MANAGEMENT INFORMATION CIRCULAR

GENERAL PROXY INFORMATION

Solicitation of Proxies

This management information circular (this “Circular”) is furnished in connection with the solicitation by management of Royal Nickel Corporation (“Royal Nickel” or the “Corporation”) of proxies to be used at the annual and special meeting (the “Meeting”) of the shareholders of the Corporation to be held in the TSX Gallery Room at 130 King Street West, Toronto, Ontario on June 13, 2014, at 10:00 a.m. (Toronto time), and at all postponements or adjournments thereof, for the purposes set forth in the notice of the Meeting that accompanies this Circular (the “Notice of Meeting”). It is expected that the solicitation will be made primarily by mail but proxies may also be solicited personally by directors, officers or regular employees of the Corporation. Such persons will not receive any extra compensation for such activities. The Corporation may also retain, and pay a fee to, one or more proxy solicitation firms to solicit proxies from the shareholders of the Corporation in favour of the matters set forth in the Notice of Meeting. The total cost of the solicitation will be borne directly by the Corporation.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers and/or directors of the Corporation. **A shareholder has the right to appoint a person (who need not be a shareholder of the Corporation) other than the persons specified in such form of proxy to attend and act on behalf of such shareholder at the Meeting.** Such right may be exercised by striking out the names of the persons specified in the form of proxy, inserting the name of the person to be appointed in the blank space provided in the form of proxy, signing the form of proxy and returning it in the manner set forth in the form of proxy.

A shareholder who has given a proxy may revoke it (i) by depositing an instrument in writing, including another completed form of proxy, executed by such shareholder or shareholder’s attorney authorized in writing either at the registered office of the Corporation at any time up to and including the last business day preceding the date of the Meeting or any adjournment thereof, or with the chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment thereof, or (ii) in any other manner permitted by law.

Exercise of Discretion

The persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed by proxy on any ballot that may be called for in accordance with the instructions contained therein. If the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **In the absence of such specifications, such shares will be voted FOR each of the matters referred to herein.**

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments to or variations of matters identified in the Notice of Meeting and with respect to other matters, if any, which may properly come before the Meeting. At the date of the Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting.

However, if any other matters that are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxy.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many holders of common shares, as a substantial number of shareholders do not hold common shares in their own name. Shareholders who do not hold their common shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of common shares can be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those common shares will not be registered in the shareholder’s name on the records of the Corporation. Such shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. More particularly, a person is a Beneficial Shareholder in respect of common shares which are held on behalf of that person but which are registered either: (a) in the name of an intermediary that the Beneficial Shareholder deals with in respect of the common shares (intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. (“**CDS**”)), of which the intermediary is a participant. In Canada, the vast majority of such shares are registered under the name of CDS, which acts as nominee for many Canadian brokerage firms. Common shares held by brokers or their nominees can only be voted upon the instructions of the Beneficial Shareholder. Without specific voting instructions, brokers and their nominees are prohibited from voting common shares held for Beneficial Shareholders. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their common shares are communicated to the appropriate person or that the common shares are duly registered in their name.**

Applicable Canadian securities regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting.

In Canada, the majority of brokers now delegate responsibility for obtaining voting instructions from Beneficial Shareholders to Broadridge Investor Communication Solutions (“**Broadridge**”). Broadridge typically supplies a voting instruction form and asks Beneficial Shareholders to return the completed forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. **A Beneficial Shareholder receiving such a form from Broadridge cannot use that form to vote common shares directly at the Meeting. The form must be returned to Broadridge well in advance of the Meeting in order to have the common shares voted.**

In addition, the Corporation has decided to take advantage of certain provisions of applicable securities regulatory requirements that permit it to deliver meeting materials directly to non-objecting beneficial owners. These materials are being sent to both registered and non-registered owners of common shares. If you are a Beneficial Shareholder, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you,

and (ii) executing your proper voting instructions. As a result, you can expect to receive a scannable voting instruction form (“**VIF**”) from the Corporation’s transfer agent, Computershare Investor Services Inc. (the “**Transfer Agent**”). These VIFs are to be completed and returned to the Transfer Agent in the envelope provided. In addition, the Transfer Agent provides both telephone voting and Internet voting as described on the VIF. The Transfer Agent will tabulate the results of the VIFs received and will provide appropriate instructions at the Meeting with respect to the common shares represented by the VIFs they receive.

Record Date

The directors have fixed May 7, 2014, as the record date for the determination of shareholders entitled to receive notice of the Meeting. Only shareholders of record on such record date are entitled to vote at the Meeting.

Voting Securities and Principal Holders Thereof

The Corporation is authorized to issue an unlimited number of common shares and an unlimited number of special shares, issuable in series. As of May 7, 2014, there were 94,412,311 common shares and nil special shares of the Corporation issued and outstanding. Each holder of common shares as of the record date is entitled to one vote in respect of each common share held by such holder.

To the knowledge of the directors and executive officers of the Corporation, based on publicly available information as of May 7, 2014, RAB Special Situations (Master) Fund Limited beneficially owns 15,851,300 common shares, which is approximately 17% of the outstanding common shares. To the knowledge of the directors and executive officers of the Corporation, based on publicly available information as of May 7, 2014, no other person beneficially owns, or controls or directs, directly or indirectly, common shares carrying 10% or more of the voting rights attached to common shares of the Corporation.

Interest of Certain Persons in Matters to be Acted Upon

Management of the Corporation is not aware of any material interest, direct or indirect, by way of beneficial ownership of common shares or otherwise, of any director or executive officer of the Corporation at any time since the beginning of the Corporation’s last financial year, of any proposed nominee for election as a director of the Corporation, or of any associate or affiliate of any such person, in any matter to be acted upon at the Meeting (other than the election of directors).

Information Incorporated by Reference

This Circular incorporates by reference information disclosed in the annual information form of the Corporation dated February 27, 2014 (the “**Annual Information Form**”), which is available on SEDAR at www.sedar.com. Upon request, the Corporation will promptly provide a copy of the Annual Information Form free of charge to a shareholder of the Corporation.

BUSINESS OF THE MEETING

Election of Directors

Management Nominees

At the Meeting, it is proposed that the seven directors whose names are set forth below be elected to the board of directors of the Corporation (the “**Board**”). Each nominee for election as a director is currently a director of the Corporation. All directors elected will hold office until the next annual meeting of shareholders of the Corporation or until their successors are elected or appointed.

On November 9, 2012, the Board approved in principle the adoption of a majority voting policy relating to the election of directors and on March 26, 2013, the Board adopted a majority voting policy. The policy stipulates that, except in a contested meeting, if a director nominee receives a greater number of votes withheld for his or her election than votes for his or her election, the nominee will submit his or her resignation promptly after the Meeting. Within 90 days of the Meeting, the Corporate Governance and Nominating Committee will make a recommendation to the Board, and the Board’s decision to accept or reject the resignation offer will be disclosed to the public. Subject to certain exceptions, the nominee will not participate in any committee or Board deliberations on the resignation offer. The Corporation is entitled to nominate only those candidates for election or re-election as directors who agree, prior to their nomination, to tender their resignations in accordance with the terms of the policy. Each of the proposed nominees listed in the table below has agreed to comply with the terms of the policy.

Unless the shareholder has specified in the enclosed form of proxy that the common shares represented by such proxy are to be withheld from voting for one or more nominees in the election of directors, the persons named in the enclosed form of proxy intend to vote **FOR** the election of each of the nominees whose names are set forth below.

The following table sets forth with respect to each of the persons proposed to be nominated for election as directors the name; province/state and country of residence; the present principal occupation, business or employment; a brief biographical description; the date on which the person became a director of the Corporation; the person’s independence as a member of the Board; committee membership; attendance at meetings of the Board; the number of common shares of the Corporation beneficially owned, or controlled or directed, directly or indirectly; the number of stock options and other share-based awards held, all as at the date hereof.

