MANAGEMENT INFORMATION PROXY CIRCULAR

Midas Gold Corp. (the "Company" or "Midas Gold") is providing this Management Information Proxy Circular (the "Information Circular") and a form of proxy in connection with management's solicitation of proxies for use at the Annual General Meeting (the "Meeting") of the Company to be held on May 11, 2016 and at any postponement(s) or adjournment(s) thereof. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The cost of solicitation by management will be borne by the Company.

The information contained herein is given as of April 1, 2016, unless otherwise stated.

All dollar amounts in this Information Circular are expressed in Canadian dollars unless otherwise indicated.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or members of the board of directors (the "Directors" or the "Board") of the Company (the "Management Proxyholders").

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Common shares of the Company ("Common Shares") represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services, Proxy Department, 3rd Floor, 510 Burrard Street, Vancouver, BC V6C 3B9, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting or any adjournments thereof, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NOTICE-AND-ACCESS

The Company is sending this Information Circular to registered and non-registered (beneficial) shareholders using "notice-and-access" as defined under NI 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101").

The Company is not using procedures known as "stratification" with its use of notice-and-access in relation to the Meeting. Stratification occurs when a reporting issuer using notice-and-access provides a paper copy of the relevant information circular to some, but not all, shareholders with the notice package in relation to the relevant meeting.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of Common Shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the Common Shares they own are not registered in their name but instead are registered in the name of a nominee such as a brokerage firm through which they purchased the Common Shares; bank, trust company, trustee or administrator of self-administered RRSPs, RRIFs, RESPs and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (each a "Nominee"). If you purchased your Common Shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Common Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Common Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. If you wish to vote at the Meeting in person, do not complete the voting section of the form as your vote will be taken at the Meeting.

NON-OBJECTING BENEFICIALHOLDERS

These securityholder materials are being sent to both registered and non-registered owners of the Common Shares. The Company is sending the proxy-related materials for the Meeting directly to "non-objecting beneficial owners" ("NOBOs"), as defined under NI 54-101. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your NOBO holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee(s) holding on your behalf. By choosing to send these materials to NOBOs directly, the Company (and not the Nominees holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

OBJECTING BENEFICIALHOLDERS

The Company does not intend to pay for Nominees to deliver to "objecting beneficial owners ("OBOs"), as defined under NI 54-101, the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary*. As a result, OBOs will not receive the Meeting materials unless their respective Nominee assumes the costs of delivery.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of

the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-registered holders who wish to change their vote must, in sufficient time in advance of the Meeting, arrange for their respective Nominees to revoke the proxy on their behalf.**

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Authorized Capital

The authorized capital of the Company consists of an unlimited number of Common Shares without par value, an unlimited number of first preferred shares without par value, and an unlimited number of second preferred shares without par value.

Issued and Outstanding Shares – Common Shares

As at the record date of March 28, 2016 and as of the date of this Information Circular, there are 175,826,167 Common Shares issued and outstanding. There are no special rights or restrictions of any nature attached to any of the Common Shares, which all rank equally as to all benefits which might accrue to the holders of Common Shares.

Issued and Outstanding Shares – Preferred Shares

No first preferred shares or second preferred shares are issued and outstanding as of the date of this Information Circular.

The first preferred shares have certain privileges, restrictions and conditions. The first preferred shares may be issued in one or more series and the Directors may from time to time fix the number and designation and create special rights and restrictions. First preferred shares would rank on a parity with first preferred shares of any other series (if any) and be entitled to priority over the second preferred shares, Common Shares, and the shares of any other class ranking junior to the first preferred shares with respect to the payment of dividends and the distribution of assets on a liquidation, dissolution or winding up of the Issuer. Holders of first preferred shares shall be entitled to receive notice of and to attend all annual and special meetings of shareholders of the Company, including the Meeting, except for meetings at which any holders or a specified class or series are entitled to vote, and to one vote in respect of each first preferred share held at all such meetings.

The second preferred shares have certain privileges, restrictions and conditions. Second preferred shares may be issued in one or more series and the Directors may from time to time fix the number and designation and create special rights and restrictions. Second preferred shares would rank on a parity with second preferred shares of any other series (if any) and be entitled to priority over the Common Shares and the shares of any other class ranking junior to the second preferred shares with respect to the payment of dividends and the distribution of assets on a liquidation, dissolution or winding up of the Issuer. Holders of second preferred shares shall be given notice of and be invited to attend meetings of the voting shareholders of the Company, including the Meeting, but shall not be entitled as such to vote at any general meeting of shareholders of the Issuer.

Voting Shares

Persons who were registered shareholders of Common Shares at the close of business on the record date of March 28, 2016 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each Common Share held.

Principal Holders of Voting Shares

To the knowledge of the Directors and executive officers of the Company, other than as set out below, no person beneficially owns, controls or directs, directly or indirectly, Common Shares carrying 10% or more of the voting rights attached to all Common Shares of the Company.

On March 17, 2016, the Company completed a private placement offering (the "Offering") pursuant to which, among other things, the Company issued conversion rights which entitle the holders thereof to acquire up to an aggregate of 141,255,581 Common Shares in accordance with the terms of the 0.05% senior unsecured convertible notes in the aggregate principal amount of C$50,018,601.34 (the "Notes") issued by the Company's wholly-owned subsidiary, Idaho Gold Resources Company, LLC ("Idaho Gold") in accordance with the terms of the trust indenture dated March 17, 2016 among Idaho Gold, the Company and Computershare Trust Company of Canada. The holders of the Notes have the right to convert all or any portion of their Notes into Common Shares at a conversion price of C$0.3541 per Common Share until March 17, 2023.

Under the Offering, Paulson & Co. Inc., on behalf of the several investment funds and accounts managed by it, ("Paulson") purchased Notes in the aggregate principal amount of C$34,502,500.13. If all of the Notes held by Paulson were converted into Common Shares, Paulson would hold approximately 97,437,165 Common Shares, representing 35.7% of the issued and outstanding Common Shares on a partially diluted basis (assuming conversion of only Paulson's Notes) and 30.7% on a diluted basis (assuming conversion of all outstanding Notes).

PARTICULARS OF MATTERS TO BE ACTED UPON AT THE MEETING

To the knowledge of the Company's Directors, the only matters to be placed before the Meeting are those referred to in the Notice of Meeting accompanying this Information Circular. However, should any other matters properly come before the Meeting, the Common Shares represented by the proxy solicited hereby will be voted on such matters in accordance with the best judgement of the persons voting the shares represented by the proxy.

Additional detail regarding each of the matters to be acted upon at the Meeting is set forth below.

ELECTION OF DIRECTORS

The Directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting or until their successors are appointed. In the absence of instructions to the contrary, the enclosed proxy will be voted for the nominees herein listed.

Shareholder approval will be sought to fix the number of Directors of the Company at seven (7).

Majority Voting for the Election of Directors

The Board has adopted a majority voting policy (the "Majority Voting Policy") which requires, in an uncontested election of directors, that any nominee in respect of whom a greater number of votes "withheld" than votes "for" are validly cast will promptly submit his or her offer of resignation for the consideration of the Corporate Governance and Nominating Committee of the Company. The Corporate Governance and Nominating Committee will make a recommendation to the Board after reviewing the matter. In considering any resignation offer, the Corporate Governance and Nominating Committee and the Board will consider all factors they deem relevant. The decision of the Board as to whether to accept or reject a resignation offer will be disclosed to the public. A Director who offers his or her resignation pursuant to the Majority Voting Policy will not participate in any meeting of the Board or the Corporate Governance and Nominating Committee at which the resignation offer is considered. The Majority Voting Policy does not apply in circumstances involving contested director elections.

Nominees

Management of the Company proposes to nominate each of the following persons for election as a Director, each of which such persons is currently a Director. The following tables provide information on the seven nominees proposed for election as Directors, including the province (or state) and country in which each is ordinarily resident, and the period or periods during which each has served as a Director. Also included in these tables is information relating to the nominees' membership on committees of the Board, other public board memberships held in the past five years, and Board and committee meeting attendance in relation to the Company for the 12 months ended December 31, 2015. During 2015, the board held a total of 23 regularly scheduled Board and standing committee meetings and four special committee ("Special Committee") meetings (see "Ad Hoc Special Committees" below). In addition to the attendance listed below, Directors from time to time attend other committee meetings by invitation. The attendance of each of the nominees with regard to the Board meetings and applicable committee meetings is noted in the tables below.

The tables also show the present principal occupation, business or employment of each nominee, and principal occupations, businesses and employments held in the last five years, if different. In addition, the charts show the number of securities of the Company (consisting of Common Shares, options and warrants (with each such option or warrant equivalent in value to one Common Share)), and any of its subsidiaries beneficially owned, or controlled or directed, directly or indirectly, by each of the nominees. Meeting attendance records do not include Special Committee meeting attendance. Information concerning the nominees, as furnished by the individual nominees, is as follows:

(a) is, as at the date of the Information Circular, or has been, within 10 years before the date of the Information Circular, a director, chief executive officer or chief financial officer of any company (including the Company) that,

(i) was subject, while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer of such company, of a cease trade or an order similar to a cease trade order, or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days (an "Order"); or

(ii) was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer;

(b) is, as at the date of the Information Circular, or has been within 10 years before the date of the Information Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that

capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

(c) has, within the 10 years before the date of the Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director; or

(d) has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or

(e) has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

Stephen Quin was a director of Mercator Minerals Ltd. ("Mercator") when it filed a Notice of Intention to Make a Proposal under the Bankruptcy and Insolvency Act (Canada) (the "BIA") on August 26, 2014. Mr. Quin ceased to be a director of Mercator on September 4, 2014. Pursuant to section 50.4(8) of the BIA, Mercator was deemed to have filed an assignment in bankruptcy on September 5, 2014 as a result of allowing the ten-day period within which Mercator was required to submit a cash flow forecast to the Official Receiver to lapse.

