Other Effect on Outstanding shares:

COMMON STOCK:

It is proposed to increase the authorized common stock 12,000,000,000. And the par value to \$0.00001.

We need to raise additional funds through public or private debt or equity financing to be able to fully execute our business plan. Any additional capital raised through the sale of equity or convertible debt may dilute the existing investor's ownership interest. We may not be able to raise additional funds on favorable terms at all. If we are unable to obtain additional funds, we will be unable to execute our business plan.

Convertible Debt:

The convertible notes for \$52,500 issued to Asher Enterprises, Inc. ("Asher") in June 24, 2011. This note carries interest of 8% per annum. \$ 4,500 of the note principal was converted in to common shares. The remaining balance of \$48,000 is payable on demand and has been assigned in the name of C S Sheshadri. This note is convertible at the election of CS Seshadri from time to time after the issuance date. Due to the non-payment of the loan, the amount of principal and interest has become payable immediately at 150% of the outstanding balance. The note agreements contain covenants requiring CS Seshadri's written consent for certain activities not in existence or not committed to by the Company on the issue date of the notes, as follows: dividend distributions in cash or shares, stock repurchases, borrowings, sale of assets and certain advances and loans in excess of \$100,000. Outstanding note principal and interest accrued thereon can be converted in whole, or in part, at any time by CS Seshadri after the issuance date into an equivalent of the Company's common stock determined by 60% of the average of the three lowest closing bid prices of the Company's common stock during the ten trading days prior to the date the conversion notice is sent by CS Seshadri.

The convertible notes for \$42,500 issued to Asher in August 1, 2011. This note carries interest of 8% per annum This note has been assigned in the name of C S Sheshadri and is payable on demand. This note is convertible at the election of CS Seshadri from time to time after the issuance date. Due to the non-payment of the loan, the amount of principal and interest has become payable immediately at 150% of the outstanding balance. The note agreements contain covenants requiring CS Seshadri's written consent for certain activities not in existence or not committed to by the Company on the issue date of the notes, as follows: dividend distributions in cash or shares, stock repurchases, borrowings, sale of assets and certain advances and loans in excess of \$100,000. Outstanding note principal and interest accrued thereon can be converted in whole, or in part, at any time by CS Seshadri after the issuance date into an equivalent of the Company's common stock determined by 60% of the average of the three lowest closing bid prices of the Company's common stock during the ten trading days prior to the date the conversion notice is sent by CS Seshadri.

The Company has another Note payable for \$20,000 which bears no interest and is payable on demand.

Company has a right to issue additional common stocks without further shareholders' approval. Our authorized and unissued shares can be used by management to oppose a hostile takeover attempt, delay or prevent changes of control, or changes in or removal of management.

Company is further planning to raise additional funds through private debt financing to be able to execute our business plan. We may issue shares to raise capital or for services in the future at a price lower than that paid by current investors and such actions would be dilutive, even highly dilutive, of current outstanding shares, which would adversely affect market values. Our securities have been thinly traded on the Over-The-Counter Market, Pink Sheets which may not provide liquidity for our investors.

Under rule 3a51-1, the Company's common stock falls within the definition of "Penny Stock," pursuant to the 90 Act. Our securities are quoted on the Over-the-Market (OTC), under the symbol MIHI. Securities traded on the Over-The-Market are usually thinly traded, highly volatile, have fewer market makers and are not followed by analysts. The Securities and Exchange Commission's order handling rules, which apply to NASDAQ-listed securities, do not apply to securities quoted on OTC markets. Quotes for stocks included on the OTC market are not listed in newspapers. Therefore, prices for securities traded solely on the OTC may be difficult to obtain and holders of our securities may be unable to resell their securities at or near their original acquisition price, or at any price.

In times of heavy market volume, the limitations of this process may result in a significant increase in the time it takes to execute investor orders. Therefore, when investors place market orders to buy or sell a specific number of shares at the current market price, it is possible for the price of a stock to go up or down significantly during the lapse of time between placing a market order and its execution.