Amendment and Restatement of Shareholder Rights Plan

Background

The Board approved the adoption of a shareholders rights plan, pursuant to the shareholder rights plan agreement dated May 11, 2011 made between the Corporation and Computershare Investor Services Inc., as the rights agent (the "**Rights Plan**"). The Rights Plan was confirmed by shareholders on June 22, 2011. The fundamental objectives of the Rights Plan are to provide adequate time for the Board and shareholders to assess an unsolicited take-over bid for the Corporation, to provide the Board with sufficient time to explore and develop alternatives for maximizing shareholder value if a take-over bid is made, to provide shareholders with an equal opportunity to participate in a take-over bid.

Unless extended, the Rights Plan will expire at the termination of the Meeting. In anticipation of the expiry of the Rights Plan, the Board approved an amendment and restatement of the Rights Plan, subject to receipt of shareholder approval, to extend the Rights Plan to the conclusion of the 2017 annual meeting

of shareholders of the Corporation, unless terminated earlier in accordance with the terms of the plan (as amended and restated, the “**Amended and Restated Rights Plan**”).

The Rights Plan is not being extended in response to, or in anticipation of, an acquisition or take-over bid of the Corporation.

Summary of the Amended and Restated Rights Plan

Term

If approved by the shareholders of the Corporation, the Rights Plan will remain in effect until the termination of the annual meeting of shareholders of the Corporation in 2017 unless the term of the Agreement is extended beyond such date by resolution of shareholders at a shareholders’ meeting.

Issue of Rights

One right (a “**Right**”) was issued by the Corporation pursuant to the Rights Plan in respect of each common share of the Corporation outstanding at the close of business on May 13, 2011 (the “**Record Time**”). One Right will also be issued for each additional common share issued after the Record Time and prior to the earlier of the Separation Time (as defined below) or the termination of the Amended and Restated Rights Plan in accordance with its terms.

Rights Exercise Privilege

Each Right is initially attached to and will trade with the common shares in respect of which it was issued. The Rights will separate from the shares to which they are attached and become exercisable at the time (the “**Separation Time**”) which (subject to the Board deferring the Separation Time) is 10 trading days following the date a person becomes an Acquiring Person or announces an intention to make a take-over bid that is not an acquisition pursuant to a take-over bid permitted by the Amended and Restated Rights Plan (a “**Permitted Bid**”).

Any transaction or event in which a person (an “**Acquiring Person**”), including affiliates, certain associates and others acting in concert, acquires (other than pursuant to a Permitted Bid or another exemption available under the Amended and Restated Rights Plan) Beneficial Ownership (as defined in the Amended and Restated Rights Plan) of 20% or more of the voting shares of the Corporation is referred to as a “Flip-in Event”. Any Rights held by an Acquiring Person on or after the earlier of the Separation Time or the date of the first public announcement by the Corporation or an Acquiring Person that an Acquiring Person has become such, will become void and the Rights (other than those held by the Acquiring Person) will permit the holder to purchase common shares at a substantial discount to their then prevailing market price.

The issuance of the Rights is not dilutive and will not affect reported earnings or cash flow per share until the Rights separate from the underlying common shares and become exercisable or until the exercise of the Rights. The issuance of the Rights will not change the manner in which shareholders trade their common shares.

Certificates and Transferability

Prior to the Separation Time, the Rights will be evidenced by a legend imprinted on certificates for common shares issued from and after the effective date (the “**Effective Date**”) of the Rights Plan. Rights are also attached to common shares outstanding on the Effective Date, although share certificates issued

prior to the Effective Date will not bear such a legend. Shareholders are not required to return their certificates in order to have the benefit of the Rights. Prior to the Separation Time, Rights will trade together with the common shares and will not be exercisable or transferable separately from the common shares. From and after the Separation Time, the Rights will become exercisable, will be evidenced by Rights Certificates and will be transferable separately from the common shares.

Permitted Bid Requirements

A bidder will be able to make a take-over bid and acquire shares of the Corporation without triggering a Flip-In Event under the Amended and Restated Rights Plan if the take-over bid qualifies as a Permitted Bid.

The requirements of a “Permitted Bid” include the following:

- (a) the take-over bid is made by means of a take-over bid circular;
- (b) the take-over bid is made to all holders of voting shares on the books of the Corporation, other than the offeror;
- (c) no voting shares are taken up or paid for pursuant to the take-over bid unless more than 50% of the voting shares held by Independent Shareholders (as defined in the Amended and Restated Rights Plan) shall have been deposited or tendered pursuant to the take-over bid and not withdrawn;
- (d) no voting shares are taken up or paid for pursuant to the take-over bid prior to the close of business on a date that is no earlier than 60 days following the date of the take-over bid;
- (e) voting shares may be deposited pursuant to such take-over bid at any time during the period of time between the date of the take-over bid and the date on which voting shares may be taken up and paid for and any voting shares deposited pursuant to the take-over bid may be withdrawn until taken up and paid for; and
- (f) if on the date on which voting shares may be taken up and paid for under the take-over bid, more than 50% of the voting shares held by Independent Shareholders have been deposited or tendered pursuant to the take-over bid and not withdrawn, the Offeror makes a public announcement of that fact and the take-over bid is extended to remain open for deposits and tenders of voting shares for not less than ten business days from the date of such public announcement.

The Amended and Restated Rights Plan also allows for a competing Permitted Bid (a “Competing Permitted Bid”) to be made while a Permitted Bid is in existence. A Competing Permitted Bid must satisfy all of the requirements of a Permitted Bid except that it may expire on the same date as the Permitted Bid, subject to the requirement that it be outstanding for a minimum period of 35 days (the minimum period required under securities law).

Waiver and Redemption

If a potential offeror does not desire to make a Permitted Bid, it can negotiate with, and obtain the prior approval of, the Board to make a take-over bid by way of a take-over bid circular sent to all holders of voting shares on terms which the Board considers fair to all shareholders. In such circumstances, the Board may waive the application of the Amended and Restated Rights Plan thereby allowing such bid to

proceed without dilution to the offeror. Any waiver of the application of the Amended and Restated Rights Plan in respect of a particular take-over bid shall also constitute a waiver of any other take-over bid which is made by means of a take-over bid circular to all holders of voting shares while the initial take-over bid is outstanding. The Board may also waive the application of the Amended and Restated Rights Plan in respect of a particular Flip-in Event that has occurred through inadvertence, provided that the Acquiring Person that inadvertently triggered such Flip-in Event reduces its beneficial holdings to less than 20% of the outstanding voting shares of the Corporation within 14 days or such earlier or later date as may be specified by the Board. With the prior consent of the holders of voting shares, the Board may, prior to the occurrence of a Flip-in Event that would occur by reason of an acquisition of voting shares otherwise than pursuant to the foregoing, waive the application of the Amended and Restated Rights Plan to such Flip-in Event.

The Board may, with the prior consent of the holders of voting shares, at any time prior to the occurrence of a Flip-in Event, elect to redeem all but not less than all of the then outstanding Rights at a redemption price of \$0.001 per Right. Rights are deemed to be redeemed following completion of a Permitted Bid, a Competing Permitted Bid or a take-over bid in respect of which the Board has waived the application of the Amended and Restated Rights Plan.

Amendments

The Corporation may make amendments to the Amended and Restated Rights Plan at any time to correct any clerical or typographical error or which are required to maintain the validity of the Amended and Restated Rights Plan due to changes in any applicable legislation, regulations or rules. The Corporation may make other amendments to the Amended and Restated Rights Plan subject to the prior approval by a majority vote of the Independent Shareholders (or of the holders of Rights if the amendment is made after the Separation Time).

Exemptions for Investment Advisors

Investment advisors (for client accounts), trust companies (acting in their capacity as trustees or administrators), statutory bodies whose business includes the management of funds (for employee benefit plans, pension plans, or insurance plans of various public bodies) and administrators or trustees of registered pension plans or funds are exempted from triggering a Flip-in Event, provided they are not making, either alone or jointly or in concert with any other person, a take-over bid other than by ordinary market transactions through a stock exchange or organized over-the-counter market.

Duties of the Board

The adoption of the Amended and Restated Rights Plan will not in any way lessen or affect the duty of the Board to act honestly and in good faith with a view to the best interests of the Corporation. The Board, when a take-over bid or similar offer is made, will continue to have the duty and power to take such actions and make such recommendations to shareholders as are considered appropriate.

