NOTE 1 – NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS

The Company was incorporated as Condo Management, Inc. in the State of Nevada on June 18, 1992. On July 3, 2007, the Company changed its domicile to the State of Delaware. In August 2007, the Company changed its name to JMI Telecom Corp.

On May 3, 2012, the Company changed its name to UA Multimedia, Inc. UA Multimedia, Inc. is a technology company that provides web and mobile app solutions using modern web technology and social media. The Company specializes in developing online information and directory portals for various vertical markets.

BASIS OF PRESENTATION

The summary of significant accounting policies presented below is designed to assist in understanding the Company's financial statements. Such financial statements and accompanying notes are the representations of the Company's management, who are responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America ("GAAP") in all material respects, and have been consistently applied in preparing the accompanying financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand and on deposit at banking institutions as well as all highly liquid short-term investments with original maturities of 90 days or less. As of June 30, 2014 and December 31, 2013, there were no cash equivalents.

INCOME TAXES

The financial statements do not show any income tax expense. There may be tax benefits from carry-forward of tax attributes but this is indeterminate at this time.

LOSS PER COMMON SHARE

Basic loss per common share excludes dilution and is computed by dividing net loss by the weighted average number of common shares outstanding during the period.

RECLASSIFICATIONS

Certain reclassifications for the purpose of comparability have been made to the financial statements.

NOTE 2 - GOING CONCERN

The Company is in the development stage and has limited revenues or profits as of June 30, 2014. As of June 30, 2014 and December 31, 2013, the Company has a total accumulated deficit of \$1,277,275 and \$1,310,249, respectively. The Company's continuation as a going concern is dependent on its ability to generate sufficient cash flows from operations to meet its obligations, which it has not been able to accomplish to date, and /or obtain additional financing from its stockholders and/or other third parties.

These financial statements have been prepared on a going concern basis, which implies the Company will continue to meet its obligations and continue its operations for the next fiscal year. The continuation of the Company as a going concern is dependent upon financial support from its stockholders, the ability of the Company to obtain necessary equity financing to continue operations, successfully locating and negotiate with a business entity for the combination of that target company with the Company.

There is no assurance that the Company will ever be profitable. The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Company be unable to continue as a going concern.

NOTE 3 – ACCOUNTS AND NOTE PAYABLE

In 2012, the note holder wrote off as bad debt the note payable of \$106,950 plus the related interest payable of \$30,000. Accounts payable at \$180,381 is over 2 years old, and is from former operations and may, in the opinion of management, have been written off by the related vendors. There are no current collection efforts in process.

NOTE 4 – STOCKHOLDERS' EQUITY

The Company is authorized to issue 1,000,000,000 shares of common stock and no preferred stock. As of June 30, 2014 there were 404,389,780 shares of common stock issued and outstanding.

NOTE 5 – STATEMENT OF CASH FLOWS

The statement of cash flows includes reconciling items that are not known to management. These items are not known as the prior company accounting records are lacking in information to determine the nature of these items.

The long term debt was forgiven and therefore no cash was used to pay off the debt of \$178,900 in 2012.
