NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Organization

Paw4mance Pet Products International, Inc. (the "Company ") was incorporated in the State of Nevada as MYG Corp. on July 06, 2000 to seek out and develop unique Business opportunities. On March 19, 2000, the company authorized, through a Board of Directors Resolution, a name change to Bisassist, Inc., and operated a business consulting firm. On October 11, 2004, the company changed its' name to Cody Ventures Corporation and was active in printing and publishing a local weekly publication called Tidbits, which had been published and distributed for over 130 consecutive weeks.

On November 16, 2004 Cody Ventures Corporation acquired Cody Ventures, Inc. as a wholly owned subsidiary to develop Tidbits publications in the State of Texas. On March 20, 2004, Cody Ventures Corporation acquired Dakota Imaging, Inc. as a wholly owned subsidiary to develop Tidbits publications in the states of North and South Dakota. In November, 2006, the wholly-owned subsidiaries, Cody Ventures Inc., and Dakota Imaging Inc., were divested and spun off in a stock exchange agreement. On November, 2006, Cody Ventures Corp. acquired all of the stock in Ten State Street, Inc., as a wholly owned subsidiary. Ten State Street, Inc. was engaged in the development of two dating websites and a social net working site. Ten States acquired internet domains, dating and social networking sites, virtual servers, database management codes, loyalty-tracking codes and graphic design interfaces. In January 2008, the Company effected a reverse stock split on its issued and outstanding shares of 2000:1, in pursuant of business acquisitions that the Company was pursuing at the time. The Company has two wholly-owned subsidiaries; Paw4mance Pet Products, Toronto, Ontario, Canada (2011), and Ten State Street, Inc., Newport Beach, CA (2006) which has been wound down as a result of the acquisition of Paw4mance Pet Products, Toronto, Ontario. It is the intention of the Company to increase its marketing and product awareness on an international scale for its "All Natural Treats" and other pet food lines of products.

On August 12, 2014, the Company ceased all operations of its subsidiary, Paw4mance Pet Products, and disposed of all the subsidiary's assets.

On November 11, 2014, the Company acquired 100% of the issued and outstanding shares of Fearless Film Ltd. ("Fearless") whereby Fearless became a wholly owned subsidiary of the Company.

b. Accounting Method

The financial statements are prepared using the accrual method of accounting. The Company has elected a calendar year end.

Fearless Films, Inc.

(formerly Paw4mance Pet Products International, Inc.)

Notes to Consolidated Statements

December 31, 2014

c. Consolidation

The accompanying consolidated financial statements include the Company and its wholly owned subsidiary Paw4mance Pet Products (Toronto) as of and for the period ended December 31, 2014.

d. Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

e. Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of six months or less when purchased to be cash equivalents.

f. Financial Instruments

The carrying values of cash, accounts receivable, accounts payable, promissory notes payable and due to related parties approximate fair value because of the short-term nature of these instruments. Management is of the opinion that the Company is not exposed to significant interest, currency or credit risks arising from these financial instruments.

g. Inventory

Inventory, which consists of finished goods, is valued at the lower of cost and net realizable value using the first in first out (FIFO) method.

h. Intangible Assets and Amortization

The Company has adopted ASC 350 "Goodwill and Other Intangible Assets", which requires that intangible assets be tested annually for impairment. Intangible assets with a finite life will be amortized over the estimated useful life of the asset. The Company's operational policy for the assessment and measurement of any impairment in the intangible assets is to evaluate annually, the recoverability and remaining life of its intangible assets to determine the fair value of these assets.

i. Revenue Recognition

The Company receives revenues from the sale of Pet Products. The Company recognizes revenues when persuasive evidence of an arrangement exists, the product is delivered and collection is reasonably assured.

Fearless Films, Inc.

(formerly Paw4mance Pet Products International, Inc.)

Notes to Consolidated Statements

December 31, 2014

j. Income Taxes

The Company accounts for income tax using the asset and liability method in accordance with ASC 740, "Income Taxes". The asset and liability method provides that deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities and for operating loss and tax credit carry forwards. Deferred tax assets and liabilities are measured using the currently enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company records a valuation allowance to reduce deferred tax assets to the amount that is believed more likely than not to be realized.

k. Basic and Diluted Loss per Share

Basic loss per common share is computed by dividing net loss available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted loss per common share is computed in the same way as basic loss per common share except that the denominator is increased to include the number of additional common shares that would be outstanding if all potential common shares had been issued and if the additional common shares were dilutive.