No proposed director is to be elected under any arrangement or understanding between the proposed director and any other person or company, except the Directors and executive officers of the Company acting solely in such capacity.

APPOINTMENT OF AUDITOR

Deloitte LLP ("Deloitte"), Chartered Accountants, of Vancouver, British Columbia, is the auditor of the Company and was first appointed on September 12, 2011. Unless otherwise instructed, the proxies given pursuant to this solicitation will be voted for the re-appointment of Deloitte as the auditor of the Company to hold office for the ensuing year at a remuneration to be fixed by the Directors.

The aggregate fees billed by Deloitte in the fiscal periods ended December 31, 2014 and December 31, 2015 were as set out below.

Fiscal Period Ended	Audit Fees	Audit Related Fees	Tax Fees	All Other Fees
December 31, 2015	$56,700	$5,000	Nil	Nil
December 31, 2014	$73,100	$8,200	Nil	Nil

The Company's Audit Committee has adopted a pre-approval policy with respect to audit services, audit-related services and permitted non-audit services.

STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee

The Board is responsible for ensuring the Company's total compensation strategy is aligned with the Company's performance and shareholder interests and equitable for participants. To assist with this, the Board maintains a compensation committee (the "Compensation Committee") which as at the date of this Circular, consists of three independent directors, Keith Allred (Chairman), Laurel Sayer and Donald Young. The

skills and experience in relation to executive compensation of the members of the Compensation Committee are outlined under the section "Election of Directors" above.

The Compensation Committee's objective is to support and advise the Board in respect of its oversight responsibility by focusing on the Company's approach to Board and executive compensation plus the use of equity generally across the Company. Further detail on the role of the Compensation Committee is set out in the Compensation Committee Mandate, the text of which is attached as Appendix IV to this Information Circular.

The Compensation Committee is responsible for reviewing the salary levels for each of the Company's "Named Executive Officers" or "NEOs" (as defined below) and other senior executives on a regular basis. It may consider independent salary surveys as well as informal surveys prepared by the Company which are specific to mining and exploration companies. The Compensation Committee reviews the performance of senior executive officers with the President and CEO and, in an in-camera session without the President & CEO present, reviews the performance of the President & CEO. In evaluating the performance of the Company's executives for the award of bonuses or long term incentive compensation, the Compensation Committee reviews the achievement of project specific goals included in the Company's plans such as prospect identification, drill programs, progress on scoping, prefeasibility or feasibility studies on projects and the advancement of projects to development. In addition, corporate objectives such as successful capital-raising, peer benchmarking (as further discussed below) and market performance are considered. To ensure the Compensation Committee is fully informed when making compensation decisions, the Compensation Committee may seek external advice, as required, on compensation policies and practices. (See "Compensation Consultants" below).

With regard to the objectives of the Company's compensation program and strategy, the Company has adopted the following principles in its compensation framework:

a) The Board seeks to set aggregate compensation at a level which provides the Company with the ability to attract and retain directors and executives of the highest calibre, while incurring a cost which is acceptable to shareholders and appropriate for the Company's size; and

b) Directors and executives interests need to be aligned with the creation of shareholder value and the Company's performance by:

   i. Providing fair, consistent and competitive compensation and rewards to attract and retain high calibre employees;

   ii. Ensuring that total compensation is competitive with its peers by market standards;

   iii. Incorporating in the compensation framework both short and long term incentives linked to the strategic goals and performance of the individuals and the Company and shareholder returns;

   iv. Demonstrating a clear relationship between individual performance and compensation; and

   v. Motivating employees to pursue and achieve the long term growth and success of the Company.

Whilst objective criteria described in item (b) above are the basis of the compensation framework of the Company, the Directors, at their discretion, may also adopt additional compensation principles that are subjective in nature.

When making compensation decisions in relation to the NEOs, the Compensation Committee looks at the compensation of the NEOs relative to the compensation paid to similarly situated executives at companies that the Compensation Committee considers to be peers of the Company. A benchmark group (the "Benchmark Group") is determined by screening and selecting publicly-traded companies in the same general industry (exploration and development companies) and on the basis of comparable size of operations and market capitalization (see further discussion below). The Company aims to compensate employees, including NEO's, through a base salary that is generally in line with the median of the Company's peer group, but the Board has the discretion to pay above this to attract and retain key employees in achieving the Company's strategic goals, and in order to address exceptions where there are employees in dual-role positions.

The Compensation Committee reviews the composition of the Benchmark Group periodically to ensure that companies are relevant for comparative purposes, monitors the benchmark group to assess its appropriateness as a source of competitive compensation data, and adds or removes companies as appropriate. The Compensation Committee established the Company's current Benchmark Group and it is comprised of the following companies:

- Almaden Minerals Ltd., Atac Resources Ltd., Aureus Mining Inc., Belo Sun Mining Corp., Brazil Resources Inc., Chesapeake Gold Corp., Corvus Gold Inc., Exeter Resources Corp., International Tower Hill Mines Ltd., Lydian International Ltd., Midas Gold Corp., NovaCopper Inc., Orezone Gold Corp., Pilot Gold Corp., Serabi Gold Plc, Victoria Gold Corp., Vista Gold Corp.

To qualify, a comparator company should be reasonably similar to Midas Gold in terms of criteria such as the following:

- are similar in terms of current and planned stage of evolution (i.e. be at the advanced exploration stage or have a project at the pre-development stage or possibly with a project under development); and,
- have a market capitalization within the broad range of 50% to 200% of Midas Gold's market capitalization.

The Compensation Committee believes these companies in the benchmark group are appropriate for purposes of the Company's targeted compensation comparison because these companies are likely to compete with the Company for executive talent; the CEO position at such comparators is similar to the position occupied by the Company's President & CEO; the companies are within the same general industry; and the companies are considered by the Compensation Committee to be within an acceptable market capitalization range when compared to the Company.

Compensation Program Components

The compensation program of the Company is comprised of four components, each of which is further described below:

1. Annual Base Salary;
2. Extended Benefits Plan;
3. Short Term Incentive Plan; and
4. Long Term Incentive Plan.

Annual Base Salary

The Company compensates employees, including NEOs, through a base salary that is generally in line with the median of the Company's Benchmark Group (see discussion above), but the Board has the discretion to pay above this level to attract and retain key executives in achieving the Company's strategic goals, and in order to address certain exceptions, such as where there are persons in dual-role positions. An annual performance

review is undertaken with all employees focusing on their performance against their job description, the adequacy of their job description and the whether any changes to base salary is required based on changes in role or responsibility.

Extended Benefits Plan

The Company offers all executives (and other employees) an extended benefits plan that includes the following components:

1. Life Insurance;
2. Dependent Life Insurance;
3. Accidental Death & Dismemberment;
4. Long Term Disability (Canada only and employee paid);
5. 401(k) Plan (US only, employee and Company contributions);
6. Basic Health Care;
7. Extended Health Care; and
8. Dental Benefits

Short Term Incentive Plan

The Company incentivizes employees on an annual basis through a Short Term Incentive Plan ("STIP"). The STIP is performance-based and, for 2015, the Company Performance Assessment made up 100% of the STIP payments. Since inception of the Company, the performance of the Company as a whole and the individual's performance had been considered, however given the particular nature of the Company's objectives for 2015 wherein employees were collectively contributing to a limited number of goals, the Board resolved to eliminate the individual performance component.

A target percentage is determined at the commencement of employment and reviewed on an annual basis through the annual performance review process.

The potential target incentive percentages with regard to the NEOs and certain other employees under the STIP were as follows:

Position	STIP as % of Annual Salary	2015 Contribution to STIP		Pre 2015 Contribution to STIP	
		Corporate Objectives	Individual Objectives	Corporate Objectives	Individual Objectives
President & CEO	65%	100%	0%	100%	0%
COO	40%	100%	0%	50%	50%
CFO and Vice Presidents	35%	100%	0%	50%	50%
Managers	20% - 35%	100%	0%	50%	50%

Company's Performance

On an annual basis, the Board approves a set of corporate objectives that are communicated to all employees, with measurable targets and a percentage allocation to each objective. Each such objective is allocated a percentage of the overall measure of corporate performance. At the commencement of 2015, the Company approved six corporate objectives. The objectives for 2015 were as follows:

1. **Project Optimization**

   Identify, define & prioritize key opportunities to optimize the results of the Preliminary Feasibility Study, and complete focussed optimization studies based on these opportunities. In addition, in support of permitting and a potential feasibility study, design a Feasibility Study metallurgical pilot plant program and Develop conceptual underground infrastructure layouts and portal designs to include in the Plan of Operations ("PoO").

2. **Permitting**

   Complete the Environmental Assessment and PoO for exploration activities while advancing mine related permitting, including the potential filing of PoO for development. In parallel, continue baseline collection and data support.

3. **Corporate**

   Manage and restrain budget and reduce G&A expenses while maintaining land rights and title.

4. **Social Licence**

   Continue to engage and consult with stakeholder groups in respect of the Stibnite Gold Project and plan for exploration activities and possible development scenarios with the objective of providing a better understanding of the Stibnite Gold Project and its possible future.

