NOTE 1 - ORGANIZATION AND NATURE OF ISSUER'S BUSINESS

B2 Digital, Inc. (referred to herein as ("B-2 Digital", the "Company", or "BTDG.PK), a technological development corporation, was incorporated in Colorado on June 8, 1983. It was administratively dissolved in 1997 and as a part of winding up of its affairs, the directors acting as trustees, entered into a plan of Merger in 1999 with Telecommunications Products, Inc. a newly formed entity, and merged into it and then purchased Interleisure S.A., a privately held company incorporated under the laws of the commonwealth of the Dominican Republic. The predecessor business was to act as a developer of data compression technology and video-conferencing software but then ventured into other opportunities. The Company failed in its business efforts prior to 2002. On July 20, 2004, Telecommunications Products, Inc. changed its name to B2 Digital, Incorporated. With the filing of articles of Merger with the Delaware Secretary of State, we were re-domiciled from Colorado to Delaware, and our number of authorized common shares was increased to 500,000,000.

Through the purchase of assets of Hotel Movie Network, we have been able to supply Video On Demand and Satellite Guest Entertainment systems to mid-market hospitality industry. The purchase of the assets of Hotel Movie Networks, Inc. Provided affiliation with an established network of professional guest systems installation contractors who are experienced and familiar with the Hotel Movie Network business plan. Because of a continued drop in revenue from the lodging industry B2 Digital dissolved the Hotel Movie Network division of B2 Digital.

B2Digital, Inc. as a provider of in-room, on-demand video entertainment and satellite services to the domestic lodging industry has turned more towards the standard cable company concept. B2Digital had installed approximately 50,000 hotel rooms, which consist of contract rights of Hotel Movie Network with Pay Per View and Cable/Satellite access, and associated hardware and peripherals. B2 Digital primarily provided services under long-term contracts. B2 Digital's platforms provide for in-room viewing of select cable channels (such as HBO, ESPN, and CNN) along with interactive and information services, plus high-speed wireless Internet access. By moving more into the Cable Company platforms B2 Digital will be able to use this past technology. B2 Digital has also recently ventured into the mining industry.

NOTE 2 – FINANCIAL STATEMENTS

We adopted FASB Statement No 154 *Accounting Changes and Error Corrections.* This Statement provided guidance on the accounting for and reporting of accounting changes and error corrections. It establishes, unless impracticable, retrospective applications as the required method for reporting a change in accounting principle in the absence of explicit transition requirements specific to the newly adopted accounting principle. This Statement also provides for determining whether retrospective application of a change in accounting principle is impracticable and for reporting a change when retrospective application is impracticable. The correction of an error in previously issued financial statements is not an accounting change. However, the reporting of an error correction involves adjustments to previously issued financial statements similar to those generally applicable to reporting an accounting change retrospectively. Therefore the reporting of a correction of an error by restating previously issued financial statements is also addressed by this statement (Note Noted).

NOTE 3 – BASIS OF PRESENTATION AND CONSIDERATIONS RELATED TO CONTINUED EXISTENCE

The significant accounting policies of the Company are as follows:

Accounting Method
The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("USGAAP"); however, they do not include all of the information and footnotes required by USGAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included.

Going Concern
The accompanying financial statements have been assuming that the Company will continue as a going concern. In the year ending of March 31, 2014 the Company had a net loss of $203,244.69, and in the last three months ending on December 31, 2013, it had a net gain of $4,406.11. The Company's ability to continue as a going concern remains dependent upon its ability to achieve sustainable profitability. Since inception, the Company has substantially financed its activities financing activities. The Company intents on financing its future development activities and its working capital needs largely with similar financing sources, including term notes, until such time that funds provided by operations are sufficient to fund its working capital requirements. The financial statements of the Company do not include any adjustments for the recoverability and necessary should the Company be classification of recorded assets, or amounts and classifications of liabilities that might be unable to continue as a going concern.

Non-Cash Transaction
No non-cash investing and financing activities occurred during the three months ended March 30, 2015. SSM Media Stock Purchase Agreement is the Acceptation which has ben finalized as of this reporting period.

