](http://www.otcmarkets.com) indicates that the information is up-to-date.

This information is also disseminated through OTC Markets Group's data products to interested parties that rely on our data as the source for verified information on OTC Market Group securities.