5. **Geology/Field Operations**

   While levels of exploration activity were to remain low in 2015, key projects included alteration studies in support of geometallurgy, improving understanding of certain exploration prospects, and working collaboratively with government geological surveys on improving the understanding of the geology and controls on mineralization within the Stibnite Gold Project area.

6. **Funding**

   Arrange sufficient funding through 2016.

The Company's actual performance is assessed by the Board and a percentage may be approved for allocation to the Company's component of annual bonuses. The Board then factors the estimated performance for each objective achieved in accordance with the following scale in order to determine the net score:

Performance factor	**Performance Level Achieved**
120%	Results are extraordinary
100%	Results well beyond those expected
75%	Results satisfactory, objective adequately met
50%	Met most, but not all, aspects of the objective
25%	Met adequate portion of aspects of the objective

Where circumstances beyond the Company's control affect the achievement of an objective, the Board considers amending objectives throughout the year should the need arise.

Individual Performance

As discussed above for 2015, no individual objectives were set or assessed for any employees, including NEOs. Individual performance against job description was reviewed at the end of 2015 for all employees. Where an exceptional contribution to the Company's performance was recognized, some adjustments to STIP payments were made.

Overall STIP Determination

Once the Company's performance against corporate objectives and exceptional individual performance against the Company's objectives has been assessed, the President & CEO makes a recommendation, inclusive of percentages and dollars to be paid, for all NEOs (excluding the President & CEO) to the Compensation Committee for its approval and recommendation to the Board. The Compensation Committee and the Board consider the overall quantum of the potential bonus allocations in light of the Company's available funding and may, at its sole discretion, choose to adjust the amount to be paid out under the STIP.

For the 2014 year, the Company's overall STIP determination was not made at the publication date of the 2014 Information Circular. Subsequent to the publication date the Board resolved to make a STIP payment for the 2014 year. These payments are included in the 2014 information in the Summary Compensation Table below.

Long Term Incentive Plan

The Company incentivizes employees, including NEOs, on a long term basis through a Long Term Incentive Plan ("LTIP"), which includes the granting of stock options. The objectives of the LTIP are to:

1. align employee incentives with personal and the Company's performance;
2. balance the short term with the long term corporate focus; and
3. assist in attracting and retaining high-calibre employees by providing an attractive long term retention tool that builds an 'ownership of the Company' mindset.

The Compensation Committee has the responsibility to administer the compensation policies related to the executive management of the Company, including the LTIP.

Stock Option Plan

Under the LTIP, the Board has the discretion to make annual awards of employee stock options to directors, executives, employees and consultants.

Based on the stage of development of the Company, the Compensation Committee has concluded that it is appropriate for the LTIP to take the form of employee incentive stock options. The Company's stock option plan was first approved by the Board on February 22, 2011, with an effective date of April 6, 2011, and subsequently amended in response to certain comments by the Toronto Stock Exchange ("TSX") in connection with the Company's application to list the Common Shares on the TSX. The Company's 2011 Evergreen Incentive Stock Option Plan (the "Stock Option Plan") was adopted by the Board of directors on July 6, 2011, prior to the completion of the Company's initial public offering on the TSX which completed on July 14, 2011.

As discussed under "Description of the Stock Option Plan" below, under the terms of the Stock Option Plan, the Directors may make amendments to the Stock Option Plan without obtaining approval of the shareholders in certain circumstances, including the implementation of a cashless exercise feature payable in cash or securities. The Directors approved an amendment to the Stock Option Plan to include a cashless exercise feature in May 2012, which such changes were pre-cleared by the TSX. A description of the cashless exercise feature added through such amendment is included below under the heading "Description of the Stock Option Plan."

The Stock Option Plan does not have a fixed maximum number of securities issuable upon the exercise of options, but rather provides that the maximum number of Common Shares which may be made subject to options at any time and from time to time shall not exceed 10% of the total number of Common Shares then outstanding on a non-diluted basis. The Stock Option Plan is considered an "evergreen" plan, since the Common Shares covered by options which have been exercised shall be available for subsequent grants under the Stock Option Plan, and the number of options available to grant increases as the number of issued and outstanding Common Shares of the Company increases.

As of the date of this Information Circular, based upon the number of Common Shares issued and outstanding (175,826,167 Common Shares) and the number of currently outstanding options (15,973,500 options, which

represents 9.1% of the Common Shares), the Company could grant options under the Stock Option Plan to purchase up to an additional 1,609,117 Common Shares, bringing the total to 10% of the issued and outstanding Common Shares.

Under the policies of the TSX in relation to "evergreen" stock option plans, within three years after institution and within every three years thereafter, the Company must obtain security holder approval for the unallocated entitlements available under the Stock Option Plan in order to continue to grant awards. The Company received approval from securityholders for the Stock Option Plan at its 2014 Annual General Meeting.

The purpose of the Stock Option Plan is to promote the profitability and growth of the Company by facilitating the efforts of the Company and its subsidiaries to obtain and retain key individuals. The Stock Option Plan provides an incentive for and encourages ownership of the Company's Common Shares by key individuals so that they may increase their stake in the Company and benefit from increases in the value of the Company's Common Shares. The Stock Option Plan is used by the Company as an aid in attracting, retaining and encouraging employees and Directors due to the opportunity offered to them to acquire a proprietary interest in the Company.

A description of the material terms of the Stock Option Plan is provided below under the heading "Description of the Stock Option Plan." Please also see the column entitled "Option-Based Awards" in the Summary Compensation Table for further details with regard to stock options in relation to the NEOs for the most recently completed financial year.

Description of the Stock Option Plan

The following is a summary of certain key terms of the Stock Option Plan for reference purposes only.

Eligibility - Employees, officers and Directors, and consultants of the Company (collectively, "participants") are eligible to receive options under the Stock Option Plan.

Determination of Recipients and Terms - The Compensation Committee, based on a recommendation from the President and CEO, determines the participants to whom options are granted, the number of Common Shares to be made subject to and the expiry date of each option granted to each participant and the other terms of each option, including any vesting provisions that may be applicable, all such determinations to be made in accordance with the terms and conditions of the Stock Option Plan, and the Compensation Committee may take into consideration the present and potential contributions of and the services rendered by the particular participant to the success of the Company and any other factors which the Compensation Committee deems appropriate and relevant, including previous grants. All recommended stock option grants are then approved by the Company's Board. Each option is evidenced by a stock option agreement containing terms and conditions consistent with the provisions of the Stock Option Plan. No participant who is a Director can vote on any motion granting any option to such Director.

Number of Common Shares - The Stock Option Plan provides that the maximum number of Common Shares which may be made subject to options under the Stock Option Plan at any time and from time to time shall not exceed 10% of the total number of Common Shares then outstanding on a non-diluted basis (subject to adjustment with respect to capital changes in accordance with the terms of the Stock Option Plan). In addition, the maximum number of Common Shares which, together with Common Shares subject to all other security-based compensation arrangements of the Company (within the meaning of the policy on security based compensation arrangements of the TSX) with such participant(s), may be:

a) reserved for issue to participants who are insiders shall not exceed 10% of the number of Common Shares then outstanding;
b) issued to participants who are insiders within a one-year period shall not exceed 10% of the number of Common Shares then outstanding;

c) issued to any one participant who is an insider and the associates of such participant within a one-year period shall not exceed 5% of the number of Common Shares then outstanding; and
d) reserved for issue to any one participant shall not exceed 5% of the number of Common Shares then outstanding.

For purposes of paragraphs (a) through (d) above, the number of Common Shares then outstanding means the number of Common Shares outstanding on a non-diluted basis immediately prior to the proposed grant of the applicable option, excluding Common Shares issued pursuant to share compensation arrangements over the preceding one-year period. If options are exercised, or are surrendered, terminate or expire without being exercised in whole or in part, the Common Shares which were the subject of such options may again be made subject to an option.

Exercise Price - The exercise of an option under the Stock Option Plan is determined by the Directors at the time the option is granted, provided that such price can be not less than the market price (being the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the date of grant) as of the date of the grant of such option.

Cashless Exercise - The Stock Option Plan contains a cashless exercise feature whereby an option that is eligible for exercise may be exercised on a cashless basis instead of a participant making a cash payment for the aggregate exercise price of the options. When a participant elects the cashless exercise of options by providing the prescribed form of notice of cashless exercise to the Company specifying the number of options to be exercised for cash, the exercise price of the options is advanced by an independent brokerage firm, the advance is deducted from the proceeds of sale of the Common Shares issued on exercise, and the remaining proceeds or Common Shares are paid to the participant after deducting any withholding tax or other withholding liabilities.

Term and Expiry Dates - The maximum term of options granted under the Stock Option Plan is 10 years. The expiry date of an option is the later of: a specified expiry date and, where a blackout period is self-imposed by the Company and the specified expiry date falls within, or immediately after, the blackout period, the date that is 10 trading days following the end of such blackout period. Should an option expire immediately after a black out period self-imposed by the Company, the blackout expiration term will be reduced by the number of days between the option expiration date and the end of the blackout period.

Termination of Options – In the event if a participant dies, the option is exercisable by the person(s) to whom the rights of the participant shall pass for a period of one year from the date of the participant's death or prior to the expiration of the original term of such option, whichever is sooner, to the extent that participant was entitled to exercise the option at such time, subject to the provisions of any employment contract. All options held by a participant whose office or employment is terminated for cause cease to be exercisable as of the date of such termination. If a participant ceases to be eligible under the Stock Option Plan for any reason other than for cause or by virtue of death, options can be exercised by such participant for a period of 30 days or prior to the original expiry date of the option, whichever is sooner, subject to the provisions of any employment contract.

