Explanatory Note

Medina International Holdings, Inc. (the Company) is filing this Amendment No. 1 to its Quarterly Report on Form 10-QA for the quarter ended October 31, 2009, filed with the Securities and Exchange Commission on December 17, 2009, where in there was an inadvertent mistake of statement on internal control over financial control as effective, for the sole purpose of amending Item 4. Due to the fact that the Company is a smaller reporting company and its management is still in the process of improving the internal controls over financial reporting and as such has determined that as of the time of filing is not effective and such disclosure has been corrected in this report.

ITEM 4T. CONTROLS AND PROCEDURES

Management's Quarterly Report on Internal Control over Financial Reporting.

Our management is responsible for establishing and maintaining adequate internal control over financial reporting for the company in accordance with as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Our internal control over financial reporting includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our assets;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with authorizations of our management and directors; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on our financial statements. Internal control over financial reporting cannot provide absolute assurance of achieving financial reporting objectives because of its inherent limitations, including the possibility of human error and circumvention by collusion or overriding of controls. Accordingly, even an effective internal control system may not prevent or detect material misstatements on a timely basis. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate. Management's assessment of the effectiveness of the small business issuer's internal control over financial reporting is as of the quarter ended October 31, 2009. We believe that internal control over financial reporting is not effective because of the small size of the business. We have not identified any, current material weaknesses considering the nature and extent of our current operations and any risks or errors in financial reporting under current operations.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. This quarterly report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this annual report. There was no change in our internal control over financial reporting that occurred during the fiscal quarter ended October 31, 2009, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
