PART I

ITEM 1. BUSINESS

General

We were incorporated in the State of Nevada on July 15, 2011. Since completion of our offering, we have begun to develop our website (www.havanafurnishings.com) that will offer to the public restaurant and bar furnishings and accessories from Asia to retailer customers at wholesale prices. We have not generated any revenues and the only operations we have engaged in are the reservation of the domain name (www.havanafurnishings.com), development of our website, as well as the development of a business plan.

On May 24, 2012 the SEC declared our Form S-1 registration statement effective (SEC File no. 333-176684) allowing us to sell 2,000,000 shares of common stock minimum, 4,000,000 shares of common stock maximum, at a fixed offering price of \$0.015 per share. There was no underwriter involved in our public offering. On August 6, 2012, we completed our public offering and raised \$33,000 by selling 2,200,000 shares of common stock.

We have no plans to change our business activities or to combine with another business, and we are not aware of any events or circumstances that might cause our plans to change. Our prospects for profitability are not favorable if you consider numerous Internet-based companies have failed to achieve profits with similar plans.

Products

Our principal business objective is to sell restaurant and bar furnishings and accessories online to the public at wholesale prices primarily in Panama. We plan to cater to new restaurants and bars that are just starting up along with older restaurants and bars that are looking to renovate. We intend to provide a couple of options for our clients to choose from. Option #1 will involve the client picking a pre-made design of furnishing for their restaurant or bar from our online catalogue or they can mix and match different items from our online catalogue. Option #2 would allow the client to come to us with a restaurant design and we would order the products for them from our sources. Our business models are expected to include everything from forks and knives to tables, chairs, furniture, and bar equipment. We plan to provide catering and advertising services to Panamanian restaurants and bars, commercial contractors, interior designers and architects. We seek to establish ourselves as one of the top, online restaurant and bar furniture sales companies in Panama by providing quality furnishings and premier customer service.

The products we intend to promote will be selected by our sole officer and director, Haisam Hamie.

Website

We intend to create and maintain a website which will provide the following services and products for the website: e-mail forwarding, e-mailing aliasing, auto responder, front page support, shopping cart, secure transactions signio support, and macromedia flash. Since we raised \$33,000 from our offering, we are able to engage a web developer to design a splash page with a tab to showcase our products, a tab to contact us, and additional tabs and pages to enhance the site to include, one-click checkout, linking of product details and specifications and customer review tabs of the products. We believe that the foregoing will allow us to make retail sales of interior decor, promote our products in an attractive fashion, and communicate with our customers on-line. We have not located a web developer at this time. Our president will interview and chose a local web developer in the Panama City area to work with once the offering has been completed.

The website is intended to be a destination site for individuals interested in restaurant and bar furnishings and accessories. The site will offer a large array of products and by becoming a "one-stop shopping" destination will significantly enhance the efficiency of the purchasing process simultaneously reducing the time and cost of finding reasonably furnishings products. We intend to continually source out and negotiate strategic relationships with individual suppliers and manufacturers in China and the United States to offer their products on our website.

We believe that the lack of financial security on the Internet is hindering economic activity thereon. To ensure the security of transactions occurring over the Internet, U.S. federal regulations require that any computer software used within the United States contain a 128-bit encoding encryption, while any computer software exported to a foreign country contain a 40-bit encoding encryption. There is uncertainty as to whether the 128-bit encoding encryption required by the U.S. is sufficient security for transactions occurring over the Internet. Accordingly, there is a danger that any financial (credit card) transaction via the Internet will not be a secure transaction. Accordingly, risks such as the loss of data or loss of service on the Internet from technical failure or criminal acts are now being considered in the system specifications and in the security precautions in the development of the website. Although, we plan to use a 128-bit encoding encryption for our website transactions, there is no assurance that such security precautions will be successful.

Other than investigating potential technologies in support of our business purpose, we have had no material business operations since inception in May 2011. At present, we have only begun to develop our website for the necessary technology assets in support of our business purpose to become an Internet-based retailer focused on the distribution of restaurant and bar furniture and accessories.

The Internet is a world-wide medium of interconnected electronic and/or computer networks. Individuals and companies have recently recognized that the communication capabilities of the Internet provide a medium for not only the promotion and communication of ideas and concepts, but also for the presentation and sale of information, goods and services.

Convenient Shopping Experience

It is our intention to design our online store to provide customers with an easy-to-use Web site. The website will be available 24 hours a day, seven days a week and will be reached from the shopper's home or office. Our online store is expected to enable us to deliver a broad selection of products to customers in rural or other locations that do not have convenient access to physical stores. We also intend to make the shopping experience convenient by categorizing our products into easy-to-shop departments

Customer Service

We intend to provide a customer service department via email where consumers can resolve order and product questions which will be handled initially by our president, Haisam Hamie, until we are profitable enough to hire employees. Furthermore, we plan to insure consumer satisfaction by offering a money back guarantee. There is, however, no assurance that we will ever be profitable

Online Retail Store

We intend to design our Internet store to be a place for individual consumers to purchase our products online.

Shopping at our Online Store

Our online store will be located at www.havanafurnishings.com. We believe that the sale of restaurant and bar products on the Internet can offer attractive benefits to consumers. These include enhanced selection, convenience, quality, ease-of-use, depth of content and information, and competitive pricing. Key features of our online store will include:

Browsing

Our online store is intended to offer consumers several subject areas and special features arranged in a simple, easy-to-use format intended to enhance product selection. By clicking on a category names, the consumer will move directly to the home page of the desired category and can view promotions and featured products.