Capital Changes, Corporate Transactions, Take-Over Bids and Change of Control – The Stock Option Plan contains provisions for the treatment of options in relation to capital changes and with regard to amalgamations, consolidations or mergers. The Stock Option Plan provides that if the Company is subject to a bona-fide take-over bid or a change of control (as defined therein) occurs, all Common Shares subject to options immediately become vested and may thereupon be exercised in whole or in part by a respective participant and that the Directors may accelerate the expiry date of outstanding options in connection with such take-over bid.

Amendment – Any amendment, modification, or change of any provision of the Stock Option Plan is subject to the approval, if required, by any regulatory body having jurisdiction. The Stock Option Plan permits the Directors to amend, modify and change the provisions of an option or the Stock Option Plan without obtaining approval of shareholders in the following circumstances:

a) changes of a clerical nature;
b) changes to the vesting provisions of options or the Stock Option Plan;
c) changes to the termination provisions of an option or the Stock Option Plan which do not entail an extension beyond the original expiry date of the option or the Stock Option Plan;
d) the addition of a cashless exercise feature payable in cash or securities, provided that such feature provides for the full deduction of the number of Common Shares from the number of Common Shares reserved under the Stock Option Plan;
e) any other amendments of a non-material nature which are approved by the TSX; and
f) amendments deemed by the Board to be necessary or advisable because of any change in applicable securities laws or other laws.

Under the Stock Option Plan, the Directors are not, however, permitted to amend the exercise price of any option issued under the Stock Option Plan where such amendment reduces the exercise price of such option, and the Stock Option Plan further provides that all amendments, modifications, or changes not outlined immediately above shall only be effective upon approval of the shareholders of the Company.

Assignability – No rights under the Stock Option Plan and no option awarded pursuant to it are assignable or transferrable by any participant other than pursuant to a will or by the laws of descent and distribution.

Termination of Plan – The Stock Option Plan may be terminated at any time by the Directors. Notwithstanding any such termination, any option outstanding under the Stock Option Plan remains in effect until such option has been exercised, has expired, has been surrendered to the Company or has been terminated.

Compensation Consultants

No compensation consultant or advisor has, at any time since the beginning of the Company's most recently completed financial year, been retained to assist the Board or Compensation Committee in determining compensation for any of the Company's Directors and executive officers. In 2015 and 2014, the Company conducted an in-house review of the publicly available compensation paid to NEOs or their nearest equivalent for approximately 17 peers, the list of peers being derived from a published brokerage report for the sector that listed approximately 40 exploration and development companies, which was then reduced to 17 based on market capitalizations ranging from 50% to 200% of the Company's. The Compensation Committee met in February 2016 to consider the results of the 2015 peer review and concluded that there would be no adjustment to the compensation framework for NEOs and a reduction in fees paid to Directors.

Compensation Risk Considerations

The Board considers the implications of the risks associated with the Company's compensation policies and practices when determining rewards for its officers and Directors.

In order to assist the Board in fulfilling its oversight responsibilities with respect to risk management in terms of the Company's compensation structure, the Compensation Committee reviews, on at least an annual basis, the Company's compensation policies and practices. As part of such review process, the Compensation Committee endeavours to identify any practices that may encourage a Director, officer or employee to expose the Company to unacceptable or excessive risk.

Executive compensation is comprised of both short-term compensation in the form of a base salary/fee, and the STIP (i.e. incentive cash bonuses) and LTIP (i.e. grants of incentive stock options). This structure ensures

that a significant portion of executive compensation is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long term shareholder value.

As discussed above under the heading "Description of the Stock Option Plan", the Board also has the ability to set out vesting periods in each stock option agreement. As the benefits of such long term compensation would not be realized by officers and Directors until a significant period of time has passed, the ability of such persons to take inappropriate or excessive risks that are beneficial to their personal compensation at the expense of the Company and the shareholders is limited. Furthermore, all elements of executive compensation are discretionary in nature. As a result, it is unlikely an officer would take inappropriate or excessive risks at the expense of the Company or the shareholders that would be beneficial to his/her short-term individual compensation when their long-term compensation might be put at risk from such actions.

Due to the relatively small size of the Company and its current management group, the Board is also able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may also be identified and mitigated through regular Board meetings during which financial and other information of the Company is regularly reviewed.

The Compensation Committee currently believes that the Company's compensation policies do not encourage NEOs or individuals at principal business units or divisions of the Company to take inappropriate or excessive risks. The Company's compensation policies are structured such that there are generally restrictions on the maximum payout of the variable components of compensation as a percentage of salary in relation to performance bonuses and as maximum number of Common Shares issuable pursuant to an option granted under the Stock Option Plan.

The following components of the Company's compensation framework are specifically designed to mitigate against compensation-related risks:

- The Stock Option Plan provides that the maximum number of Common Shares which may be made subject to options under the Stock Option Plan at any time and from time to time shall not exceed 10% of the total number of Common Shares then outstanding on a non-diluted basis.
- Vesting periods under the Stock Option Plan are generally in four equal installments over a three year period from the date of grant;
- Bonus payments to a NEO in any given year are capped as a maximum percentage of base salary, as described in the "Short Term Incentive Plan - Overall STIP Determination" section, above.
- Bonus payments are generally derived from performance against pre-approved annual objectives for both the Company and the individuals (except the President & CEO, who is only assessed against corporate objectives). However, in 2015, all personnel were assessed against annual corporate objectives, with no individual objectives, due to the particular nature of the 2015 objectives.

As of the date of this Information Circular, no risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Financial Instruments

The Company has not adopted a formal policy prohibiting Named Executive Officers or Directors from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities of the Company granted as compensation or held, directly or indirectly, by such Named Executive Officers or Directors. As of the date of this Information Circular, the Company is not aware of any Named Executive Officer or Director having entered into such type of transaction.

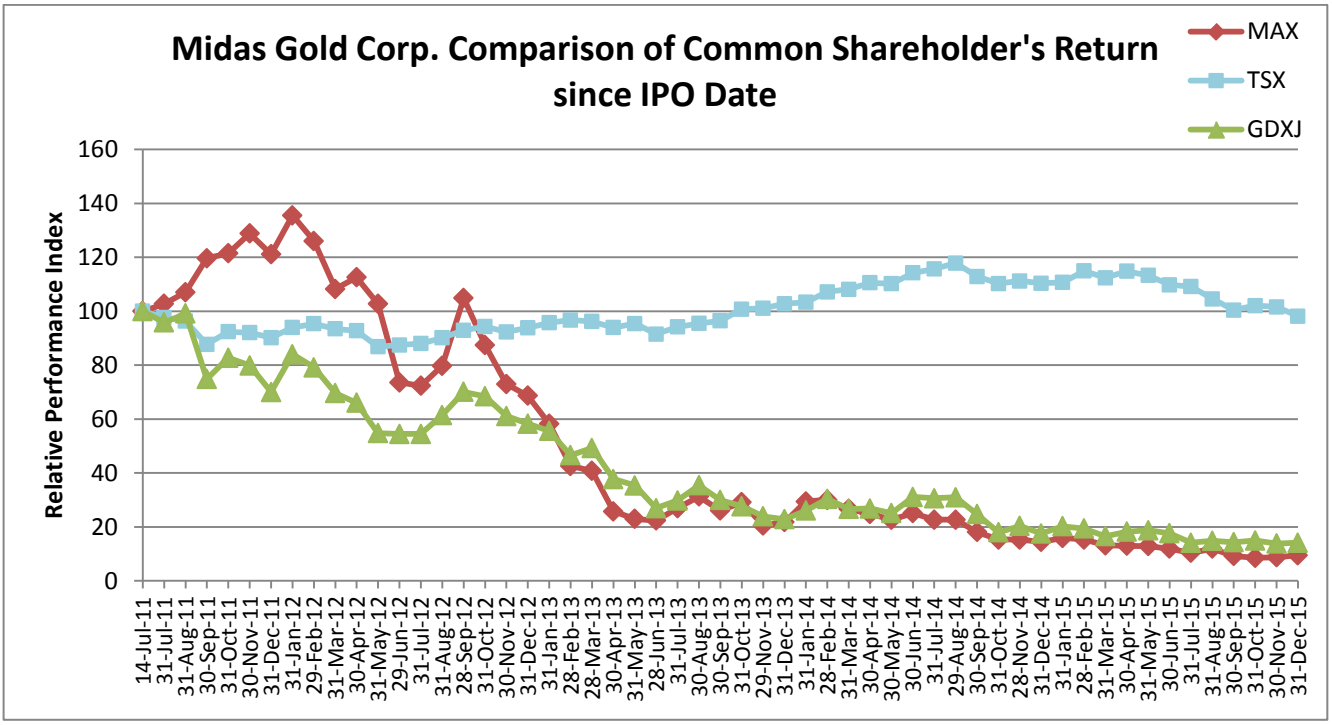

Share Performance Graph

The following graph and table illustrates the Company's cumulative (to December 31, 2015) shareholder return based on a $100 investment (on July 14, 2011, the date of completion of the Company's initial public offering ("IPO")) in the Company's Common Shares compared to the cumulative return on a comparable investment in the S&P/TSX Composite Index and the Market Vectors Junior Gold Miners ETF ("GDXJ") for the same period, ended December 31, 2015, each such index as published by the TSX.

