REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors
Medina International Holdings, Inc. and Subsidiary

We have reviewed the accompanying consolidated balance sheets of Medina International Holdings, Inc. and Subsidiary as of January 31, 2008 and 2007 and the related consolidated statements of operations for the three and nine-months ended January 31, 2008 and 2007 and the related consolidated statements of cash flows for the nine-months ended January 31, 2008 and 2007. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1, conditions exists which raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

MEDINA INTERNATIONAL HOLDINGS, INC. AND SUBSIDIARY

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

January 31, 2008

Note 1. BASIS OF PRESENTATION, BUSINESS, AND MANAGEMENTS PLANS:

BASIS OF PRESENTATION:

Presentation of Interim Information:

The accompanying condensed consolidated financial statements include the accounts of Medina International Holdings, Inc., a Colorado corporation (the Company), and its wholly-owned subsidiary, Medina Marine, Inc. (Medina Marine). All significant intercompany accounts and transactions have been eliminated in consolidation.

In the opinion of the management of the Company, the accompanying unaudited consolidated financial statements include all material adjustments, including all normal and recurring adjustments, considered necessary to present fairly the financial position and operating results of the Company for the periods presented. The financial statements and notes are presented as permitted by Form 10-QSB, and do not contain certain information included in the Company's Annual Report on Form 10-KSB for the fiscal year ended April 30, 2007. It is the Company's opinion that when the interim financial statements are read in conjunction with the April 30, 2007 Annual Report on Form 10-KSB, the disclosures are adequate to make the information presented not misleading. Interim results are not necessarily indicative of results for a full year or any future period.

Development Stage Company

The Company has not earned any significant revenues from its limited principal operations. Accordingly, the Company's activities have been accounted for as those of a "Development Stage Enterprise" as set forth in Financial Accounting Standards Board ("FASB") Statement No. 7 ("SFAS 7"). Among the disclosures required by SFAS 7 are that the Company's financial statements be identified as those of a development stage company, and that the statements of operation, stockholders' equity (deficit) and cash flows disclose activity since the date of the Company's inception.

Business

The Company's business activities are focused on the design, manufacturing and sale of recreational and commercial boats through its wholly-owned subsidiary, Medina Marine, Inc. The Company intends to focus its efforts on marketing its commercial watercraft to fire, rescue and law enforcement agencies and those other agencies involved in water rescue and water patrol.

Management's Plan and Going Concern

In view of the matters described above, recoverability of a major portion of the recorded asset amounts shown in the accompanying balance sheet is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to raise additional capital, obtain financing and to succeed in its future operations. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the company be unable to continue as a going concern.

In the Company's Annual Report on Form 10-KSB for the fiscal year ended April 30, 2007, the Report of the Independent Registered Public Accounting Firm includes an explanatory paragraph that describes substantial doubt about the Company's ability to continue as a going concern. The Company's interim financial statements for the nine months ended January 31, 2008 have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. The Company's operations generated no income during the nine months ended January 31, 2008. On January 31, 2008, the Company's accumulated deficit is $2,800,162 and its current liabilities exceed current assets by $526,628.

Management has taken various steps to revise its operating and financial requirements, which we believe are sufficient to provide the Company with the ability to continue on in the subsequent year. Management devoted considerable effort during the nine months ended January 31, 2008 towards management of liabilities and improving the Company's operations. Management believes that the above actions will allow the Company to continue its operations through the next fiscal year.

The future success of the Company is likely dependent on its ability to attain additional capital to develop its proposed products and ultimately, upon its ability to attain future profitable operations. There can be no assurance that the Company will be successful in obtaining such financing, or that it will attain positive cash flow from operations.

Note 2. Summary of Significant Accounting Policies:

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Revenue recognition is recognized when earned. The Company's revenue recognition policies are in compliance with Staff accounting bulletin (SAB) 104. Sales revenue is recognized at the date of shipment to customers when a formal arrangement exists, the price is fixed or determinable, the delivery is completed, no other significant obligations of the Company exist and collectibility is reasonably assured. Payments received before all of the relevant criteria for revenue recognition are satisfied are recorded as unearned revenue.

Income Taxes

Deferred income tax assets and liabilities are computed annually for differences between the financial statements and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted laws and rates applicable to the periods in which the differences are expected to affect taxable income (loss). Valuation allowance is established when necessary to reduce deferred tax assets to the amount expected to be realized.

Comprehensive Loss

Accounting principles generally require that recognized revenue, expenses, gains and losses be included in net income. Certain statements, however, require entities to report specific changes in assets and liabilities, such as unrealized gains and losses on available-for-sale securities, as a separate component of the equity section of the balance sheet. Such items, along with net income, are components of other comprehensive income.

Issuance of Shares for Services

The Company accounts for the issuance of equity instruments to acquire goods and services based on the fair value of the goods and services or the fair value of the equity instrument at the time of issuance, whichever is more reliably measurable.