Selecting a Product and Checking Out

To purchase products, consumers can expect to simply click on the "add to cart" button to add products to their virtual shopping cart. It is our vision that consumers will be able to add and subtract products from their shopping cart as they browse around our online store prior to making a final purchase decision, just as in a physical store and to execute orders consumers click on the "checkout" button and, depending upon whether the consumer has previously shopped at our online store, are prompted to supply shipping details online. We also intend to offer consumers a variety of wrapping and shipping options during the checkout process. Prior to finalizing an order by clicking the "submit" button, consumers can expect to be shown their total charges along with the various options chosen at which point consumers still have the ability to change their order or cancel it entirely.

Paying

To pay for orders, a consumer must use a credit card, which is authorized during the checkout process. Charges are assessed against the card when the order is placed. Our online store is intended to use security such as the 128-bit encoding encryption technology that works with the most common Internet browsers and is required by United States regulations.

We intend to offer our customers a full refund for any reason if the customer returns the purchased item within thirty days from the date of sale in the same condition it was sold to the customer. After thirty days, we will not refund any money to a customer. The customer is responsible for paying for the return shipping fees. They will return the item directly to us and we will return them to our supplier in accordance with their return policies. If the return falls outside of an acceptable timetable for a full refund on the returned purchase by our supplier, we will incur the expense and reflect such in our financial statements.

Source of Products

We intend to purchase products from manufacturers and distributors located in China and the United States. The majority of all furniture is expected to be imported from China. A 2400 square foot shipping container better known as a HQ container can hold approximately \$20,000 to \$50,000 worth of goods depending on the size of the goods. A container of this nature would cost approximately \$2,500.00 to ship to Panama. We believe that the company will still enjoy a markup of 200 to 500% at retail after shipping expenses and still maintain a competitive edge. We expect minimal storage expenses as products are only ordered when a client makes and pays for a purchase. The majority of our business is conducted online and is dependent on our ability to develop and maintain the website "www.havanafurnishings.com." As an internet based business minimal staff is needed and all products will be prepaid. On occasion, we may, depending upon the particulars of a product make special purchases and pass the savings on to our customers. We believe that by negotiating a better price due to quantity or manufacturer close outs we can stay ahead of our competition.

The products will be shipped directly from the manufacturer to the customer, thereby eliminating the need for storage space or packaging facilities. The way we determine our pricing structure will depend on what the supplier and manufacturer is selling the product for. Markups on prices will be dependent upon the prices we negotiate with our suppliers.

In order to meet, network and align ourselves with our wholesalers and distributors of products we will be looking to attend trade shows and exhibitions located across China. One of the trade shows we intend to attend is called Furniture China. This trade show is the leading furniture trade exhibition in Asia and one of the Top 3 international furniture exhibitions of the world, Furniture China is held annually in Shanghai. Another trade show we will look to attending is the Restaurant & Bar Hong Kong. Located in Hong Kong this exhibition is the largest exhibition dedicated to the hospitality sector which will be presenting the latest products and services. Lastly we plan to attend the Canton Fair. Canton Fair is the largest biannual China trade fair held in Guangzhou. The Canton fair complex covers a total construction area of 1,100,000 M² with the indoor exhibition area of 338,000 M² and the outdoor exhibition area of 43,600 M².

Revenue

We expect to generate revenues from the direct sale of products to customers. We will order products on behalf of our customers directly from our suppliers. At the time we receive an order from a customer, we will order the product from the supplier, thus able to avoid carrying any inventory that can be costly and which may become obsolete. We would earn revenue based on the difference between our negotiated price for the product with our suppliers and the price that the customer pays.

Database

We intend to develop a database to gather information regarding our customers and suppliers. This database will categorize all our customers, customers that bought from us, potential customers that have browsed our website, and potential customers from our planned source of e-mail and direct mail. We also plan to have a database of suppliers we deal with. This will record the suppliers we bought from, returned products to, exchanged products with, and a daily, monthly, and yearly dollar value of what was purchased from the supplier. Having this database in place will help keep our business organized and will help us identify and target clients

Competition

The electronic commerce market is intensely competitive. The market for information resources is more mature but also intensely competitive. We expect competition to continue to intensify in the future. Competitors include companies with substantial customer bases in the computer and other technical fields. There can be no assurance that we can maintain a competitive position against current or future competitors, particularly those with greater financial, marketing, service, support, technical and other resources. Our failure to maintain a competitive position within the market could have a material adverse effect on our business, financial condition and results of operations. There can be no assurance that we will be able to compete successfully against current and future competitors, and competitive pressures faced by us may have a material adverse effect on our business, financial condition and results of operations.

Our competitive position within the industry is negligible in light of the fact that we have not started our operations. Older, well established distributors of the products we intend to offer with records of success will attract qualified clients away from us. Since we have not started operations, we cannot compete with them on the basis of reputation. We do expect to compete with them on the basis of price and product selection. In order to achieve this, we plan to offer lower mark-ups on our products until we have built up our client base to increase our profit margin. We intend to be able to attract and retain customers by offering a breadth of tasteful product selection through our relationships with manufacturers and suppliers.