The year-end values of each index investment are based on share appreciation plus dividends paid in cash, with the dividends reinvested on the date they were paid (there have been no dividends paid in relation to the Common Shares). The calculations exclude trading commissions and taxes. Total shareholder returns from each investment can be calculated from the year-end investment values shown in the following graph.

TOTAL SHAREHOLDER RETURN COMPARISON

(Based on an initial investment of $100 on July 14, 2011 to December 31, 2015)

As previously noted, the Compensation Committee considers various factors in determining the compensation of the Named Executive Officers and Common Share performance is one performance measure that is reviewed and taking into consideration with respect to executive compensation. As a gold exploration company, the price of the Common Shares can be impacted by the market price of gold, which can fluctuate widely and be affected by numerous factors that are beyond the Company's control. General and industry-specific market and economic factors may also affect the price of the Common Shares.

Share-based and Option-Based Awards

The process that the Company uses to grant option-based awards to executive officers is disclosed elsewhere in this Information Circular, including under "Stock Option Plan" and "Description of the Stock Option Plan" above.

Compensation Governance

The Company has a Compensation Committee, which is further described under the heading "Compensation Discussion and Analysis – Compensation Committee" above and under the sub-section "Compensation of Directors and Officers" under the heading "Corporate Governance Disclosure" below.

SUMMARY COMPENSATION TABLE

The following table (presented in accordance with National Instrument Form 51-102F6 - *Statement of Executive Compensation*) sets forth all annual and long term compensation for services in all capacities to the Company for the three most recently completed financial years of the Company in respect of each of the individuals comprised of persons acting as the Chief Executive Officer and the Chief Financial Officer for all or any portion of the most recently completed financial year, and each of the three most highly compensated executive officers of the Company, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity at the end of the most recently completed financial year whose total compensation was, individually, more than $150,000, and each individual who would have satisfied these criteria but for the fact that individual was neither an executive officer of the Company or its subsidiaries, nor acting in a similar capacity, at the end of the most recently completed financial year (collectively the "Named Executive Officers" or "NEOs").

(1) All compensation amounts awarded, earned, paid, or payable are reflected in Canadian Dollars, Robert Barnes and John Meyer's compensation is paid in USD and have been translated at the average exchange rate for the relevant year.

(2) The Company used the Black-Scholes model as the methodology to calculate the grant date fair value, and relied on the following the key assumptions and estimates for each calculation: expected dividend yield 0% (2014 – 0% and 2013 - 0%), expected stock price volatility 62% (2014 – 64% and 2013 - 62%), weighted average risk free interest rate 1.0% (2014 – 1.4% and 2013 – 1.4%), and expected life of options of 5 years (2014 – 5 years and 2013 – 5 years). The Company chose this methodology as it is the standard for exploration companies in Canada and has been consistently applied by the Company for valuing option based awards by the Company since inception.

(3) Mr. Barnes and Mr. Meyer received contributions from the Company to their 401(k) plans and in 2013 Mr. Meyer received a benefit of $30,904 (US$30,000) related to the forgiveness of a loan that was made to Mr. Meyer in 2012 to relocate him from his previous employment. The loan was forgiven on Mr. Meyer being appointed as an officer of the Company.

(4) Mr. Quin's performance evaluation for 2015 and 2014 resulted in the board approving amounts of and $76,108 and $37,260 respectively under the annual incentive plan; however Mr. Quin elected to forgo all of his proposed annual incentive bonus payments. In 2014 and 2015 the Company elected to donate the amount forgone by Mr. Quin to charity in the Company's name.

(5) Mr. Quin's performance evaluation for 2013 resulted in the board approving an amount of $138,798 under the annual incentive plan; however Mr. Quin elected to forgo 50% ($69,399) of his proposed annual incentive bonus payment. The Company elected to donate the amount forgone by Mr. Quin ($69,399) to charity in the Company's name. As a result of this donation, Mr. Quin only received an annual incentive bonus payment of $69,399.

(6) In 2013 and 2014, due to limited capacity for the Company to grant options, Mr. Quin waived his annual grant of options in order to provide a greater allocation to other employees.

INCENTIVE PLAN AWARDS

Named Executive Officers are eligible for grants of stock options under the Company's LTIP though the Stock Option Plan. For details of the Company's LTIP and Stock Option Plan, see "Long Term Incentive Plan" and "Stock Option Plan" above.

The Company does not currently have an equity award plan that provides compensation based on achievement of certain performance goals or similar conditions within a specified period, or a share-based award plan under which equity-based instruments that do not have option-like features, can be issued.

(1) This amount is calculated based on the difference between the market value of the Common Shares underlying the options on December 31, 2015, which was $0.31, and the exercise or base price of the option. Such amount may not represent the amount that the respective Named Executive Officer will actually realize from the awards. Whether, and to what extent, a Named Executive Officer realizes value will depend on our several factors, including actual operating performance, share price fluctuations and the Named Executive Officer's continued employment with the Company.
(2) Options granted have a five year term and vest one quarter per year commencing on the grant date.
(3) In 2013 and 2014, due to limited capacity for the Company to grant options, Mr. Quin waived his annual grant of options in order to provide a greater allocation to other employees.

Value Vested or Earned During the Year

The value vested or earned during the most recently completed financial year of incentive plan awards granted to Named Executive Officers are as follows:

Name	*Option-Based Awards - Value Vested During The Year ($)*[1]	*Share-Based Awards - Value Vested During The Year ($)*	*Non-Equity Incentive Plan Compensation - Value Earned During The Year ($)*
Stephen Quin President and CEO	nil	n/a	n/a
Darren Morgans CFO	nil	n/a	n/a
Anne Labelle VP Legal & Sustainability	nil	n/a	n/a
Robert Barnes COO	nil	n/a	n/a
John Meyer VP Development	nil	n/a	n/a

(1) This amount is the dollar value that would have been realized if the options or warrants had been exercised on the vesting date by calculating the difference between the market price of the underlying securities at exercise and the exercise or base price of the options under the option-based award on the vesting date. As all options and warrants were granted with an exercise price equal to market price, all such options carried a nil value on the initial vesting date of one-quarter (post 2014 grants) or one-third (pre 2015 grants) of the options on the date of grant. Such amount may not represent the amount that the respective Named Executive Officer will actually realize from the awards. Whether, and to what extent, a Named Executive Officer realizes value will depend on our several factors, including actual operating performance, share price fluctuations and the Named Executive Officer's continued employment with the Company.

PENSION PLAN BENEFITS

The Company does not have a pension plan or any defined contribution plan that provides for payments or benefits to the Named Executive Officers or directors at, following, or in connection with retirement.

TERMINATION AND CHANGE OF CONTROL BENEFITS

As of the date of this Information Circular, the Company has employment agreements with each of the Named Executive Officers, which includes compensation in the form of salary, bonuses, and option share awards as well as for payment or benefits in the event of termination of employment or change of control of the Company. In order to ensure the continued dedication of the Named Executive Officers, the Board has determined that it is in the best interests of the Company and its shareholders to provide the Named Executive Officers and certain other key employees with additional financial security in the event of certain terminations and or a change of control of the Company.

In the agreements, "change of control" is defined as the acquisition by any person or by any person and a person "acting jointly or in concert with" such person, as defined in MI 62-104 - *Take-Over Bids and Issuer Bids*, whether directly or indirectly, of voting securities which, when added to all other voting securities of the Company at the time held by such person or by such person and a person "acting jointly or in concert with" another person, totals for the first time not less than fifty percent (50%) of the outstanding voting securities of the Company or the votes attached to those securities are sufficient, if exercised, to elect a majority of the Board of Directors of the Company. "Good reason" means the occurrence, within 12 months of a change of control, of any of the following without the NEO's written consent:

(i) a meaningful and detrimental change in the employee's position, title, duties or responsibilities form those in effect immediately prior to a change of control;

(ii) a change in the principal head office of the employer to a location more than 50 kilometres from the then-current location of the principal head office of the Company;

(iii) any reduction in the employee's salary or other remuneration; or

(iv) a demand by the Company that the employee cease working or providing services for remuneration to another entity where the Company and employee had previously agreed that the employee could engage in such activities, provided that a demand that the employee not increase the average monthly hours devoted to the third entity shall not constitute "good reason".

If, as the result of a "change of control" of the Company, if any of the NEO's experience "good reason" as described above, each is entitled to a severance payment in lieu of notice as set out below:

NEO	Salary	Additional
Stephen Quin	24 months	An amount equal to 130% of his annual salary in effect at the time of termination.
Robert Barnes	12 months	An amount equal to 40% of his annual salary in effect at the time of termination
John Meyer	12 months	An amount equal to 35% of his annual salary in effect at the time of termination
Darren Morgans	12 months	An amount equal to 35% of his annual salary in effect at the time of termination
Anne Labelle	12 months	An amount equal to 35% of her annual salary in effect at the time of termination

In the event of a change of control, all unvested incentive share options in the Company held by the NEO shall immediately vest and the incentive share options shall remain exercisable until the expiry of the original term.

At any time in circumstances where there is no cause for termination and no change of control, by the provision of written notice of termination from the Company, the Company is obligated to provide the terminated NEO with a lump sum severance payment, as set out in the table below:

NEO	Payment amount
Stephen Quin	(a) 24 months' salary; and (b) an amount equal to 200% of the amount (if any) determined as payable to Mr. Quin under the annual incentive plan during the last complete bonus year.
Robert Barnes	(a) 12 months' salary; and (b) an amount equal to the amount (if any) determined as payable to Mr. Barnes under the annual incentive plan during the last complete bonus year.
John Meyer	(a) 12 months' salary; and (b) an amount equal to the amount (if any) determined as payable to Mr. Meyer under the annual incentive plan during the last complete bonus year.

