**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors  
 Medina International Holdings, Inc.  
 Rancho Cucamonga, California

We have reviewed the accompanying balance sheet of Medina International Holdings, Inc. ( as of January 31, 2006 and the related statements of operations for the three-month and nine-month periods ended January 31, 2006 and 2005, and the cash flows for the nine-months ended January 31, 2006 and 2005 included in the accompanying Securities and Exchange Commission Form 10-QSB for the period ended January 31, 2006. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards established by the Public Company Accounting Oversight Board (PCAOB). A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2, conditions exist which raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Company undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after the date hereof. Readers should carefully review the factors described in other documents the Company files from time to time with the Securities and Exchange Commission, including the Quarterly Reports on Form 10-QSB and Annual Report on Form 10-KSB filed by the Company in 2002 and any Current Reports on Form 8-K filed by the Company.

The trend of losses can be expected to continue for the foreseeable future as the Company attempts to commence some business.

The company is assembling one boat for testing.

The Company does not have capital sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934.