Marketing

The amount of funds we raise from our offering will determine how much we will be able to spend on our marketing and advertising campaign. Since we raised \$33,000 from our offering, we are able to advertise locally through food and restaurant newspapers, flyers, and the telephone directory. Additionally, we intend to expand our marketing strategies to furniture magazines, interior designer magazines, and advertisement flyer through direct mail. We will market our business via bus station billboards and highway billboards across Panama and eventually into Central America as our earnings rise and are stable enough to support such advertising. Direct mail advertising will be in the form of printed flyers that will be dropped off in high traffic areas and at restaurants and bars within the Panama City area. For our e-mail marketing addresses, we look to hire an e-mail marketing company to provide us with a list of architects, interior designers, developers, restaurants and bars. As of the date of this report, we have not begun to our marketing campaign.

Insurance

We do not maintain any insurance and do not intend to maintain insurance in the future. Because we do not have any insurance, if we are made a party of a products liability action, we may not have sufficient funds to defend the litigation. If that occurs a judgment could be rendered against us, which could cause us to cease operations.

Vendor Relationships

We hope to develop a strong relationship with our vendors through repeated use and mutually financially advantageous contracts. As of date of this annual report, we have not developed any vendor relationships but intend to do so in the near future. There is no assurance, however, that we will develop any vendor relationships

Employees

We are a development stage company and currently have no employees, other than our sole officer and director who devote s approximately 10 hours a week to our operations. We intend to hire additional employees on an as needed basis.

Offices

Our principal executive office is located at 122B Edificio Ultramar Plaza. Apt. #4A 47th Street Panama City, Panama . Our telephone number is (507) 269-1315. Our office is located in the home of our president, Haisam Hamie and used on a rent-free basis.

Government Regulation

We are not currently subject to direct federal, state or local regulation other than regulations applicable to businesses generally or directly applicable to electronic commerce. However, the Internet is becoming increasingly popular. As a result, it is possible that a number of laws and regulations may be adopted with respect to the Internet. These laws may cover issues such as user privacy, freedom of expression, pricing, content and quality of products and services, taxation, advertising, intellectual property rights and information security. Furthermore, the growth of electronic commerce may prompt calls for more stringent consumer protection laws. Several states have proposed legislation to limit the uses of personal user information gathered online or require online services to establish privacy policies. The Federal Trade Commission has also initiated action against at least one online service regarding the manner in which personal information is collected from users and provided to third parties. We will not provide personal information regarding our users to third parties. However, the adoption of such consumer protection laws could create uncertainty in Web usage and reduce the demand for our products.

We are not certain how business may be affected by the application of existing laws governing issues such as property ownership, copyrights, encryption and other intellectual property issues, taxation, libel, obscenity and export or import matters. The vast majority of such laws were adopted prior to the advent of the Internet. As a result, they do not contemplate or address the unique issues of the Internet and related technologies. Changes in laws intended to address such issues could create uncertainty in the Internet market place. Such uncertainty could reduce demand for services or increase the cost of doing business as a result of litigation costs or increased service delivery costs.

In addition, because our products are available over the Internet in multiple states and foreign countries, other jurisdictions may claim that we are required to qualify to do business in each such state or foreign country. We are currently qualified to do business only in Nevada and not in any other jurisdiction where qualification is required. Our failure to qualify in a jurisdiction where it is required to do so could subject it to taxes and penalties. It could also hamper our ability to enforce contracts in such jurisdictions.

In Nevada, we are required to pay an annual fee to the Nevada Secretary of State of \$125 and pay a licensing fee of \$200 per year. Nevada has no corporate income taxes.

PART II

ITEM 5. MARKET FOR COMMON STOCK, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information

There is presently no public market for our shares of common stock. We intend to apply for quotation of our common stock on the Over the Counter Bulletin Board. However, we can provide no assurance that our shares of common stock will be quoted on the Bulletin Board or, if quoted, that a public market will materialize. Currently, we are not listed or quoted on any exchange.

Holders

On October 11, 2012, we had 41 shareholders of record of our common stock.

Dividends

To date, we have not declared or paid any dividends on our common stock. We currently do not anticipate paying any cash dividends in the foreseeable future on our common stock. Although we intend to retain our earnings, if any, to finance the expansion and growth of our business, our Board of Directors will have the discretion to declare and pay dividends in the future.

Payment of dividends in the future will depend upon our earnings, capital requirements and other factors, which our Board of Directors may deem relevant.

Securities Authorized for Issuance Under Equity Compensation Plans

As of the end of the fiscal year ended July 31, 2012, we do not have any compensation plan under which equity securities of the Company are authorized for issuance.

ITEM 6. SELECTED FINANCIAL DATA

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

This section of the prospectus includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like: "believe," "expect," "estimate," "anticipate," "intend," "project," and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements, which apply only as of the date of this prospectus. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions.

We are a start-up development stage corporation and have not started operations or generated or realized any revenues from our business operations. There is no historical financial information about us upon which to base an evaluation of our performance. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns due to price and cost increases in services and products.

Our auditors have issued a going concern opinion. We have not generated any revenues and no revenues are anticipated until we complete the development of our website, source out purveyors of products to sell and secure clients to buy our products. Accordingly, there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital to pay our bills. We believe the technical aspects of our website will be sufficiently developed to use for our operations 90 days from the completion of our offering. Accordingly, we must raise cash from sources other than operations. Our only other source for cash at this time is investments by others in our company. We must raise cash to implement our project and begin our operations. We will not begin operations until we raise money from this offering.