(l) Financial Instruments

Pursuant to ASC 820, *Fair Value Measurements and Disclosures* and ASC 825, *Financial Instruments*, an entity is required to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value using a hierarchy based on the level of independent, objective evidence when measuring fair value using a hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization with the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The hierarchy prioritized the inputs into three levels that may be used to measure fair value:

- Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities
- Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active
- Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company's financial instruments consist principally of cash, accounts payable, and amounts due to related parties. The fair value of the Company's cash equivalents, when applicable, is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets. As at December 31, 2014, the Company estimates that the carrying values of all of its financial instruments

Fearless Films, Inc.

(formerly Paw4mance Pet Products International, Inc.)

Notes to Consolidated Statements

December 31, 2014

approximate their fair values due to the nature or duration of these instruments. The Company's accounting policy for equity instruments issued to consultants and vendors in exchange for goods and services follows the provisions of ASC 505, Equity Based Payments to Non employees. The measurement date for the fair value of the equity instruments issued is determined at the earlier of (i) the date at which a commitment for performance by the consultant or vendor is reached or (ii) the date at which the consultant or vendor's performance is complete.

m. Recently Issued Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update (ASU) No. 2010-06, Improving Disclosures about Fair Value Measurements, which amends the ASC Topic 820, Fair Value Measurements and Disclosures. ASU No. 2010-06 amends the ASC to require disclosure of transfers into and out of Level 1 and Level 2 fair value measurements, and also requires more detailed disclosure about the activity within Level 3 fair value measurements. The new disclosures and clarifications of existing disclosures are effective for interim and annual reporting periods beginning after March 15, 2009, except for the disclosures concerning purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after March 15, 2010, and for interim periods within those fiscal years. The adoption of this amendment is not expected to have a material effect of the Company's consolidated financial statements.

NOTE 2 - GOING CONCERN

The Company's consolidated financial statements are prepared using generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has sustained recurring losses, has accumulated deficit and a deficit in working capital. This raises substantial doubt about the Company's to continue as a going concern. Management intends to increase its production and distribution and obtain debt and equity financing. There is no assurance the Company will be successful in these efforts.

NOTE 3 - ACQUISITION OF SUBSIDIARY

On November 11, 2014, the Company acquired 100% of the issued and outstanding shares of Fearless Film Ltd. ("Fearless") whereby Fearless became a wholly owned subsidiary of the Company.

NOTE 4 - INCOME TAXES

The Company has losses for tax purposes totaling \$1,270,460 which may be applied against future taxable income. These losses begin to expire in 2031. The potential tax benefit arising from these losses has not been recorded in the consolidated financial statements. The Company evaluates its valuation allowance requirements on an annual basis based on projected future operations. When circumstances change and this causes a change in management's judgment about the realizability of deferred tax assets, the impact of the change on the valuation allowance is reflected in current operations.

Fearless Films, Inc.

(formerly Paw4mance Pet Products International, Inc.)

Notes to Consolidated Statements

December 31, 2014

NOTE 5 - ISSUANCES OF SHARE CAPITAL

As of December 31, 2014 the Company has 155,201 common shares outstanding.

On August 11, 2014, the Company issued 1,000,000 Series A preferred shares relating to an acquisition of Fearless Films, Inc.

NOTE 6 - CONTINGENCIES AND COMMITMENTS**(a) Litigation**

From time to time, the Company may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm the Company. The Company is currently not aware of any such legal proceedings or claims that the Company believes will have, individually or in the aggregate, a material adverse affect on its business, financial condition or operating results.

(b) Indemnities and Guarantees

During the normal course of business, the Company has made certain indemnities and guarantees under which it may be required to make payments in relation to certain transactions. The Company indemnifies its directors, officers, employees and agents to the maximum extent permitted under the laws of the State of Nevada. These indemnities include certain agreements with the Company's officers under which the Company may be required to indemnify such person for liabilities arising out of their employment relationship. The duration of these indemnities and guarantees varies and, in certain cases, is indefinite. The majority of these indemnities and guarantees do not provide for any limitation of the maximum potential future payments the Company could be obligated to make. Historically, the Company has not been obligated to make significant payments for these obligations and no liabilities have been recorded for these indemnities and guarantees in the accompanying balance sheets.

NOTE 7 - SUBSEQUENT EVENTS

There are no subsequent events.
