NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2015

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

(1) Description of Business

Loans4Less.Com, Inc. "the Company" was incorporated in Delaware on June 30, 1999 and was operationally inactive prior to its consolidation with Union Discount Mortgage, Inc. on January 1, 2005.

On January 1, 2005, the Company exchanged 25,000,000 shares of its common stock and 21,500,000 shares of Series A preferred stock for all of the shares (100) of Union Discount Mortgage, Inc. After the exchange Union Discount Mortgage, Inc. became a wholly owned subsidiary of the Company.

Prior period financial statements have been retroactively restated and renamed to show the capitalization of Loans4Less.com, Inc. while at the same time maintaining the historical financial data of the acquired company Union Discount Mortgage, Inc.

(2) Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt investments purchased with a maturity of three months or loss to be cash equivalents.

(3) Marketable Securities

The Company may invest in various equity or debt instruments. The Company accounts for such investments in accordance with Statements of Financial Accounting Standards No. 115 and 130 "Accounting for Certain Investments in Debt and Equity Securities" and "Reporting Comprehensive Income," respectively.

Management determines the appropriate classification of its investments at the time of acquisition and reevaluates such determination at each balance sheet date. Trading securities are carried at fair value, with unrealized trading gains and losses included current period income. Available-for-sales securities are carried at fair value with unrealized gains and losses included in other comprehensive income. Realized gains and losses are included in current period income for both types of securities. Investments classified as held-to-maturity are carried at amortized cost. In determining realized gains and losses, the cost of the securities sold is based on the first in, first out method.

Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the balance sheet and the statement of income and stockholder's earnings.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

(4) Property and Equipment

Property and equipment are stated at cost. Additions, renewals, and betterments are capitalized, while expenditures for maintenance and repairs are charged to expense. The cost and related accumulated depreciation accounts are removed when items are sold, and the resulting gain or loss is reflected in income.

It is the policy of the Company to provide depreciation based on the estimated useful life of the individual units of property and equipment. The depreciation methods and the estimated useful lives used as the basis for the application of those methods are as follows:

Description	Method	Estimated Useful Life
Improvements	Straight-line	3 years
Computers	Straight-line	5 years
Furniture & equipment	Straight-line	5 years

(5) Revenue Recognition

The Company recognizes approximate loan origination (85%) and real estate commissions (10%) according to industry standards, as income when the loan transaction is completed and the related documents are recorded by the appropriate statutory agency.

(6) Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues of expenses during the reporting period. Actual results could differ from those estimates.

(7) Income Taxes

The Company utilizes SFAS No.109, Accounting for Income Taxes, which requires an asset and liability approach to financial accounting and reporting for income taxes. The difference between the financial statements and tax basis assets and liabilities is determined annually. Deferred income tax assets and liabilities are computed for those differences that have future tax consequences using the currently enacted tax laws and rates that apply to the periods in which they are expected to affect taxable income. Valuation allowances are established, if necessary, to reduce the deferred tax asset to the amount that will more likely than not be realized. Income tax expense is the current tax payable or refundable for the period plus or minus the net change in the deferred tax assets or liabilities.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

(8) Consolidation

Union Discount Mortgage, Inc. is a wholly owned subsidiary of the Company. Accordingly, the financial statements are presented as a consolidation. Because the Company does not have material transactions of its own and all business is conducted through Union Discount Mortgage, Inc., management declined to show the two entities separately. There were no eliminating entries.

(9) Earnings per Common Share

Earnings per share are computed using the weighted average number of shares outstanding during the year.

B. (1) REVOLVING CREDIT ACCOUNTS

The Company has credit card account balances of $57,668 outstanding accruing various annual interest costs if not paid in full at month's end.

(2) CONVERTIBLE NOTES PAYABLE

In December 2014 the Company issued $125,000 in Senior Convertible Notes with a 10% coupon. Accrued interest is expensed in the financial statements. These notes are payable on December 31, 2016 and were issued the following individuals:

Richard Hershman	$75,000
Keith Wales	$25,000
Andrea Dobrick	$25,000

C. PROFIT SHARING PLAN

The Company does not anticipate any contributions in 2015

D. OPERATING RENT AGREEMENTS

The Company and Union Discount Mortgage, Inc. utilize the same office space located at 210 Avenue I, Suite F, Redondo Beach, California 90277 pursuant to a month-to-month rental agreement with payments of $1792 for 996 square feet of office space.