Darren Morgans	(a) 12 months' salary; and (b) an amount equal to the amount (if any) determined as payable to Mr. Morgans under the annual incentive plan during the last complete bonus year.
Anne Labelle	(a) 12 months' salary; and (b) an amount equal to the amount (if any) determined as payable to Ms. Labelle under the annual incentive plan during the last complete bonus year.

If the NEO is terminated without cause, the NEO shall have 90 days from the last day of work to exercise any incentive share options of the Company that have vested as of the last day of work and which are unexercised as of the last day of work.

Estimated Incremental Payments on Change of Control

The table below sets out the estimated incremental payments, payables and benefits due to each of the NEO's on termination on change of control assuming termination on December 31, 2015.

Name	Base Salary ($)	Option-Based Awards ($)	All Other Compensation ($)	Total ($)
Stephen Quin	640,000	-	416,000	1,056,000
Robert Barnes [(1)]	276,128	-	110,451	386,579
John Meyer[(1)]	283,741	-	99,309	383,050
Anne Labelle	245,000	-	85,750	330,750
Darren Morgans	220,000	-	77,000	297,000

(1) Mr. Barnes and Mr. Meyer are compensated in USD and the above payments are translated at the USD: CAD exchange rate on December 31, 2015 of 1:1.3841.

DIRECTOR COMPENSATION

Under the Company's policies with regard to Director compensation, the Company's executive Directors (as of the date of this Information Circular, Stephen Quin is the only executive Director) do not receive fees for Board service. The compensation for the non-executive Directors includes the following payments:

(i) a $24,000 annual cash retainer;
(ii) a $20,000 annual cash retainer for the Chairman of the Board;
(iii) a $16,000 annual cash retainer for the Chairman of the Audit Committee;
(iv) a $6,000 annual cash retainer for each Chairman of the Corporate Governance and Nominating Committee, Compensation Committee, and Environment, Health & Safety Committee;
(v) a $4,000 annual cash retainer for each member (excluding the Chairman) of the Audit Committee, Corporate Governance and Nominating Committee, Compensation Committee and Environment, Health and Safety Committee.

Payments are made quarterly to the Directors. Additionally, the Board may consider discretionary grants of stock options to non-executive Directors from time to time. The Company also reimburses Directors for all reasonable out-of-pocket costs incurred by them in connection with their services to the Company. No additional fees were paid to the members of the Special Committee.

The compensation described above was approved by the Compensation Committee of the Board in 2011 after a review the directors' fees paid to a group of comparable companies at the time. In 2014, the Compensation Committee of the Board performed a review of the directors' fees paid to the Benchmark Group and made a recommendation to the board that no changes be made to director compensation.

The table below sets out the amounts, before any withholdings, that each non-executive Director earned in fees and all other amounts of compensation during the year ended December 31, 2015 for his or her services as a Director:

Director Name	Fees Earned ($)	Share-Based Awards ($)	Option Based Awards ($)	Non-equity Incentive Plan Compensation ($)	Pension Value ($)	All Other Compensation ($)	Total ($)

(1) Mr. Korpan and Mr. Richings ceased to be Directors on May 13, 2015.

Effective January 1, 2016, the Compensation Committee of the Board performed a review of the directors fees paid to the Benchmark Group and made a recommendation which was subsequently approved by the Board, to reduce fees to the following:

(i) a $19,200 annual cash retainer;
(ii) a $16,000 annual cash retainer for the Chairman of the Board;
(iii) a $10,000 annual cash retainer for the Chairman of the Audit Committee;
(iv) a $3,500 annual cash retainer for each Chairman of the Corporate Governance and Nominating Committee, Compensation Committee, and Environment, Health & Safety Committee;
(v) a $2,500 annual cash retainer for each member (excluding the Chairman) of the Audit Committee, Corporate Governance and Nominating Committee, Compensation Committee, and Environment, Health and Safety Committee.

Incentive Plan Awards

Under the Company's Stock Option Plan, Directors are eligible to receive stock options. As is the case with officers and employees, the purpose of granting such options is to assist the Company in attracting, retaining and encouraging the Directors and to closely align their personal interests to that of the shareholders of the Company.

See "Stock Option Plan" above for details regarding the Stock Option Plan.

(5) Mr. Korpan and Mr. Richings ceased to be Directors on May 13, 2015.

Incentive Plan Awards - Value Vested or Earned During the Year

The value vested or earned during the most recently completed financial year of awards granted to each of the Directors who is not a Named Executive Officer are as follows:

Director Name	Option-Based Awards - Value Vested During The Year ($)[1]	Share-Based Awards - Value Vested During The Year ($)	Non-Equity Incentive Plan Compensation - Value Earned During The Year ($)

(1) This amount is the dollar value that would have been realized if the options had been exercised on the vesting date by calculating the difference between the market price of the underlying securities at exercise and the exercise or base price of the options under the option-based award on the vesting date. As all options were granted with an exercise price equal to market price, all such options carried a nil value on the initial vesting date of one-third of the options on the date of grant. Such amount may not represent the amount that the respective Director will actually realize from the awards. Whether, and to what extent, a Director realizes value will depend on our several factors, including actual operating performance, share price fluctuations and the Director's continued membership on the Board.

(2) Mr. Korpan and Mr. Richings ceased to be Directors on May 13, 2015.

Securities Authorized for Issuance under Equity Compensation Plans

The following table sets forth the Company's compensation plans under which equity securities are authorized for issuance as at the end of the most recently completed financial year.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by securityholders	14,840,333[(1)(2)]	$1.83	2,575,928
Equity compensation plans not approved by securityholders	Nil	n/a	n/a
Total	14,840,333	$1.83	2,575,928

(1) Of these securities, 13,507,000 represent the number of Common Shares to be issued upon exercise of outstanding stock options under the Stock Option Plan as at December 31, 2015.

(2) Of the securities, 1,333,333 represent the number of Common Shares to be issued upon exercise of the remaining balance of the original two million "non-statutory options" at $0.50 granted to Mr. Quin as a condition of his employment agreement that was signed on December 27, 2010 between Mr. Quin and MGI. This was reaffirmed in a consulting agreement with MGI for Mr. Quin to act as CEO dated February 18, 2011. The non-statutory options were issued February 15, 2011. During the combination process between the Company, MGI and Vista Gold US, Inc., it was determined that "non-statutory options" were effectively warrants and were converted into warrants as part of the combination agreement that was approved by MGI security holders. They were exercisable in three tranches of 1/3rd each, and Mr. Quin subsequently exercised one third, with two thirds of the warrants still remaining as at December 31, 2015. On February 15, 2016 these securities expired unexercised.

The only compensation plan under which equity securities of the Company are authorized for issuance is the Stock Option Plan. As noted under the heading "Stock Option Plan" above, the Company's Stock Option Plan was adopted by the Board of directors on July 6, 2011, prior to the completion of the Company's initial public offering and listing on the TSX, which completed on July 14, 2011, and subsequently amended by the Directors in 2012 to add a cashless exercise feature and received securityholder approval at the Company's 2014 Annual General Meeting.

The section entitled "Incentive Plan Awards" above contain further information regarding options granted to the Named Executive Officers and non-executive Directors under the Stock Option Plan as at the end of the financial year ended December 31, 2015.

No additional options have been granted subsequent to the end of the Company's most recently completed financial year end to the date of this Information Circular.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

As at March 28, 2016, there was no indebtedness, other than routine indebtedness as defined under applicable securities laws, outstanding of any current or former executive officer, Director, or employee of the Company or any of its subsidiaries which is owing to the Company or any of its subsidiaries or to another entity which is the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Company or any of its subsidiaries, entered into in connection with a purchase of securities or otherwise.

No individual who is, or at any time during the financial year ended December 31, 2015, was a Director or executive officer of the Company, no proposed nominee for election as a director of the Company and no associate of such persons:

(i) is or at any time since the beginning of the most recently completed financial year has been, indebted, other than routine indebtedness as defined under applicable securities laws, to the Company or any of its subsidiaries; or

(ii) whose indebtedness to another entity is, or at any time since the beginning of the most recently completed financial year has been, the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Company or any of its subsidiaries, in relation to a securities purchase program or other program.

STAKEHOLDER COMMUNICATIONS

Stakeholders may communicate with the Company by contacting the Corporate Secretary at the Company's head office address or through the Company's website and, if a stakeholder so requests, comments in writing provided by stakeholders will be forwarded to the independent Directors. Stakeholders should be prepared to identify themselves as a condition to having their comments forwarded to the independent Directors.

The Board of Directors reviews the Company's significant communications with investors and the public, including the Company's annual audited financial statements, quarterly unaudited financial statements, management's discussion and analysis, annual information forms, and management information proxy circulars.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as set out herein, no person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year, no proposed nominee of management of the Company for election as a director of the Company and, to the knowledge of the Company, no associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of Directors or the appointment of auditors, with the exception of the approval of the Stock Option Plan pursuant to the policies of the TSX. See "Particulars of Other Matters to be Acted Upon – Approval of the Company's Evergreen Stock Option Plan" for further information.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No informed person (as defined in National Instrument 51-102) or proposed Director of the Company and, to the knowledge of the Company, no associate or affiliate of the foregoing persons has or has had any material interest, direct or indirect, in any transaction since the commencement of the Company's most recently completed financial year or in any proposed transaction which in either such case has materially affected or would materially affect the Company or any of its subsidiaries.

