**NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS**

***Organization and Nature of Operations*** – Blue Diamond Ventures, Inc. (OTC MARKETS, PINK: BLDV) is incorporated under the laws of the State of Nevada and has sales and distribution agreements in place to market and sell: solar power, insurance services, antimicrobial treatments for the agriculture industry, waste to energy, waste water management and atmospheric water generating systems, and a wholly owned subsidiary, which, with Blue Diamond Ventures, Inc., are referred to herein as the Company or BLDV.

Blue Diamond Ventures, Inc. Along with our partners we will introduce to the market existing technologies and develop others that will minimize natural resource usage and increase efficiency. In addition, we will continue to lead the charge to create clean spaces through the introduction of Anti-Microbial treatments that are mechanical, organic and or are non-caustic green chemical solutions.

In July 2015, The Board of Directors of Blue Diamond Ventures, Inc. the then parent company of Green Growth Holdings, Inc. approved a corporate resolution to transfer from Green Growth Holdings, Inc. all of the company's assets and to remove Green Growth Holdings, Inc. out from under Blue Diamond Ventures, Inc. umbrella.

In July 2015, as per a Board of Directors approved corporate resolution, Blue Diamond Ventures, Inc. transferred Green Growth Holdings, Inc.'s Limited Sales and Distribution Agreement with True Leaf LLC a leading manufacturer and supplier of NON GMO SEEDS in the United States To Blue Diamond Ventures, Inc. You may learn more about this company by visiting their consumer website: <https://mvseeds.com>.

In July 2015, as per a Board of Directors approved corporate resolution Blue Diamond Ventures, Inc. transferred Green Growth Holdings, Inc.'s wholly owned subsidiary Clean 1st LLC a leading manufacturer /packager of Nano-surface cleaning technologies along with other cleaning, disinfecting and odor reducing solutions that are marketed for sale within the agriculture industry as well as other vertical markets to Blue Diamond Ventures, Inc.

Clean 1st LLC currently markets several products under the brand names: Cannabis-Clean, Clean 1<sup>st</sup> and an Air Deodorizer product that is in the process of being rebranded. You learn more about Clean 1st LLC by visiting their website: <http://cannabis-clean.com>.

Blue Diamond Ventures, Inc. has hired several talented independent commission based sales agents to represent our products and services both domestically and worldwide.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Presentation*** – The accompanying consolidated financial statements have not been audited and are the representation of management. While an attempt has been made to prepare the statements in accordance with accounting principles generally accepted in the United States of America for and pursuant to the rules and regulations of the United States Securities and Exchange Commission (“SEC”), several disclosures have been omitted pending external audits and disclosure completion. In the opinion of management, revenues and expenses are a fair and comparable representation of current operations.

***Reclassifications*** – Certain amounts presented in the previous unaudited consolidated financial statements have been reclassified to conform to current-period presentation. These reclassifications have had an effect on net income and stockholders’ equity.

***Principles of Consolidation*** – The accompanying consolidated financial statements include the operations, transactions and balances of Blue Diamond Ventures, Inc. and all of its wholly-owned subsidiaries. Intercompany balances and transactions have been eliminated in consolidation.

***Use of Estimates*** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Significant estimates include the recoverability of merchant reserves, revenue returns and refunds, share-based compensation forfeiture rates, and the potential outcome of future tax consequences of events that have been recognized for financial reporting purposes. Actual results and outcomes may differ from management’s estimates and assumptions.

***Cash and Cash Equivalents*** – The Company considers all highly-liquid investments purchased with an original maturity of three months or less to be cash equivalents.

***Property and Equipment*** – Property and equipment are recorded at cost less accumulated depreciation. Maintenance, repairs, and minor replacements are charged to expense as incurred. When depreciable assets are retired, sold, or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and the resulting gain or loss is reflected in operations. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets, which are three to fifteen years.

***Revenue Recognition*** – Revenue for the Company is recorded when:

- The risks and rewards have been transferred from the Company to the buyer;
- The seller has no control over the goods sold;
- Collection of payment is reasonably assured;
- The amount of revenue can be reasonably measured; and
- Costs of earning the revenue can be reasonably measured.

**BLUE DIAMOND VENTURES, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(UNAUDITED)**

***Earnings (Loss) Per Share*** –The computations of basic earnings (loss) per share are based on net income (loss) divided by the weighted-average number of common shares outstanding during the period, adjusted for qualified participating securities, using the if-converted method, when the qualified participating securities are dilutive. Diluted earnings (loss) per share are calculated by dividing net income (loss) assuming dilution by the weighted-average number of common shares and potentially dilutive shares of common stock issuable upon conversion of non-participating shares. When dilutive, the potential common shares issuable upon exercise of warrants included in diluted earnings (loss) per share are determined by the treasury stock method.

***Impairment of Long-lived Assets*** – Management reviews and evaluates the net carrying value of all facilities, including idle facilities, for impairment at least annually, or upon the occurrence of other events or changes in circumstances that indicate that the related carrying amounts may not be recoverable. We estimate the net realizable value of each property based on the estimated undiscounted future cash flows that will be generated from operations at each property, the estimated salvage value of the surface plant and equipment, and the value associated with property interests.

**Remainder of page intentionally left blank**

**BLUE DIAMOND VENTURES, INC. AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(UNAUDITED)**

Although management has made a reasonable estimate of factors based on current conditions and information, assumptions underlying future cash flows are subject to significant risks and uncertainties. Estimates of undiscounted future cash flows are dependent upon estimates of metals to be recovered from proven and probable ore reserves, and to some extent, identified resources beyond proven and probable reserves, future production and capital costs and estimated metals prices (considering current and historical prices, forward pricing curves and related factors) over the estimated remaining mine life. It is reasonably possible that changes could occur in the near term that could adversely affect our estimate of future cash flows to be generated from our operating properties. If undiscounted cash flows including an asset's fair value are less than the carrying value of a property, an impairment loss is recognized.

**NOTE 3 – DEBT**

None

**NOTE 4 – EQUITY**

In July 2015, the company's board of directors rescinded its dissolution of Blue Diamond Ventures, Inc. with the state of Nevada reversing a board authorization dated May 15, 2015 thus reinstating Blue Diamond Ventures, Inc. The company also canceled its previously announced reverse split and lowered its Authorized Shares to 5.8 billion down from 7 billion. These changes may be viewed by visiting the Nevada Secretary of States website Blue Diamond Ventures, Inc.'s page

**Common Stock** – During 2015, the Company had 4,750,586,689 shares of par \$0.001 common stock issued and outstanding.

In 2015, the Company issued one "Super Voting" Preferred Series "A" share. This share has a par value of \$0.0001 and has no conversion into common share rights attached. The share was issued and sold through a share purchase agreement according to the laws of the State of Nevada. The total purchase price paid was \$40,735. The terms of the agreement included the re-instatement of BLDV in Nevada to an active status and further payments made to satisfy past due transfer agent fees, payments to re-instate services provided by OTC Markets and a small direct payment of cash to the former CEO of BLVD to cover expenses.

The Company has issued as part of its acquisition agreement with KICKIN' GRASS LLP, five million restricted shares of common stock. The Company also issued fifteen million restricted shares of common stock as part of a joint venture agreement with 510 Nano.

During the first quarter of fiscal year 2015, 20,000,000 shares were issued for professional services.
