W TECHNOLOGIES, INC.

July 31, 2015

Information required for compliance with the provisions of the OTC Markets, Inc., Guidelines for Providing Adequate Current Information (v.1.1 4-25-2013)

Because we want to provide more meaningful and useful information, this Current Report may contain certain "forward-looking statements" (as such term is defined in Section 21E of the Securities Exchange Act of 1934, as amended). These statements reflect our current expectations regarding our possible future results of operations, performance, and achievements. These forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, regulation of the Securities and Exchange Commission, and common law.

Wherever possible, we have tried to identify these forward-looking statements by using words such as "anticipate," "believe," "estimate," "expect," "plan," "intend," and similar expressions. These statements reflect our current beliefs and are based on information currently available to us. Accordingly, these statements are subject to certain risks, uncertainties, and contingencies, which could cause our actual results, performance, or achievements to differ materially from those expressed in, or implied by, such statements. We have no obligation to update or revise any such forward-looking statements that may be made to reflect events or circumstances after the date of this Disclosure Statement.

Item 1. Material Definitive Agreement

On July 21, 2015, the Company entered into a License Agreement with Mr. Serge Mersilian whereby the Company was granted an exclusive, non-transferable, non-assignable license to use, develop, enhance, exploit and commercialize the technology relating to a unique method of the extraction of ethanol bio-fuel specific to sorghum grass. The License Agreement has a term of twenty-five years and also includes a right of first refusal for the Company to purchase the technology during the first ten years of the term of the agreement. The technology, which has been in development over the past few years, has not yet been patented and Mr. Mersilian and the Company have not yet determined whether the technology would be eligible for a process patent. The technology is currently being utilized at a project in Madagascar.

Item 2. Change of Control

Coincident with the License Agreement, there was a change of control of the Company whereby Ronald Costa, President and Chairman of the Board of the Company sold 25,000,000 shares of Series E Convertible Preferred Stock of the Company to the C.H. Mornas Foundation. The Certificate of Designations for the Series E Convertible Preferred Stock provides for super-voting control of the Company's voting shares of common and preferred stock.

Item 3. Change of Officers and Directors

Prior to the execution of the License Agreement, there was a change of officers and directors of the Company. Gary Koelsch resigned as President, Chief Financial Officers and a director. Ross Ricks resigned as Secretary and a director. Sean Stanowski resigned as a director. The remaining director, Ronald Costa, was elected as President, Secretary and Chief Financial Officer of the Company and Serge Mersilian was elected as a director of the Company.