Shareholder Approval

At the Meeting, shareholders will be asked to consider and, if deemed advisable, to pass (with or without variation) the following ordinary resolution (the “**Rights Plan Resolution**”) approving the Amended and Restated Rights Plan:

BE IT RESOLVED THAT:

1. the shareholder rights plan of the Corporation dated May 11, 2011 between the Corporation and Computershare Investor Services Inc. be amended and restated to extend its expiry date to the conclusion of the 2017 annual meeting of shareholders of the Corporation, unless terminated earlier in accordance with the terms of the plan; and
2. any director or officer of the Corporation be and is hereby authorized to do such things and to sign, execute and deliver all documents that such director or officer may, in their discretion, determine to be necessary in order to give full effect to the intent and purpose of this resolution.

The Board believes that the Amended and Restated Rights Plan is in the best interests of the Corporation and, accordingly, unanimously recommends that shareholders vote FOR the Rights Plan Resolution.

Unless the shareholder has specified in the enclosed form of proxy that the common shares represented by such proxy are to be voted against the Rights Plan Resolution, the persons named in the enclosed form of proxy intend to vote FOR the Rights Plan Resolution.

In order to be effective, the Rights Plan Resolution must be passed by:

- (a) a majority of the votes cast by shareholders,
- (b) a majority of the votes cast by the Independent Shareholders (as defined in the Rights Plan), and
- (c) a majority of the votes cast by shareholders, without giving effect to any votes cast by (i) any shareholders if any that, directly or indirectly, on its own or in concert with others, holds or exercises control over more than 20% of the outstanding common shares of the Corporation; and (ii) the associates, affiliates and insiders of any shareholders referred to in (i) above.

In the event that the Amended and Restated Rights Plan is not so approved, the shareholders of the Corporation will, as of June 13, 2014, cease to have the benefit of the Rights Plan.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Background

The Corporation was incorporated on December 13, 2006, and completed its initial public offering on December 16, 2010. The Corporation is a mineral resource company primarily focused on the acquisition, exploration, evaluation and development of mineral properties. Currently, the Corporation’s principal

asset and sole material property is the Dumont Nickel Project, strategically located in the established Abitibi mining camp, 25 km northwest of Amos, Quebec, Canada.

This Compensation Discussion and Analysis provides information regarding all significant elements of compensation paid, payable, granted, given or otherwise provided by the Corporation to (i) the President and Chief Executive Officer, (ii) the Chief Financial Officer, (iii) the Senior Vice President, Business Development, (iv) the Vice President, Exploration, and (v) the Vice President, Operations (collectively, the “**Named Executive Officers**” or “**NEOs**”).

For fiscal 2013, the Named Executive Officers were: Tyler Mitchelson, President and Chief Executive Officer (who resigned as the President and Chief Executive Officer on February 11, 2014); Fraser Sinclair, Chief Financial Officer; Mark Selby, the Senior Vice President, Business Development (who was appointed Interim President and Chief Executive Officer on February 11, 2014); Alger St-Jean, Vice President, Exploration; and Johnna Muinonen, Vice President, Operations.

Role of Human Resources and Compensation Committee

The compensation program of the Corporation is administered by the Board with the assistance of the Human Resources and Compensation Committee (“**Compensation Committee**”). The Corporation’s Compensation Committee consists of three directors, being Mr. Peter Goudie, as chairman, and Messrs. Masson and Sittler. All members of the Compensation Committee are independent directors of the Corporation. The Board, with the assistance of the Compensation Committee, reviews and makes decisions in respect of compensation matters relating to senior executives and directors of the Corporation, ensuring consistent application of matters relating to remuneration, competitive remuneration and policies to attract and retain talent and ensuring that executive remuneration is consistent with industry standards.

The responsibilities of the Compensation Committee include assisting the Board with respect to, among other things: (a) developing a compensation philosophy and policies; (b) reviewing and approving goals and objectives relevant to the Chief Executive Officer’s compensation, evaluating the performance of the Chief Executive Officer in light of those goals and objectives and making recommendations to the Board for the Chief Executive Officer’s compensation based on the evaluation; (c) reviewing and making certain determinations with respect to the compensation of senior executives other than the Chief Executive Officer; (d) making recommendations to the Board with respect to the form of compensation of the directors; and (e) reviewing executive compensation disclosure.

In addition to the Compensation Committee members’ general business experience, the following direct experience (and the skills gained from this experience) is also relevant to their responsibilities to make decisions on the suitability of the Corporation’s compensation policies and practices.

- *Mr. Goudie.* Mr. Goudie has held a number of management positions throughout his career, certain responsibilities of which involved compensation matters.
- *Mr. Masson.* Mr. Masson is a certified director of the Institute of Corporate Directors. He also serves on an equivalent committee of another public company and has gained valuable experience in matters pertaining to executive compensation from that role. He has also worked with a professional compensation consultant retained by such public company to design its compensation programs.
- *Mr. Sittler.* Mr. Sittler is a certified director of the Institute of Corporate Directors. He has gained relevant exposure to compensation matters for issuers in the resource sector.

Specifically, he has served on the compensation committees (or their equivalents) of Wallbridge Mining Company Limited, Miocene Metals Ltd. and Frontline Gold Corporation.

Objectives of the Compensation Program

Both the Compensation Committee and Board have recognized that the NEOs are critical to achieving the vision and mission of the Corporation with the primary focus being the successful development of Dumont Nickel Project, and that compensation plays an important role in achieving both short-term and long-term objectives that ultimately drive success. In August 2011, the Compensation Committee, on behalf of the Corporation, engaged The Human Well (the “**Compensation Consultant**”), an independent consulting firm with extensive experience in the mining sector, to advise and assist the Corporation in the development of compensation policies and to complete a benchmarking study for executive compensation and directors’ remuneration. This included working with the Compensation Committee to identify an appropriate comparator and peer group that would be used for executive compensation benchmarking purposes for 2011 and subsequent periods as the Corporation moves toward project development and operations. The table below sets forth the consideration paid to the Compensation Consultant during the two most recently completed financial years.

Fees of Compensation Consultants and Advisors	Year ended Dec 31, 2013	Year ended Dec 31, 2012
Executive Compensation-Related Fees	\$37,675	\$19,482
All Other Fees	-	-

Based on the work completed by the Compensation Consultant, the Compensation Committee developed compensation policies, which were reviewed and approved by the Board, which policies will guide the compensation decisions made by the Compensation Committee and Board. Such policies reflect the Corporation’s philosophy regarding executive compensation that it must:

- provide competitive compensation sufficient to attract, retain and motivate high-performing senior executives with the skills necessary to achieve the Corporation’s strategy;
- align compensation directly to the achievements of the corporate and personal performance objectives that cascade from the approved strategy;
- encourage execution of goals and objectives in a manner consistent with the Corporation’s vision, mission and values; and
- align the interests of senior executives with those of the Corporation’s shareholders.

Benchmarking

For fiscal 2013, the Corporation’s compensation program was benchmarked relative to a peer group of mining companies with a single project of similar size and complexity, primarily in North America, with a market capitalization of between \$30 million and \$300 million. The companies included were as follows: Adriana Resources Inc., Polymet Mining Corp, Duluth Metals Limited, Western Copper and Gold Corporation, General Moly, Inc., Augusta Resource Corporation, Noront Resources Ltd., Arianne Phosphate Inc., NovaCopper Inc., Anfield Nickel Corp., Alderon Iron Ore Corp., Nevada Copper Corp. and Romarco Minerals Inc.

While it was agreed that the compensation policy of the Corporation would be to utilize the 50th percentile of the comparator group selected for the year for base salary and the 50th to 75th percentile for the total compensation of each NEO, actual compensation in 2013 was below those percentiles.

Elements of Compensation

The compensation paid to the NEOs for the financial year ended December 31, 2013 was comprised primarily of the following three components:

Base Salary

Base salary is designed to remunerate the NEOs for discharging their duties and responsibilities and therefore takes into account the position and responsibilities of the NEO, previous experience, prior performance and anticipated contribution.

