Suspensions by a securities regulator. State the names of the principal's parties, the nature and current status of the matter, and the amounts involved

In the first quarter of 2009 a dispute arose with Gary Harrison regarding his consulting responsibilities with the Company. In a settlement of the matter, the Company agreed to pay Mr. Harrison $67,857 together with interest that accrues at 8% per annum. The payment came due on January 25, 2010. The Company was unable to make the payment and the parties agreed upon a six month extension of the payment due date to July 25, 2010. The Company was unable to make payment on July 25, 2010. This amount has been accrued in the accompanying condensed consolidated balance sheet in settlement liabilities.

On September 28, 2010, Mr. Harrison filed a lawsuit against the Company in the Circuit Court of the Thirteenth Judicial Circuit in and for Hillsborough County Florida, Civil Division, Division J, Case Number 10019528. The suit seeks to collect $67,857 pursuant to the settlement agreement together with post default interest at the rate of 18% per annum. The suit was served upon the Company on November 11, 2010. The Company had until December 1, 2010, to answer the complaint. Due to a lack of funding, the Company was not able to retain legal counsel for the purpose of answering the complaint within the allotted time. On April 5, 2011, the court entered a default judgment against the Company in the amount of $88,949.80. To date, to the knowledge of the Company, no legal action has been taken to enforce the judgment. The company is attempting to settle this Legal matter with Mr. Harrison with stock issuance and remains confident it will do so. The company has not heard from Mr. Harrison on this matter in over two years and this matter remains open.

Effective January 1, 2010, the Company entered into an agreement with Brown and Goldfarb, LLC, wherein the Company was granted an exclusive license to sell a therapeutic device for thermally assisted urinary function. On April 28, 2010, the Company was sued by Brown and Goldfarb, LLC in the Circuit Court of the Thirteenth Judicial Circuit, in and for Hillsborough County, Florida, Division K, Case Number 10008285, for failure to pay cash advance fees of $40,000 and issue 250,000 shares of Company common stock required by the Agreement. The parties settled the lawsuit by the Company agreeing to pay $10,000 on September 30, 2010 and $15,000 on July 30, 2010.

The Company was unable to make the first payment and as a result, default judgment was entered against the Company in the amount of $50,000 on July 13, 2010. Brown and Goldfarb have agreed to not execute on their judgment if they receive payment of $25,000. So far the Company has only been able to pay $5,000. The Company settled this default judgment on June 30th 2011 by issuing 15,000,000 former TTIN shares whereby the judgment was lifted. **The company has accordingly removed this liability from its current balance sheet.**

On December 4, 2008, Margaret Wisniewski purchased from the Company a One-year Convertible Promissory Note in the amount of $50,000. Mrs. Wisniewski has now filed suit in the Circuit Court of the Thirteenth Judicial Circuit in and for Hillsborough County, State of Florida seeking a return of her investment. The Company did not have the funding necessary to defend the suit and the Company's default has been entered with the court but no default judgment has been entered. Opposing counsel has agreed to not enter default judgment at this time but rather

negotiate an agreement whereby the Company will pay the amounts owed. These amounts have been accrued in the accompanying condensed consolidated balance sheet in settlement liabilities. Management has reached out to opposing counsel for the purpose of settling this dispute through the issuance of stock and is optimistic in its settlement results. The company has not heard back from opposing counsel in over three years on this matter but is considered to be open.

On August 21, 2010, a convertible note issued by the Company came due in favor of Mr. Michael Buckley in the amount of $200,000. Interest was discounted at the inception of the note so the $200,000 is the full amount due. Mr. Buckley has opted to not convert the note and is demanding payment in cash from the Company. The Company is unable to make payment. Mr. Buckley has hired legal counsel who has contacted the Company. Mr. Buckley has a perfected security interest in all of the assets of the Company. The perfected security interest was put in place by making UCC-1 filings with the states of Florida and Delaware on October 27, 2010, and October 29, 2010, respectively and by filing an assignment of patents with respect to the two patents owned by Company, with the United States Patent and Trademark Office on November 4, 2010. If the Company is not successful in paying this obligation or otherwise working out a solution to the satisfaction of Mr. Buckley. In July, 2011, the Company received court documentation whereby Mr. Buckley is foreclosing on the patent rights belonging to the Company that are subject to Mr. Buckley's lien. An additional note in the amount of $100,000 payable to Michael Buckley has also recently come due so a combined amount of $300,000 is now owed to Mr. Buckley by the Company. Management is working diligently with Mr. Buckley and his attorneys to work out an amicable solution for this obligation. To company knowledge the court case has been dismissed due to inactivity from the opposing counsel and their client and there has been no form of communication on this matter in over two years.

In September the BOD declared a 2nd stock dividend at 10% to all existing class A common holders not to include management utilizing the newly created class C preferred stock.

Item 25: Subsequent Events:

After the quarter ended September 30th, 2014 and during the quarter ending Dec. 31st 2014 the company had an existing contractual deadline to meet by Oct. 15th to close the target pest control acquisition mentioned publicly in the second quarter. For various reasons the company was unable to meet this deadline in a timely manner. After unsuccessful attempts in gaining an extension from the selling party and having a non-refundable deposit in escrow and in jeopardy in the amount of $42,500 we sought legal advice. It was the belief of Enviro-Serv and our attorney's that the seller committed serious "GOOD FAITH" and contractual infractions whereby filing a lawsuit was seriously considered. After weeks of legal maneuvering and the hiring of a litigation attorney Enviro-Serv, Inc. decided to accept the seller's offer to return 50% or $21,250 of the $42,500 deposit. Ultimately we felt it was in the shareholders' best interest to not file this lawsuit and accept this deposit and move forward. Additionally on Oct. 8th, 2014 the 10% stock dividend declared in the previous quarter was distributed in full to all qualifying shareholders. On Nov. 4th Gary Cole our VP of Pest Control and licensed operator for X-Terminate Inc. resigned for personal reasons. Management is actively seeking his replacement and feels strongly this

will occur by the end of the year. On Nov. 5th management was notified by MaCallan Partners investment group the lender of our aforementioned bridge loans that Enviro-Serv, Inc. was in default for repayment of $57,000 in loans. On November 6th they foreclosed on the collateralized stock holdings given by CEO Trina for security purposed and on Nov. 14th were issued from our transfer agent 120,000,000 of free-trading shares of EVSV common stock. The total amount due to Macallan partners to settle this debt fully is 225,000,000 shares. In October management signed a LOI to acquire a South West Florida based fully licensed pest control operation. Due diligence formally commenced on both the targeted AC and pest control company Nov. 13th and management is confident that both companies will have definitive agreements in place with Enviro-Serv, Inc. by the beginning of the new year once all due diligence is finalized. On November 13th the SEC received our revised and amended REG-A filing with responses from Sept. 3rd SEC comments. It is the belief of our attorney's and management a high likelihood (although we can make no assurances) that our newly amended REG-A offering should be SEC qualified by the end of 2014 making possible the commencement of funding at the beginning of 2015.
