NOTES TO FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited interim and year-end financial statements of Vid3G Inc. (formerly U.S. Mine Makers, Inc. the "Company") have been prepared in accordance with accounting principles generally accepted in the United States of America. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the financial position and the results of operations for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year.

During 2015, changed its fiscal year end to December 31 from its previous fiscal year end of June 30.

NOTE 2 – IN KIND CAPITAL CONTRIBUTION

On February 1, 2016, the previous controlling shareholders of the Company assumed 100% of its net liabilities as a condition precedent to a simultaneously occurring transaction which involved the change in control described in *NOTE 3 – INTANGBLE ASSETS*. The $509,929 assumption is considered to be an in-kind capital contribution. Accordingly, the Company has reflected this as a component of additional paid-in capital at February 1, 2016. As a result of this transaction, 100% of the Company's assets and liabilities were extinguished on that date.

NOTE 3 – INTANGIBLE ASSETS

On February 1, 2016, the Company acquired two patents in exchange for common stock, resulting in a change in controlling ownership of the Company. The patents are reflected as 'intangible assets' in accompanying 2016 balance sheet, and are recorded at fair value based upon an independent valuation. The Company considers the fair value of patents to be more readily determinable than the fair value of its shares due to their limited trading activity, and therefore has determined the value of patents more accurately represents the value of this transaction.