Future sales of our common stock by restricted shareholders could have a depressive effect on the market price for our stock

As of April 30, 2014, we had 56,090,117 shares of common stock outstanding, subject to restrictions on transfer referred to below, all other shares of common stock which we have not registered are considered "Restricted Securities" as defined under the Securities Act (1934) and in the future may be sold in compliance with rule 144 under the Securities Act or pursuant to a registration statement filed under the Securities Act. Rule 144 generally provides that a person holding restricted securities for a period of six months may sell every three months in brokerage transactions or market-maker transactions an amount equal to the greater of (i) one percent (1%) of our issued and outstanding common stock or (ii) the average weekly trading volume of the common stock during the four calendar weeks prior to the sale. Rule 144 also permits, under certain circumstances, the sale of shares without any quantity limitation by a person who is not an affiliate of the company and who has satisfied a one year holding period. The sale of substantial numbers of these shares, whether pursuant to rule 144 or pursuant to a registration statement, may have a depressive effect on the market price of our common stock by causing the supply to exceed demand.

In addition, sales of significant amounts of restricted shares held by Mr. Madhava Rao Mankal, CFO and Director of the Company and Mr. Daniel Medina, President and Director of the Company, and Mr. Albert Mardikian who own a total of 36,488,001 shares of our Company's common stocks, or the prospect of these sales, could adversely affect the market price of our common stock.

Our operating results in future periods are likely to fluctuate significantly and may fail to meet or exceed the expectations of securities analysts or investors, and this could affect our market price

Our annual and quarterly operating results are likely to fluctuate significantly in the future due to numerous factors, many of which are outside of the company's control. These factors include many of which are discussed in other risk factors; such as low revenues, competition, failure to approve products proposed, lack of additional capital, management changes, and intellectual property infringement claims to extremely high operating costs. If our operating results are negatively affected by any of these factors, our operating results in future periods could fail to meet or exceed the expectations of securities analysts or investors. In that event, any trading price of our common stock would decline.

We expect that our common stock will continue to be quoted on the OTC-Markets and we plan to continue to file periodic and other reports with the SEC under the Exchange Act.

Company will be able to issue further common shares which will dilute the existing stock holders. The par value of our common stock will be changed to \$0.00001 and also we are increasing the authorized common stock from 500,000,000 to 12,000,000,000.

SERIES `A' PREFERRED STOCK:

The Company has been authorized to issue 10,000,000 shares of preferred stock with a par value of \$.01, out of which 50 shares have been designated as convertible Series A preferred stock ("Series A"). The Series A has a stated value \$12,000 per share, each one share of Series A is convertible into 1% of the outstanding common shares at the time of conversion, may be converted at anytime, is redeemable by the Company in whole or in part at anytime at a price equal to the greater of (a) \$12,000 per share or (b) the market value of the common stock into which the Series A is convertible, has preferential liquidation rights to common stock subject to a 150% of invested capital, and has voting rights equal to common stock in an amount equal to the number of shares that Series A could be converted into.

At April 30, 2014, the Company had 30 shares of Series `A' Preferred Stock issued and outstanding. Mr. Mankal and Mr. Medina, CFO and President of the Company, were issued 15 shares each of Series `A' preferred stock. No shares have been redeemed so far.

SERIES `B' PREFERRED STOCK:

Series B Convertible, Redeemable Preferred Stock; 100 shares designated; \$1,000 per share stated value; Each one share of Series B is convertible into 0.20% of the outstanding common shares at time of conversion; convertible at any time; Redeemable by the Company in whole or in part at any time, at a price equal to the greater of (a) \$1,000 per share or (b) the market value of the common into which the Series B is convertible on the date of redemption. Preferential liquidation rights to common, whereby Series B would receive up to 150% of invested capital upon liquidation; voting rights equal to common, in an amount of shares that Series B could be converted into.

Company is canceling Series `B' Preferred shares.