Short-term Incentive Compensation

In addition to base salary, the NEOs are eligible to receive an annual bonus based on the achievement of performance objectives. In the case of the Chief Executive Officer, the annual objectives are established by the Compensation Committee based on the Corporation's strategy and key milestones with input from the Executive Chairman of the Board. For the other NEOs, the performance objectives cascade from the Chief Executive Officer's objectives and the Corporation's strategy and key milestones and reflect the individual's position and responsibilities. These objectives are reviewed by the Chief Executive Officer with the Compensation Committee. The target bonus for each NEO is expressed as a percentage of base salary. Each NEO may elect to receive up to 50% of his or her short term incentive in share-based compensation under the Share Incentive Plan. For 2013, the Compensation Committee reviewed the performance of the Chief Executive Officer, with input from the Executive Chairman of the Board, and the performance of the other NEOs, with input from the Chief Executive Officer, based on deliverables against objectives and the manner in which the objectives were achieved. See "Performance Goals" below. Overall, the Compensation Committee determined the NEOs achieved the majority of the objectives under very challenging circumstances. Very challenging market conditions for junior mining companies resulted in poor share price performance. The Compensation Committee and Board considered all these factors as well as the financial position of the Corporation and the need to retain the key talent in the organization when awarding the annual bonuses outlined below. Despite the fact that the NEOs achieved the majority of their objectives, given current market conditions and general economic climate, the NEOs were awarded only 50% of their target bonuses. As an indication of commitment to the long-term success of the Corporation, each NEO elected to take 50% of his or her annual bonus for 2013 in the form of RSUs, which are described in greater detail below.

Long-term Incentive Compensation

Long-term incentives are intended to align the interests of NEOs with the interests of shareholders by motivating NEOs to increase shareholder value over the long-term. Targets for long-term incentives are benchmarked to the market for competitiveness, consider the value of the NEO's contribution to the long-term success of the Corporation and the percentage of compensation that the Compensation Committee determines should be at risk. The award targets are modified based on the performance of the NEOs during the year, corporate performance and the anticipated contribution of the NEO. Long-term incentive compensation may take the form of Options, DSUs, RSUs, SARs and other share based awards under the Share Incentive Plan. For the fiscal year ended December 31, 2013, the NEOs received a grant of Options, RSUs and SARs. Most of the RSUs granted were granted at the election of each individual to receive 50% of their short-term incentive bonus in share-based compensation and consequently vested

immediately, based on the dollar amount of the bonus elected to be taken in the form of RSUs divided by the closing price of the Corporation's common shares on the TSX on the day prior to the grant date. Subject to certain exceptions relating to a change of control or termination of employment, each SAR granted in 2013 will vest upon approval by the Compensation Committee of the redemption of the SARs based on the Corporation's financial condition, project status and overall market conditions, provided that the number of SARs to vest will be dependent on the length of service as follows: one-third will not be dependent on the length of service and will vest upon the Committee approval referred to above, one-third will only vest subject to the Committee approval referred to above if the officer is still serving as an officer on the first anniversary of the date of grant and the remaining one-third will only vest subject to the committee approval referred to above if the officer is still serving as an officer on the second anniversary of the date of grant. Notwithstanding the above, in the event that the approval condition is not met on or before December 12, 2018, the SARs will be redeemed on December 12, 2018. The SARs are cash-settled only, to the extent of any appreciation above \$0.27 per share.

Performance Goals

The key objectives of the NEOs for 2013 focused on financing, achieving key milestones to move the Dumont Project forward, corporate development and reviewing and determining the organizational support needed for the next phases of the Dumont project.

The Corporation also provides basic perquisites and benefits to its NEOs such as medical, dental, life insurance and disability plans. All of the NEOs have termination and change of control provisions in their employment agreements. The Corporation does not provide for any pension plan.

For additional information regarding Options and Awards, please see "Incentive Plan Awards – Share Incentive Plan".

Risks Associated with the Corporation's Compensation Policies and Practices

The Compensation Committee reviewed the Corporation's compensation policies and practices to ensure that they encourage senior executives to consider the risks associated with their decisions and actions. The Compensation Committee concluded that the Corporation has policies and practices to ensure that the NEOs do not have incentives to take inappropriate or excessive risks, including the following:

- an appropriate mix of fixed and variable compensation, including long-term incentives;
- a significant level of reinvestment of bonuses into RSUs;
- quantitative and qualitative metrics are used to determine the amount of awards to NEOs pursuant to the Corporation's Share Incentive Plan;
- there is a comprehensive Code of Conduct and a Whistleblower policy that encourages reporting of imprudent corporate behaviour; and
- the Compensation Committee is comprised entirely of independent directors.

NEO Purchases of Financial Instruments

Pursuant to the terms of the Corporation's insider trading policy, personnel, including NEOs and directors, are prohibited from selling securities of the Corporation short or buying or selling call or put options or other derivatives in respect of the Corporation's securities. Personnel are also prohibited from

entering into other transactions that have the effect of hedging the economic value of any direct or indirect interests of such personnel in the equity of the Corporation.

Performance Graph

The following graph compares the total cumulative shareholder return for \$100 invested in common shares of the Corporation with the total cumulative return of the S&P/TSX Global Base Metals Index since the Corporation's initial public offering on December 16, 2010:

	16-Dec-2010	31-Dec-2010	30-Dec-2011	31-Dec-2012	31-Dec-2013
Common Shares of Royal Nickel on the TSX	\$100.00	\$144.32	\$31.35	\$22.70	\$15.41
S&P/TSX Global Base Metals Index	\$100.00	\$104.04	\$70.09	\$69.98	\$67.09

The S&P/TSX Global Base Metals Index is designed to provide investors an index of global securities involved in the production or extraction of base metals. The index is a subset of the S&P/TSX Global Mining Index, an investable index that provides investors with a broadly representative benchmark for global mining portfolios. As such, it is difficult to directly compare the Corporation's NEO compensation with the trends reflected in the graph above as the Corporation is still in the development stage.

The Corporation is of the view that compensation levels for the NEOs cannot and should not be directly compared to quarter over quarter or year over year relative share price performance. Global commodity prices, particularly the price of nickel, and general market conditions, are significant factors affecting the Corporation's stock price and these are beyond the control of the Corporation's officers.

The Corporation's executive compensation package is designed to attract, retain and motivate high-performing senior executives with the skills and experience necessary to achieve the Corporation's strategy and grow the business through both adverse and favourable economic cycles. A significant portion of NEO compensation is based on long-term incentives with the ultimate value received tied directly to the Corporation's share price performance.

Named Executive Officers' Summary Compensation Table

The Corporation became a reporting issuer on December 10, 2010. The following table (presented in accordance with *Form 51-102F6 – Statement of Executive Compensation* (“**Form 51-102F6**”) under *National Instrument 51-102 – Continuous Disclosure Obligations* (“**NI 51-102**”)) sets forth all direct and indirect compensation for, or in connection with, services provided to the Corporation for the financial years ended December 31, 2013, 2012 and 2011 in respect of the Chief Executive Officer, the Chief Financial Officer and three most highly compensated executive officers of the Corporation (the NEOs).

