## 6) Describe the Issuer's Business, Products and Services

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the following:

- A. a description of the issuer's business operations;

The issuer acquired the exclusive rights and technology to manufacture and distribute, worldwide, proprietary technology in converting the components of water (hydrogen/oxygen) to fuel. During the first Quarter of 2014, began moving this Atlanta based manufacturing and distribution center to Dallas where it was placed into and operates under the name Water To Fuel Technology Inc., a subsidiary of PBS Holding Inc.

The Issuer and its Direct Sales group, De Vie Sun, (translated as "Healthy Life"), is launching a functional beverage line. The company will use its Direct Sales web portal to market and advertise sales opportunities in the home based direct sales business. We are continuing to create home based business and network sales and

marketing programs for our products. Our products will be available for resale via our web portal. The societal trends are very positive toward developing growth for such products in the Direct Sales/Social Marketing space. Our energy drinks and nutritional products are designed specifically for our company, and are not available elsewhere. The research and development of the line of products was completed in 2013, and a roll out of products is beginning in 2014.

B. Date and State (or Jurisdiction) of Incorporation:

The Corporation was formed in the State of Nevada on November 15, 1996 under the name Anonymous Data, Inc.

C. the issuer's primary and secondary SIC Codes;

8999 (Services, misc.)

3999 (Manufacturing Industries)

D. the issuer's fiscal year end date;

December 31

E. principal products or services, and their markets;

As we see the growing concerns of rising fuel prices, it only made sense for us to offer an inexpensive and affordable way to help increase fuel mileage and efficiency with the installation of a Hydrogen Generator. By converting the components of water into its primary elements of Hydrogen and Oxygen (HHO) and introducing the hydrogen/oxygen gas it produces in conjunction with regular fuel, our Hydrogen Generators have shown to improve the fuel economy of engines from 15 - 45%+ as well as drastically reduce the emissions to exceptionally clean standards. Our Hydrogen Generators can be used on any piston-powered engine such as those in cars, trucks, diesel trucks, boats or stationary engines such as power generators and irrigation pumps. Our Hydrogen Generators will work on a wide range of fuel such as gasoline, diesel, bio-diesel, vegetable oil, ethanol, E85, E10, CNG and LPG. By converting your vehicle in to a Hydrogen Hybrid, this alternative renewable energy will not only improve fuel economy but it will also drastically reduce emission exhaust levels. Hydrogen Generators are an on demand supplemental fuel system.

In addition, the Issuer and its Direct Sales group, De Vie Sun, offer nutritional and wellness products, including high energy drinks and nutritional supplements nationwide.

## **7) Describe the Issuer's Facilities**

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

The Issuer leases offices at its address in Dallas, Texas.

## **8) Officers, Directors, and Control Persons**