Accounts Receivable
The Company considers accounts receivable to be fully collectible, and accordingly, no allowance for doubtful accounts is required. If amounts should become uncollectable, they will be charged to operations when that determination is made.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Property and Equipment
Property and equipment are recorded at cost. Maintenance and repairs are changed to operations as incurred. Betterments and renewals are capitalized. When property and equipment are sold or otherwise disposed of, the asset account and the related accumulated depreciation accounts are relieved, and any gain or loss is included in operations.

Depreciation is calculated by the straight-line method over the estimated useful lives of the assets.

Revenue Recognition
Continuing revenue is recognized monthly as earned. Initial revenue is recognized when all services or conditions relating to the sale of the individual services have been substantially performed.

Income Taxed
The Company files and pays its taxes based on yearly profits. There are no deferred taxes.

Note 5 – SUBSEQUENT EVENT

Updated Balance Sheet for past Year-End filings.
B2 Digital has gathered further information concerning areas of the past Year-End Balance Sheets that the CPA's felt should be updated. In reviewing each Year-End Balance Sheet so updated there were minor changes; yet changes that the BOD felt should be made. Incorporated herein by reference, to be found on www.otcmarkets.com Posted on, June 20, 2015, Year-End Report for March 30, 2014, disclosure, Exhibit .1, pages 16 through 18.

January 27, 2013, B2 Digital, Inc. Board of Directors Authorize CEO Paul D.H. LaBarre to Retain Legal Counsel

On January 27, 2013, B2 Digital, Inc., Board of Directors authorized CEO Paul D.H. LaBarre to retain the services of legal counsel to represent B2 Digital in all outstanding legal matter. Mr. LaBarre ABATAINED from voting on this matter as he was the person authorized to take such action. Incorporated by reference herein, to be found on www.otcmarkets.com Posted May 30, 2013, Exhibit 10.1, pages 1 to 4.

For this purpose C.E.O. Paul D.H. LaBarre retained the services of Sterling Threet Attorney at Law from Mesa, Arizona. For the purposes of Security work C.E.O. Paul LaBarre has been working with Wani Manley of Miami, Florida. A retainer has been worked out with both attorneys in moving forward with B2 Digital.

February 8, 2013, B2 Digital, Inc. as a Shareholder of ONE Media Corp. Inc. Cast PROXY

On January 29, 2013, B2 Digital received a letter from ONE Media Corp., Inc. as to an upcoming special shareholders meeting to be held on February 8, 2013. In that letter was a request for Increase in ONE Media Corp. Inc. (1) Authorized shares from 20, 000,000 to 40,000,000. (2) Authorization for ONE

Media Corp. Inc. to amend the Company's Articles of Incorporation. As CEO Paul D.H. LaBarre did sign a PROXY to allow the shares of B2 Digital, Inc. to be voted by one Greg Bell. On February 18, 2013 B2 Digital received a updated report with consolidated financials and a balance sheet from ON E Media corp. Inc. Incorporated herein by reference, to be found on www.otcmarkets.com Posted May 29, 2012, disclosure, Exhibits 10.1, 10.2 & 10.3, page 1.

B2 Digital has not been advised of any updated information in regard to ONE Media Corp.

***March 1, 2013, B2 Digital, Inc. received a Memorandum of Understanding from Aramco Land and Mineral, Inc.**

On March 1, 2013, B2 Digital, Inc. received a Memorandum of Understanding (MOU) from Aramco Land and Minerals, Inc. (AMLI) to work towards a joint venture for the purpose of providing financial infusion into ALMI. Incorporated herein by reference, to be found on www.otcmarkets.com Posted on, June 1, 2013, Exhibit 10.1, Pages 1 to 6.

The joint venture with Arizona Land and Mineral, Inc. has not gained any funding support. One of the major owners has passed away. Mr. Floyd Bleak, B2 Digital, Inc. Board of Directors feel without the presence of Mr. Bleak that tis company will fail. The remaining members of the Board of Directors of Arizona Land and Mineral, Inc. have little and/or no experience in the mining field. With all of the information provided to B2 Digital, Inc. Board of Directors the Directors feel that these types of a joint venture will not success. The Board feel that any further involvement would be a continued waste of time at this point.