SERIES `C' PREFERRED STOCK: The new class of stock of this corporation heretofore named "Preferred Stock" shall be named and designated "Series C Preferred Stock". It shall have 10 shares authorized at \$0.01 par value per share. This class of shares will be issued to the Management, employees or consultants to convert debt.

a) If at least one share of Series C Preferred Stock is issued and outstanding, then the total aggregate issued shares of Series C Preferred Stock at any given time, regardless of their number, shall be convertible into the number of shares of Common Stock which equals four times the sum of: i) the total number of shares of Common Stock which are issued and outstanding at the time of conversion, plus ii) the total number of shares of Series A, Series B and Series D Preferred Stocks which are issued and outstanding at the time of conversion.

b) Each individual share of Series C Preferred Stock shall be convertible into the number of shares of Common Stock equal to:

[four times the sum of: {all shares of Common Stock issued and outstanding at time of conversion + all shares of Series A, Series B and Series D Preferred Stocks issued and outstanding at time of conversion}] divided by [the number of shares of Series C Preferred Stock issued and outstanding at the time of conversion]

We will need to raise substantial amount of additional capital and may issue shares for cash, services, or acquisitions at a price less than that paid by current owners, as needs arise. This poses a risk for shareholders debts in that there is no protection for shareholder debts against such dilutive issuances, which could ultimately adversely affect the market and price for our shares, if a market ever develops.

SERIES D PREFERRED STOCK: Proposed 10,000,000 shares of proposed Series D Preferred Stock, par value \$0.00001 per share (the "Series D Preferred Stock" or "Series D Preferred Shares"). The holders of Series D Preferred Stock shall be entitled to receive dividends when, as and if declared by the Board of Directors, in its sole discretion. Upon any liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary, before any distribution or payment shall be made to the holders of any stock ranking junior to the Series D Preferred Stock, the holders of the Series D Preferred Stock shall be entitled to be paid out of the assets of the Corporation an amount equal to \$1.00 per share or, in the event of an aggregate subscription by a single subscriber for Series D Preferred Stock in excess of \$100,000, \$0.997 per share (as adjusted for any stock dividends, combinations, splits, recapitalizations and the like with respect to such shares) (the "Preference Value"), plus all declared but unpaid dividends, for each share of Series D Preferred Stock held by them. After the payment of the full applicable Preference Value of each share of the Series D Preferred Stock as set forth herein, the remaining assets of the Corporation legally available for distribution, if any, shall be distributed ratably to the holders of the Corporation's Common Stock. Each share of Series D Preferred Stock shall be convertible at par value \$0.00001 per share (the "Series D Preferred"), at any time, and/or from time to time, into the number of shares of the Corporation's common stock, par value \$0.00001 per share (the "Common Stock") equal to the price of the Series D Preferred Stock of the proposed Bylaws amendments, divided by the par value of the Series D Preferred, subject to adjustment as may be determined by the Board of Directors from time to time (the "Conversion Rate"). For example, assuming a \$2.50 price per share of Series D Preferred Stock for conversion of affiliate debts, and a par value of \$0.00001 per share for Series D Preferred, each share of Series D Preferred Stock would be convertible into 100,000 shares of Common Stock irrespective of the share price of Series D Preferred Stock. Such conversion shall be deemed to be effective on the business day (the "Conversion Date") following the receipt by the Corporation of written notice from the holder of the Series D Preferred Stock of the holder's intention to convert the shares of Series D Stock, together with the holder's stock certificate or certificates evidencing the Series D Preferred Stock to be converted.

Shares of Series D Preferred Stock are anti-dilutive to reverse splits, and therefore in the case of a reverse split, are convertible to the number of Common Shares after the reverse split as would have been equal to the ratio established prior to the reverse split. The conversion rate of shares of Series D Preferred Stock, however, would increase proportionately in the case of forward splits, and may not be diluted by a reverse split following a forward split. The initial price of each share of Series D Preferred Stock shall be \$2.50 for conversion of affiliate debts. Shares of Series D Preferred Stock may not be converted into shares of Common Stock for a period of: a) six (6) months after purchase, if the Company voluntarily or involuntarily files public reports pursuant to Section 12 or 15 of the Securities Exchange Act of 1934; or b) twelve (12) months if the Company does not file such public reports.

