GOLDEN VALLEY DEVELOPMENT, INC.
Notes to Unaudited Consolidated Financial Statements

NOTE 1 – NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business - Golden Valley Development, Inc. ("Golden Valley" or "GVD") was incorporated in Nevada on July 26, 2004, and re-domiciled to the state of Wyoming on October 8, 2010. Since inception in 2004, GoldenValley's business plan has been that of an agriculture broker for farm and ranch products and equipment. InNovember of 2010, control of Golden Valley changed, and with the change in control, the focus of the businessshifted to include the marketing, manufacture and distribution of patented and patentable products, beginning withits first two patented products, "Percuguard" and "Cutstop", which are intended to be used in the health care andhospitality services industries, respectively.

Consolidation Policy - On November 17, 2010, we purchased 100% of the stock of Media Sports Productions, Inc.and Digit-Pro. On March 26, 2014, the Company entered into an agreement whereby eWaste Exchange Inc.(eWaste) purchased 80% of GVDI's common stock in exchange for 80% of eWaste's common stock. Theseconsolidated financial statements include the financial information of these subsidiaries. All significant intercompanyaccounts and transactions have been eliminated.

Use of Estimates - In preparing financial statements, management makes estimates and assumptions that affect thereported amounts of assets and liabilities in the balance sheet and revenue and expenses in the statement ofexpenses. Actual results could differ from those estimates.

Cash and Cash Equivalents - For purposes of the statement of cash flows, Golden Valley considers all highly liquidinvestments purchased with an original maturity of three months or less to be cash equivalents.

Property and Equipment - Property and equipment is stated at cost and depreciated using the straight-line methodover the estimated life of the assets of three years. The cost of normal maintenance and repairs is charged to expenseas incurred and expenditures for major improvements are capitalized at cost. Gains or losses on the disposition ofassets are reflected in the income statement at the time of disposal.

Revenue Recognition - Golden Valley recognizes revenue when persuasive evidence of an arrangement exists,services have been rendered, the sales price is fixed or determinable, and collectability is reasonably assured. GoldenValley performs as a broker without assuming the risks and rewards of ownership of the goods, therefore sales arereported on a net basis. After receiving an order, Golden Valley will locate and inspect the desired item. The itemwill be shipped directly to the customer from the supplier by Golden Valley or the customer can arrange for pickupat the supplier. The item must meet certain industry standards prior to customer acceptance. If the industry standards
are not met, the loss carries back to the supplier. If the item meets industry standards and the customer were to rejectthe item, the loss belongs to the customer. Golden Valley recognizes revenues at the time the customer accepts theitem.

Income Taxes - Golden Valley recognizes deferred tax assets and liabilities based on differences between thefinancial reporting and tax basis of assets and liabilities using the enacted tax rates and laws that are expected to bein effect when the differences are expected to be recovered. Golden Valley provides a valuation allowance fordeferred tax assets for which it does not consider realization of such assets to be more likely than not.

Basic and Diluted Net Loss Per Share - Basic and diluted net loss per share calculations are calculated on the basis ofthe weighted average number of common shares outstanding during the year. They include the dilutive effect ofcommon stock equivalents in years with net income. Basic and diluted loss per share is the same due to the absenceof common stock equivalents.

Fair Value of Financial Instruments - The carrying value of short-term financial instruments, including cash andcash equivalents, accrued expenses and short-term borrowings approximate fair value due to the relatively shortperiod to maturity for these instruments. See Note 5– Derivatives for additional information.

NOTE 2 - GOING CONCERN

As shown in the accompanying consolidated financial statements, GVDI had an accumulated deficit as of December 31, 2014. These conditions raise substantial doubt as to GVDI's ability to continue as a going concern. Management is trying to raise additional capital through sales of stock. The financial statements do not include any adjustments that might be necessary if GVDI is unable to continue as a going concern.

NOTE 3 – DEBT

A summary of the outstanding third party debt at is as follows:

	Interest rate	March 31, 2014
Note payable to Adavco	5%	$96,477
Note payable to FMCOCO	8%	$53,007
Note payable to Roger Ng	8%	$20,000
Convertible notes payable		$149,484

The Note payable to Adavco was due in August 2011 and the Note payable to FMCOCO was due in September 2007 and there is no set repayment schedule. Therefore, both notes are shown as current liabilities.The Note payable to Roger Ng is due on October 2015.

NOTE 4 - INCOME TAXES

Golden Valley uses the liability method, where deferred tax assets and liabilities are determined based on theexpected future tax consequences of temporary differences between the carrying amounts of assets and liabilities forfinancial and income tax reporting purposes. During the years ended December 31, 2014 and 2013, Golden Valleyincurred a net loss and, therefore has no tax liability.The net deferred tax asset generated by the loss carry-forward has been fully reserved. The cumulative netoperating loss carry-forward is approximately $905,302at December 31, 2014, and will completely expire in the year 2034.

At December 31, 2014, deferred tax assets consisted of the following:

Deferred tax assets

	March 31, 2015
Net operating losses	**$108,882**
Less: valuation allowance	($108,882)

NOTE 6 - MATERIAL AGREEMENTS

On November 16, 2010, both of GVDI's two wholly-owned subsidiaries entered into separate licensing agreements - regarding certain patents and trademarks - with Protospheric, Inc., an intellectual property holding corporationcontrolled by GVDI's Chairman and CEO Kevin Sorrels.

One licensing agreement, between Protospheric and GVDI subsidiary Media Sports Productions, Inc., grants toMedia Sports a license to use the trademarked term "CutStop" as well as to develop, market and manufacture goodspursuant to certain patents (patent numbers D373,656; 5,450,626; and 6,807,681) having to do with the "CutStop"finger guard product. In exchange for the license, Protospheric earns 10% royalties on gross sales of the CutStopproduct, and 50% royalties on any sub-licensing receipts, minus direct costs.

The second licensing agreement, between Protospheric and GVDI subsidiary Digit-Pro, grants to Digit Pro a license to use the trademarked term "PercuGuard" as well as to develop, market and manufacture goods pursuant to certain patents (patent numbers D373,656; 5,450,626; and 6,807,681) having to do with the "PercuGuard" sanitized industrial finger guard product. In exchange for the license, Protospheric earns 10% royalties on gross sales of thePercuGuard product, and 50% royalties on any sub-licensing receipts, minus direct costs.

Neither the licensing agreements, nor the underlying patent and trademark assets, have been appraised, and are therefore not included in the balance sheet.

NOTE 7 – MERGER

On March 26, 2014, GVDI entered into an agreement with eWaste Exchange, Inc. (a privately held company)whereby GVDI exchanged 96,822,047,000 of its common shares with Roger Ng in return for 55,200,000 shares of eWaste common shares. As a result, Roger Ng owns 80% of GVDI common stock and GVDI owns 80% of eWaste common stock.

NOTE 8 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 30, 2015, and has none to report.