***March 11, 2013, B2 Digital, Inc. signs a Non-Circumvention, Non-Disclosure with Buyer Group International, Inc. (BYRG)**

On March 11, 2013, B2 Digital, Inc. signed a Non-Circumvention, Non-Disclosure with Buyer Group International, Inc. (BYRG) a public traded company located in Texas (BYRG). This is an International company that deals with mining interest around the world. Incorporated here by reference, to be found on www.otcmarkets Posited on, May 30, 2013, Exhibit 10.1, 10,2 & 10.3, Pages 1 to 19.

Mr. Shannon Newby, President of Inter Global has failed to raise the needed funding for this project. The B2 Digital, Inc. Board of Directors feel that moving any further with this group will gain nothing.

***April 26, 2013, B2 Digital, Inc. receives offer from Inter Global to Purchase Judgment**

On April 26, 2013, B2 Digital, Inc. received an offer in the form of a signed letter from Inter Global to purchase an outstanding Judgment against B2 Digital, Inc. , and others. In the offer it is understood that once the assignment of this Judgment has been made to Inter Global will work out a **debt** conversation with B2 Digital for repayment. Incorporated herein by reference, to be found **on** www.otcmarkets.com Posted on May 31, 2013, Exhibit **10.1,** Pages 2,3,4,5, &6.

Update as to Inter Global for the purchase of the Judgment against B2 Digital, Inc. Inter Global has failed to provide the needed funding for such as purpose. B2 Digital, Inc. has issued to Inter Global Two-Hundred and Fifty Millions (250,000.000) shares of B2 Digital stock under Rule 144 for this purpose and will demand that said shares be returned for the failure of Inter Global to fund the purchase of the Judgment.

Mr. Shannon Newby, President of Inter Global has failed to raise the needed funding for this project. The B2 Digital, Inc. Board of Directors feel that moving any further with this group will gain nothing. The only point that has been gained form this transaction is that the attorney for DirecTv seems upset that this offer failed to settle the judgment in question.

May 15, 2013, B2 Digital, Inc. Board of Directors Approved for Paul D.H. LaBarre to Hold Employment in Aramco Land and Minerals, Inc. and to remain as CEO of B2 Digital, Inc.

On May 15, 2013, B2 Digital, Inc. received a request from CEO Paul D.H. LaBarre to be allowed to offer his services to Aramco Land and Minerals AMLI; as an Employee, such as Vice President of Communications to help in the day to day operations. It is also understood that should AMLI decide to move forward into becoming a Public Traded Company that Mr. LaBarre would be of great assistance. Because of the funding options that B2 Digital has supplied to AMLI it was felt that as an employee with the full understanding of Mr. LaBarre relationship to B2 Digital that this would not amount to a conflict of interest. Incorporated herein by reference, to be found on www.otcmarkets.com Posted June 2, 2013, Exhibit 10.1, Pages 2,3 &4. In mid-June this arrangement changed. The AMLI Board felt they had a better source of funding and moved away from a deal with B2 Digital.

Update as to Aramco Land and Minerals, Inc., after working with this company to introduce them to several funding sources, B2 Digital received a letter to discontinue with any further negations on their behalf. It was later learned form the funding source that much of the materials that had been supplied by the management of Aramco Land and Minerals that the funding course could not move forward as to ownership of the land involved. The funding source worked only with land that was in fact owned by the mining group. In the case of Aramco Land and Minerals the land was in fact Federal land under the control of the Burial of Land Management (BLM), the claims were found to be fully owned by Aramco Land and Minerals.

It has been concluded that moving forward with Aramco Land and Minerals; since the passing of Floyd Bleak, would turn out to be a further waste time for the management of B2 Digital; the contacts were involved so advised. For the reasons so stated it is the opinion of the B2 Digital Board of Directors to drop any further involvement with Aramco Land and Minerals.

***December 17, 2013, B2 Digital, Inc. Board of Directors voted to removed Wyndam Media Group Investor Relations**

On December 17, 2013, the B2 Digital, Inc. Board of Directors voted to removed Wyndam Media Group the Investor Relations for B2 Digital, Inc. it was felt by the Board of Directors that Wyndam Media Group had failed to totally support B2 Digital, Inc. s making direct contact seemed to have been lost. The phone at Wyndam Media Group never seemed to be answered when a call was made to it. It was felt by the Board of Directors that a better group could be found and so authorized CEO Paul D.H. LaBarre to find such a group and to work out the details. It was further authorized by the Board of Director that restricted common stock under rule 144 could be used for payment with a new investor relations group. Until such a contact was made and the details worked out it was further felt that Chairman Rodney P. Hunt and CEO Paul D.H. LaBarre could handle all of the current questions that would come up for investors purposes.

