NanoTech Provides August 21, 2015 Shareholder Meeting Recap

SAN JOSE, CA – September 21, 2015 – <u>NanoTech Entertainment</u> (OTCPINK: NTEK), As promised, below is a recap of NanoTech Entertainment's Annual Shareholder meeting held August 21, 2015:

Our Chairman initiated the Shareholder Meeting by calling the meeting to order.

Our CEO gave a brief overview of progress over the last year.

- Migrated from NP-1 Hardware to UltraFlix software.
- Signed licensing deals with all 4K TV mfgs. to feature UltraFlix on 4K smart TVs.
- Acquired Uplink.to and Mark Morris to launch Mobile and IOS Platforms.
- Licensed over 400 hours of Content.
- Starting Audit of NanoTech Gaming in September and taking each audit one division at a time.

Our COO of NanoTech and CEO of NanoTech Gaming reviewed detail on specific developments that improve our products.

- Reviewed divestiture of Clear Memories and Magic Screen 3D
- Communicated acquisition of Uplink from Mark Morris and talked about many apps to come soon from that division.
- UltraFlix is the only sub 10 bit provider which makes us more accessible to more households.
- NanoTech is the leader in the development and delivery of High Dynamic Range ("HDR") technology. We are already in the next phase.
- In general, our content is the best quality in the market. Exemplified by our latest deals for GI JOE and other transactions.

Our SVP Development reviewed progress and efficiencies achieved in the "upgrade" process to 4K:

- We have developed a "quicker pipeline" between west coast and east coast offices to pass large amounts of data.
- Internally, we have upgraded all work stations to perform a more efficient process.
- We have added personnel in the Boston office to handle error correction and other professional upgrades to content.
- The Boston office is handling lower tech Encoding thus allowing developers on the west coast more time to perform high tech Transcoding assignments.

Best Regards,

Peter Riordan Chief Executive Officer NanoTech Entertainment, Inc.

About UltraFlix

Offering the world's largest library of 4K Ultra HD content, UltraFlix is a streaming network that enables subscribers to choose from a library of pristine 4K Ultra HD VOD content in a broad range of categories plus hours of free content. UltraFlix has also become the preferred 4K STB and Smart TV App for leading 4K Smart TV manufacturers including HiSense, Samsung, Sony, Vizio and others that are in the process of completing their testing and integration. For more information visit www.UltraFlix.com.

About NanoTech Entertainment

Headquartered in San Jose, CA, the heart of Silicon Valley, NanoTech Entertainment is a technology company that focuses on all aspects of the entertainment industry. With seven technology business units, focusing on 3D, Content, Media & IPTV, Mobile Apps, and Manufacturing, the company has a unique business model. The company has a diverse portfolio of products and technology. NanoTech Media develops proprietary technology, which it licenses to publishers for use in their products, as well as creating and publishing unique content. NanoTech Media Technology includes the world's first 4K Ultra HD streaming solution. NanoTech Communications develops and sells proprietary apps and technology in the Mobile and Consumer space. Clear Memories is the global leader in 3D ice carving and manufacturing technology. 4K Studios creates digital 4K Ultra HD content using both licensed materials as well as original productions. Ultra Media Group focuses on the acquisition and licensing of content. UMG also develops and creates original programming and live events for use on NanoTech networks.