Although we raised \$33,000 from our offering, we cannot guarantee that once we begin operations we will stay in business after twelve months. If we are unable to secure enough suppliers of products at suitably low pricing or enough customers willing to buy the products at higher than the price we have negotiated with our suppliers, we may quickly use up the proceeds from our offering and will need to find alternative sources, like a second public offering, a private placement of securities, or loans from our officers or others in order for us to maintain our operations. At the present time, we have not made any arrangements to raise additional cash, other than through this offering. If we need additional cash and cannot raise it we will either have to suspend operations until we do raise the cash, or cease operations entirely. Other than as described in this paragraph, we have no other financing plans.

Plan of Operation

We intend to accomplish the foregoing by the following milestones:

1. Since completing the offering, we will begin to establish our office and acquire the equipment we need to begin operations. Establishing our offices will take 30 days. Our president has agreed to allow us to use his office space rent-free. In that case, we will spend \$1,000 of the proceeds to purchase a computer and set up communication lines such as phone and internet to facilitate sales. We do not intend to hire employees. Our sole officer and director will handle our administrative duties. A detailed breakdown of the cost of operating our office is set forth in the Use of Proceeds section of this prospectus.
2. Once our office is established, which we said should be 30 days after completing our offering, we intend to hire a web designer to begin development of the website. Locating a website designer and developing our website should take approximately 30- 90 days. The negotiation of additional alliances with service providers and the development of the website will be ongoing during the life of our operations. As we locate customers and as our customer database expands, we will have to be continually upgrading the website. This promotion will be ongoing through the life of our operations.
3. Approximately 90-120 days after we complete our public offering, we intend to promote our products through traditional sources such as local food and restaurant publications, letters, emails, flyers and mailers. We intend to promote our products to restaurants and bars in Panama City initially. We will aggressively court contacts provided by our president, Haisam Hamie. We believe that it will cost a minimum of \$2,000 for our marketing campaign. Marketing is an ongoing matter that will continue during the life of our operations.
4. Within 120-180 days from the initial launch of our marketing program, we believe that we will begin generating income from the sale of our products.

In summary, we should implement our business plan and expect to be engaging clients within 90-120 days of completing our offering. We estimate that we will generate revenue 120 to 180 days after beginning operations.

The above mentioned milestones and timelines will be dependent upon the availability of our sole officer and director. Haisam Hamie is entirely responsible for our day-today operations . Establishing an office will take time as Mr. Hamie will need to locate an appropriate facility which will be determined by the total amount raised in the offering; additionally, he will have to make arrangements for telephone and other communication lines to be established, and offices supplies will need to be procured. Once the office is fully operational, Mr. Hamie can then turn his attention to retaining a web developer.

We anticipate that we will generate revenues as soon as we are able to offer products for sale on our website. This will happen once we negotiate agreements with one or two suppliers of products and start advertising products on our website.

If we cannot generate sufficient revenues to continue operations, we will suspend or cease operations. If we cease operations, we do not have any plans to do anything else.

On July 15, 2011, we executed a consulting agreement whereby we agreed to pay Executive Consulting Services, (ECS) Group \$1,000 per month for the next year. ECS provides administrative, compliance, accounting, and SEC reporting support for the operations of the Company. Administrative duties include maintaining compliance with regulatory agencies such as Nevada Secretary of State and the Securities and Exchange Commission, maintaining the Corporate Minute Book, ECS is also the Company's bookkeeper, and is an EDGAR/IDEA filing service. Additionally, ECS acts as liaison between the Company's president and auditor, legal counsel, transfer agent, registered agent and the SEC. Results of operations

From Inception on July 15, 2011 to July 31, 2012

We have not had any operating income since inception. For the year ended July 31, 2012 we incurred a net loss of \$28,009 and since inception we have incurred a net loss of \$36,009. Expenses from inception were comprised of costs mainly associated with legal, accounting, and consulting fees.

Liquidity and capital resources

As of the date of this report, we have yet to generate any revenues from our business operations. Since we raised \$33,000 from our offering, we believe we can satisfy our cash requirements during the next 12 months.

We issued 4,000,000 shares of common stock to our sole officer and director for \$15,000 pursuant to the exemption from registration contained in Section 4(2) of the Securities Act of 1933. This was accounted for as a sale of common stock.

As of July 31, 2012, our total assets were \$33,105 consisting entirely of cash and subscriptions receivable and our total liabilities were \$21,114 comprised entirely of accounts and related party payables.

We believe that we will need an additional \$25,000 per year after our initial 12 month period to maintain minimal operations. While this amount will be enough to support basic operations and compliance with regulatory agencies, it will not be enough to promote growth. If we are not able to generate revenue and operating profitably during that time, we may need to find alternative sources of cash, like a second public offering, a private placement of securities, or loans from our officers or others in order for us to maintain our operations long term. At the present time, we have not made any arrangements to raise additional cash, other than through this offering. If we need additional cash and cannot raise it we will either have to suspend operations until we do raise the cash, or cease operations entirely. If we begin to generate profits after that time, we will use the profits to further develop our business as indicated in our Use of Proceeds section. Additionally, we refer to the Plan of Operations section in this prospectus for additional information.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Havana Furnishings, Inc.
(a development stage company)
Panama City, Panama

We have audited the accompanying balance sheets of Havana Furnishings, Inc. (a development stage company) (the "Company") as of July 31, 2012 and 2011 and the related statement of expenses, changes in stockholders' equity and cash flows for the years then ended and for the period from July 15, 2011 (inception) through July 31, 2012. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of July 31, 2012 and 2011 and the results of its operations and its cash flows as of July 31, 2012 and 2011 and for the period from July 15, 2011 (inception) through July 31, 2011 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has no revenues since inception and the Company's sole officer and director is unwilling to loan or advance any additional capital to the Company, which raises substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters are described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

