Special Note Regarding Forward-Looking Statements

Information included in this Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (“Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (“Exchange Act”). This information may involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Norman Cay Development, Inc. (the “Company”), to be materially different from future results, performance or achievements expressed or implied by any forward-looking statements. Forward-looking statements, which involve assumptions and describe future plans, strategies and expectations of the Company, are generally identifiable by use of the words “may,” “will,” “should,” “expect,” “anticipate,” “estimate,” “believe,” “intend,” or “project” or the negative of these words or other variations on these words or comparable terminology. These forward-looking statements are based on assumptions that may be incorrect, and there can be no assurance that these projections included in these forward-looking statements will come to pass. Actual results of the Company could differ materially from those expressed or implied by the forward-looking statements as a result of various factors. Except as required by applicable laws, the Company has no obligation to update publicly any forward-looking statements for any reason, even if new information becomes available or other events occur in the future.

**Please note that throughout this Quarterly Report, except as otherwise indicated by the context, references in this report to “Company”, “NCDL”, “we”, “us” and “our” are references to Norman Cay Development, Inc.*

EXPLANATORY NOTE

This Amendment No. 2 to our Quarterly Report on Form 10-Q/A (“Amendment No. 2”) is being filed to amend our Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission (“SEC”) on March 14, 2012 (“Original Filing”), as amended by Amendment No. 1 filed with the SEC on May 11, 2012, to add certain revenue recognition policy under Note 2 “Summary of Significant Accounting Policies” to the financial statements.

Except to the extent required to reflect the above-referenced revisions, this Amendment No. 2 continues to describe the Company as of the date of the Original Filing, and does not update disclosures to reflect events that occurred after the date of the Original Filing. Accordingly, this Amendment No.2 should be read in conjunction with the Original Filing and with our other filings made with the Securities and Exchange Commission subsequent to the filing of the Original Filing, including any amendments to those filings.

NORMAN CAY DEVELOPMENT, INC.

(An Exploration Stage Company)

Notes to the Consolidated Financial Statements

(unaudited)

1. Nature of Operations and Continuance of Business

Norman Cay Development, Inc. (the “Company”) was incorporated in the State of Nevada on April 29, 2010. The Company is an Exploration Stage Company, as defined by Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 915, *Development Stage Entities*. On September 2, 2011, the Company entered into a share exchange agreement (the “Agreement”) with Discovery Gold Ghana Limited (“Discovery”), a company organized under the laws of the country of Ghana. Under the terms of the Agreement, the Company acquired 100% of the issued and outstanding shares of Discovery in exchange for \$100,000 and 17,500,000 common shares of the Company.

On September 1, 2011, the Company discontinued its intention of being a retailer of wireless telephones and service plans and changed its operating focus to the acquisition and development of mineral properties in the country of Ghana.

Going Concern

These financial statements have been prepared on a going concern basis, which implies that the Company will continue to realize its assets and discharge its liabilities in the normal course of business. As of January 31, 2012, the Company has not recognized any revenue, and has an accumulated deficit of \$765,874. The continuation of the Company as a going concern is dependent upon the continued financial support from its management, and its ability to identify future investment opportunities and obtain the necessary debt or equity financing, and generating profitable operations from the Company’s future operations. These factors raise substantial doubt regarding the Company’s ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

2. Summary of Significant Accounting Policies

a) Basis of Presentation and Principles of Consolidation

The financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States (“US GAAP”) and are expressed in U.S. dollars. These consolidated financial statements include the accounts of the Company and its subsidiary, Discovery Gold Ghana Limited, a company incorporated in Ghana. All significant intercompany transactions and balances have been eliminated. The Company’s fiscal year end is April 30.

b) Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company regularly evaluates estimates and assumptions related to the deferred income tax asset valuation allowances. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company’s estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

c) Interim Financial Statements

These interim unaudited financial statements have been prepared on the same basis as the annual financial statements and in the opinion of management, reflect all adjustments, which include only normal recurring adjustments, necessary to present fairly the Company’s financial position, results of operations and cash flows for the periods shown. The results of operations for such periods are not necessarily indicative of the results expected for a full year or for any future period.

d) Cash and cash equivalents

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

2.Summary of Significant Accounting Policies (continued)

e)Basic and Diluted Net Loss per Share

The Company computes net loss per share in accordance with ASC 260, *Earnings per Share* . ASC 260 requires presentation of both basic and diluted earnings per share (“EPS”) on the face of the income statement. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti dilutive.

f) Revenue Recognition

The Company has been in the exploration stage since its formation and has not yet realized any revenues from its planned operations. It is primarily engaged in the acquisition and exploration of mining properties. Once revenue has been generated from the exploration of mining properties, the Company will recognize revenue when an arrangement exists, the product has been delivered, the sales price is fixed or determinable, and collectability is reasonably assured.

g) Financial Instruments

Pursuant to ASC 820, *Fair Value Measurements and Disclosures* , an entity is required to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company’s financial instruments consist principally of cash, and amounts due to related parties. Pursuant to ASC 820, the fair value of our cash is determined based on “Level 1” inputs, which consist of quoted prices in active markets for identical assets. We believe that the recorded values of all of our other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations.

h) Comprehensive Loss

ASC 220, *Comprehensive Income* , establishes standards for the reporting and display of comprehensive loss and its components in the financial statements. As of January 31, 2012 and April 30, 2011, the Company has no items that represent a comprehensive loss and, therefore, has not included a schedule of comprehensive loss in the financial statements.

