## NOTES TO UNAUDITED FINANCIAL STATEMENTS

October 31, 2014

### 1. NATURE OF BUSINESS AND BASIS OF PRESENTATION

#### a) Nature of Business

Blackbird International Corporation (The "Company") was incorporated under the laws of the state of Nevada on October 9, 2006 under the name of Ark Development Inc. The Company changed its name from Ark Development Inc. to Blackbird International Corporation on November 28, 2008. The Company has chosen an October 31 fiscal year end.

The Company provides renewable energy solutions with its unique sea wave energy system. The Company's services include development of the hydro-pneumatic sea wave energy system, adapting it to suit any terrain, erection of sea wave power plants around the world and operation and/or training local staff to operate said power plants. This includes attaining patents for the Company's unique technology. The original patents and technology were developed by SDE Energy and Desalination Ltd. The company has acquired all of the rights to these patents and technologies.

#### b) Basis of Presentation

These financial statements and related notes are presented in accordance with accounting principles generally accepted in the United States, and are expressed in US dollars.

### 2. NATURE OF SIGNIFICANT ACCOUNTING POLICIES

#### a) Cash and cash equivalents

The Company considers all highly liquid investments with a maturity of three months or less at the time of acquisition to be cash equivalents.

#### b) Accounts Receivable

The Company evaluates its receivables for aging and the determination of potential losses on receivable. Based upon the evaluation, the Company does not deem an allowance for losses on receivables is necessary. Therefore the provision for doubtful accounts and notes was approximately \$-0- as of October 31, 2014.

#### c) Intangible Assets

Intangible assets represent the cost of patents and intellectual property. The Company adheres to the ASC 350, Intangibles - Goodwill and Other. Accordingly, intangible assets with finite lives are amortized over their estimated useful lives.

The Company recognizes impairment losses on intangible assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amounts. The impairment loss is measured by comparing the fair value of the asset to its carrying amount. Fair value is estimated based on discounted future cash flows.

#### d) Foreign Currency Translation

The functional currency of the Company is the U.S. dollar. The dollar is the currency that represents the economic environment in which the Company operates and intends to operate. The Company's transactions and balances denominated in dollars are presented at their original amounts. Non-dollar transactions and balances have been re-measured to dollars. All transaction gains and losses from re-measurement of monetary assets and liabilities denominated in non-dollar currencies are reflected in the statements of operations.

#### e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The most significant estimates relate to the valuation of the investment portfolio and the recognition of revenue in connection with the receipt of unregistered securities pursuant to technology acquisition alliance agreements and technology transfers. Actual results could differ from those estimates.

#### f) Stock-Based Compensation

As of October 31, 2014, the Company did not have any stock-based compensation.

## BLACKBIRD INTERNATIONAL CORPORATION

### NOTES TO UNAUDITED FINANCIAL STATEMENTS

October 31, 2014

#### g) Fair Value of Financial instruments

The Company follows ASC 820, "Fair Value Measurements" which defines fair value, establishes a framework for measuring fair value and requires additional disclosures about fair value measurements. The carrying amounts of accounts payable approximate fair value based on their short-term maturity.

#### h) Income Taxes

The Company adopted the provisions of Financial Accounting Standards Board Interpretation No. 48 ("FIN 48"), Accounting for Uncertainty in Income Taxes, which clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. FIN 48 provides guidance on the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosures, and transition. As of October 31, 2014, the Company had no unrecognized tax benefits and did not record any cumulative effect adjustment to net assets as a result of adopting FIN 48.

#### i) Revenue Recognition

The Company recognizes revenue when delivery of goods or completion of services has occurred provided there is persuasive evidence of an agreement, acceptance has been approved by its customers, the fee is fixed or determinable based on the completion of stated terms and conditions, and collection of any related receivable is probable.

#### j) Earnings per Share (EPS)

Basic earnings per share is computed on the basis of the weighted average number of shares of common stock outstanding during the year. Diluted earnings per share is computed on the basis of the weighted average number of shares of common stock plus the effect of dilutive potential common shares outstanding during the period using the treasury stock method. The Company has no dilutive potential common shares.

#### k) Financial Instruments and Concentrations of Credit Risk

The Company's financial instruments consist of accounts receivable and accounts payable. The fair value of accounts receivable and accounts payable approximate their carrying amounts in the financial statements due to the short maturity of such instruments.

## 2. Intangible Assets

The Company's intangible assets are defined as non-monetary long-term assets which have no physical substance and are held for the production of goods and provision of services, lease, operation or management. They are mainly patents. Intangible assets are stated at actual cost of acquisition, and are amortized over their estimated useful life of 25 years.

Amortization of the intangible assets for the period ended October 31, 2014 was \$65,096

## 3. Accounts payable

Accounts payable is comprised of trade payables and \$8,824,774 payable to TVG Technologies Ltd. for the purchase of intangible assets.

There is in the records of the company a Promissory Note dated August 31, 2011 by which the Company was indebted in the amount of \$15,000. During the course of the fiscal year, part of the Note was cancelled by means of a conversion to common shares of which all had undergone a reversal of 20:1. There remains the amount \$12,800 currently outstanding.

## 4. Capital Issued and Shareholders Equity

#### Authorized capital of shares consists of the following:

900,000,000 common shares at par value of \$0.001

400,000 preferred shares at a par value of \$0.001

#### Issued capital of shares consists of the following:

34,500,000 common shares

400,000 preferred shares