HAVANA FURNISHINGS INC.
(A Development Stage Company)
Notes to the Financial Statements

NOTE 1. - ORGANIZATION AND DESCRIPTION OF BUSINESS

Nature of Business. HAVANA FURNISHINGS INC. ("we", "our", "Havana Furnishings" or the "Company") was incorporated in Nevada on July 15, 2011 for the purpose of selling restaurant and bar furnishings and accessories from Asia to retail customers in Panama at wholesale prices.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation. The accompanying financial statements as of July 31, 2012 and 2011 and for the years then ended have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basic and Diluted Earnings (Loss) Per Share. The basic net loss per common share is computed by dividing the net loss by the weighted average number of common shares outstanding. Diluted loss per share reflects the potential dilution that could occur if securities or other contracts, such as stock options and warrants, to issue common stock were exercised or converted into common stock. For all periods presented, there were no potentially dilutive securities outstanding.

Cash and Cash Equivalents. Havana Furnishings Inc. considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Income Taxes : Havana Furnishings Inc. uses the liability method to account for income taxes. Under this method, deferred tax liabilities and assets are determined based on the difference between the financial statement and tax bases of assets and liabilities using enacted tax rates for the year in which the differences are expected to reverse. A valuation allowance is established for any portion of the deferred tax asset that will likely not be realized.

Recently Issued Accounting Pronouncements. Havana Furnishings Inc. does not expect the adoption of recently issued accounting pronouncements to have a significant impact on its results of operations, financial position or cash flow.

NOTE 3. - GOING CONCERN

These financial statements have been prepared on a going concern basis, which implies Havana Furnishings will continue to meet its obligations and continue its operations for the next fiscal year. Realization value may be substantially different from carrying values as shown and these financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should Havana Furnishings be unable to continue as a going concern. As of July 31, 2012, Havana Furnishings has not generated revenues and has accumulated losses of \$36,009 since inception. The continuation of Havana Furnishings as a going concern is dependent upon the continued financial support from its shareholders, the ability of Havana Furnishings to obtain necessary equity financing to continue operations, and the attainment of profitable operations. These factors raise substantial doubt regarding the Havana Furnishings' ability to continue as a going concern

NOTE 4. RELATED PARTY TRANSACTIONS

As of July 31, 2012, the President has advanced \$11,990 to the Company. The amount is unsecured, non-interest bearing, and due on demand

HAVANA FURNISHINGS INC.
(A Development Stage Company)
Notes to the Financial Statements

NOTE 5. - STOCKHOLDER'S EQUITY

In June and July 2012, the Company issued 2,200,000 common shares to various investors at \$0.015 per share for proceeds of \$33,000. The proceeds were not reviewed as of July 31, 2012.

On July 15, 2011, the Company issued 4,000,000 common shares to its president at \$0.004 per share for proceeds of \$15,000.

NOTE 6. - INCOME TAXES

Havana Furnishings, Inc. uses the liability method, where deferred tax assets and liabilities are determined based on the expected future tax consequences of temporary differences between the carrying amounts of assets and liabilities for financial and income tax reporting purposes. During the initial period ended July 31, 2011, Havana Furnishings incurred net losses and therefore has no tax liability. The net deferred tax asset generated by the loss carry-forward has been fully reserved. The cumulative net operating loss carry-forward is \$36,009 at July 31, 2012, and will expire in the year 2031.

At July 31, 2012, deferred tax assets consisted of the following:

Deferred tax assets	\$	12,603
Less: valuation allowance		(12,603)
Net deferred tax asset	\$	<u> -</u>

NOTE 7. - SUBSEQUENT EVENTS

On September 28, 2012, the Company retained Globex Transfer, LLC to apply for DTC eligibility on behalf of the Company in consideration of \$13,000.

In August 2012, the Company received the proceeds of \$33,000 from the sale of 2,200,000 common shares during the year ended July 31, 2012..

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE .

Not Applicable.

ITEM 9A. CONTROLS AND PROCEDURES .

Evaluation of Disclosure Controls and Procedures

Pursuant to Rule 13a-15(b) under the Securities Exchange Act of 1934 ("Exchange Act"), the Company carried out an evaluation, with the participation of the Company's management, including the Company's Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), of the effectiveness of the Company's disclosure controls and procedures (as defined under Rule 13a-15(e) under the Exchange Act) as of the end of the period covered by this Report. Based upon that evaluation, the Company's CEO and CFO concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in the reports that the Company files or submits under the Exchange Act, is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including the Company's CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). The Company's internal control over financial reporting is a process designed to provide reasonable assurance to our management and board of directors regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America.

Our internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal controls over financial reporting may not prevent or detect misstatements. All internal control systems, no matter how well designed, have inherent limitations, including the possibility of human error and the circumvention of overriding controls. Accordingly, even effective internal control over financial reporting can provide only reasonable assurance with respect to financial statement preparation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of July 31, 2012. In making this assessment, it used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control-Integrated Framework* . Based on our assessment, as of July 31, 2012, the Company's internal control over financial reporting were effective.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to rules of the Securities and Exchange Commission that permit us to provide only management's report in this annual report.