MANAGEMENT CONTRACTS

No management functions of the Company or any subsidiaries are performed to any substantial degree by a person other than the Directors, executive officers or full time employees of the Company.

CORPORATE GOVERNANCE DISCLOSURE

National Policy 58-201 – *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. National Instrument 58-101 - *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices, which such disclosure for the Company is set out below.

Independence of Members of Board

The Company's Board currently consists of seven (7) Directors, all of whom are standing for re-election at the Meeting. The majority of the Directors are independent, including the Chairman, Peter Nixon. The Board has made an affirmative determination that four (4) of the Directors are independent based upon the applicable

tests for independence set forth in National Instrument 52-110 – *Audit Committees*. With the exception of Stephen Quin, Marcelo Kim and Victor Flores, the Board has determined that all other Directors are independent of management and free from any interest and any business which could materially interfere with their ability to act as a director with a view to the best interests of the Company. In reaching this determination, the Board considered the circumstances and relationships with the Company of each of its Directors. In determining that all Directors except each of Mr. Quin, Mr. Flores and Mr. Kim are independent, the Board took into consideration the fact that each of the other Directors is not an officer or employee of the Company, a former officer or employee, or a party to any material contract with the Company and that none receive remuneration from the Company in excess of Directors' fees and stock option grants. Mr. Quin is not considered independent as he has a material relationship with the Company due to being an executive officer (President and CEO) of the Company. Mr. Kim and Mr. Flores are not considered independent as they are both Partners at Paulson, which the Board has determined has a material relationship with the Company. Mr. Flores and Mr. Kim have both waived Director's fees and stock option grants. As disclosed under the heading "Principal Holders of Voting Shares", Paulson purchased Notes under the Offering, which such Notes are convertible to acquire up to approximately 35.7% of the currently issued and outstanding Common Shares on a partially diluted basis (assuming conversion of only Paulson's Notes).

The size of the Company is such that all the Company's operations are conducted by a small management team, one of whom (the President and CEO, Stephen Quin) is also on the Board. The independent Directors exercise their responsibilities for independent oversight of management through their majority control of the Board. In addition, the Board has separate roles for the Chairman of the Board, Mr. Nixon, and the President and Chief Executive Officer, Mr. Quin.

The independent Directors meet regularly and hold private sessions without the presence of the non-independent Director and management. During the financial year ended December 31, 2014, 29 such private sessions were held (including board, standing committee and Special Committee meetings). The independent Directors are also encouraged to meet at any other time they consider necessary without any members of management, including the non-independent Director, being present. Further supervision is performed through the Board's four standing committees, three of which are composed entirely of non-executive, independent Directors and all of which meet regularly without management being in attendance. The Board's four standing committees are as follows: the Audit Committee; the Compensation Committee; the Corporate Governance and Nominating Committee; and the Environmental, Health and Safety Committee. The Audit Committee also meets with the Company's external auditors without management being in attendance.

To promote the exercise of independent judgment by Directors in considering transactions and agreements, any director or officer who has a material interest in the matter being considered would not be present for discussions relating to such matter and would not participate in any vote on such matter.

Participation of Directors in Other Reporting Issuers

The participation of the Directors in other reporting issuers (or the equivalent in a foreign jurisdiction) is described in the tables provided under the section entitled "Election of Directors" in this Information Circular.

Participation of Directors in Board Meetings

During the financial year ended December 31, 2015, 23 Board and standing committee meetings were held. In addition, four Special Committee meetings were held. The attendance record of each director, in their capacity as a director, for Board and standing committee meetings (not including the Special Committee meetings) held in 2015 was as follows:

Director	Board Meetings Attended	Audit Committee Meetings Attended	Compensation Committee Meetings Attended	Corporate Governance and Nominating Committee Meetings Attended	Environmental, Health, and Safety Committee Meetings Attended	Total Number of Meetings Attended	Attendance Record

Board Mandate

The Board has adopted a Board Mandate, the text of which is attached as Appendix I to this Information Circular.

Position Descriptions

The Board has adopted written position descriptions for the Chief Executive Officer, the Chairman of the Board, and for the Chair of each standing committee.

Orientation and Continuing Education

The Chairman of the Company takes primary responsibility for the orientation and continuing education of Directors. The Corporate Governance and Nominating Committee is also responsible for determining appropriate orientation and education programs for new Board members. New Directors are provided with an overview of their role as a member of the Board and its committees, and the nature and operation of the Company's business and affairs. New Directors are provided with opportunities to visit the Company's operations and have discussions with the Company's operating personnel. New Directors also have the opportunity to discuss the Company's affairs with legal counsel as well as the representatives of the Company's external auditors.

All Board members are provided with a monthly management report which details the Company's business results and operations and senior management regularly makes presentations to the full Board on the main areas of the Company's business. Board members have full access to the Company's records.

To help ensure that Directors maintain the skill and knowledge necessary to meet their obligations as Directors, Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and to visit the Company's operations.

All Board members are provided with the Company's Board policy manual, including all corporate governance policies, the Board's mandate, charters of each of the committees, Board and committee chair position descriptions, corporate policies and other relevant information. The Board also has access to publicly-filed documents of the Company, including technical reports and financial information and access to management, consultants, and technical experts, should the need arise.

All Board members have been to the Golden Meadows Project site and it is the Company's intention to hold one of its quarterly board meetings at the site each year to provide the Directors with additional and on-going exposure to the Golden Meadows Project site.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and crucial to meet the Company's responsibilities to shareholders and other stakeholders. All Directors, officers and employees of the Company are expected to maintain and enhance the Company's standing as a vigorous and ethical member of the business community.

The Company and its employees, personally and on behalf of the Company, are required to comply with the laws, policies and other regulations applicable to the Company and its business, respect the protection of internationally proclaimed human rights and recognize the responsibility to observe those rights.

Accordingly, the Board has adopted a Code of Conduct and Ethical Values Policy (the "Code"), which is posted on the Company's website at www.midasgoldcorp.com and filed under the Company's profile at

www.sedar.com. The Board has instructed its management and employees to abide by the Code and to bring any breaches of the Code to the attention of the Board.

It is ultimately the Board of Directors' responsibility for monitoring compliance with the Code. The Board of Directors has delegated this responsibility to the Corporate Governance and Nominating Committee which, among other things, reviews the Code periodically. To date, no waivers of the Code have been granted nor has there been any material change report filed that pertains to any conduct of a Director or executive officer of the Company that constitutes a departure from the Code.

The Company has also established a Whistle-Blower Policy whereby the Board of Directors has delegated the responsibility of monitoring complaints regarding accounting, internal controls or auditing matters to the Audit Committee. Monitoring of accounting, internal controls and auditing matters, as well as violations of the law, the Code and other Company policies or directives, occurs through the reporting of complaints and concerns through an anonymous whistleblower hotline, via email, or through a secure Internet reporting service in accordance with the Company's Whistle-Blower Policy. A copy of the Whistle-Blower Policy is available on the Company's website at www.midasgoldcorp.com.

Certain of the Company's Directors serve or may agree to serve as directors or officers of other reporting companies or have significant shareholdings in other reporting companies and, to the extent that such other companies may participate in ventures in which the Company may participate, a Director may have a conflict of interest in negotiating and concluding terms respecting the extent of such participation. In the event that such a conflict of interest arises at a meeting of the Board, a Director who has such a conflict will abstain from voting for or against the approval of such participation or such terms and such Director will not participate in negotiating and concluding terms of any proposed transaction.

The Board also requires that Directors and executive officers who have an interest in a transaction or agreement with the Company to promptly disclose that interest at any meeting of the Board at which the transaction or agreement will be discussed and abstain from discussions and voting in respect to same if the interest is material or if required to do so by corporate or securities law.

Nomination of Directors

The Corporate Governance and Nominating Committee is responsible for identifying potential Board candidates. The Corporate Governance and Nominating Committee is composed entirely of non-executive, independent Directors. The Corporate Governance and Nominating Committee reviews the competencies and skills that the Company's Board of Directors, as a whole, possesses; assesses potential Board candidates relative to perceived needs on the Board for required skills, expertise, independence and other factors; and recommends candidates for nomination, appointment, election and re-election to the Board. Members of the full Board and representatives of the mining industry are consulted for possible candidates.

The Company is committed to gender diversity on its Board of Directors, as well as at the senior level of management. (See "Policies Regarding the Representation of Women on the Board", "Consideration of the Representation of Women in the Director Identification and Selection Process" and "Consideration Given to the Representation of Women in Executive Officer Appointments" below for further information.) The board ensures, in the process of ongoing Board renewal and the continuing search for a diverse mix of talent and competency, that new appointments advance that commitment in a timely fashion.

Further to the above commitment, the Board will seek out candidates with common attributes such as integrity, intelligence, sound business judgement, independence of mind and the ability to learn and understand all aspects of the company's business. Recruits to the Board will also be highly qualified in their respective areas of expertise and possess a mix of skill and experience that, collectively, will allow the Board to function at a high level and add value to the enterprise.

The Board has adopted a written charter that sets forth the responsibilities, powers and operations of the Corporate Governance and Nominating Committee, as detailed in Appendix III to this Information Circular. The Corporate Governance and Nominating Committee is responsible for annually assessing Board performance,

assessing the contribution of the Board, committees and all Directors annually, and planning for the succession of the Board. See "Board Committees" and Board Assessments" below for further information.

