A. A description of the issuer's business operations:

The Company Dig-It Underground, Inc. (NV), was originally incorporated March 5, 2001 as a Nevada corporation that operated as an underground cable contractor, On September 1, 2012 the company entered into a share exchange agreement with Haydin Group Enterprises whereby the company acquired all of the outstanding business assets of Haydin Group Enterprises.
The current business of the Issuer is that of an Upscale Beauty Salon, located in Cedar Hill, Texas.
Management has developed a business plan, which includes growth through the acquisition of privately owned salons and spas in the Dallas/Fort Worth, TX. Metroplex area.
Management believes that they will be able to obtain the capital necessary to acquire multiple privately owned salons and spas in the Dallas/Fort Worth, TX. Metroplex area, in effect "Branding" the Split Endings name and specific operational characteristics of the company.

Our wholly owned subsidiary High Life Media, Inc. specializes in application development, business consultation, and design. High Life Media creates state of the art web and mobile applications for all major platforms: iOS, Android & Windows.

Additionally, we are currently seeking out viable Joint Ventures, Acquisitions and Mergers to enhance the value of our company.

B. Date and State (or Jurisdiction) of incorporation:

Dig-It Underground, Inc. is a Nevada corporation and was incorporated on March 5, 2001.

C. The issuer's primary and secondary SIC Codes;

Primary SIC Code; 7231 NAICS Code; 812112

D. The issuer's fiscal year end date;

E. Principal products or services, and their markets;

The Issuer currently operates an upscale full-service beauty salon in Cedar Hill, TX called SplitEndings Salon. We offer a wide range of services that include:

***Hair:** cuts, relaxers, perms, colors, shampoo, conditioning, curling, reconstructing, weaving, waving, and hair and lash extensions.
***Nails:** manicures, pedicures, polish, sculptured nails.
***Skin Care:** European facials, body waxing, massage and makeup.

The Issuer uses only the best quality suppliers and beauty products available in the Dallas/Ft. Worth Metroplex area and throughout the United States. Our principle product suppliers include:

ABCO Beauty Supply- Dallas, TX
Armstrong-McCall- Dallas, TX
Salon Source- Dallas, TX

The product lines they provide include:
Nexus, Graham Webb, Fudge, Back to Basics, Redkin, Bonicure, ISO As well as hundreds of other product lines.

Our principle services are provided within the beauty salon industry. Our company is superior to other beauty service providers in the Dallas/Ft. Worth Metroplex area because of a solid reputation built on a 15 year track record of high quality services and products. Our highly trained and experienced cosmetologists provide high quality services that consistently exceed client expectations. The primary competitive advantage that we have in our service area is that our cosmetologists are highly trained and experienced and our cosmetologists have worked with us long-term, even for up to 15 years. The advantage to having a stable cosmetology staff is that the salons clientele base can rely on the salon to provide consistent services at any time, by their cosmetologists of their choice. We do not suffer with a revolving door of new staff

members as most beauty salons do, allowing stability for not only our clientele but also for the salon.

Notes to Financial Statement
For the 3rd Quarter Ended September 30, 2015 (Unaudited)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRACTICES

Accounting policies and procedures are listed below. The Company has adopted a December 31 year end.

Accounting Basis

We have prepared the consolidated financial statements according to generally accepted accounting principles (GAAP).

Cash and Cash Equivalents

The company considers all highly liquid investments with original maturities of three months or less as cash equivalents. As of September 30, 2015, the company had no cash or cash equivalent balances in excess of the federally insured amounts. The company's policy is to invest excess funds in only well capitalized financial institutions.

Earnings per share

The company adopted the provisions of SFAS No. 128, "Earnings per Share." SFAS No. 128 requires the presentation of basic and diluted earnings per share ("EPS"). Basic EPS is computed by dividing income available to common stockholders by the weighted-average number of common shares outstanding for the period. Diluted EPS includes the potential dilution that could occur if options or other contracts to issue common stock were exercised or converted.

The company has not issued any options or warrants or similar securities since inception.

Stock Based Compensation

As permitted by statement of Financial Accounting Standards ("SFAS") No. 148, "Accounting Based Compensation", the company has elected to continue to follow the intrinsic value method in accounting for its' stock-based compensation arrangements as defined by Accounting Principles Board Opinion (APB") No. 25, "Accounting for Stock Issued Employees", and related Interpretations including "Financial Accounting Standards Board Interpretations" No. 44, "Accounting for Certain Transactions Involving Stock Compensation", and interpretation of

APB No. 25. At September 30, 2015 the company has not formed a Stock Option Plan and has not issued any options.

Fixed Assets

Fixed assets are carried at cost. Depreciation is computed using the straight-line method of depreciation over the assets' estimated useful lives. Maintenance and repairs are charged to expense as incurred; major renewals and improvements are capitalized. When items of fixed assets are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

Income Taxes

The provision for income taxes is the total of the current taxes payable and the net of the change in the deferred income taxes. Provision is made for the deferred income taxes where differences exist between the period in which transactions affect current taxable income and the period in which they enter into the determination of net income in the financial statements.

Advertising

Advertising is expensed when incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principals generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Goodwill

Goodwill is created when we acquire a business. It is calculated by deducted the fair value of the net assets acquired from the consideration given and represents the value of factors that contribute to greater earning power, such as a good reputation, customer loyalty or intellectual capital.

We assess goodwill of individual subsidiaries for impairment in the fourth quarter of every year, and when circumstances indicate that goodwill might be impaired.

NOTE 2. GOING CONCERN

The accompanying financial statements have been prepared assuming that the company will continue as a going concern.

NOTE 3. RECENTLY ISSUED ACCOUNTING STANDARDS

Management does not believe that any recently issued but not yet adopted accounting will have a material effect on the Company's results of operation or on the reported amounted of its assets and liabilities upon adoption.

NOTE 4. PROVISION FOR INCOME TAXES

The company provides for income taxes under Statement of Financial Standards No. 109, Accounting for Income Taxes. SFAS No. 109 requires the use of an asset and liability approach in accounting for income taxes. Deferred tax assets and liabilities are recorded based on the differences between the financial statement and tax bases of assets and liabilities and the tax rates in effect when these differences are expected to reverse.

SFAS No. 109 requires the reduction of deferred tax assets by a valuation if, based on the weight of available evidence, it is more likely than not that some or all of the deferred tax assets will not be realized. The provision for income taxes is comprised of the changes in deferred taxes less the valuation account plus the current taxes payable.
