ENCOUNTER CARE SOLUTIONS, INC. AND SUBSIDIARY
NOTES TO FINANCIAL STATEMENTS
December 31, 2015

Note 1. Organization and Significant Accounting Policies

Organization and Line of Business

Encounter Care Solutions, Inc. ("the Company") is a Delaware corporation organized March, 2000 and is an integrated healthcare company that operates its business through two divisions: Healthcare Technology Division and the Healthcare Services Division. Encounter Care Solutions, Inc.'s operating businesses offer a broad range of proprietary healthcare technology, products and services that address several very sizeable and rapidly growing target markets, including: the Telemedicine Market, Healthcare Information Technology Market, and Home Healthcare Market.

In July 2012, a new subsidiary of Encountercare was formed and incorporated in the state of Delaware by the name of Cyber Fuels, Inc. This subsidiary enters the company into the alternative fuels market.

Joint Venture Termination

In June 2008 we formed a joint venture with Authentidate Holding Corp., called ExpressMD TM Solutions LLC to provide in-home patient vital signs monitoring systems and services. The company and Authentidate Holding Corp. each owned fifty percent of the joint venture and neither party had any special rights under the joint venture agreement. ExpressMD Solutions did not have any assets or liabilities and Authentidate Holding Corp. did not have any recourse to our general credit. ExpressMD Solutions was consolidated in Authentidate Holding Corp.'s financial statements because Authentidate Holding Corp. elected to provide the majority of funding for the joint venture and was deemed to be the primary beneficiary.

On November 21, 2011, the company entered into a definitive Joint Venture Termination Agreement (the "Agreement") with Authentidate Holding Corp. (the "Buyer"), providing for the assignment and transfer to the company of all of the membership interests held by Seller in ExpressMD Solutions. At the closing on November 21, 2011, the joint venture agreement was terminated, ExpressMD Solutions became a wholly-owned subsidiary of Authentidate Holding Corp. and the company granted the company a license to use certain intellectual property. Pursuant to the Agreement, Authentidate Holding Corp. agreed to pay to the company $1,000,000 in cash and deliver to the company 1,500,000 shares of restricted common stock of Authentidate Holding Corp. The cash payment is due as follows: $50,000 was received prior to the date of the Agreement; $475,000 was received at the closing; $200,000 was received in April 2012; and $275,000 is due on or prior to October 1, 2012. In addition, upon the closing Authentidate Holding Corp. forgave the company approximately $800,000 for operating expenses advanced to the joint venture. The company recorded a gain on sale of equity method investment.

Principles of Consolidation

The consolidated financial statements for period ended December 31, 2015 includes the accounts of Encountercare, Inc. and its wholly owned subsidiaries; Building Block Pediatric Home Health Services, Inc. and Cyber Fuels Inc. Significant intercompany accounts and transactions have been eliminated in consolidation.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the year. Estimates include the valuation allowance on deferred tax assets and valuation of stock issued for services. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid temporary cash investments with an original maturity of twelve months or less to be cash equivalents. At December 31, 2015, the Company had no cash equivalents. The Company at times has cash in banks in excess of FDIC insurance limits. At December 31, 2015, cash balance exceeded these limits by none. The Company's cash balance was overdrawn by $1,296 as of December 31, 2015.

Note 1. Organization and Significant Accounting Policies- Cont.

Inventory

The Company's inventory is stated at the lower of cost or market using the FIFO costing method. Inventory on hand totaled $54,120 at December 31, 2015. Inventory consisted of components and finished goods available and ready for sale in the Cyber Fuels subsidiary.

Revenue Recognition

The Company recognizes revenue over the period the service is performed in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") No. 605, Revenue Recognition in Financial Statements. In general, ASC No. 605 requires that four basic criteria must be met before revenue can be recognized: (i) persuasive evidence of an arrangement exists, (ii) delivery has occurred or services rendered, (iii) the fee is fixed and determinable, and (iv) collectability is reasonably assured.

Property and Equipment

Property and equipment are stated at cost and depreciated on the straight line method over the estimated life of the asset, which is 5 years.

Intangible Assets

In accordance with ASC No. 350, Intangibles, Goodwill and Other, the Company requires that intangible assets with a finite life be amortized over their life and requires that goodwill and intangible assets be reviewed for impairment annually or more frequently if impairment indicators arise.

The intangible asset of $610,025 at December 31, 2015 represents software of $491,111 in Encountercare, Inc. and $118,914 of patents assigned to Cyber Fuels Inc. a wholly owned subsidiary.

Investment in subsidiary

In 2008, the Company acquired Building Blocks Pediatric Home Health Services, Inc. by obtaining interest in exchange for 4,000,000 shares of the Company's stock at a fair value of $0.07 per share. The total consideration paid for the acquisition was $280,000 (See Notes 3 and 6).

Bond Deposit

On November 22, 2013 the company was awarded a temporary injunction order. As a result the company paid a $51,044. On January 16, 2015 the company considered the matter resolved and the bond deposit was returned to the company for the full amount of $51,044.

Advertising

The costs incurred for producing and communicating advertising are charged to operations as incurred. Advertising expense for December 31, 2015 was $12,128.

Fair Value of Financial Instruments

The carrying amounts reported in the balance sheet for accounts receivable, deposits, accounts payable, accrued expenses, is the approximate fair value based on the short-term maturity of these instruments.