Changes in Internal Controls

There were no changes in our internal control over financial reporting during the fiscal year ended July 31, 2012 that have affected, or are reasonably likely to affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

Conflicts of Interest

Audit Committee Financial Expert

We do not have an audit committee financial expert. We do not have an audit committee financial expert because we believe the cost related to retaining a financial expert at this time is prohibitive. Further, because we have no operations, at the present time, we believe the services of a financial expert are not warranted.

We have a separately-designated audit committee of the board. Audit committee functions are performed by our board of directors. None of our directors are deemed independent. All directors also hold positions as our officers. Our audit committee is responsible for: (1) selection and oversight of our independent accountant; (2) establishing procedures for the receipt, retention and treatment of complaints regarding accounting, internal controls and auditing matters; (3) establishing procedures for the confidential, anonymous submission by our employees of concerns regarding accounting and auditing matters; (4) engaging outside advisors; and, (5) funding for the outside auditory and any outside advisors engagement by the audit committee. A copy of the audit committee charter is filed as Exhibit 14.1 to this report.

Code of Ethics

We have adopted a corporate code of ethics. We believe our code of ethics is reasonably designed to deter wrongdoing and promote honest and ethical conduct; provide full, fair, accurate, timely and understandable disclosure in public reports; comply with applicable laws; ensure prompt internal reporting of code violations; and provide accountability for adherence to the code. A copy of the code of ethics is filed as Exhibit 99.2 to this report.

Disclosure Committee and Charter

We have a disclosure committee and disclosure committee charter. Our disclosure committee is comprised of all of our officers and directors. The purpose of the committee is to provide assistance to the Chief Executive Officer and the Chief Financial Officer in fulfilling their responsibilities regarding the identification and disclosure of material information about us and the accuracy, completeness and timeliness of our financial reports. A copy of the disclosure committee charter is filed as Exhibit 99.3 to this report.

Section 16(a) of the Securities Exchange Act of 1934

We do not have a class of equity securities registered pursuant to section 12 of the Securities Exchange Act and therefore our directors, officers and persons who beneficially own more than 10% of a registered class of our equity securities are not required to file reports of ownership and changes in ownership with the SEC or furnish us with copies of these reports.

Indemnification

Under our Articles of Incorporation and Bylaws of the corporation, we may indemnify an officer or director who is made a party to any proceeding, including a lawsuit, because of his position, if he acted in good faith and in a manner he reasonably believed to be in our best interest. We may advance expenses incurred in defending a proceeding. To the extent that the officer or director is successful on the merits in a proceeding as to which he is to be indemnified, we must indemnify him against all expenses incurred, including attorney's fees. With respect to a derivative action, indemnity may be made only for expenses actually and reasonably incurred in defending the proceeding, and if the officer or director is judged liable, only by a court order. The indemnification is intended to be to the fullest extent permitted by the laws of the State of Nevada.

Regarding indemnification for liabilities arising under the Securities Act of 1933, which may be permitted to directors or officers under Nevada law, we are informed that, in the opinion of the Securities and Exchange Commission, indemnification is against public policy, as expressed in the Act and is, therefore, unenforceable.

Changes in Control

As of the date of filing of this Report, the Company is unaware of any arrangement which may result in a change in control.

ITEM 13. CERTAIN RELATIONSHIPS, RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

On July 15, 2011, we issued a total of 4,000,000 shares of restricted common stock to Haisam Hamie, our sole officer and director in consideration of \$15,000. The funds were used to pay the expenses relating to our public offering.

On April 19, 2012, the Company's president, Haisam Hamie, advanced the Company an additional \$3,980 for working capital. The amount is due on demand and has no terms of repayment, is unsecured, and bears no interest.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Audit Fees

For the Company's fiscal years ended July 31, 2012 and 2011 respectively, we were billed approximately \$1,200 and \$4,000 for professional services rendered for the audit and quarterly reviews of our financial statements.

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

Effective May 6, 2003, the Securities and Exchange Commission adopted rules that require that before our auditor is engaged by us to render any auditing or permitted non-audit related service, the engagement be:

-approved by our audit committee; or

-entered into pursuant to pre-approval policies and procedures established by the audit committee, provided the policies and procedures are detailed as to the particular service, the audit committee is informed of each service, and such policies and procedures do not include delegation of the audit committee's responsibilities to management.

We do not have an audit committee. Our entire board of directors pre-approves all services provided by our independent auditors.

The pre-approval process has just been implemented in response to the new rules. Therefore, our board of directors does not have records of what percentage of the above fees were pre- approved. However, all of the above services and fees were reviewed and approved by the entire board of directors either before or after the respective services were rendered.

1. STATEMENT OF POLICY

The Company has adopted eight Corporate Values (Focus, Respect, Excellence, Accountability, Teamwork, Integrity, Very Open Communications and Enjoying Our Work) to provide a framework for all employees in conducting ourselves in our jobs. These policies are not intended to substitute for those Values, but will serve as guidelines in helping you to conduct the Company's business in accordance with our Values. Compliance requires meeting the spirit, as well as the literal meaning, of the law, the policies and the Values. It is expected that you will use common sense, good judgment, high ethical standards and integrity in all your business dealings.

If you encounter a situation you are not able to resolve by reference to these policies, ask for help. Contact Haisam Hamie, Chairman and Chief Executive Officer, who has been identified as responsible for overseeing compliance with these policies.

Violations of the law or the Company's policies will subject employees to disciplinary action, up to and including termination of employment. In addition, individuals involved may subject themselves and the Company to severe penalties including fines and possible imprisonment. Compliance with the law and high ethical standards in the conduct of Company business should be a top priority for each employee, officer and director.

