Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders
VGambling Inc. (formerly DK Sinopharma, Inc.)

We have audited the accompanying consolidated balance sheets of VGambling Inc. (formerly DK Sinopharma, Inc.) (A Development Stage "Company") as of June 30, 2014 and 2013 and the related consolidated statements of operations, changes in shareholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of VGambling Inc. (formerly DK Sinopharma, Inc.) as of June 30, 2014 and 2013, and the result of its operations and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

The consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the consolidated financial statements, the Company's losses from operations raise substantial doubt about its ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

1. Nature of Operations and Continuance of Business

VGambling Inc. (formerly DK Sinopharma, Inc.) (the "Company") was incorporated in the state of Nevada on July 22, 2008. On May 20, 2013, the Company entered into a Share Exchange Agreement with H&H Arizona Corporation, an Antigua and Barbuda corporation which is in the business of internet gambling.

On May 10, 2010, the Company completed its merger with Dongke Pharmaceuticals Inc., a Delaware company, in accordance with the Share Exchange Agreement. Pursuant to the Share Exchange Agreement, the Company acquired all of the outstanding capital stock and ownership interests of Dongke from the Dongke shareholders. In exchange for their interests, the Company issued to Donke shareholders an aggregate of 1,941,818 shares of the Company's common stock. The reverse merger was cancelled on April 30, 2013, and 26,700,000 shares were returned to treasure.

On May 20, 2013, the Company entered into a Share Exchange Agreement with H&H Arizona Corporation. Under the terms of the agreement, the Company acquired all of the outstanding capital stock and ownership interests of H&H Arizona Corporation from the H&H Arizona shareholders. In exchange for the interest, the Company issued to the H&H Arizona shareholders 50,000,000 shares of the Company's common stock. As a result of the consummation of the Exchange Agreement, H&H Arizona became the Company's wholly-owned subsidiary and the Company's operating entity.

H&H Arizona Corporation is treated as the "accounting acquirer" in the accompanying financial statements. In the transaction, the Company issued 50,000,000 common shares to the shareholders of H&H Arizona Corporation; such shares represented, immediately following the transaction, 79% of the outstanding shares of the Company. The transaction was accounted for as a "reverse merger" and a reverse recapitalization and the issuances of common stock were recorded as a reclassification between paid-in-capital and par value of Common Stock.

2. Summary of Significant Accounting Policies

a) Basis of Presentation

The financial statements present the balance sheet, statements of operations, stockholders' equity (deficit) and cash flows of the Company. These financial statements are presented in United States dollars and have been prepared in accordance with accounting principles generally accepted in the United States.

The Company's consolidated financial statements are prepared using the accrual method of accounting. These consolidated statements include the accounts of the Company and its subsidiary H&H Arizona Corporation. All significant intercompany transactions and balances have been eliminated. The Company has elected a June 30 year-end.

b) Use of Estimates and Assumptions

Preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

c) Cash and Cash Equivalents

The Company considers all highly liquid instruments with a maturity of three months or less at the time of issuance to be cash equivalents.

d) Income Taxes

The Company accounts for income taxes under ASC 740 "Income Taxes," which codified SFAS 109, "Accounting for Income Taxes" and FIN 48 "Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement No. 109." Under the asset and liability method of ASC 740, deferred tax assets

and liabilities are recognized for the future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under ASC 740, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period the enactment occurs. A valuation allowance is provided for certain deferred tax assets if it is more likely than not that the Company will not realize tax assets through future operations.

e) Net Loss per Share

Net income (loss) per common share is computed pursuant to ASC Topic 260 "Earnings per Share." ASC 260 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the income statement.

Basic loss per share includes no dilution and is computed by dividing loss available to common stockholders by the weighted average number of common shares outstanding for the period. Dilutive loss per share reflects the potential dilution of securities that could share in the losses of the Company. Because the Company does not have any potentially dilutive securities, the accompanying presentation is only of basic loss per share.

f) Foreign Currency Translation

The Company's functional and reporting currency is the US dollar. Foreign exchange items are translated to US dollars in accordance with ASC 830, "Foreign Currency Translation Matters", using the exchange rate prevailing at the balance sheet date. Monetary assets and liabilities are translated using the exchange rate at the balance sheet date. Non-monetary assets and liabilities are translated at historical rates. Revenues and expenses are translated at average rates for the period. Gains and losses arising on translation or settlement of foreign currency denominated transactions or balances are included in the determination of income.

g) Share Based Expenses

The Company records stock-based compensation in accordance with ASC 718, Compensation – Stock Based Compensation, and ASC 505-50, Equity Based Payments to Non-Employees, using the fair value method. All transactions in which goods or services are the consideration received for the issuance of equity instruments are accounted for based on the fair value of the consideration received or the fair value of the equity instrument issued, whichever is more reliably measurable. Equity instruments issued to employees and the cost of the services received as consideration are measured and recognized based on the fair value of the equity instruments issued.

i) Recent Accounting Pronouncements

The Company has limited operations and is considered to be in the development stage. During the year ended June 30, 2013, the Company has elected to early adopt Accounting Standards Update No. 2014-10, *Development Stage Entities (Topic 915): Elimination of Certain Financial Reporting Requirements*. The adoption of this Update allows the Company to remove the inception-to-date information and all references to development stage.

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

3. Going Concern

These financial statements have been prepared on a going concern basis, which implies the Company will continue to realize it assets and discharge its liabilities in the normal course of business. During the period ended June 30, 2014, the Company has an accumulated deficit of $296,423. The Company is licensed to conduct online gambling. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and the attainment of profitable operations. These factors raise substantial doubt regarding the Company's ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be

necessary should the Company be unable to continue as a going concern.

4. Acquisition of H&H Arizona Corporation and Recapitalization

On May 20, 2013, the Company entered into a Share Exchange Agreement with H&H Arizona Corporation.