CEO Paul D.H. LaBarre will research several Investor Relations groups for one that will fit the needs of B2 Digital. CEO Paul D.H. LaBarre will in turn make a report from time to time to the Board of Directors as to which group and or groups that he feels will be useable. As of this time a new investment group has not been found that Chairman Rodney P. Hunt feels comfortable with. C.E.O. Paul; D.H. LaBarre will continue to search for such a group and provide said information tot eh Board of Directors from time to time until the Board of Directors votes in favor of such.

***August 5, 2014 B2 Digital, Inc. Vote to accept a Loan From Rodney P. Hunt – Chairman.**

B2 Digital, Inc. Board of Directors after a meeting at the home of Mr. Rodney P. Hunt, Chairman of B2 Digital, Inc. agreed to accept a loan of $10,000 from Mr. Hunt to clear up paid filing fees for the OTC Markets. A Board of Directors meeting was held on August 5, 2014, at the home of Mr. Hunt and at which time a vote was called for, with Mr. having abstained. The vote was carried and a Resolution was so written. For this loan the B2 Digital, Inc. Board of Directors did authorize for the issuance of Restricted Common Stock to cover said loan.

For several financial reasons Mr. Hunt was unable to follow through with the proposed loan to B2 Digital, Inc. After several discussions the other members of the B2 Digital, Inc. Board of Directors have located another source that is will bring to make the needed loan to bring B2 Digital, Inc. back to current information.

On August 20, 2014, B2 Digital, Inc., signed a Non-Circumvent Non-Disclosure agreement with JFK Communications, Marshall Broadband, 6320 NW 84th. Ave, Miami, Fl. signed by Chris Marshall. The second Non-Circumvent Non-Disclosure Agreement was with JT Electronics, 33 Wales Ave, Unit G, Avon, MA, signed by Joanne Lunn. The two companies are both involved in the Cable TV world and have presented a great opportunity to B2 Digital, Inc. in moving back into that area of business. Incorporated herein by reference, to be found on www.otcmarkets Posted June 20, 2015, exhibit 10.1, Pages 2, 3, 4, 5, & 6.

February 26, 2015, B2 Digital, Inc. Board of Directors approved and authorized Ernest G. McKay, Secretary and Director of B2 Digital to testify for Paul D.H. LaBarre at a Chapter 11 hearing and to offer the full support of B2 Digital in this matter.

On February 26, 2015, B2 Digital, Inc. Board of Directors did Approve and Authorize Ernest G. McKay, Secretary and Director of B2 Digital to offer testimony in the support of Paul D.H. LaBarre at a Chapter 11 hearing. Ernest G. McKay was further authorized to provide financial support in this matter. This resolution was signed by the Chairman and three directors of the B2 Digital Board of Directors. C.E.O. Paul D.H. LaBarre Abstained from voting on this resolution!

March 17, 2015, B2 Digital, Inc. Board of Directors approved and authorized to receive a loan of Six-Thousand Dollars ($6,000) from Good Hunting Inc.

On March 17, 2015, B2 Digital, Inc. Board of Directors did approval and Authorize to accept a loan of Six-Thousand Dollars ($6,000) from Good Hunting Inc. This resolution was signed by Chairman Rodney P. Hunt, with Directors Ernest McKay, Andrew Georgens and Paul D.H. LaBarre Abstaining for reason that is so stated with each Director on the attached BOD Resolution. The funds from this loan are to be used to pay OTC markets and additional cost in bringing B2 Digital back to current information on the OTC Markets.

April 27, 2015, B2 Digital, Inc. Board of Directors approved and authorize to receive a loan of Fifteen-Thousand Dollars ($15,000.00) from Good Hunting Inc.

- **Projects that the B2 Digital, Inc. Board of Directors feel should be dropped. B2 Digital, Inc. has wasted a great deal of time in the past dealing with groups that offer funding sources and come through with nothing. B2 Digital will continue to explore opportunities and will try to apply a greater amount of time in doing background research before moving forward. The projects that have been marked will be dropped without further involvement.**

Business of Castle Creek International Corporation.