Income Taxes

The Company accounts for income taxes under FASB Codification Topic 740-10-25 ("ASC 740-10-25") Income Taxes. Under ASC 740-10-25, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under ASC 740-10-25, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Note 1. Organization and Significant Accounting Policies- Cont.

The net deferred tax liability in the accompanying balance sheets includes the following amounts of deferred tax assets and liabilities:

	December 31, 2015
Deferred Tax Liability	$ -
Deferred tax asset	
Net operating Loss Carry Forward	23,987,695
Valuation Allowance	(23,987,695)
Net Deferred Tax asset	$ -
Net Deferred Tax Liability	$ -

The provision for income taxes has been computed as follows:

	December 31, 2015
Expected income tax recovery (expense) at the statutory rate of 35% - Federal	$ 251,435
Expected income tax recovery (expense) at the statutory rate of 8.7% - State	62,500
Tax effect of expenses that are not deductible for income tax purposes	(92,819)
Change in valuation allowance	(221,116)
Provision for income taxes	$ -

The valuation allowance was established to reduce the deferred tax asset to the amount that will more likely than not be realized. This is necessary due to the Company's continued operating losses and the uncertainty of the Company's ability to utilize all of the net operating loss carry forwards before they will expire through the year 2035.

The net change in the valuation allowance for the period then ended December 31, 2015 was a decrease of $221,116.

The components of income tax expense related to continuing operations are as follows:

	December 31, 2015
Federal	
Current	-
Deferred	$ -
	-
State and Local	
Current	-
Deferred	-
	$ -

Basic and Diluted Net Loss per Common Share

Net Loss per Common Share is computed pursuant to FASB Accounting Standards Codification No. 260, *Earnings per Share*. Basic net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period. Diluted net loss per share is computed by dividing net loss by the weighted average number of shares of common stock and potentially outstanding shares of common stock during each period.

Note 1. Organization and Significant Accounting Policies- Cont.

Recent Accounting Pronouncements

In December 2011, FASB issued Accounting Standards Update 2011-11, Balance Sheet - Disclosures about Offsetting Assets and Liabilities" to enhance disclosure requirements relating to the offsetting of assets and liabilities on an entity's balance sheet. The update requires enhanced disclosures regarding assets and liabilities that are presented net or gross in the statement of financial position when the right of offset exists, or that are subject to an enforceable master netting arrangement. The new disclosure requirements relating to this update are retrospective and effective for annual and interim periods beginning on or after January 1, 2013. The update only requires additional disclosures, as such; we do not expect that the adoption of this standard will have a material impact on our results of operations, cash flows or financial condition.

Note 2. Accounts Receivable

At December 31, 2015, the Company had the following accounts receivable:

	As of December 31, 2015

Total	$ 2,053,161	(32,187)	$ 2,020,974

Note 7. Stockholders' deficit

The company has 75,000,000 shares of common stock authorized with 61,239,294 outstanding with a par value of .001 as of December 31, 2015. There are currently no dividend or preemptive rights. Each outstanding share of common stock is entitled to one vote on corporate matters requiring a vote. Certain corporate matters, such as normal business operations are conducted by the officers of the corporation acting under direction of the board of directors. There are no other material rights of common shareholders. There are no provisions in the Company's bylaws that would delay, defer or prevent a change in control of the Issuer. The company also has 100,000 shares of preferred stock at a par value of .001 with none issued.

The excess shares issued of 19,501,745 are currently being classified under current liabilities as common stock issued in excess of authorized shares. Therefore the equity transactions listed below are not contained in the consolidated statement of changes in the stockholders' deficit.

In October 2012, The Articles of incorporation were amended with the state of Delaware to increase the authorized shares of common stock from 30,000,000 to 75,000,000. In addition to increasing the authorized shares to 75,000,000 the company is seeking through the state chancellery board to retroactively amend the articles of incorporation.

Note 10. Investments in marketable securities and fair value

As of December 31, 2015, the Company has investments in marketable securities, as a result of the joint venture see Note 1. The following table summarizes the amortized cost, fair value and weighted-average yield of securities.

	As of December 31, 2015 Cost	Fair Value	Yeild
Marketable Securities	$ 405	$ 355	-14%

ASC 820 defines fair value, establishes a framework for measuring fair value under GAAP, and expands disclosures about fair value measurements. Under GAAP, fair value of such securities is determined based upon a hierarchy that prioritizes the inputs to valuation techniques used to measure fair values into three broad levels.

The fair value of the Company's financial assets and liabilities reflects the Company's estimate of amounts that it would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from sources independent from the Company) and to minimize the use of unobservable inputs (the Company's assumptions about how market participants would price assets and liabilities).

Note 10. Investments in marketable securities and fair value– Cont.

The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.

Level 3: Unobservable inputs based on the Company's assessment of the assumptions that market participants would use in pricing the asset or liability.

	Level 1: Quoted Prices in Active Markets for Identical Assets	Level 2: Quoted Prices in Inactive Markets for Identical Assets	Level 3: Significant Unobservable Inputs	Total at December 31, 2015
Marketable Securities	$ 405	-	-	$ 405

Note 11. Subsequent events

In preparing the financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through February 15, 2015, the date the financial statements were issued.

Cyberfuels, Inc., a subsidiary of ECSL has received its first order/purchase order for fuel from Gestion BG of Kahnawake. The order is for EcoFlex96 fuel and the first delivery is scheduled for March 3, 2016. The order is for $ 91,639.30 USD.