Notes:

- (1) This represents DSUs and RSUs granted under the Share Incentive Plan. All share-based awards granted in 2011 were granted on December 16, 2011 in lieu of a cash bonus at the election of the individual; the number of RSUs granted was based on a price of \$0.56, the closing price of the common shares on the TSX on the day prior to the grant date. RSU awards granted in 2012 were granted on December 14, 2012. With the exception of a total of 26,000 RSUs (with a fair value on the grant date of \$10,400) granted to the NEOs on account of their entitlement to receive one additional RSU for every five RSUs held for two years, all of the RSUs granted in 2012 were granted in lieu of a cash bonus at the election of the individual; the number of RSUs granted in lieu of a cash bonus was based on a price of \$0.40, the closing price of the common shares on the TSX on the day prior to the grant date. RSU awards granted in 2013 were granted on December 12, 2013. With the exception of a total of 135,847 RSUs (with a fair value on the grant date of \$36,678) granted to the NEOs on account of their entitlement to receive one additional RSU for every five RSUs held for two years, all of the RSUs granted in 2013 were granted in lieu of a cash bonus at the election of the individual; the number of RSUs granted was based on a price of \$0.27, the closing price of the common shares on the TSX on the day prior to the grant date.
- (2) This represents options and stand-alone cash-settled SARs granted under the Share Incentive Plan. The fair value of option-based awards was determined using the Black-Scholes pricing model. The Black-Scholes award valuation is determined using the exercise price or base price (in the case of SARs), expected life of the award, expected volatility of the common share price, expected dividend yield and risk-free interest rate. The Corporation assigns an exercise or base price equivalent to the value of one common share on the TSX on the date immediately preceding the date of the grant.
- (3) The aggregate value of perquisites and other personal benefits not generally available to all employees was less than 10% of the total salary of each NEO and less than \$50,000 for each NEO for the financial year.

SARs granted in 2012 were performance-based incentive awards to encourage the NEOs to achieve specific milestones within a fixed period of time. Subject to certain exceptions relating to a change of control or termination of employment, each SAR granted will vest upon (a) the completion by the

Corporation of a strategic or equity partner transaction or series or combination of transactions that provides for a significant portion of the equity component of the overall financing for the Dumont Nickel Project, provided that such transaction or transactions occur on or before December 14, 2015; and (b) approval by the Compensation Committee of the redemption of the SARs having regard to the Corporation's financial condition, project status and overall market conditions. In the event that the condition in (a) is not met on or before December 14, 2015, the SARs will be cancelled. In the event that the condition in (a) is met on or before December 14, 2015 but the condition in (b) is not met prior to December 14, 2022, the SARs will be redeemed on December 14, 2022. SARs granted in 2013 are also subject to conditions. Subject to certain exceptions relating to a change of control or termination of employment, the SARs vest if the Compensation Committee passes a resolution approving the redemption of the SARs having regard to the Corporation's financial condition, project status and overall market conditions, provided that the number of SARs to vest will be dependent upon the length of service of the officer as follows: one-third will not be dependent on the length of service and shall vest upon the Committee approval condition referred to above, one-third will only vest subject to the Committee approval referred to above if the officer is still serving as an officer on the first anniversary of the date of grant and the remaining one-third will only vest subject to the Committee approval referred to above if the officer is still serving as an officer on the second anniversary of the date of grant. Notwithstanding the above, in the event that the Committee approval condition is not met prior to December 12, 2018, the SARs will be redeemed on December 12, 2018.

- (1) This represents options and stand-alone cash-settled SARs granted under the Share Incentive Plan. The terms of the SARs are summarized under Named Executive Officers' Summary Compensation Table.
- (2) All vested SARs must be redeemed on or before the expiration date specified.
- (3) The value of unexercised option-based awards was calculated using the closing price of common shares on the TSX on December 31, 2013 of \$0.28 less the exercise or base price of the award.
- (4) This represents RSUs and DSUs granted under the Share Incentive Plan.
- (5) The market or payout value was calculated using the closing price of common shares on the TSX on December 31, 2013 of \$0.28.
- (6) The above table does not include the 1,530,000 out-of-the money options voluntarily cancelled by the NEOs effective December 31, 2013. The NEOs voluntarily cancelled options in an effort to create more availability under the Corporation's Share Incentive Plan. On April 16, 2014, the board granted to NEOs (other than Tyler Mitchelson) a total of 1,500,000 options. Grants that would normally take place at the end of a fiscal year were made in April 2014 as a retention measure following the resignation in February 2014 of the Corporation's former CEO, Tyler Mitchelson, as an officer of the Corporation.

Incentive Plan Awards – Value Vested or Earned During The Year

The following table (presented in accordance with Form 51-102F6) sets forth details of the value vested or earned during the most recently completed financial year ended December 31, 2013 for each incentive plan award.

Notes:

- (1) Represents the aggregate dollar value that would have been realized if the options or SARs that vested during the year had been exercised or redeemed, as applicable, on the vesting date.
- (2) This represents DSUs and RSUs granted under the Share Incentive Plan. The value of share-based awards that vested during the year was calculated using the closing price of common shares on the vesting date on the TSX.
- (3) Represents the cash bonuses paid to the NEOs in respect of 2013.

Share Incentive Plan

The Share Incentive Plan provides for the granting of equity-based compensation securities, including options and awards for the purpose of advancing the interests of the Corporation through the motivation, attraction and retention of senior executives, directors, employees (including prospective employees) and consultants of the Corporation and to secure for the Corporation and the shareholders of the Corporation the benefits inherent in the holding of options and awards that are tied to the long term performance of common shares by senior executives, directors, employees and consultants of the Corporation.

The Share Incentive Plan provides for the issuance of stock options (“**Options**”) and other equity-based awards (“**Awards**”) including share appreciation rights (“**SARs**”), restricted shares, restricted share units (“**RSUs**”), deferred share units (“**DSUs**”), performance shares and performance share units.

The material provisions of the Share Incentive Plan are as follows:

- *Eligible Participants.* Employees, directors and officers of the Corporation and its subsidiaries, as well as consultants (as defined in National Instrument 45-106) (the “**Participants**”), are eligible to participate in the Share Incentive Plan.
- *Common Shares Subject to the Share Incentive Plan.* The Share Incentive Plan provides that the maximum number of common shares issuable upon the exercise of Options and made available as Awards, in aggregate, shall not exceed 15% of the issued and outstanding common shares from time to time. As a result, should the Corporation issue additional common shares in the future, the number of common shares issuable under the Share Incentive Plan will increase accordingly. The Share Incentive Plan is considered an “evergreen” plan, since the common shares covered by Options and Awards that have been exercised or redeemed, as the case may be, shall be available for subsequent grants under the Share Incentive Plan. As of the date hereof, up to 10,940,645 common shares (representing approximately 11.6% of the issued and outstanding common shares of the Corporation as of the date hereof) are issuable under Options and Awards outstanding at the date hereof, out of a total available of 14,161,846 common shares.
- *Maximum Percentage of Available Securities to Insiders Under All Share Compensation Arrangements.* The aggregate number of common shares issuable to insiders under the Share Incentive Plan and any other share compensation arrangement shall not exceed 10% of the common shares issued and outstanding at any time. Insiders shall not be issued, pursuant to the Share Incentive Plan and any other share compensation arrangement, within any one year period, a number of common shares which exceeds 10% of the common shares issued and outstanding. As of the date hereof, a total of up to 8,579,645 common shares are issuable to insiders under granted Options and Awards (representing approximately 9.1% of the issued and outstanding common shares of the Corporation as of the date hereof), out of a total available to insiders of 9,441,231 common shares.
- *Method of Determining Option Exercise Price.* Under the Share Incentive Plan, the Compensation Committee has the authority to fix the exercise price of an Option at the time the Option is granted, provided that the price per common share fixed by the Compensation Committee is in Canadian dollars and shall not be less than the market price of the common shares immediately preceding the grant.
- *Calculation of Market Appreciation of Share Appreciation Rights.* The Share Incentive Plan allows the granting of share appreciation rights. Market appreciation of share appreciation rights shall be calculated as an amount equal to (a) the excess of the fair market value of a common

share on the date of redemption of the share appreciation right, over (b) the fair market value of a common share as of the date of grant, multiplied by (c) the number of common shares with respect to which the share appreciation right is redeemed.