We will need to raise substantial amount of additional capital and may issue shares for cash, services, or acquisitions at a price less than that paid by current owners, as needs arise. This poses a risk for investors in that there is no protection for them against such dilutive issuances, which could ultimately adversely affect the market and price for our shares, if a market ever develops.

Affiliate shareholders debts are converted to Preferred Series D shares by the amount of debt divided by \$2.50 per share.

To protect the existing shareholders from dilutive issuance of shares for cash, services, it is proposed to issue one Preferred Series D shares dividend to existing shareholders for every 100,000 common shares outstanding on record date. Shareholders holding less than 100,000 common shares are paid cash as dividend by multiplying number of shares held by \$0.00001. Ex. 60,000 common shares gets a dividend of \$0.60.

The available authorized and unissued shares of preferred Series C stock and preferred Series D stock gives the company the ability to cause a potential anti-takeover effect by creating potential dilution to the number of outstanding shares. Management currently not contemplating any such anti-takeover plan.

Modification or Exchange of Securities

Company proposes to issue preferred series 'C' and 'D' in exchange for the management debts under item 12 of Proxy Statement Pursuant to Section 14(a) of the Securities Exchange Act of 1934.

| | | Loan | Accrued Payroll | Interest | Total | Preferred Series C in Dollars | No of Preferred Series C | Preferred Series D in Dollars | No of Preferred Series D* |
|--------------------|-----------|-----------|-----------------|-----------|-------------|-------------------------------|--------------------------|-------------------------------|---------------------------|
| Daniel Medina | President | \$144,762 | \$364,369 | \$51,814 | \$560,945 | \$100,000 | 1 | \$460,945 | 184,378 |
| Madhava Rao Mankal | CFO | \$180,248 | \$326,807 | \$61,708 | \$568,763 | \$100,000 | 1 | \$468,763 | 187,505 |
| | TOTAL | \$325,010 | \$691,176 | \$113,522 | \$1,129,708 | \$200,000 | 2 | \$929,708 | 371,883 |

*Each preferred series C is valued at \$100,000 and each preferred series D is valued at \$2.50.

Our authorized and unissued shares can be used by management to oppose a hostile takeover attempt, delay or prevent changes of control, or changes in or removal of management. Company has recorded debts in the books as shareholders debt which cannot be converted to freely tradable stock. In the interest of protecting the debts of shareholders it is decided to convert \$200,000 shareholders debt to two Series C Preferred Stock and balance \$929,708 shareholders debt to \$371,883 Series D preferred Stock at \$2.50 per share. The effect of this proposed exchange will result in dilution of rights of existing shareholders.

Shareholders' debt of \$1,129,708 included in the Quarterly report for the period ended January 31, 2014 filed June 17th, 2014. This meets the requirement of the appropriate portion of item 13(a) of Proxy Statement Pursuant to Section 14(a) of the Securities Exchange Act of 1934.

No Appraisal Rights

Under Colorado Corporations Law, stockholders are not entitled to appraisal rights with respect to the proposed amendments to our articles of incorporation.

We are hereby notifying our stockholders of the approval of the amendment to increase the authorized common shares of the company to 12,000,000,000 and to issue new class of preferred series C and D shares, and pursuant to the exchange at filing this information statement on Schedule 14C, which will mailed to all stockholders of record as of the record date established before.

All of the Directors of Medina International Holdings, Inc., have unanimously approved the following amendment to the Bylaws of this corporation:

A NEW ARTICLE I-A. is added as follows:

ARTICLE I-A., SECTION 1.