Fair Value of Financial Instruments

Statement of Financial Accounting Standard No. 107, "Disclosures about Fair Value of Financial Instruments", requires that the Company disclose estimated fair values of financial instruments. The carrying amounts reported in the statements of financial position for current assets and current liabilities qualifying, as financial instruments are a reasonable estimate of fair value.

Basic and Diluted Net Loss per Share

Net loss per share is calculated in accordance with the Statement of Financial Accounting Standards No. 128 (SFAS No. 128), "Earnings per Share". SFAS No. 128 superseded Accounting Principles Board Opinion No.15 (APB No. 15). Net loss per share for all periods presented has been restated to reflect the adoption of SFAS No. 128. Basic net loss per share is based upon the weighted average number of common shares outstanding. Diluted net loss per share is based on the assumption that all dilutive convertible shares and stock options were converted or exercised. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period.

International trade and currency risks

The company is involved in export trade to other nations and is subject to numerous risks. These risks involve increase of freight cost, demurrages in foreign ports, and collections of invoice amounts from international customers.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS:

In February 2006, the FASB issued SFAS 155, Accounting for Certain Hybrid Financial Instruments, which amends SFAS 133, Accounting for Derivative Instruments and Hedging Activities, and SFAS 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities - a replacement of FASB Statement No. 125. SFAS 155 allows financial instruments that contain an embedded derivative and that otherwise would require bifurcation to account for as a whole on a fair value basis, at the holder's election. SFAS 155 also clarifies and amends certain other provisions of SFAS 133 and SFAS 140. SFAS 155 is effective for the Company for all financial instruments issued or acquired after the beginning its fiscal year ending April 30, 2008. The adoption of SFAS 155 did not have an impact on the Company's financial statements.

In June 2006, the FASB issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes - An Interpretation of FASB Statement No. 109, (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. FIN 48 also prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return that results in a tax benefit. Additionally, FIN 48 provides guidance on de-recognition, income statement classification of interest and penalties, accounting in interim periods, disclosure, and transition. This interpretation is effective for the Company on May 1, 2007. The adoption of FIN 48 did not have a material impact on the Company's consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements. This statement defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement applies under other accounting pronouncements that require or permit fair value measurements. SFAS No. 157 is effective for the Company for its fiscal year beginning on May 1, 2008. The Company is currently assessing the impact the adoption of SFAS No. 157 may have on its consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities (SFAS No. 159). SFAS No. 159 permits entities to choose to measure, on an item-by-item basis, specified financial instruments and certain other items at fair value. Unrealized gains and losses on items for which the fair value option has been elected are required to be reported in earnings at each reporting date. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007, the provisions of which are required to be applied prospectively. We believe that SFAS 159 should not have a material impact on our financial position or results of operations

In December 2007, the FASB issued SFAS No. 141 (Revised 2007), Business Combinations, or SFAS No. 141R. SFAS No. 141R will change the accounting for business combinations. Under SFAS No. 141R, an acquiring entity will be required to recognize all the assets acquired and liabilities assumed in a transaction at the acquisition-date fair value with limited exceptions. SFAS No. 141R will change the accounting treatment and disclosure for certain specific items in a business combination. SFAS No. 141R applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. Accordingly, any business combinations we engage in will be recorded and disclosed following existing GAAP until January 1, 2009. We expect SFAS No. 141R will have an impact on accounting for business combinations once adopted but the effect is dependent upon acquisitions at that time. We are still assessing the impact of this pronouncement.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements--An Amendment of ARB No. 51, or SFAS No. 160". SFAS No. 160 establishes new accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. SFAS No. 160 is effective for fiscal years beginning on or after December 15, 2008. We believe that SFAS 160 should not have a material impact on our financial position or results of operations.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Cautionary Statement Concerning Forward-Looking Statements

The following discussion should be read in conjunction with our unaudited financial statements and notes thereto included herein. In connection with, and because we desire to take advantage of, the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, we caution readers regarding certain forward looking statements in the following discussion and elsewhere in this report and in any other statement made by, or on our behalf, whether or not in future filings with the Securities and Exchange Commission. Forward-looking statements are statements not based on historical information and which relate to future operations, strategies, financial results or other developments. Forward looking statements are necessarily based upon estimates and assumptions that are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control and many of which, with respect to future business decisions, are subject to change. These uncertainties and contingencies can affect actual results and could cause actual results to differ materially from those expressed in any forward looking statements made by, or on our behalf. We disclaim any obligation to update forward-looking statements.

Results of Operation

Results Of Operations For The Three-Months Ended January 31, 2008 Compared To The Three Months Ended January 31, 2007

We did not generate any revenues during the three months ended January 31, 2008 and 2007. During the three months ended, January 31, 2008 we did incur cost of goods sold of $270.