2. IMPLEMENTATION AND ENFORCEMENT.

Haisam Hamie, our Chairman and Chief Executive Officer, has been appointed as Compliance Officer of the Company, responsible for overseeing compliance with, and enforcement of, all Company policies.

Employees are expected to be familiar with these policies as they apply to their duties. They should consult with their managers if they need assistance in understanding or interpreting these policies. Each employee is required to follow these policies and to comply with their terms. A refusal by any employee to agree to be bound by these policies shall be grounds for discipline up to and including dismissal.

Any employee who, in good faith, has reason to believe a Company operation or activity is in violation of the law or of these policies must call the matter to the attention of Haisam Hamie, our Chairman and Chief Executive Officer. All reports will be reviewed and investigated and as necessary under the circumstances, and the reporting employee should provide sufficient information to enable a complete investigation to be undertaken.

Any employee who makes an allegation in good faith reasonably believing that a person has violated these policies or the law, will be protected against retaliation.

3. RELATIONS WITH COMPETITORS AND OTHER THIRD PARTIES.

The Company's policy is to comply fully with competition and antitrust laws throughout the world. These laws generally prohibit companies from using illegal means to maintain, obtain or attempt to obtain a monopoly in a market. They also prohibit companies from engaging in unfair trade practices. "*Unfair trade* practices" include fixing prices, dividing markets, agreeing with competitors not to compete, or agreeing to boycott certain customers. It is advised that you consult with the Haisam Hamie before attending a meeting with a party who may be viewed as a competitor.

4. INSIDER TRADING, SECURITIES COMPLIANCE AND PUBLIC STATEMENTS.

Securities laws prohibit anyone who is in possession of material, non-public information ("Insider Information") about a company from purchasing or selling stock of that company, or communicating the information to others. Information is considered "material" if a reasonable investor would consider it to be important in making a decision to buy or sell that stock. Some examples include financial results and projections, new products, acquisitions, major new contracts or alliances prior to the time that they are publicly announced. Employees who become aware of such Inside Information about the Company must refrain from trading in the shares of the Company until the Inside Information is publicly announced.

Employees must also refrain from disclosing that information to persons who do not have a Company need to know, whether they are inside the Company or outside, such as spouses, relatives or friends.

The Company makes regular formal disclosures of its financial performance and results of operations to the investment community. We also regularly issue press releases. Other than those public statements, which go through official Company channels, employees are prohibited from communicating outside the Company about the Company's business, financial performance or future prospects. Such communications include questions from securities analysts, reporters or other news media, but also include seemingly innocent discussions with family, friends, neighbors or acquaintances.

5. FINANCIAL REPORTING.

The Company is required to maintain a variety of records for purposes of reporting to the government. The Company requires all employees to maintain full compliance with applicable laws and regulations requiring that its books of account and records be accurately maintained. Specifics of these requirements are available from Haisam Hamie.

6. HUMAN RESOURCES.

The Company is committed to providing a work environment that is free from unlawful harassment and discrimination, and respects the dignity of its employees. The Company has policies covering various aspects of its relationship with its employees, as well as employees' relationships with each other. For more detailed information, you should consult Haisam Hamie. Each employee is expected to be familiar with these policies and to abide by them.

7. ENVIRONMENTAL, HEALTH AND SAFETY.

The Company is committed to protecting the health and safety of our employees, as well as the environment in general. The Company expects employees to obey all laws and regulations designed to protect the environment, and the health and safety of our employees, and to obtain and fully observe all permits necessary to do business.

At the very least, all employees should be familiar with and comply with safety regulations applicable to their work areas. The Company will make, to the extent possible, reasonable accommodations for the known physical or mental limitations of our employees. Employees who require an accommodation should contact Haisam Hamie. The Company will then engage in an interactive process to determine what reasonable accommodations may exist.

8. CONFLICTS OF INTEREST.

Each employee is expected to avoid any activity, investment or association that interferes with the independent exercise of his or her judgment in the Company's best interests ("Conflicts of Interest"). Conflicts of Interest can arise in many situations. They occur most often in cases where the employee or the employee's family obtains some personal benefit at the expense of the Company's best interests.

No employee, or any member of employee's immediate family, shall accept money, gifts of other than nominal value, unusual entertainment, loans, or any other preferential treatment from any customer or supplier of the Company where any obligation may be incurred or implied on the giver or the receiver or where the intent is to prejudice the recipient in favor of the provider. Likewise, no employee shall give money, gifts of other than nominal value, unusual entertainment or preferential treatment to any customer or supplier of the Company, or any employee or family members thereof, where any obligation might be incurred or implied, or where the intent is to prejudice the recipient in favor of the Company. No such persons shall solicit or accept kickbacks, whether in the form of money, goods, services or otherwise, as a means of influencing or rewarding any decision or action taken by a foreign or domestic vendor, customer, business partner, government employee or other person whose position may affect the Company's business.

No employee shall use Company property, services, equipment or business for personal gain or benefit.

Employees may not: (1) act on behalf of, or own a substantial interest in, any company or firm that does business, or competes, with the Company; (2) conduct business on behalf of the Company with any company or firm in which the employee or a family member has a substantial interest or affiliation. Exceptions require advance written approval from the Legal Department.