CERTIFICATE OF DESIGNATION, SERIES C PREFERRED STOCK

1.1 DESIGNATION. The class of stock of this corporation heretofore named "Preferred Stock" shall be re-named and designated "Series C Preferred Stock". It shall have 10 shares authorized at \$0.00001 par value per share.

1.2 CONVERSION RIGHTS.

a. If at least one share of Series C Preferred Stock is issued and outstanding, then the total aggregate issued shares of Series C Preferred Stock at any given time, regardless of their number, shall be convertible into the number of shares of Common Stock which equals four times the sum of: i) the total number of shares of Common Stock which are issued and outstanding at the time of conversion, plus ii) the total number of shares of Series A and Series B and Series D Preferred Stocks which are issued and outstanding at the time of conversion.

b. Each individual share of Series C Preferred Stock shall be convertible into the number of shares of Common Stock equal to:

[four times the sum of: {all shares of Common Stock issued and outstanding at time of conversion + all shares of Series A and Series B and Series D Preferred Stocks issued and outstanding at time of conversion}]

divided by:

[the number of shares of Series C Preferred Stock issued and outstanding at the time of conversion]

1.3 ISSUANCE. Shares of Preferred Stock may only be issued in exchange for the partial or full retirement of debt held by Management, employees or consultants, or as directed by a majority vote of the Board of Directors. The number of Shares of Preferred Stock to be issued to each qualified person (member of Management, employee or consultant) holding a Note shall be determined by the following formula:

For retirement of debt:

$$\sum_{i=1}^n X_i = \text{number of shares of Series C Preferred Stock to be issued}$$

where $X_1 + X_2 + X_3 \dots + X_n$ represent the discrete notes and other obligations owed the lender (holder), which are being retired.

1.4 VOTING RIGHTS.

If at least one share of Series C Preferred Stock is issued and outstanding, then the total aggregate issued shares of Series C Preferred Stock at any given time, regardless of their number, shall have voting rights equal to four times the sum of: i) the total number of shares of Common Stock which are issued and outstanding at the time of voting, plus ii) the total number of shares of Series A and Series B and Series D Preferred Stocks which are issued and outstanding at the time of voting.

b. Each individual share of Series C Preferred Stock shall have the voting rights equal to:

[four times the sum of: {all shares of Common Stock issued and outstanding at time of voting + all shares of Series A and Series B and Series D Preferred Stocks issued and outstanding at time of voting}]

divided by:

[the number of shares of Series C Preferred Stock issued and outstanding at the time of voting]

ARTICLE I-A., SECTION 2.

CERTIFICATE OF DESIGNATIONS, PREFERENCES, RIGHTS AND LIMITATIONS OF SERIES D PREFERRED STOCK

2.1. DESIGNATION AND NUMBER OF SHARES. 10,000,000 shares of Series D Preferred Stock, par value \$0.00001 per share (the "Preferred Stock"), are authorized pursuant to Article II of the Corporation's Amended Certificate of Incorporation (the "Series D Preferred Stock" or "Series D Preferred Shares").

2.2. DIVIDENDS. The holders of Series D Preferred Stock shall be entitled to receive dividends when, as and if declared by the Board of Directors, in its sole discretion.

2.3. LIQUIDATION RIGHTS. Upon any liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary, before any distribution or payment shall be made to the holders of any stock ranking junior to the Series D Preferred Stock, the holders of the Series D Preferred Stock shall be entitled to be paid out of the assets of the Corporation an amount equal to \$1.00 per share or, in the event of an aggregate subscription by a single subscriber for Series D Preferred Stock in excess of \$100,000, \$0.997 per share (as adjusted for any stock dividends, combinations, splits, recapitalizations and the like with respect to such shares) (the "Preference Value"), plus all declared but unpaid dividends, for each share of Series D Preferred Stock held by them. After the payment of the full applicable Preference Value of each share of the Series D Preferred Stock as set forth herein, the remaining assets of the Corporation legally available for distribution, if any, shall be distributed ratably to the holders of the Corporation's Common Stock.

