ITEM IX. Nature of Products or Services Offered

The Company's Operations

Describe the Issuer's Business, Products and Services:

Union Dental Holdings, Inc. is a Florida corporation. The Company operates a dental office and provide a network of dental providers who provide services to union members through our two wholly owned subsidiaries, Union Dental Corp. ("UDC") and Direct Dental Services, Inc. ("DDS").

DDS operates a dental practice in Coral Springs, Florida. UDC operates a network of duly licensed dental providers (the "Dental Referral") who provide dental services through the network to union members in accordance with arrangements between UDC and various unions.

Union Dental Holdings Inc. owns with Drinkable Air, Inc the Canadian Patent for the Green Ozonator and will market this product to dentists. . The Green Ozonator is also Patent pending in the USA and all of the European Union (EU) countries. The Patent has also been filed with the Patent Cooperation Treaty which protects the product technology in approximately 10 additional countries.

UNION DENTAL CORP.:

Union Dental Corp. ("UDC") operates a network of duly licensed dental providers (the "Dental Referral") who provide dental services through the network to union members in accordance with arrangements between UDC and various labor unions. UDC charges a annual management services fee to the participating dentists to practice in an "area of exclusivity" for union members.

Marketing and Sales:

The union itself is a viable component of our marketing strategy. We anticipate that the respective unions will be extremely helpful with promoting the dental benefits provided to their members. While we currently pay all costs associated with the printing, distribution and mailing of the brochures, the individual unions are responsible for mailing all pamphlets and other literature designed and produced by us.

Web Site Development:

We developed a website for use in the expansion of our Dental Network. Our website is used as an informative site, and dental directory, for union patients who are in need of the services offered by the dentists in the network and to locate a network dentist. The website provides patients with information about each member of the Dental Network to better inform the patient of the doctor's professional credentials. The web site is also used to establish a direct link between the patient and the doctor. We believe thisapproach enhances the dentist-patient relationship, improve patient loyalty, and increase utilization of dental services. We have two websites located at www.uniondental.com and www.uniondentalcorp.com respectively.

The UDC Network:

The UDC Dental Network currently consists of approximately 200 licensed dentists located in 15 states. The territory served by the Dental Network is divided into geographic areas using a

predetermined formula that allocated approximately one general dentist to approximately 1,100 to 1,200 insured union employees which includes their immediate family members. Exclusive areas for specialists are allocated approximately 6,000-8,000 insured union employees, which includes their immediate family members, per specialist. Each member of the Dental Network enters into an annual network provider agreement with DDS for his or her respective Exclusive Area. Consideration paid by the Dental Network member is determined based upon the size of the Exclusive Area and the number of specialties covered under the respective member's contract.

DIRECT DENTAL SERVICES, INC.:

Direct Dental Services, Inc. ("DDS") is a Florida corporation that has acquired the assets (minus the client list) of Dr. George D. Green, P.A. effective October 15, 2004. Subsequent thereto, on May 17, 2005, DDS acquired certain assets and assumed certain liabilities of DORA VILK-SHAPIRO, D.M.D., P.A. d/b/a Dental Visions, a Florida corporation ("Dental Vision").

Dental Practice:

DDS manages a dental practice in Coral Springs, Florida.

The office is run by Dr. George D. Green, a licensed dentist and our chief executive officer. DDS provides a wide range of general and specialized dental services including orthodontists, Periodontists and other dental specialists

Operations and equipment:

The Company maintains 22 work stations each with state of the art equipment to provide patients with a full range of dental needs. The company owns three Digital X-Ray machines with platinum sensors, Gendex Panoram, cephologram and 3-D imaging equipment. 5 work stations currently use the Green Ozonator to purify the water used in procedures

Business environment:

We compete with a number of businesses that provide the same or similar services. Many of these competitors have a longer operating history, greater financial resources, and provide other services to insurance companies that we do not provide. Principal competitors include national firms, as well as many regional firms. We believe that quality of service, high caliber dental services, proper pricing and range of services offered are the principal factors that will enable us to compete effectively.

Government Regulation:

As a participant in the health care industry, our operations are subject to extensive and increasing regulation by a number of governmental entities at the federal, state and local levels. We also are subject to laws and regulations relating to business corporations in general. The Company believes its operations are in material compliance with applicable laws and will be able to maintain compliant in an ever increasing regulatory environment.

Costs and effects of compliance with environmental laws:

Some of the services provided by the Company will produce byproducts or waste, the disposal of which is regulated by Federal or State guidelines. The Company is aware of the requirements of these regulating agencies and has taken steps to ensure compliance with the legal requirements.

Patents:

The Company's chief executive officer, on behalf of Union Dental Holdings and Drinkable-Air Inc. has been issued a patent in Canada for a water disinfection system. The Company's patent application is currently pending in the United States and European Union. The water disinfection system is designed for use in use in dental operatory settings. The dental water disinfector is configured to purify water used during a dental procedure. The dental water disinfector is utilized to eliminate bacterial contaminants present in water supplies utilized by dental drills and irrigation equipment.

DRINKABLE AIR:

DISTRIBUTION AGREEMENT:

The Company has signed an exclusive Distribution Agreement with Drinkable Air, Inc. to distribute Drinkable Air's atmospheric water generators to dental offices and the dental market throughout the United States. The machines generate pure drinking water from atmospheric humidity. The Company receives a commission on the sale of each atmospheric water generator.

EQUITY OWNERSHIP:

Union Dental Holdings owns 1.1 million shares of the issued and outstanding stock of Drinkable Air, Inc. This was accomplished through a conversion of debt to equity agreed to by both parties.

LETTER OF INTENT:

On December 18, 2014, Union Dental Holdings released a PR that it had executed a Letter of Intent to acquire the assets of Drinkable Air, Inc. Union Dental Holdings signed an agreement with Sunrise Capital to arrange the necessary financing through conventional lenders (No Toxic Convertible loans can be used per the agreement). The process is still ongoing.
