Limitation on Liability and Indemnification

Medina International Holdings, Inc. (MIHI) is a Colorado corporation. The Colorado Revised Statutes (CRS) provides that the articles of incorporation of a Colorado corporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its shareholders for monetary damages for breach of fiduciary duty as a director, except that any such provision may not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its shareholders, (ii) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) acts specified in

Section 78 (concerning unlawful distributions), or (iv) any transaction from which a director directly or indirectly derived an improper personal benefit. MIHI articles of incorporation contain a provision eliminating the personal liability of directors to MIHI or MIHI shareholders for monetary damages to the fullest extent provided by the CRS.

The CRS provides that a Colorado corporation must indemnify a person who was wholly successful, on the merits or otherwise, in defense of any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative and whether formal or informal (a "Proceeding"), in which he or she was a party because the person is or was a director, against reasonable expenses incurred by him or her in connection with the Proceeding, unless such indemnity is limited by the corporation's articles of incorporation. MIHI articles of incorporation do not contain any such limitation.

The CRS provides that a Colorado corporation may indemnify a person made a party to a Proceeding because the person is or was a director against any obligation incurred with respect to a Proceeding to pay a judgment, settlement, penalty, fine (including an excise tax assessed with respect to an employee benefit plan) or reasonable expenses incurred in the Proceeding if the person conducted himself or herself in good faith and the person reasonably believed, in the case of conduct in an official capacity with the corporation, that the person's conduct was in the corporation's best interests and, in all other cases, his or her conduct was at least not opposed to the corporation's best interests and, with respect to any criminal proceedings, the person had no reasonable cause to believe that his or her conduct was unlawful. The Company's articles of incorporation and bylaws allow for such indemnification. A corporation may not indemnify a director in connection with any Proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation or, in connection with any other Proceeding charging that the director derived an improper personal benefit, whether or not involving actions in an official capacity, in which Proceeding the director was judged liable on the basis that he or she derived an improper personal benefit. Any indemnification permitted in connection with a Proceeding by or in the right of the corporation is limited to reasonable expenses incurred in connection with such Proceeding.

The CRS, unless otherwise provided in the articles of incorporation, a Colorado corporation may indemnify an officer, employee, fiduciary, or agent of the corporation to the same extent as a director and may indemnify such a person who is not a director to a greater extent, if not inconsistent with public policy and if provided for by its bylaws, general or specific action of its board of directors or shareholders, or contract. MIHI articles of incorporation provide for indemnification of directors, officers, employees, fiduciaries and agents of MIHI to the full extent permitted by Colorado law.

MIHI articles of incorporation also provide that MIHI may purchase and maintain insurance on behalf of any person who is or was a director or officer of MIHI or who is or was serving at the request of MIHI as a director, officer or agent of another enterprise against any liability asserted against him or her and incurred by him or her in any such capacity or arising out of his or her status as such, whether or not MIHI would have the power to indemnify him or her against such liability.

INFORMATION RELATING TO VARIOUS PROPOSALS

PROPOSAL #1

TO AMEND THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED COMMON SHARES OF THE COMPANY FROM 100,000,000 SHARES OF COMMON STOCK TO 500,000,000 SHARES OF COMMON STOCK.

The Board of the Company determined that it was in the best interest of the Company and its shareholders to increase the authorized common shares of the Company from 100,000,000 shares of common stock to 500,000,000 shares of common stock.

We believe that the share increase authorization in our Articles of Incorporation is in the best interest of our corporation. Without additional shares authorized, the Company may find itself unable to raise any more capital through shares if it has issued all of its authorized shares.

It is emphasized that management of the Company may effect transactions having a potentially adverse impact upon the Company's shareholders pursuant to the authority and discretion of the Company's management to complete share issuances without submitting any proposal to the stockholders for their consideration. Holders of the Company's securities should not anticipate that the Company necessarily will furnish such holders with any documentation concerning the proposed issuance prior to any share issuances. All determinations (except involving a merger where more shares will be issued equaling more than 20% of the issued and outstanding shares prior to the transaction) involving share issuances are in the discretion and business judgment of the Board of Directors in their exercise of fiduciary responsibility but require a determination by the Board that the shares are being issued for fair and adequate consideration.

In the future event that the Board continues to issue shares for capital, services, or acquisitions, the present management and stockholders of the Company most likely will not have control of a majority of the voting shares of the Company. As of the date of this Schedule 14A, no acquisitions have been identified and the Company has not entered into any agreements to acquire any such businesses or entered into any agreements to issue shares for capital.

It is likely that the Company may acquire other compatible business opportunities through the issuance of Common Stock of the Company, although no such opportunities have been identified at this time. Although the terms of any such transaction cannot be predicted, this could result in substantial additional dilution in the equity of those who were stockholders of the Company prior to such issuance. There is no assurance that any future issuance of shares will be approved at a price or value equal to or greater than the price which a prior shareholder has paid, or at a greater than the then current market price. Typically unregistered shares are issued at less than market price due to their illiquidity and restricted nature, and the extended holding period, before they may be sold.

Future Dilutive Transactions

It is emphasized that management of the Company may effect transactions having a potentially adverse impact upon the Company's stockholders pursuant to the authority and discretion of the Company's management to complete share issuances without submitting any proposal to the stockholders for their consideration. Holders of the Company's securities should not anticipate that the Company necessarily will furnish such holders with any documentation concerning the proposed issuance prior to any share issuances. All determinations (except in some cases involving a merger where the number of shares of common stock of the Company issued will equal more than 20% of the issued and outstanding shares of common stock of the Company prior to the transaction) involving share issuances are in the discretion and business judgment of the Board of Directors in their exercise of fiduciary responsibility, but require a determination by the Board that the shares are being issued for fair and adequate consideration.

