PART I

Item 1. BUSINESS

History

Colorado Community Broadcasting, Inc. (the "Company") was formed on June 23, 1998. The Company contracted to purchase a low power television license and station serving Estes Park, Colorado. It planned to operate the station to broadcast local programming mixed with appropriate national programming. The Company was unable to complete purchase arrangements and withdrew from the contract.

The Company was seeking other low power station opportunities in market areas in the western US. On April 17, 2000, the Company entered into a Letter of Intent to purchase a low power television license of Station K68CW owned by County Service Area 29 in Lucerne, California. The Letter of Intent was extended several times and subsequently the Company assigned its right under the Letter of Intent to a third party for assumption of the obligations.

On January 28, 2002, the Registrant entered into an Asset Purchase Agreement with Mako Communications, LLC to sell its low power television station, W67AF of Rock Harbor, Florida, subject to FCC approval of the license change for \$25,000. The license transfer was approved and the sale occurred on March 28, 2002.

The Company sold its Monroe County contract for \$25,000 in 2002.

At April 30, 2004 the Company had no business operations, and was seeking a business and capital to attempt to operate.

Item 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Financial Condition and Changes in Financial Condition

Liquidity and Capital Resources

The Company had total assets of \$0 in cash at year-end and liabilities of \$9,848. The Company has insufficient assets and cash to carry on any operations and will have to sell stock or borrow money to achieve any capital. The Company has no source for any such capital, whatsoever.

Results of Operations Year ended April 31, 2004 compared to year ended April 30, 2003.

The Company had no revenues or operations for the year ended April 30, 2004 and for year ended April 30, 2003. The company incurred \$7,149 in operating expenses in year ended April 30, 2004 compared to \$4,610 in the year ended April 30, 2003.

In the year ended April 30, 2004, the Company had an operating loss of (\$7,397) after interest accrual of \$248 compared to the prior year's loss of (\$4,610). Net loss per share in year ended April 30, 2004 was (\$.03) per share compared to a loss in the prior fiscal year of (\$.02) per share.

NEED FOR ADDITIONAL FINANCING

The Company does not have capital sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934. The Company will have to seek loans or equity placements to cover such cash needs. Lack of its existing capital may be a sufficient impediment to prevent it from accomplishing the goal of expanding its operations. There is no assurance, however, that without funds it will ultimately allow company to carry out its business.

The Company will need to raise additional funds to expand its business activities in the future.

No commitments to provide additional funds have been made by management or other stockholders. Accordingly, there can be no assurance that any additional funds will be available to the Company to allow it to cover its expenses as they may be incurred.

Irrespective of whether the Company's cash assets prove to be inadequate to meet the Company's operational needs, the Company might seek to compensate providers of services by issuances of stock in lieu of cash.

GOING CONCERN

The Company's auditor has issued a "going concern" qualification as part of his opinion in the Audit Report. There is substantial doubt about the ability of the Company to continue as a "going concern." The Company has no business, no capital, debt in excess of \$9,848 all of which is current, no cash, minimal other assets, and no capital commitments. The effects of such conditions could easily be to cause the Company's bankruptcy.

Management hopes to seek and obtain funding, via loans or private placements of stock for operations, debt and to provide working capital. Management has plans to seek capital in the form of loans or stock private placements in the next year of approximately \$100,000.

The Company will need to raise additional funds to expand its business activities in the future.

Item 7. Financial Statements and Supplementary Data

Please refer to pages F-1 through F-8.

Item 8. Changes in and Disagreements on Accounting and Financial Disclosure

In connection with audits of two most recent fiscal years and any interim period preceding resignation, no disagreements exist with any former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope of procedure, which disagreements if not resolved to the satisfaction of the former accountant would have caused him to make reference in connection with his report to the subject matter of the disagreement(s).

The principal accountants' reports on the financial statements for any of the past two years contained no adverse opinion or a disclaimer of opinion nor was qualified as to uncertainty, audit scope, or accounting principles except for the "going concern" qualification.

Item 8a. Controls and Procedures

Evaluation of Internal and Disclosure Controls

The management of the company has evaluated the effectiveness of the issuer's disclosure controls and procedures as April 30, 2004 (evaluation date) and have concluded that the disclosure controls and procedures are adequate and effective based upon their evaluation as of the evaluation date.

