Umbra Applied Technologies Group, Inc.

December 31, 2015-as amended on March 14, 2016

Current Reporting of Material Corporate Events

Effective March 1, 2016 the Corporate Headquarters address and contact information is:

Umbra Applied Technologies Group, Inc.
2203 N Lois Ave.
Suite G400
Tampa FL 33607
United States
Tel: (888) 926-4682
Fax: (973) 250-4238

The past ten months have been a whirlwind of activity focused on transitioning the company from a pure research and development position, into a company that is on the precipice of monetizing its full potential. UATG expects to achieve some very significant milestones coming over the next several months.

Umbra Applied Technologies Group (UATG) is a growing company that is now starting to gather a lot of momentum. UATG began construction last year on a secured office location that will house and support the UAT ARMS division. UATG anticipate that location to be complete and operational within three month. This site is located in a highly secured office building shared with several Federal Law Enforcement Agencies and will be home to the most advanced Battle Rifles in the world. The iconic, UBR-16 will lead the introduction of other exciting UAT ARMS innovations. The completion of the secured office will be a key step towards obtaining regulatory approval in the near future.

The near term completion of this secured office location in Florida has allowed us to close our former corporate office in New Jersey and consolidate all our operations in one location.

Our short term focus will be on commercialization of the arms division as well as a corporate reorganization of our other divisions including the sale of our oil and gas assets which will be redeployed into the other divisions.

6) Describe the Issuer's Business, Products and Services

Umbra Applied Technologies Group (OTC: UATG) has a family of companies. Umbra Applied Technologies, U.S. based Defense and Security Company, is engaged in the research, design, development, manufacture, integration, and sustainment of advanced technology systems, products, and services for defense, civil, and commercial applications in United States and internationally. It also provides management, engineering, technical, scientific, logistic, and information services.

In support of air, land and naval forces, the company operates in five segments: Aeronautics, Information Systems & Global Solutions, Biotech, Alternative & Renewable Energy, and Intelligence Systems. The Aeronautics segment offers military aircrafts, such as unmanned combat and air mobility aircrafts, and related technologies. The Information Systems & Global Solutions segment provides advanced technology systems and security expertise, integrated information technology solutions, and management services for civil, defense, intelligence, and other government customers. The Biotech segment addresses critical gaps that are absent in defense medical research programs. The Alternative & Renewable Energy segment provides alternative solutions

to energy through research in bioelectricity, wind, thermodynamic and solar energy. The Intelligence segment provides computational study of signals, open source and network intelligence through advanced metrics and algorithms to locate and extract sentiment from gathered intelligence

A. Incorporated: April 13, 2009 Delaware

B. Secondary SIC Codes: 6719

C. Fiscal year end date: December 31st

D. Development of alternative energy including wind, geo thermal, and solar.

E. Formation of UAT Arms. Development of the Umbra Battle Rifle (UBR 16)

F. Intrepid Medical Technologies Corporation world distribution and marketing of Propestat