- *Vesting of Options and Option Period.* At the time of the grant of an Option, the Compensation Committee may determine when any Option will become exercisable and may determine that the Option shall be exercisable in instalments on such terms as to vesting or otherwise, as the Compensation Committee deems advisable. Unless otherwise determined by the Compensation Committee, Options will vest, as to one-third of Options granted, on each of the first, second and third anniversaries of the date of grant, provided that the grantee is still a Participant at that time.
- *Restricted Shares Issuances.* The Share Incentive Plan permits the Compensation Committee to grant restricted shares to Participants. The Compensation Committee may determine when a restricted share shall vest, or have the restricted shares vest in instalment on such terms as the Compensation Committee deems to be advisable. After the restricted shares have vested and the Participant executes an award agreement, the Corporation will issue the Participant a certificate for the number of common shares granted as restricted shares. Once the Participant has the certificate, the Participant shall have the rights of a shareholder with respect to the restricted shares, subject to any restrictions or conditions as the Compensation Committee may in its discretion include in the applicable award agreement.
- *Restricted Share Units.* The Compensation Committee may grant Awards of RSUs to Participants in such amounts and subject to such terms and conditions as the Compensation Committee shall determine in its discretion. On the payment date, the Participant of each RSU shall receive common shares, cash, securities or other property equal in value to the common shares or a combination thereof, as specified in the applicable award agreement.
- *Deferred Share Units.* The Compensation Committee may grant Awards of DSUs to Participants in such amounts and subject to such terms and conditions as the Compensation Committee shall determine in its discretion. A Participant is only entitled to payment in respect of the DSUs when the Participant ceases to be an employee or director of the Corporation or any affiliate thereof for any reason. At the time of grant, the Compensation Committee shall determine whether the DSUs shall be redeemed for (i) common shares only, or (ii) at the option of the Participant, common shares or the redemption value determined in accordance with the applicable award agreement.
- *Performance Shares and Performance Share Units.* The Compensation Committee may grant Awards of performance shares to Participants in the form of (a) common shares or (b) performance share units, in such amounts and subject to such terms and conditions as the Compensation Committee shall determine in its discretion. A Participant who is granted a performance share unit will have only the rights of an unsecured creditor of the Corporation until payment of common shares, cash or other securities or property is made as specified in the applicable award agreement. In the event that a certificate is issued in respect of an Award of performance shares in the form of common shares, such certificate shall be registered in the name of the Participant but shall be held by the Corporation or its designated agent until the time the performance shares are earned or become vested in accordance with the terms of the applicable award agreement. The Compensation Committee shall determine in its sole discretion whether performance share units shall be settled in common shares, cash, securities or other property, or a combination thereof.
- *Other Equity-Based Awards.* The Compensation Committee may grant other types of equity-based or equity-related Awards to Participants (including the grant of unrestricted common

shares) in such amounts and subject to such terms and conditions as the Compensation Committee shall in its discretion determine. Such Awards may entail the transfer of actual common shares to Participants, or payment in cash or otherwise of amounts based on the value of common shares, and may include, without limitation, Awards designed to comply with or take advantage of the applicable local laws of foreign jurisdictions.

- *Term of Options.* The Compensation Committee may set the term of the Options, so long as such term is not more than ten years from the date of the grant of the Option.
- *Causes of Cessation of Entitlement.* The Share Incentive Plan sets out provisions regarding the exercise and cancellation of Options and Awards if a Participant's employment terminates or a Participant otherwise ceases to be eligible under the Share Incentive Plan. Under the Share Incentive Plan, subject to any express provisions included in an employment/termination agreement with respect to an Option, which shall in no case provide for an exercise period beyond 12 months from the termination date:
 - If the Participant ceases to be eligible by reason of retirement, early retirement at the request of the Corporation, death or disability, there shall be either (i) immediate vesting of all Options and Awards if so provided for in an employment/termination agreement, or (ii) immediate vesting of the Options and Awards that would have vested in the 12 months following the effective termination date in all other cases. All vested Options and Awards shall be exercisable or redeemed during the period that is the shorter of (x) the remainder of the option period (or other applicable period in respect of Awards), and (y) 180 days after the effective date of termination.
 - If the Participant ceases to be eligible for any reason other than those specified above, there shall be either (i) immediate vesting of all Options and Awards or immediate vesting of the Options and Awards that would otherwise have vested in the 90 days following the termination date, as applicable, if so provided in an employment/termination agreement, or (ii) no accelerated vesting of the Options and Awards in all other cases. All vested Options and Awards shall be exercisable or redeemed, as the case may be, during the period which is the shorter of (x) the remainder of the option period (or other applicable period in respect of Awards), and (y) 90 days after the termination date.
- *Assignability.* Except to the extent otherwise provided in the applicable award or option agreement, no Award or Option or right granted to any person under the Share Incentive Plan shall be assignable other than by will or by the laws of descent and distribution.
- *Amendments, Suspension or Termination of the Share Incentive Plan.* Subject to the provisions below respecting amendments requiring shareholder approval, the Compensation Committee may amend, suspend or terminate the Share Incentive Plan, at any time, including with respect to the following matters, provided that no such amendment, suspension or termination may be made without obtaining any required regulatory approvals or adversely affect the rights of any optionee or award holders who holds an Option or Award at the time of such amendment, without the consent of that optionee or award holder:
 - an amendment to the purchase price of any Option or Award, unless the amendment is a reduction in the purchase price of an Option or Award held by an insider to a price below the purchase price applicable to such Option or Award determined at the date of grant

(including a cancellation and re-grant of an Option at a lower price less than three months after the related cancellation);

- an amendment to the date upon which an Option or Award may expire, unless the amendment extends the expiry of an Option or Award held by an insider beyond the expiry date or term determined at the date of grant;
 - an amendment to the vesting provisions of the Share Incentive Plan and any option agreement or award agreement granted under the Share Incentive Plan;
 - an amendment to provide a cashless exercise feature to an Option or the Share Incentive Plan, whether or not there is a full deduction of the number of underlying common shares from the total number of common shares available for issuance under the Share Incentive Plan;
 - an addition to, deletion from or alteration of the Share Incentive Plan or an Option or Award that is necessary to comply with applicable law or the requirements of any regulatory authority or a stock exchange;
 - any amendment of a “housekeeping” nature, including, without limitation, amending the wording of any provision of the Share Incentive Plan for the purpose of clarifying the meaning of existing provisions or to correct or supplement any provision of the Share Incentive Plan that is inconsistent with any other provision of the Share Incentive Plan, correcting grammatical or typographical errors and amending the definitions contained within the Share Incentive Plan respecting the administration of the Share Incentive Plan;
 - any amendment respecting the administration of the Share Incentive Plan; and
 - any other amendment that does not require shareholder approval as set out in the section below or under applicable law or the requirements of any regulatory authority or stock exchange.
- *Amendments Requiring Shareholder Approval.* Shareholder approval will be required for the following amendments to the Share Incentive Plan:
 - any increase in the maximum number of common shares issuable, either as a fixed number or a fixed percentage of the Corporation’s outstanding common shares;
 - to remove or exceed the insider participation limit;
 - to an amending provision within the Share Incentive Plan;
 - any reduction in the purchase price of an Option or Award benefitting an insider to a price below the purchase price applicable to such Option or Award determined at the date of grant (but excluding, for greater certainty, a cancellation and re-grant of an Option to a lower price where the re-grant occurs at least three months after the related cancellation); and
 - any extension of the expiry date or term of an Option or Award benefitting an insider beyond the expiry date or term determined at the date of grant.

Termination and Change of Control Benefits

The employment agreements, as amended, between the Corporation and the NEOs contain the following termination and change of control provisions.

If Mr. Mitchelson or Mr. St-Jean is terminated without cause, he will be entitled to a lump sum payment of a multiple of his base salary (see below). He will also be entitled to continue to participate in and be covered by the Corporation's benefit plans until the earlier of (a) the date that is one year following such termination, and (b) the date on which he commences employment with a new employer, and the Corporation will pay for up to \$20,000 of outplacement services to the extent actually and properly incurred on his behalf. In the event of a change of control (as defined below) of the Corporation, and in the case of Mr. Mitchelson, a significant change in the business of the Corporation, the NEO has the right (in the case of Mr. St-Jean, for a period of six months following the change of control) to terminate his employment agreement on 30 days' notice and will be entitled to a lump sum payment of a multiple of the NEO's base salary (see below).

If Mr. Sinclair, Mr. Selby or Ms. Muinonen is terminated without cause, such NEO will be entitled to payment of a multiple of the NEO's base salary (see below) in a lump sum or by salary continuation. The NEO's benefits coverage will continue until the end of the applicable compensation period (see below). In the event of a change of control (as defined below) of the Corporation, the NEO may elect, during the six month period immediately following the date of such change of control, to terminate the NEO's employment agreement by 60 days' notice and will be entitled to a lump sum payment of a multiple of the NEO's base salary (see below).

