News Release

MEDICAL INNOVATION HOLDINGS, INC (“MIHI”) BEGINS MOVING TOWARD POSITIVE REVENUE

Enters Into a Definitive Purchase Agreement to Acquire Health and Lifestyle Supplements Company Designed for Better Living, Healthier and Longer Life

Deal Solidifies the Letter of Intent signed between the two companies on February 2017 – the first in line of acquisitions that will help build our portfolio with services, medical devices, laboratory testing, nutraceuticals, and other services.

DULUTH, GEORGIA – 07/11/17

Medical Innovation Holdings, Inc. (“MIHI” or the “Company”) (OTC: MIHI), today announced that they have reached a Definitive Agreement with Renaissance Health Publishing, LLC (RHP) and its wholly owned subsidiaries (<http://www.renownhealthproducts.com>). Renaissance is a Florida-based nutraceutical company and under this agreement, MIHI will acquire 100% of the assets of the company in a cash and stock transaction valued between \$2.5 to \$3.5 million dollars. The Company will provide a proprietary product line with specialized formulations along with Trademarked product names. Along with the acquisition of the company and its wholly owned subsidiaries, MIHI will receive top and bottom-line revenue growth, robust customer base, existing staff and management, and certain marketing materials designed to promote the Renaissance product line.

Renaissance is a nationally-known research and development company recognized for its portfolio of best-in-class, physician-developed, natural-health supplements designed to provide their customers with a better, healthier, and longer life. For over 16 years, Renaissance has used, and continues to use, the highest quality and concentration of powerful ingredients to create products that are naturally safe and proven to be effective. As a socially-responsible company, they do not perform any animal testing during any of its research and development.

Arturo “Jake” Sanchez, MIHI CEO and Director, stated: “This is the first of many more acquisition agreements to come... we will use RHP as a platform company to acquire additional supplement-based companies to add additional product lines. We are also benefiting our network of physician providers by increasing their access to readily available alternative sources to treat their patients while increasing the practice’s revenues. Under this agreement, we are giving the medical providers the opportunity to provide the best care for their patients by incorporating the latest advances in alternative nutraceuticals into their practice versus harmful and many times unresponsive pharma developed medicines.”
