6) Describe the Issuer's Business, Products and Services

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the following:

A. DESCRIPTION OF BUSINESS

B. The ITNF current mission is to research and grow Internet Infinity ("ITNF") revenue and earnings by assisting clients, strategic alliance associates and others in business relationships to improve their internet business success. Through affiliated subsidiaries we can grow their/our internet business operations by helping our direct customer better serve their targeted consumers.

C. As our name Internet Infinity ("ITNF") implies, there are "few limits" on what we could accomplished with ITNF as a service provider effectively and creatively using the internet.

D. For example, we believe there are now over 50-million seniors over 65 years old in the United States. And that number is increasing by 10,000 per-day. It is estimated that there will be over 50-million USA seniors by 2019 accord to the US Census Bureau. There are now over 680-million persons in the world and that will increase to 2 billion by 2050. Therefore one of our targeted groups is senior citizens, aka: retired persons.

E. George" Morris, PhD aka: ("Dr. George") (T) has returned to ITNF after a number of years of university teaching and partial retirement as Professor Emeritus at California State University. His areas of specialization are marketing, finance and psychology. He was one of the first professors to use the "One-to-One – Internet" Marketing Strategy concept.
F. Today, Internet Infinity is seeking profitable, ("positive cash flow") growth through business strategic alliances and/or company relationships, to help serve, but not exclusively, the senior

target market. One of our forthcoming promising efforts is "The Fountain of Youth Society." Our goal has evolved and expanded with the senior target market business research. However, there is no guarantee that we can deliver any of the services in our plan.

G. ITNF's initially focus was on selling Internet software many years ago. However, the Internet Infinity operations were put on hold until we could find an alternative revenue opportunity. Now, Morris has completed the handling of family and personal health responsibilities. And he is proposing this growth model for revenue and profits

H. Dr. George believes that we have a very large business opportunity to work with seniors. He says: "we are today at the largest intersection of population age and marketing opportunity." And we want to be a main source of information and support for service providers to senior consumers.

I. Date and State (or Jurisdiction) of Incorporation:
Internet Infinity, Inc. (III or "the Company") was incorporated in the State of Delaware by George Morris on October 27, 1995. III was in the business of distribution of electronic media services until unfair foreign price competition destroyed the market. The Company was re-incorporated in Nevada on December 17, 2004 and reorganized by its founders in Fiscal 2014. The Company is currently a Development Stage Company with a main operations office in Dripping Springs (Austin area) Texas.

J. the issuer's primary and secondary SIC Codes;

8600 Services Membership Organization
8200 Educational Services
5960Retailers-Nonstore Retailer Consultant

K. the issuer's fiscal year end date;

March 31

L. principal products or services, and their markets;

Internet Infinity ("ITNF") through client negotiations and Strategic Alliance Agreements will facilitate bringing together suppliers and referring their target market products and services for distribution. The "Seniors Market" is currently our first target. The goal is to support a healthy good Senior life through products like health care, happiness, diet, housing, communication, mobility companionship, comfort, etc.

7) Describe the Issuer's Facilities

As a virtual company, we refrain from brick and mortar investments, other than profit participation in the management of senior housing and related health facilities. We focus on digital and cloud strategies and internet resources. Dr. George and the ITNF team with computers are inked through the Internet. We control our financial overhead and resources and will get us the flexibility and power to remain competitive.

Some of our most important assets are human resources including our Board of Directors with Dr. George, our domain names, web-sites and hosting and communications system.

8) A. Directors and Control Persons are shown below:

Dr. George Morris is the control Officer and Major shareholder with over 90% of the control with Morris and his family.

Internet Infinity will start the recruitment process or more officers, managers and Directors as the company move forward into the new fiscal year starting April 1, 2016.

GEORGE MORRIS, Ph.D. Dr. Morris has been the Chairman of the Board of Directors, principal shareholder, and Secretary of Internet Infinity since Internet Infinity was formed and went public. He says: "it's time for me to perform and I believes the most important measure of a CEO is the company's stock price. George is responsible for the new direction and business plan for ITNF to serve as a development stage company for assistance to providers of senior living products, services and information. In addition, Morris is currently facilitating the accounting and trading of ITNF stock and planning a revival of ITNF performance through the seniors living program. Morris also heads a 501C3 Non-profit organization dedicated to helping senior patriots and senior veterans, in conjunction with ITNF. George Morris has also been the owner of Morris Business Development Company, a 1940s Securities Act BDC with Merger and Acquisition support since 1974. Dr. Morris was the President, and founder of Morris Financial, Inc., a highly connected NASD member financial broker-dealer firm, since its inception in 1987. The Broker Dealer was voluntarily closed in June 2015 without regulatory problems. Dr. Morris earned a Bachelor of Business Administration and Masters of Business Administration from the University of Toledo, and a Ph.D. (Doctorate) in Marketing and Finance and Educational Psychology from the University of Texas, Austin... He has retired as Professor Emeritus from California State University and was Assistant Professor at the University of Southern California. Dr. Morris was the West Coast Regional Director of the American Society for Training and Development, a Director of the South Bay Business Roundtable and a speaker on a number of topics relating to business, training and development and successful living. Morris has created or been directly involved in the design, writing and development of numerous Internet web sites for Internet Infinity and Morris Business Development Company.

GEORGE ROTH, M.S., B.S., of Las Vegas, Nevada primary area of business consulting practice for over 40 years has been structuring small business enterprises to access growth capital while remaining compliant with regulators and securities laws. Mr. Roth after earning an undergraduate degree in electromechanical engineering, graduated from the Carnegie Mellon University with graduate degrees in Management and Science in 1959. He entered the southern California Aerospace industry employed as Senior Program Manager for Division Vice Presidents of Ford Motor Company, Northrop Space Labs, and McDonnell Douglas Special Programs where he held high level security clearances and accomplished the recovery of $61 million in project costs from the Air Force. Mr. Roth founded Securities Compliance Control LLC (SCC) in 1999 in response to the imposition of tougher regulations adopted by the NASD aimed at small businesses. Pursuing his continuing career of providing solutions to regulatory requirements for microcaps, George Roth draws on his extensive experience and international contacts in business development for hundreds of clients in both private and public sectors. He has worked with leading securities counsel and CPA's. After leaving aerospace in 1969, Mr. Roth advised such Los Angeles law firms as Ball, Hart, Hunt and Brown, and O'Melveny & Meyers as to corporate structuring strategies, forming several publicly traded corporations. He was sponsored by these firms to attend and receive credit for the California Bar associations CEB courses in Securities Law and Taxation. Relocating to Las Vegas in 1970, he continued his work with local CPA's and law firms such as Jones Bilbray Bonner and Brown, as well as expanding his business offices from time to time into New York, Florida, Texas, Utah, Denver, and Los Angeles. Over the years, Mr. Roth has established a large number of publicly traded entities that have since been acquired or transformed into companies that continue to trade today. Additionally, his past contacts with funding sources produced results for a number of mortgage companies

PAUL RADEMAKER. Mr. Paul Rademaker from Laguna Hills of Rademaker Consulting brings us 30-years of business management experience including positions of chief operations officer, chief financial officer and president in an array of companies. He spent 15 years specialized in turning around financially troubled companies as well as a consultant to start-up, small and medium size companies in the areas of process flow, administration, and business planning and budget controls. He holds a BS in Chemistry and an MBA in Finance from California State University. He is also an Adjunct Professor at Pepperdine University managing the entrepreneurial program for the MBA program as well as other adjunct assignment assisting students with business development.