2. Summary of Significant Accounting Policies (continued)

i) Mineral Property Costs

The Company has been in the exploration stage since its inception and has not yet realized any revenues from its planned operations. It is primarily engaged in the acquisition and exploration of mining properties. Mineral property exploration costs are expensed as incurred. Mineral property acquisition costs are initially capitalized. The Company assesses the carrying costs for impairment under ASC 360, "Property, Plant, and Equipment" at each fiscal quarter end. When it has been determined that a mineral property can be economically developed as a result of establishing proven and probable reserves, the costs then incurred to develop such property, are capitalized. Such costs will be amortized using the units-of-production method over the estimated life of the probable reserve. If mineral properties are subsequently abandoned or impaired, any capitalized costs will be charged to operations.

j) Asset Retirement Obligations

The Company follows the provisions of ASC 440, "Asset Retirement and Environmental Obligations", which establishes standards for the initial measurement and subsequent accounting for obligations associated with the sale, abandonment or other disposal of long-lived tangible assets arising from the acquisition, construction or development and for normal operations of such assets. The Company did not have any asset retirement obligations at January 31, 2012.

k) Recent Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

3. Acquisition of Discovery Gold Ghana Ltd.

On September 2, 2011, the Company entered into a share exchange agreement to acquire 100% of the issued and outstanding common shares of Discovery in exchange for \$250,000 and issuance of 17,500,000 common shares of the Company.

The purchase price was allocated to the following assets and liabilities:

	<u>\$</u>
<i>Purchase price</i>	
Cash	250,000
17,500,000 common shares	4,550,000
	<u>4,800,000</u>
<i>Fair value of Discovery net assets</i>	
Mineral Property	<u>4,800,000</u>
	<u><u>4,800,000</u></u>

4. Mineral property

Edum Banso Property

On August 27, 2011, Discovery, the wholly-owned subsidiary of the Company, entered into an option agreement with Xtra-Gold Resource Corp. to acquire a 100% interest in the right, title, and interest to mineral properties in Ghana. Under the terms of the option agreement, Discovery would pay \$250,000 (paid) and issue 17,500,000 common shares of the Company (issued).

On January 25, 2012, the Company, through its wholly-owned subsidiary Discovery, entered into an earn-in agreement with North Springs Resources Corp (“North Springs”). Under the terms of the earn-in agreement, North Springs would acquire a 10% working interest in Edum Banso in exchange for the following:

Cash consideration of \$1,250,000 to be paid according to the following schedule:

- An initial payment of \$250,000, of which \$150,000 is due within 5 days of the execution of the agreement (received), and the remaining \$100,000 to be paid within thirty days of the execution of the agreement (received subsequent to period end);
- \$500,000 on or before July 31, 2012;
- \$500,000 on or before December 31, 2012.

In the event that North Springs defaults or does not remit payment by July 31, 2012, 50% of the working interest shall automatically revert back to the Company and North Springs will have been deemed to have forfeited its right to provide the final payment due on December 31, 2012. Furthermore, the Company shall have the option to re-acquire 2.5% of the original 10% interest in exchange for \$150,000.

In addition, North Springs will acquire an additional 25% working interest in the Edum Banso property pursuant to the issuance of 10,000,000 common shares of North Springs on the condition that the fair value of the common shares of North Springs is no less than \$2,500,000 on October 1, 2012. If the fair value is less than \$2,500,000 on October 1, 2012, the Company will have the option to return the 10,000,000 common shares of North Springs and cancel the additional 25% working interest. As at January 31, 2012, the North Springs common shares had not been received by the Company.

Acquisition costs (note 3)	4,800,000
Option payment received	<u>(150,000)</u>
	<u><u>4,650,000</u></u>

5. Note Payable

a) As at January 31, 2012, the Company owes \$66,446 (April 30, 2011 - \$65,416) of notes payable to a non-related party. The amounts owing are unsecured, due interest at 10% per annum, and due on demand. During the period ended January 31, 2012, the Company recorded interest expense of \$4,971 (2010 - \$2,014).

b) As at January 31, 2012, the Company owes \$100,000 (April 30, 2011 - \$nil) of notes payable to related party. The amounts owing are unsecured, due interest at 10% per annum, and due on demand. CERTIFICATION OF THE CHIEF EXECUTIVE OFFICER PURSUANT TO RULE 13a-14

I, Stephen E. Flechner, certify that:

1. I have reviewed this Amendment No. 2 to the Quarterly Report on Form 10-Q/A of Norman Cay Development, Inc.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