2.4. CONVERSION AND ANTI-DILUTION.

(a) Each share of Series D Preferred Stock shall be convertible at par value \$0.00001 per share (the "Series D Preferred"), at any time, and/or from time to time, into the number of shares of the Corporation's common stock, par value \$0.00001 per share (the "Common Stock") equal to the price of the Series D Preferred Stock as stated in 2.6 of the Bylaws, divided by the par value of the Series D Preferred, subject to adjustment as may be determined by the Board of Directors from time to time (the "Conversion Rate"). For example, assuming a \$2.50 price per share of Series D Preferred Stock for conversion of affiliate debt, and a par value of \$0.00001 per share for Series D Preferred, each share of Series D Preferred Stock would be convertible into 100,000 shares of Common Stock irrespective. Such conversion shall be deemed to be effective on the business day (the "Conversion Date") following the receipt by the Corporation of written notice from the holder of the Series D Preferred Stock of the holder's intention to convert the shares of Series D Stock, together with the holder's stock certificate or certificates evidencing the Series D Preferred Stock to be converted.

(b) Promptly after the Conversion Date, the Corporation shall issue and deliver to such holder a certificate or certificates for the number of full shares of Common Stock issuable to the holder pursuant to the holder's conversion of Series D Preferred Shares in accordance with the provisions of this Section. The stock certificate(s) evidencing the Common Stock shall be issued with a restrictive legend indicating that it was issued in a transaction exempt from registration under the Securities Act of 1933, as amended (the "Securities Act"), and that it cannot be transferred unless it is so registered, or an exemption from registration is available, in the opinion of counsel to the Corporation. The Common Stock shall be issued in the same name as the person who is the holder of the Series D Preferred Stock unless, in the opinion of counsel to the Corporation, such transfer can be made in compliance with applicable securities laws. The person in whose name the certificate(s) of Common Stock are so registered shall be treated as a holder of shares of Common Stock of the Corporation on the date the Common Stock certificate(s) are so issued.

All shares of Common Stock delivered upon conversion of the Series D Preferred Shares as provided herein shall be duly and validly issued and fully paid and non-assessable. Effective as of the Conversion Date, such converted Series D Preferred Shares shall no longer be deemed to be outstanding and all rights of the holder with respect to such shares shall immediately terminate except the right to receive the shares of Common Stock issuable upon such conversion.

(c) The Corporation covenants that, within 30 days of receipt of a conversion notice from any holder of shares of Series D Preferred Stock wherein which such conversion would create more shares of Common Stock than are authorized, the Corporation will increase the authorized number of shares of Common Stock sufficient to satisfy such holder of shares of Series D submitting such conversion notice.

(d) Shares of Series D Preferred Stock are anti-dilutive to reverse splits, and therefore in the case of a reverse split, are convertible to the number of Common Shares after the reverse split as would have been equal to the ratio established in Section 2.4(a) prior to the reverse split. The conversion rate of shares of Series D Preferred Stock, however, would increase proportionately in the case of forward splits, and may not be diluted by a reverse split following a forward split.

2.5 VOTING RIGHTS. Each share of Series D Preferred Stock shall have ten votes for any election or other vote placed before the shareholders of the Company.

2.6 PRICE.

(a) The initial price of each share of Series D Preferred Stock shall be \$2.50.

(b) The price of each share of Series D Preferred Stock may be changed either through a majority vote of the Board of Directors through a resolution at a meeting of the Board, or through a resolution passed at an Action Without Meeting of the unanimous Board, until such time as a listed secondary and/or listed public market develops for the shares.

2.7 LOCK-UP RESTRICTIONS ON CONVERSION. Shares of Series D Preferred Stock may not be converted into shares of Common Stock for a period of: a) six (6) months after purchase, if the Company voluntarily or involuntarily files public reports pursuant to Section 12 or 15 of the Securities Exchange Act of 1934; or b) twelve (12) months if the Company does not file such public reports.

Adopted this 23th day of June, 2014 by all the Directors of the corporation.