We incurred total operating expenses of $260,818 during the three months ended January 31, 2008, as compared to operating expenses $29,275 during the three months ended January 31, 2007. The operating expenses during the three months ended January 31, 2008, primarily included $226,238 in stock compensation expense. The operating expenses during the three months ended January 31, 2007 included $29,275 general and administration expenses.

We recognized an interest expense of $9,967 during the three months ended January 31, 2008, compared to an interest expense of $4,860 during the three months ended January 31, 2007. The increase of $5,107 is due to an increase of funds loaned to the Company.

We recognized a net loss of $271,055 during the three months ended January 31, 2008, compared to a net loss of $34,135 during the three months January 31, 2007. The increase of net loss was due to the $236,649 increase in operating expenses, as discussed above.

Results Of Operations For The Nine-Months Ended January 31, 2008 Compared To The Nine Months Ended January 31, 2007

During the nine months ended January 31, 2008 we recognized revenues of $192,800. During the nine months ended January 31, 2007, we did not recognize any revenues. The increase is due to the increas in sales is due to an increase in our operations and our sales efforts.

During the nine months ended January 31, 2008, we did not incur any cost of sales. During the nine months ended January 31, 2007, we incurred a cost of sale so of $86,994.

Operating Expenses

We incurred total operating expenses of $1,093,629 for the nine months ended January 31, 2008, as compared to operating expenses of $541,500 for the nine months ended January 31, 2007. The increase of $552,129 in operating expenses is primarily a result in an increase in stock compensation expenses compared to none for the prior period. The operating expenses for the nine months ended January 31, 2008, primarily included $895,267 in stock compensation expense, $23,142 in professional fees expenses and $56,510 in consulting and commission expenses. The operating expenses for the nine months ended January 31, 2007 included $541,500 for general and administration expenses.

We recognized an interest expense of $25,226 during the nine months ended January 31, 2008, compared to an interest expense of $12,485 for the nine months ended of January 31, 2007. The increase of $12,741 is due to an increase of funds loaned to the Company.

Net Loss

We recognized a net loss of $1,013,049 for the nine months ended January 31, 2008, compared to a net loss of $553,985 for the nine months ended January 31, 2007. The increase of $459,064 was due to $895,267 increase in stock compensation expense.

Liquidity and Capital Resources

At January 31, 2008, we had $25 in cash, an inventory (consisting of parts for Vortex and 15' Fire Rescue watercraft and 21' Fire Rescue Boat) of $68,813 and fixed assets (consisting of molds for the 12', 15' and 21' fire rescue jet, office equipment and manufacturing tools) of $375,930. Our total current liabilities were $595,584 as of January 31, 2008, which was represented by mainly accounts payable and accrued interest payable of $207,653, advances from customers of $20,500, lines of credits totaling $17,032 and short-term loans from stockholders totaling $334,379. At January 31, 2008, our current liabilities exceeded current assets by $526,627.

We used $7,684 in operating activities for the nine months ended January 31, 2008 compared to $23,768 for the nine months ended January 31, 2007.

We used cash of $47,476 in investing activities during the nine months ended January 31, 2008, of which $25,000 was used to acquire fire extinguisher backpack license. For the nine months ended January 31, 2007, we had used cash $147,857 for manufacturing of the molds for the fire and rescue watercrafts.

During the nine months ended January 31, 2008, we, under financing activities repaid lines of credit, which led to the $11,773 decrease in the lines of credits. In addition, the Company sold 100,000 shares of its common stock at the rate of $0.10/share for the quarter ended January 31, 2008, of which $3000 cash is a subscription receivable.

The Company has an accumulated deficit, at January 31, 2008, of $2,800,162.

The Company does not have capital sufficient to meet its cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934. Management will have to seek loans or equity placements to cover such cash needs and cover outstanding payables. Lack of existing capital may be a sufficient impediment to prevent us from accomplishing the goal of expanding operations. There is no assurance, however, that without funds we will ultimately be able to carry out our business. We will need to raise additional funds to expand our business activities in the future, and prepare a private offering memorandum to attempt to raise operating capital. No commitments to provide additional funds have been made by our management or other stockholders. Accordingly, there can be no assurance that any additional funds will be available to us to allow us to cover our expenses as they may be incurred. Irrespective of whether our cash assets prove to be inadequate to meet our operational needs, we might seek to compensate providers of services by issuances of stock in lieu of cash.

Plan of Operation

We intend to develop strategies for the growth of our business, both nationally and internationally through the formulation of strategic enterprise partnerships, cooperative alliances and joint ventures. We would search out those business relationships which allow us to augment our current design and manufacturing capabilities and thereby expand our market opportunities. In addition, we will seek out relationships that would allow us to increase our marketing, sales and delivery capabilities.