The issuance of additional shares in future transactions will allow, the following types of actions or events to occur without the current stockholders being able to effectively prevent such actions or events:

1. Dilution may occur due to the issuance of additional shares. The percentage ownership of the Company by the existing shareholders may be diluted from 100% now.
2. Control of the Company by stockholders may change due to new issuances.
3. The election of the Board of Directors will be dominated by new large stockholders, effectively blocking current stockholders from electing directors.
4. Business plans and operations may change.
5. Mergers, acquisitions, or divestitures may occur which are approved by the holders of the newly issued shares, though no such opportunities have been identified by the Company at this time.

In the future event that the Board continues to issue shares for capital, services, or acquisitions, the present management and stockholders of the Company most likely will not have control of a majority of the voting shares of the Company. It is likely that the Company may acquire other compatible business opportunities through the issuance of common stock of the Company. Although the terms of any such transaction cannot be predicted, this could result in substantial additional dilution in the equity of those who were stockholders of the Company prior to such issuance. There is no assurance that any future issuance of shares will be approved at a price or value equal to or greater than the price which a prior stockholder has paid, or at a price greater than the then current market price. Typically, unregistered shares are issued at less than market price due to their illiquidity and restricted nature as a result of, among other things, the extended holding period and sales limitations which such shares are subject to.

PROPOSAL #2

TO ELECT FOUR PERSONS TO THE BOARD OF DIRECTORS TO HOLD OFFICE UNTIL THE NEXT ANNUAL MEETING OF SHAREHOLDERS AND QUALIFICATION OF THEIR RESPECTIVE SUCCESSORS.

The Company's Bylaws currently provide for the number of directors of the Company to be established by resolution of the Board of Directors and that number is at least one (1) but no more than seven (7). The Board has nominated four (4) persons. At this Annual Meeting, a Board of four (4) directors will be elected. Except as set forth below, unless otherwise instructed, the proxy holders will vote the proxies received by them for Management's nominees named below.

All four nominees are presently directors of the Company. The term of office of each person elected as a director will continue until the next Annual Meeting of Stockholders, until resignation, or until a successor has been elected and qualified.

We do not currently maintain a nominating committee on our Board of Directors. Rather, all of the directors on the Company's board of directors at any given time participate in identifying qualified director nominees, and recommending such persons to be nominated for election to the Board at each annual meeting of our stockholders. As a result, our Board has not found it necessary to have a separate nominating committee. However, the Board may form a nominating committee for the purpose of nominating future director candidates.

Usually, nominees for election to the Board are proposed by our existing directors. In identifying and evaluating individuals qualified to become Board members, our current directors will consider such factors as they deem appropriate to assist in developing a board of directors and committees thereof that are diverse in nature and comprised of experienced and seasoned advisors. Our Board of Directors has not adopted a formal policy with regard to the consideration of diversity when evaluating candidates for election to the Board. However, our Board believes that membership should reflect diversity in its broadest sense, but should not be chosen nor excluded based on race, color, gender, national origin or sexual orientation. In this context, the Board does consider a candidate's experience, education, industry knowledge and, history with the Company, and differences of viewpoint when evaluating his or her qualifications for election the Board. In evaluating such candidates, the Board seeks to achieve a balance of knowledge, experience and capability in its composition. In connection with this evaluation, the Board determines whether to interview the prospective nominee, and if warranted, one or more directors interview prospective nominees in person or by telephone.

The proxies solicited hereby cannot be voted for a number of persons greater than the number of nominees named below. The Articles of Incorporation of the Company does not permit cumulative voting. A plurality of the votes of the holders of the outstanding shares of Common Stock represented at a meeting at which a quorum is presented may elect directors.

THE DIRECTORS NOMINATED BY MANAGEMENT ARE:

Daniel Medina Madhava Rao Mankal John Erich Lewis Michael Gallo

Mr. Albert Mardikian, a director of the Company and the Chief Executive Officer of Harbor Guard Boats, Inc. was not nominated to stand for election to the Board of Directors.

The biographical information of all Director Nominees are contained on page __, under "Management Experience."

Unless marked to the contrary on the ballot, all proxies will be voted in favor of the Management's nominees.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" MANAGEMENT'S NOMINEES.

Required Approval

For action to be taken at the Annual Meeting, a quorum must be present, which, under the Colorado Revised Statutes, is a simple majority. To be considered approved, the nominees must receive the affirmative vote of the holders of a majority of the shares represented and voting at the Annual Meeting.

PROPOSAL #3

TO RATIFY THE APPOINTMENT OF OUR AUDITORS, RONALD R. CHADWICK, P.C. FOR THE FISCAL YEAR ENDING APRIL 30, 2012.

Ronald R. Chadwick, P.C., Independent Public Accountants, of Aurora, Colorado have been appointed as the Certifying Accountants for the period through fiscal year 2012 and shareholders are asked to ratify such appointment. Ratification of the appointment of Ronald R. Chadwick, P.C. as the Company's independent public accountants for the fiscal year ending April 30, 2012 will require the affirmative vote of a majority of the shares of Common Stock represented in person or by proxy and entitled to vote at the Annual Meeting. In the event the stockholders do not ratify the appointment of Ronald R. Chadwick, P.C. for the forthcoming fiscal year, such appointment will be reconsidered by the Board. Representatives of Ronald R. Chadwick, P.C. are not expected to be present at the Annual Meeting and will not make statements.

Unless marked to the contrary, proxies received will be voted "FOR" ratification of the appointment of Ronald R. Chadwick, P.C. as independent accountants for the Company's year ending April 30, 2012.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" RATIFICATION OF THE COMPANY'S INDEPENDENT ACCOUNTANTS.
