EFFTEC INTERNATIONAL, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
(Unaudited - prepared by management)

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of consolidation and basis of presentation

The consolidated financial statements include the accounts of Efftec International, Inc. (“EII”) and its wholly owned subsidiaries, Efficiency Technologies, Inc. (“Efftec”), Efftec GS, Inc. ("GS"), Red Light Bakers, LLC (“RLB”) and Black Nickel Acquisition Corp. III ("BNAC") collectively referred to as “the Company” or “the Companies”. All significant inter-company balances and transactions have been eliminated in consolidation.

Fiscal years:

The company has a fiscal year beginning July 1 and ending June 30 of each year.

Organization

EII was originally incorporated on June 4, 1997 in Delaware as Communitronics Holdings, Ltd. On September 29, 1998, the Company changed its name to Dr. Squeeze International, Inc. and on June 11, 2001, the Company changed its name to American Resource Management, Inc. On July 19, 2007, the Board of Directors approved the re-domestication of American Resource Management, Inc. from Delaware to Nevada and simultaneously changed the name of the Company to Efftec International, Inc. The Certificate of Conversion was filed in Delaware on July 25, 2007.

Efftec was incorporated in Nevada on October 14, 2003, and was acquired by the Company in November 2003. The shareholders of Efftec were issued 2,000 shares of the Company’s common stock in exchange for 100% of the common stock of Efftec.

GS was incorporated in Nevada on August 28, 2009 as a subsidiary of EII.

BNAC was incorporated in Delaware on May 26, 2005 and was acquired by the Company effective February 15, 2010 in exchange for 350,000 shares of the Company's common stock.

Effective November 9, 2015 Efftec International, Inc. acquired Red Light Bakers, LLC and its complimentary "sister" companies (collectively RLB). RLB is currently generating positive cash flow. In consideration for this transaction RLB was issued 160,000,000 restricted shares of common stock making it the majority owner.

Nature of business

The newly merged company's core business focus is on sales of hardware and nutrients into the hydroponics and indoor plant growth markets. RLB has secured exclusive rights to distribute a commercial nutrient line into the hydroponics and indoor plant growth markets, has received orders to supply private label plant grow lighting, has an established edible line of baking mixes and brings a developed line of indoor grow light safety sunglasses.

Cash and cash equivalents

The Company considers all cash; cash in banks and all highly liquid debt instruments purchased with a maturity of three months or less to be cash and cash equivalents.

Earnings (loss) per common share

The Company is required to report both basic earnings per share, which is based on the weighted-average number of common shares outstanding, and diluted earnings per share, which is based on the weighted-average number of common shares outstanding plus all potential dilutive shares outstanding. At all periods presented all exercisable common stock equivalents were antidilutive and are not included in the earnings (loss) per share calculations. Accordingly, basic and diluted earnings (loss) per share are the same for all periods presented.

Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the financial statements for the purpose of conformity between periods presented.

Fair value of financial instruments

Financial instruments consist of cash, accounts receivable, accounts payable, accrued expenses and short-term borrowings. The carrying amount of these financial instruments approximates fair value due to their short-term nature or the current rates at which the Company could borrow funds with similar remaining maturities.

Contingencies

Certain conditions may exist as of the date financial statements are issued, which may result in a loss to the Company, but which will only be resolved when one or more future events occur or fail to occur.

NOTE 2: GOING CONCERN

The newly merged company's core business focus is on sales of hardware and nutrients into the hydroponics and indoor plant growth markets. RLB has secured exclusive rights to distribute a commercial nutrient line into the hydroponics and indoor plant growth markets, has received orders to supply private label plant grow lighting, has an established edible line of baking mixes and brings a developed line of indoor grow light safety sunglasses. The company has embarked on a strategy of organic growth in this core business as well as strategic acquisitions consistent with or complimentary to these operations.