A "change of control" is defined as when any individual, sole proprietorship, partnership, unincorporated association, unincorporated syndicate, unincorporated organization, trust, body corporate, or a natural person in his or her capacity as trustee of any of the foregoing, alone or acting in concert with any of the foregoing or combination of the foregoing, beneficially own or control, directly or indirectly, over 40% of the outstanding common shares or the votes attaching thereto of the Company. In the case of Mr. Mitchelson, a "change of control" is defined as the event where any person, firm or corporation or other entity, whether by merger, purchase or otherwise, shall acquire all or substantially all of the assets or business of the Corporation.

For the NEOs, vesting of options and awards accelerate on a change of control, and accelerate on a complete or partial basis on a termination without cause.

For illustrative purposes, had a change of control occurred on December 31, 2013, the applicable multiple, the compensation period for benefits, the amounts payable and the incremental value of options and awards in respect of which vesting would have accelerated would have been as follows:

Name	Multiple	Aggregate Amount Payable for Base Salary (\$)	Compensation Period for Benefits	Aggregate Amount Payable for Benefits (\$) ⁽¹⁾	Option-Based Awards – Value Vested (\$) ⁽²⁾	Share-Based Awards – Value Vested (\$) ⁽³⁾	Other
Tyler Mitchelson ⁽⁴⁾	3 times	1,155,000	1 year	-	5,000	-	up to \$20,000 ⁽⁵⁾
Fraser Sinclair	2 times	560,000	2 years	-	2,500	-	-
Mark Selby ⁽⁴⁾	2 times	460,000	2 years	-	2,500	-	-
Alger St-Jean	2 times	420,000	1 year	-	1,725	-	up to \$20,000 ⁽⁵⁾

Name	Multiple	Aggregate Amount Payable for Base Salary (\$)	Compensation Period for Benefits	Aggregate Amount Payable for Benefits (\$) ⁽¹⁾	Option-Based Awards – Value Vested (\$) ⁽²⁾	Share-Based Awards – Value Vested (\$) ⁽³⁾	Other
Johnna Muinonen	2 times	420,000	2 years	-	1,725	-	-

Notes:

- (1) The aggregate value of benefits was less than \$50,000 for each NEO for the financial year.
- (2) The value of Options and SARs in respect of which vesting would have accelerated on a change of control was calculated using the closing price of the common shares on the TSX on December 31, 2013 which was \$0.28 per share, less the exercise or base price of the award.
- (3) Amounts are nil as all share-based awards were fully vested as of December 31, 2013.
- (4) Mr. Mitchelson resigned as the President and Chief Executive Officer, and Mark Selby was appointed the Interim President and Chief Executive Officer, in each case effective February 11, 2014. Had such change occurred prior to December 31, 2013, no amounts would be shown in the table above for Mr. Mitchelson, and the amount shown for Mr. Selby under “Aggregate Amount Payable for Base Salary” would be \$700,000.
- (5) Each of Messrs. Mitchelson and St-Jean is entitled to a payment of up to \$20,000 of outplacement services to the extent actually and properly incurred on his behalf.
- (6) If, instead of a change of control, an NEO had been terminated without cause as of December 31, 2013, all of the amounts in the above table would be the same, except that in the Option-Based Awards column, the amounts would be nil except for Mr. Mitchelson. For Mr. Mitchelson, the amount would be the same.

Director Compensation

The Corporation’s compensation philosophy for directors is designed to provide competitive compensation sufficient to attract, retain and motivate highly skilled directors. Directors’ compensation was reviewed by the Compensation Committee in 2013. Directors’ compensation includes the following:

1. An annual retainer for each director (other than the Executive Chairman of the Board and Mr. Mitchelson who until February 11, 2014 was the President and Chief Executive Officer of the Corporation).
2. An annual retainer for the Executive Chairman of the Board.
3. An annual retainer for each committee Chair.
4. A meeting fee for each director for each properly called and duly constituted meeting attended (in person or by phone) by such director (other than the Executive Chairman of the Board and Mr. Mitchelson who until February 11, 2014 was the President and Chief Executive Officer of the Corporation).
5. An initial grant of stock options or other share-based compensation for each director upon being elected to the Board and an additional grant of stock options or share-based compensation from time to time, in each case as approved by the Board.

The annual retainer may be taken in the form of cash or, subject to the limits set forth in the Corporation’s Share Incentive Plan and the recommendation of the Compensation Committee and approval by the Board, share-based compensation.

While it was agreed that the annual retainer and meeting fees for directors should target the 50th percentile and total compensation should target the 50th to 75th percentile of the comparator group selected for the year, actual compensation in 2013 was below those percentiles.

Director Compensation Table

The following table (presented in accordance with Form 51-102F6) sets forth all amounts of compensation provided to the directors for the Corporation's financial year ended December 31, 2013. Mr. Mitchelson, who until February 11, 2014 was the President and Chief Executive Officer of the Corporation, did not receive any remuneration for his service as a director of the Corporation.

Name	Fees earned (\$)	Share-based awards (\$)	Option-based awards (\$)⁽¹⁾	All other compensation (\$)	Total (\$)
Peter Goudie	47,500	-	12,322	-	59,822
Scott M. Hand	125,000	-	18,483	-	143,483
Peter C. Jones	51,250	-	12,322	-	63,572
Frank Marzoli	38,750	-	12,322	-	51,072
Gilles Masson	53,750	-	12,322	-	66,072
Darryl Sittler	40,000	-	12,322	-	52,322

Notes:

- (1) Represents options and stand-alone cash-settled SARs. On December 12, 2013, Mr. Hand received a grant of 75,000 SARs, and the other directors each received a grant of 50,000 SARs. Subject to certain exceptions relating to a change of control or ceasing to be a director, the SARs granted to the directors vest if the Compensation Committee passes a resolution approving the redemption of the SARs having regard to the Corporation's financial condition, project status and overall market conditions, provided that the number of SARs to vest will be dependent upon the length of service of the director as follows: one-third will not be dependent on the length of service and shall vest upon the Committee approval condition referred to above, one-third will only vest subject to the Committee approval referred to above if the director is still serving as a director on the first anniversary of the date of grant and the remaining one-third will only vest subject to the Committee approval referred to above if the director is still serving as a director on the second anniversary of the date of grant. Notwithstanding the above, in the event that the Committee approval condition is not met prior to December 12, 2018, the SARs will be redeemed on December 12, 2018. The fair value of option-based awards was determined using the Black-Scholes pricing model. The Black-Scholes award valuation is determined using the exercise price or base price (in the case of SARs), expected life of the award, expected volatility of the common share price, expected dividend yield and risk-free interest rate. The Corporation assigns an exercise or base price equivalent to the value of one common share on the TSX on the date immediately preceding the grant date.

Discussion of Director Compensation Table

Significant factors necessary to understand the information disclosed in the Director Compensation Table above include retainers and fees and DSUs and SARs granted under the Share Incentive Plan (for more information, see "Share Incentive Plan" above).

Retainers and Fees

The Board meets annually to review the adequacy and form of directors' compensation. The following represents the director compensation arrangements in place for 2013:

Annual Board Retainer (base) ⁽¹⁾	\$20,000
Annual Retainer for the Executive Chairman of the Board.	\$125,000
Additional Annual retainer for Chairman of the Audit Committee	\$10,000
Additional Annual retainer for Chairpersons of other Board Committees	\$5,000
Board/Committee meeting attendance fee ⁽¹⁾	\$1,250

Notes:

- (1) Paid to all directors other than the Executive Chairman of the Board and Mr. Mitchelson who until February 11, 2014 was the President and Chief Executive Officer.

