News Release

MIHI Announces Name Change to Medical Innovation Holdings, Inc. and a Reverse Stock Split

Medical Innovation Holdings, Inc. officially changes its name and on September 15, 2016, effectuates a 1-10 Reverse Stock Split

DULUTH, GEORGIA – 09/14/2016

Medina International Holdings, Inc., is pleased to announce that the name of the Company will change officially to Medical Innovation Holdings, Inc. (“MIHI” or the “Company”) (OTC: MIHI), to better reflect our business and industry. Also, the Company announces today that its Board of Directors and a majority of the shareholders has approved a 1-10 reverse split of all outstanding common stock. MIHI stockholders previously approved the reverse split on July 06, 2016. Both the record date and effective date for the reverse stock split will be September 15, 2016

MIHI common stock is expected to begin trading on a post-split basis on September 15, 2016 under the temporary stock symbol MIHID”. The temporary ticker symbol will remain in effect for 20 trading days to signify that the reverse stock split has occurred, after which it will revert back to “MIHI”. The stock will trade under a new CUSIP number 58458W203 as a result of the reverse split. The reverse stock split will reduce the number of shares of MIHI’s common stock currently issued and outstanding from 372,090,018 million shares of common stock to 37,209,018 million shares of common stock. No fractional shares of common stock will be issued in connection with the reverse stock split. Any fractional share created as a result of the reverse stock split will be rounded up to one additional whole share.

Arturo “Jake” Sanchez, Chief Executive Officer, stated, “This reverse split will have no impact on the percentage ownership of any of MIHI’s current shareholders as it reduces the overall number of shares held on a proportional basis. The share consolidation is part of a series of strategic actions we are taking in an effort to strengthen our financial position for future growth and development.”

Mr. Sanchez continued, “We believe reversing the Company’s common stock will represent a significant step in our efforts to create long-term shareholder value, while attracting a broader and more diverse shareholder base.”

At the effective time of the reverse stock split, every 10 shares of MIHI’s issued and outstanding common stock will be converted automatically into one issued and outstanding share of common stock without any change in the par value per share. MIHI’s authorized shares will remain unchanged.