Castle Creek International Corporation has many contacts in the mining world to include China, Canada, South America, North America and South Africa. Castle Creek International Corporation will shortly open a division that will handle commercial and residential mortgages. The Company also has a division that does lead generation. It is expected that shortly all of the IR work from B2 Digital will be handled by Castle Creek International Corporation. Incorporated herein by reference, to be found on, www.otcmarkets.com. Posted on, January 18, 2011, disclosure, Exhibit 10.3, page 6.

In a meeting of the B2 Digital, Inc. Board of Directors it was felt that this project should be placed on hold until further research could be obtain. There is also a funding issue in moving this area forward. Should the funding not become available then the Board feels that B2 Digital, Inc. would be wasting time working in an area of this type. Further research will be done before moving forward.

Risk Factors-Summary

The value of our Castle Creek Silver, Inc. is subject to fluctuations in the market price of minerals. Our profitability is subject to demand for materials such as gold, silver and copper. We may not have sufficient funds to complete further exploration and development programs. We would need additional funds to develop any material deposits for commercial production. Factors beyond our control may determine whether any mineral deposits we discover are sufficiently economic to be developed into a mine. We require licenses and permits to operate our business which we may not be able to obtain. There are risks associated with mineral exploration that may adversely affect our ability to undertake planned operations. There is uncertainty of mineralization estimates. Our operations make us susceptible to environmental risks. There is no guarantee that legal title to the property in which we have an interest will not be challenged. Mineral exploration and mining activities require compliance with a broad range of law and regulation violation of which can be costly.

Land reclamation requirements for exploration properties may be burdensome. We face industry competition for the acquisition of mining properties and the recruitment and retention of qualified personal.

Under the WiMax project we have an installation cost that should provide up to 80% of the total cost. Our main research will deal with a best product line for the best cost comparison.

B2 Digital will be purchasing WiMax equipment for advancement of the Wireless network. The customer will cover the basic cost of installation. The distribution of the Network system will require minor capital outlay.

With the joint venture with SSM Media Ventures additional personal will be required. As this venture continues more technical and software involvement will take place from B2 Digital staff. Use of the B2 Digital Pay-Per View software will allow better scheduling for a Television Network.

ITEM IV: MANAGEMENTS DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Company Overview-Plan of Operation

B2DIGITAL COMPANY OVERVIEW June 30, 2015

B2 Digital, Inc. has been a provider of in-room, on-demand video entertainment and satellite services to the domestic lodging industry. B2 Digital has also recently ventured into the mining industry. B2 Digital through Hotel Movie Network, Inc. has installed approximately 50,000 hotel rooms, which consist of contract rights of Hotel Movie Network with Pay Per View and Cable/Satellite access, and associated hardware and peripherals. B2 Digital has primarily provided services under long-term contracts. B2 Digital through Hotel Movie Network, Inc. platforms provided for in room viewing of select cable channels (such as HBO, ESPN and CNN) and other interactive and information services, plus high-speed wireless Internet access.

Currently B2 Digital has changed it format to move into the Media world to provide full time 24 hour viewing of programming to be produced by SSM Media Ventures, Inc. under the label of The Real Hip Hop network (RHN). It is the desire of B2 Digital Board of Directors in moving the Company forward. That a full time 24 x 7 TV network be created. Under the management of the new formed Board of Directors this is the avenue to beperused.

In the change in B2 Digitals approach to the Media world; B2 Digital is working to concentrate on the use of data in this fast moving world. Through the many contact such as transparent Video a new age in transportation of data is coming to light. The long time use of the Satellite as a transportation media will soon become a method of the past and only used for backup systems. The Internet has grown more and more relay able and in a short time hs become far more cost effect for use in delivering the data needed in the Media world of tomorrow. By use of this type of technology the younger generation has tuned to the Smart phone for their source of media information. B2 Digital believes that this is the opportunity of today and tomorrow.

With the correct development B2 Digital will archive the ability to send multi programs through the internet into the rural area with a far more costly approach of delivery. In delivering any type of a product to the rural areas that cost has always been too far out of reach to make the needed profit to keep a company in business. As this type of delivery technology is developed this will all change the face of rural America.

NEW DIRECTION-ACQUISITION OF OWNERSHIP IN "THE REAL HIP HOP NEWORK", OWNERSHIP IN RESIDENTIAL HIGH SPEED WIRELESS INTERNET ACCESS TO SELECTED RURAL AREAS IN ARIZONA.