All amounts referred to above have been reduced effective January 1, 2014 to the following amounts until financial conditions improve: annual board retainer - \$16,000; annual retainer for the executive chairman of the board - \$100,000; additional annual retainer for chairman of the audit committee - \$8,000; additional annual retainer for chairperson of other board committees - \$4,000; and board/committee meeting attendance fee - \$1,000.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Royal Nickel considers good corporate governance to be central to the effective and efficient operation of its business and is committed to implementing high standards of corporate governance and reporting. The Board reviews and formulates policies with respect to corporate governance issues. Royal Nickel attempts, so far as is practical and reasonable given the nature of Royal Nickel's business and available resources, to seek to adhere to the guidelines outlined in *National Policy 58-201 – Corporate Governance Guidelines*.

Board of Directors

Composition of the Board

The Board is currently comprised of seven directors. At the Meeting, all of the directors will be standing for re-election. The Board has considered the independence of each of its directors. Consistent with *National Instrument 58-101 – Disclosure of Corporate Governance Practices* (“NI 58-101”), to be considered independent, the Board must conclude that a director has no material relationship with the Corporation. A “material relationship” is a relationship that could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment and includes an indirect material relationship.

The Board has concluded that six directors (Messrs. Goudie, Hand, Jones, Marzoli, Masson and Sittler) are “independent” (as defined in NI 58-101) for purposes of board membership and therefore, a majority of the directors are independent. By virtue of his position as the former President and Chief Executive Officer, Mr. Mitchelson is not considered independent.

Other Directorships

Certain directors of the Corporation are also presently directors of other issuers that are reporting issuers (or the equivalent) in Canada or elsewhere. Information as to such other directorships is set out below.

Director	Public Corporation
Scott M. Hand	Manulife Financial Corporation Legend Gold Corp. Chinalco Mining Corporation International
Peter C. Jones	Century Aluminum Company Lundin Mining Corporation
Gilles Masson	Semafo Inc.
Darryl Sittler	Wallbridge Mining Company Limited Miocene Metals Ltd. Frontline Gold Corporation Margaret Lake Diamonds Inc.

Independent Directors' Meetings

The Board meets at least once each quarter, with additional meetings held as deemed necessary. A session of the independent directors is held at which non-independent directors and members of management are not in attendance at the end of each regularly scheduled Board meeting. In 2013, five Board meetings were held at which such independent sessions were held.

Chair of the Board

The Board has concluded that Mr. Hand, the Executive Chairman of the Board, is an independent director. The prime responsibility of the Executive Chairman is to provide leadership to the Board to enhance Board effectiveness. The Board has ultimate accountability for supervision of management of the business and affairs of the Corporation. Critical to meeting this accountability is the relationship between the Board, management and shareholders. The Executive Chairman oversees these relationships and acts as the presiding member of the Board with a view to ensuring that these relationships are effective, efficient and further the best interests of the Corporation.

Attendance at Meetings

The Board meets regularly to review the activities and financial results of the Corporation and as necessary to review and consider significant impending actions of the Corporation. For the attendance record of each director for all Board meetings held during the financial year ended December 31, 2013, please see the table under "Business of the Meeting – Election of Directors".

Board Mandate

The Charter of the Board of Directors (the "**Board Charter**") sets out the roles and responsibilities to be discharged by directors. A copy of the Board Charter is attached as Appendix A to this Circular.

Position Descriptions

Written position descriptions have been developed by the Board for the Executive Chairman of the Board, the Chairs of the committees of the Board and the Chief Executive Officer of the Corporation. These position descriptions have been approved by the Board.

Orientation and Continuing Education

In accordance with the Corporation's policies on orientation for new directors, each new director is provided a copy of the Corporation's Director Handbook, which contains written information about the Corporation's governing documents, code of business conduct and ethics, charters and other material information about the Corporation. Directors are strongly encouraged to visit the Corporation's facilities and operations and to meet with the senior executives of the Corporation, when appropriate. Directors are also encouraged to be a member of a professional director organization and/or have a subscription with an organization that provides educational materials or corporate governance and/or director responsibilities, current trends and other relevant director information.

Code of Business Conduct and Ethics

The Board has adopted a written Code of Business Conduct and Ethics (the "**Code**") to outline principles to which Royal Nickel's employees, officers and directors are expected to adhere in the conduct of the Corporation's business. The Code addresses, among other things, conflicts of interest, protection and

proper use of corporate assets and opportunities, confidentiality of corporate information, compliance with laws and the reporting of illegal or unethical behaviour. All employees, officers and directors are expected to abide by the Code. Compliance with the Code is monitored by the Corporate Governance and Nominating Committee. In order to ensure compliance with the Code, directors, officers and other employees of the Corporation may be required to provide certificates of compliance with the Code at least annually. The Code is available on SEDAR at www.sedar.com.

The Corporation has also adopted a whistleblower policy, an insider trading policy and other policies with a view to promoting a culture of ethical business conduct.

Nomination of Directors

The Corporate Governance and Nominating Committee (the “**CGN Committee**”) assists in the identification of and recommends to the Board nominees for election or re-election to the Board, or for appointment to fill any vacancy that is anticipated or has arisen on the Board. The process by which the Board will identify new candidates for Board nomination will involve: periodically, or as frequently as deemed necessary, reviewing the appropriate skills and characteristics required of Board members to add value to the Corporation; periodically, or as frequently as deemed necessary, reviewing the current composition of the Board in light of the characteristics of independence, diversity, age, skills, experience and availability of service of its members and of anticipated needs; and seeking and reviewing individuals qualified to become members of the Board, in the context of the Corporation’s needs and the criteria established by the Board.

The Corporation has adopted a majority voting policy that stipulates that, except in a contested meeting, if a director nominee receives a greater number of votes withheld for his or her election than for his or her election, the nominee will submit his or her resignation promptly after the meeting. Within 90 days of the meeting, the CGN Committee will make a recommendation to the Board, and the Board’s decision to accept or reject the resignation offer will be disclosed to the public. Subject to certain exceptions, the nominee will not participate in any committee or Board deliberations on the resignation offer. The Corporation is entitled to nominate only those candidates for election or re-election as directors who agree, prior to their nomination, to tender their resignations in accordance with the terms of the policy.

The CGN Committee also develops and recommends to the Board the corporate governance procedures, charters and policies of the Corporation, monitors compliance with such procedures, charters and policies and assesses the effectiveness of the Board as a whole as well as the contribution of committees and individual members.

Compensation

It is the Compensation Committee’s responsibility to: develop a compensation philosophy and policy; evaluate and make recommendations to the Board regarding cash, equity-based and incentive compensation of the Corporation’s directors and senior executives; review and approve the goals and objectives relevant to the compensation of the Chief Executive Officer, evaluate the performance of the Chief Executive Officer in light of those goals and objectives and make recommendations to the Board for the Chief Executive Officer’s compensation based on the evaluation; review and make recommendations to the Board with respect to the compensation of directors; make certain determinations with respect to the compensation of senior executives other than the Chief Executive Officer; and review executive compensation disclosure before the Corporation publicly discloses the information.

For information regarding the process by which the Board determines the compensation for the Corporation’s senior executives, please see “Statement of Executive Compensation – Compensation

Discussion and Analysis”. For information regarding the process by which the Board determines the compensation for the Corporation’s directors, please see “Statement of Executive Compensation – Director Compensation”.

Other than the Audit Committee, the Compensation Committee and the CGN Committee, the Board does not have any other standing committees other than the Health, Safety and Environment Committee (the “**HSE Committee**”). The HSE Committee is responsible for overseeing the development and implementation of policies and management systems of the Corporation relating to environmental and health and safety issues in order to ensure compliance with applicable laws and best management practices. It is the HSE Committee’s responsibility to ensure adequate resources are available and systems are in place for management of the Corporation to implement appropriate environmental, health and safety programs and to ensure that the Corporation has implemented an environmental and health and safety compliance audit program.

Board Assessments

The Board has express responsibility under the Board Charter to assess its own effectiveness in fulfilling its responsibilities, including monitoring the effectiveness of its committees and individual directors. The CGN Committee is the committee responsible for establishing criteria and processes for, and leading the Board in an annual performance evaluation of the Board, its committees and individual directors. The results of the annual evaluation are then reported to the full Board by the chair of the CGN Committee.
