NOTES TO FINANCIAL STATEMENTS

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2015

Condensed Financial Statements and Notes to Financial Statements

These statements were prepared and presented in condensed format, and management has elected to eliminate most of the footnotes to the financial statements for the three months ended March 31, 2015.

Stock Transactions and Rescission of Agreement to Purchase Subsidiary Operation

In late 2014, the agreement to purchase the Pachinko gaming parlor operations in Japan was recinded and all the stock of the purchase was returned to the Board of Directors. Forty million shares were cancelled and the other stock is held in treasury for action to be determined by the Board in the future. The report now only reports the activity of the parent and the remaining subsidiary with some remaining assets of the Pachinko operations and the liability to a major stockholder that has been funding the legal and accounting function of the Company. The board will make a decision as to the operations of the Company in the near future.

In the first quarter of 2015, the Board issued 100,000,000 shares to two individuals to do development work on a program that will have internet gaming applications.