There were no significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of the most recent evaluation of such, including any corrective actions with regard to significant deficiencies and material weaknesses.

Accordingly, the Company is unable to predict whether or in what amount such a stock issuance might be made.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Colorado Community Broadcasting, Inc.
Englewood, Colorado

We have audited the accompanying balance sheets of Colorado Community Broadcasting, Inc. (A Development Stage Company) as of April 30, 2004 and 2003, and the related statements of operations, cash flows, and changes in stockholders' deficit for the years then ended and for the period from March 16, 1998 (inception) to April 30, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States, and standards of PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Colorado Community Broadcasting, Inc. at April 30, 2004, and the results of their operations and their cash flows for the year ended April 30, 2004 and 2003 and for the period from March 16, 1998 (inception) to April 30, 2004 in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, conditions exist which raise substantial doubt about the Company's ability to continue as a going concern unless it is able to generate sufficient cash flows to meet its obligations and sustain its operations. Management's plans in regard to these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

(A Development Stage Company)

Notes To Financial Statements
April 30, 2004 and 2003

NOTE 1 - ORGANIZATION:

Nature of Operations

Colorado Community Broadcasting, Inc. (the "Company") was incorporated on March 16, 1998 in the state of Colorado. The Company is primarily engaged in raising capital funds from investors and contracting to purchase a low power television license and station.

Going Concern

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States, which contemplates continuation of the Company as a going concern. The Company has no assets and its operations are in the development stage.

The future success of the Company is likely dependent on its ability to attain additional capital to develop its proposed products and ultimately, upon its ability to attain future profitable operations. There can be no assurance that the Company will be successful in obtaining such financing, or that it will attain positive cash flow from operations.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation - Development Stage Company

The Company has not earned any significant revenue from limited principal operations. Accordingly, the Company's activities have been accounted for as those of a "Development Stage Enterprise" as set forth in Financial Accounting Standards Board Statement No. 7 ("SFAS 7"). Among the disclosures required by SFAS 7 are that the Company's financial statements be identified as those of a development stage company, and that the statements of operations, stockholders' equity (deficit) and cash flows disclose activity since the date of the Company's inception.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considered all cash and other highly liquid investments with initial maturities of three months or less to be cash equivalents.

COLORADO COMMUNITY BROADCASTING, INC.
(A Development Stage Company)

Notes To Financial Statements
April 30, 2004 and 2003

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Net earning (loss) per share

Net loss per share is based on the weighted average number of common shares and common share equivalents outstanding during the period.

Income Taxes

The Company accounts for income taxes under SFAS No. 109, which requires the asset and liability approach to accounting for income taxes. Under this method, deferred tax assets and liabilities are measured based on differences between financial reporting and tax bases of assets and liabilities measured using enacted tax rates and laws that are expected to be in effect when differences are expected to reverse.

Other Comprehensive Income

The Company has no material components of other comprehensive income (loss) and, accordingly, net loss is equal to comprehensive loss in all periods.

Fair Value of Financial Instruments

The carrying amount of accounts payable is considered to be representative of its respective fair value because of the short-term nature of this financial instrument.

NOTE 3 - INCOME TAXES

There has been no provision for U.S. federal, state, or foreign income taxes for any period because the Company has incurred losses in all periods and for all jurisdictions.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of deferred tax assets are as follows:

Deferred tax assets	
Net operating loss carryforwards	\$36,598
Valuation allowance for deferred tax assets	(36,598)

Net deferred tax assets	\$ -
	=====

Realization of deferred tax assets is dependent upon future earnings, if any, the timing and amount of which are uncertain. Accordingly, the net deferred tax assets have been fully offset by a valuation allowance. As of April 30, 2003, the Company had net operating loss carryforwards of approximately \$36,598 for federal and state income tax purposes. These carryforwards, if not utilized to offset taxable income begin to expire in 2007. Utilization of the net operating loss may be subject to substantial annual limitation due to the ownership change limitations provided by the Internal Revenue Code and similar state provisions. The annual limitation could result in the expiration of the net operating loss before utilization.