Employees should not create the appearance that they are personally benefitting in any outside endeavor as a result of their employment by the Company, or that the Company is benefitting by reason of their outside interests. Any employee who is not sure whether a proposed action would present a conflict of interest or appear unethical should consult with Haisam Hamie.

9. INTERNATIONAL TRADE.

The Company must comply with a variety of laws around the world regarding its activities. In some cases, the law prohibits the disclosure of information, whether the disclosure occurs within the U.S. or elsewhere, and whether or not the disclosure is in writing.

Payments or gifts to non-U.S. government officials are prohibited by law and by Company policy. The Foreign Corrupt Practices Act precludes payments to non-U.S. government officials for the purpose of obtaining or retaining business, even if the payment is customary in that country. This law applies anywhere in the world to U.S. citizens, nationals, residents, businesses or employees of U.S. businesses. Because Havana Furnishings Inc. is a U.S. company, this law applies to the Company and all of its subsidiaries. Any questions on this policy should be directed to Haisam Hamie.

10. GOVERNMENT RELATIONS.

The Company is prohibited by law from making any contributions or expenditures in connection with any U.S. national election. This includes virtually any activity that furnishes something of value to an election campaign for a federal office. Use of the Company's name in supporting any political position or ballot measure, or in seeking the assistance of any elected representative, requires the specific approval of the Chairman and Chief Executive Officer of the Company. Political contributions or expenditures are not to be made out of Company funds in any foreign country, even if permitted by local law, without the consent of the Company's Chairman and Chief Executive Officer.

U.S. law also prohibits giving, offering, or promising anything of value to any public official in the U.S. or any foreign country to influence any official act, or to cause an official to commit or omit any act in violation of his or her lawful duty. Company employees are expected to comply with these laws.

11. VENDORS, CONTRACTORS, CONSULTANTS AND TEMPORARY WORKERS.

Vendors, contractors, consultants or temporary workers who are acting on the Company's behalf, or on Company property, are expected to follow the law, Company policies and honor Company Values. Violations will subject the person or firm to sanctions up to and including loss of the contract, contracting or consulting agreement, or discharge from temporary assignment.

12. CONCLUSION.

This Code of Ethics is not intended to cover every possible situation in which you may find yourself. It is meant to give you the boundaries within which the Company expects you to conduct yourself while representing HAVANA FURNISHINGS INC. You may find yourself in a situation where there is no clear guidance given by this Code of Ethics. If that occurs, return to the foundations stated earlier: common sense, good judgment, high ethical standards and integrity. And refer to the Company's Values. In addition, there are many resources upon which you may rely: your management chain, Human Resources, Legal or other HAVANA FURNISHINGS INC. departments, and the CEO. Together we can continue to make HAVANA FURNISHINGS INC. a company that offers restaurant and bar furnishings to the public.

Other Responsibilities

The Committee shall have such other responsibilities, consistent with the Committee's purpose, as any Senior Officer may assign to it from time to time.

Disclosure Control Considerations

The Committee shall base the review and revision of the Disclosure Controls and Procedures on the following factors:

- *Control Environment:* The directives of the Board and Audit Committee; the integrity and ethical values of the Corporation's officers and employees, including the "tone at the top"; the Corporation's Code of Conduct; and the philosophy and operating style of management, including how employees are organized and how authority is delegated.
- *Risk Assessment:* The identification and analysis of relevant risks to achieving the goal of accurate and timely disclosure, forming a basis for determining how the risks should be managed.
- *Control Activities:* The procedures to ensure that necessary actions are taken to address and handle risks to achievement of objectives.
- *Information and Communication:* The accumulation, delivery and communication of financial information throughout (i.e., up, down and across) the organization.
- *Monitoring:* The assessment of the quality of the financial reporting systems over time through ongoing monitoring and separate evaluations, including through regular management supervision and reporting of deficiencies upstream.

Organization

The members of the Committee will be comprised of the Corporation's officers and directors.

The Committee may designate two or more individuals, at least one of whom shall be knowledgeable about financial reporting and another about law, who can, acting together, review Disclosure Statements when time does not permit full Committee review.

The Senior Officers at their option may, at any time and from time to time, assume any or all of the responsibilities of the Disclosure Committee identified in this Charter, including, for example, approving Disclosure Statements when time does not permit the full Committee (or the designated individuals) to meet or act.

Chair

The Chief Financial Officer of the Corporation shall act as the Chair of the Committee (unless and until another member of the Committee shall be so appointed by any Senior Officer).

Meetings and Procedures

The Committee shall meet or act as frequently and as formally or informally as circumstances dictate to (i) ensure the accuracy, completeness and timeliness of the Disclosure Statements and (ii) evaluate the Disclosure Controls and Procedures and determine whether any changes to the Disclosure Controls and Procedures are necessary or advisable in connection with the preparation of the Reports or other Disclosure Statements, taking into account developments since the most recent evaluation, including material changes in the Corporation's organization and business lines and any material change in economic or industry conditions.

The Committee shall adopt, whether formally or informally, such procedures as it deems necessary to facilitate the fulfillment of its responsibilities.

Full Access

The Committee shall have full access to all of Corporation's books, records, assets, facilities and personnel, including the internal auditors, in connection with fulfilling its responsibilities.

Charter Review

The Committee shall review and assess this Charter annually, and recommend any proposed changes to the Senior Officers for approval.

Interpretation

Any questions of interpretation regarding this Charter, or the Committee's responsibilities or procedures, shall be determined initially by the Chair and, to the extent necessary, ultimately by the Senior Officers.