"The Real Hip Hop Network" is a 24 hour Premium" cable television network that has the ability to have a worldwide distribution to the 18-34 year old Hip Hop purist. It is felt with a merger of this type that the benefit to the shareholder can been seen in a raise in stock value. It is the hope of B2 Digital that through this investment other opportunities will be provided such as the production of a reality TV show to be negotiated about the World of Mining. Another opportunity could be that of Kids Hip Hop TV; currently a production that is being considered by several members of the B2 Digital staff. Sino-Can" (Sino-Canada) working in conjunction with "Castle Creek International Corporation will bring to B2 Digital shareholder another opportunity for value in the minerals that become available from the claims currently held. B2 Digital is further continuing to develop other areas of opportunity. By working with several rural communities it is our desire to offer High-Splinternets and possibly telephone to many under serviced communities. WiMax is standards-based technology enabling the delivery of last-mile wireless.

In this last mile of Wireless technology and the changes that are being made in the delivery format; packages of video services will also be more available. The use of ground based technology vs. Satellite delivery will make the cost to the rural areas far more cost effective with the use of broadband access. WiMax continues to be one of the most talked about and highly anticipated technology developments in the wireless industry-a sector that's seen more than its share of well-hyped initiatives in recent years. In terms of hype cycles, WiMax may actually be eclipsing some of the industry's earlier technologies, primarily because it is viewed as a key for the future convergence of wireless and wire line networks, in addition to promising advancement for broadband wireless services and applications. Worldwide sales of WiMax products have been miniscule so far, but the true test of its potential is about to commence, now that the standards-compliant products are hitting the market for deployment in real commercial networks. B2 Digital has researched this area and found that over 100,000 homes in rural areas of Arizona that are without real Internet service. In many cases the cost to those that do have service reaches $100.00 per month for service suchas

DSL. In most cases dial-up is all that is available from the local phone provider. In the case of Satellite Delivery the cost has always been out of reach. B2 Digital owns one patent, registered in the Dominican Republic for video technology. It also owns through the acquisition of Hotel Movie Network various trade names, trademarks, service marks to be actively protected. B2 Digital has further invested funds in B2 Networks which was founded in 2003. B2 Networks now has two broadcast options, B2 PPV TV and B2 Cable. B2 Networks offers Niche Quality Content with select accounts that include NCAA, NAIA and 150 professional sports teams. Currently with 175,000 registered consumers/users growing at 25% annually. It is believed by B2 Digital that there is a need for an alternate route to create and distribute content other than through conventional TV and cable. Through investment of this type it is the desire of B-2 Digital to bring to our shareholders a strong return on their investment.

With the many areas of development that B2 Digital is currently involved in it is our desire to become the peoples' choice by offering the ultimate experience at a reasonable price for entertainment, communications and all broadband services. We will always value our customer's needs and requests, while balancing the requirement to meet our financial responsibility. Our focus will be greater than customer service; it will be on serving the customer.

ITEM V: LEGAL PROCEEDINGS:

Two members of the B2 Digital Board of Directors have had a type of conviction in the past five years. B2 Digital through Hotel Movie Network worked out a Settlement Agreement with DirecTV over a Transport Issue. This Settlement was turned into a Judgment as the Company had been unable to make payments that had been agreed upon in the settlement. To date Paul LaBarre and Ernest McKay and has paid Two-Hundred & Forty-Two thousand dollars off the judgment by DirecTV. Ernest McKay has been released from the Judgment. NOTES TO – FINANCIAL STATEMENTS

We adopted FASB Statement No.154, *Accounting Changes and Error Corrections.* This Statement provided guidance on accounting for and reporting of accounting changes error corrections. It establishes, unless impracticable, retrospective application as the required method for reporting a change in accounting principle in the absence of explicit transaction requirements specific to the newly adopted accounting principle. This Statement also provides for determining whether retrospective application is impracticable. This Statement also provides for determining the correction of an error in previously issued financial statements is not an accounting change. However, the reporting of an error correction involves adjustments to previously issued financial statements similar to those generally applicable to reporting an accounting change retrospectively. Therefore the reporting of a correction of an error by restating previously issued financial statements is also addressed by this statement.