Compensation of Directors and Officers

The Compensation Committee, which is composed entirely of non-executive and independent Directors, is responsible for reviewing the adequacy and form of non-executive Directors' and senior officers' compensation to ensure that the compensation realistically reflects the responsibilities and risks involved in being an effective Director and senior officer. The Compensation Committee annually reviews the adequacy and form of the compensation of the Company's senior officers' and non-executive Directors' and makes recommendations to the Board with respect to the Company's directorship fee structure and compensation.

The Compensation Committee has a written charter that sets out the committee's responsibilities, structure and operations. Pursuant to its mandate, the Compensation Committee duties and responsibilities are as follows:

(a) to recommend to the Board compensation policies and guidelines for application to Midas Gold;

(b) to work with management so that Midas Gold has in place programs to attract and develop management of the highest calibre and a process to provide for the orderly succession of management;

(c) to review corporate goals and objectives relevant to the compensation of the Chief Executive Officer and, in light of those goals and objectives, to recommend to the Board the annual salary, bonus and other benefits, direct and indirect, of the Chief Executive Officer (provided, that notwithstanding the foregoing, the Committee shall approve all awards to the Chief Executive Officer pursuant to the Midas Gold stock option plan and any other plan that delegates to the Committee such authority) and to approve compensation for all other designated officers after considering the recommendations of the Chief Executive Officer, all within the human resources and compensation policies and guidelines approved by the Board;

(d) to implement and administer compensation policies approved by the Board concerning the following:

  (i) executive compensation, contracts, stock plans or other incentive plans, including making awards of equity-based compensation and options, or where the plan or contract does not delegate to the Committee such authority, making recommendations to the Board regarding such awards; and,

(e) from time to time, to review the Company's broad policies and programs in relation to benefits;

(f) to annually receive from the Chief Executive Officer recommendations concerning annual compensation policies and budgets, including stock options, for all employees;

(g) from time to time, to review with the Chief Executive Officer the Company's broad policies on compensation for all employees and overall labour relations strategy for employees;

(h) to develop and monitor the overall approach to remuneration for the directors of Midas Gold and, subject to approval by the Board, to implement a remuneration program for the directors and the roles within the Board committees;

(i) to periodically review the adequacy and form of the compensation of directors so that the compensation realistically reflects the responsibilities and risks involved in being an effective director, and to report and make recommendations to the Board accordingly;

(j) to report regularly to the Board on all of the Committee's activities and findings during that year;

(k) to develop a calendar of activities to be undertaken by the Committee for each ensuing year and to submit the calendar in the appropriate format to the Board of Directors within a reasonable period of time following each annual general meeting of shareholders; and

(l) to review executive compensation disclosure before publically disclosed.

See "Compensation Committee" under the "Statement of Executive Compensation" above for addition details regarding the Compensation Committee, including with regard to the engagement of any compensation consultant or advisor.

Board Committees

The Company has four standing committees: Audit, Compensation, Corporate Governance and Nominating, and Environmental, Health and Safety.

The primary function of the Audit Committee is to assist the Directors in fulfilling its oversight responsibilities with respect to the Company's financial reporting and continuous disclosure; the Company's systems of internal controls and financial reporting processes; and the review and appraisal of the performance and independence of the Company's external auditors. The Audit Committee is composed entirely of non-executive, independent (within the meaning of sections 1.4 and 1.5 of National Instrument 52-110, *Audit Committees*) Directors and each member meets the requirement of financial literacy as prescribed by the appropriate regulatory bodies.

The Compensation Committee, under the supervision of the Board, has overall responsibility for monitoring trends in compensation philosophy and practices, making recommendations regarding appropriate levels and types of executive compensation that are competitive and motivating in order to attract, hold and inspire the Chief Executive Officer, Chief Financial Officer other senior officers and other key employees, and for reviewing trends in compensation philosophy and practices for independent Directors and making recommendations in that regard. The Compensation Committee is comprised entirely of non-executive, independent Directors.

The primary function of the Corporate Governance and Nominating Committee is to assist the Board of Directors by establishing and leading the process for identifying, recruiting, and recommending candidates for nomination, appointment, election and re-election to the Board; assessing Board performance; and determining appropriate orientation and education programs for new Board members. The Corporate Governance and Nominating Committee is comprised entirely of non-executive, independent Directors.

Other than the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee, the Company also has an Environment, Health and Safety Committee, which is not currently composed entirely of independent members as Mr. Quin, an executive Director, serves on such Committee.

The Environment, Health and Safety Committee reviews environmental, occupational health, safety and sustainable development reports of the Company; oversees the Company's environmental and safety performance; and monitors and reviews current and future regulatory issues relating to the environment, health, safety and sustainable development and making recommendations on significant matters, where appropriate, to the Board.

Midas Gold is committed at all times to take into consideration the environment, health, safety and welfare of

the communities in which it has operations, development and exploration activities and to strive to be legally compliant, and economically, environmentally, socially and ethically responsible. The Environmental, Health, and Safety Committee, under the supervision of the Board, has overall responsibility for overseeing the development and implementation of policies and procedures for ensuring a safe and healthy work environment.

Ad Hoc Special Committees

The Board does not have any other standing committees. From time to time, ad hoc special committees of the Board may be appointed. The Special Committee was formed in mid-2015 to review a specific corporate development opportunity and consisted of Wayne Hubert (Chair), Peter Nixon, Donald Young and John Wakeford, each of whom was an independent Director at the time. The primary function of a Special Committee is to efficiently consider and make recommendations to the full Board in respect of any potential future transaction involving a financing, business combination, acquisition or sale initiated by a third party in respect of the Company or its business and assets. The Special Committee is responsible for reviewing all aspects of any such transaction and making recommendations to the full Board with respect thereto, and was established as a separate special committee of the Board in order to ensure that all relevant facts, issues and associated transactions are reviewed and approved by Directors who are not subject to any conflict of interest and, as such, can consider transactions with the best interests of the Company and its shareholders exclusively in mind.

Board Assessments

The Board annually, and at such other times as it deems appropriate, will review the performance and effectiveness of the Board, the Directors and its committees to determine whether changes in size, personnel or responsibilities are warranted. To assist in its review, the Board will conduct informal surveys of its Directors, receive an annual report from the Corporate Governance and Nominating Committee on its assessment of the functioning of the Board and reports from each committee respecting its own effectiveness. As part of the assessments, the Board or an individual committee may review its respective mandate or charter and conduct reviews of applicable corporate policies.

Due to the timing of the financing completed in March 2016 and the resulting change in composition of the Board, this assessment will be conducted in April 2016 to include the new members of the Board and reported on at the May 2016 Board meeting.

Director Term Limits and Other Mechanisms of Board Renewal

The Company has not adopted term limits for its Directors. The Company believes that term limits are an arbitrary mechanism for removing Directors, and can result in highly qualified and experienced Directors forced out solely based on the length of their service. The Corporate Governance and Nominating Committee, however, reviews on at least an annual basis the size, composition, mandate and performance of the Board and the various committees of the Board, and makes recommendations for appointment, removal of Directors, or other adjustments as appropriate.

To ensure adequate renewal of the Board, the Board annually, and at such other times as it deems appropriate, reviews the performance and effectiveness of the Board, the directors and the committees of the Board to determine whether changes in size, personnel or responsibilities are warranted or advisable. To assist in its review, the Board will conduct informal surveys of the Directors, receive an annual report from the Corporate Governance and Nominating Committee on its assessment of the functioning of the Board, and reports from each committee respecting each committee's own effectiveness.

As discussed above under "Board Assessments", as part of its annual review, the Board assesses the skills of its Board members in a variety of areas critical to the effective oversight of the Company. These assessments with regard to skills ensure that the Board possesses the requisite expertise, experience, and operational and business insight for the effective stewardship of the Company. As part of its assessment, the Board also considers, among other diversity factors, whether there are women on the Board and the committees.

The results of such assessments and surveys are reported to the Board and the Chairman, together with any recommendations from the Corporate Governance and Nominating Committee for improving the composition of the Board.

The Corporate Governance and Nominating Committee has considered whether to propose that the Board adopt term limits for directors and has determined not to do so after consideration of a number of factors, including the significant advantages associated with the continued involvement of long-serving directors who have gained a deep understanding of the Company's projects, operations and objectives during their tenure; the experience, corporate memory and perspective of such directors; the annual review processes performed by the Board and its committees; the professional experience, areas of expertise and personal character of members of the Board; and the current needs and objectives of the Company.

Policies Regarding the Representation of Women on the Board

As of the date of this Information Circular, the Company has not adopted a written policy relating to the identification and nomination of women directors, but the Company expects to put forward such a written policy for consideration and approval at its May 2016 Board meeting.

While the Board considers gender and other diversity factors, including, among others, in relation to sexual preference, disability, age, ethnicity, business experience, functional expertise, ethnicity and cultural background, and geography as part of its nomination processes, a formal policy relating to the identification and nomination of women directors had not previously been adopted as the Board believed that the interests of the Corporation were better served by ensuring that new directors were identified and selected from the widest possible group of potential candidates.

The Corporate Governance and Nominating Committee has had considerable discussion regarding gender diversity and the benefits thereof and the Company is committed to gender diversity on the Board, as well as at the senior levels of management. The Board ensures, in the process of ongoing Board renewal and the continuing search for a diverse mix of talent and competency, that, where possible, new appointments will advance the Company's commitment to diversity in a timely fashion. The anticipated adoption of a written policy relating to the identification and nomination of women directors is expected to formalize the Company's approach with regard to the representation of women on the Board.

Consideration of the Representation of Women in the Director Identification and Selection Process

The Corporate Governance and Nominating Committee is responsible for identifying potential Board candidates. The Corporate Governance and Nominating Committee reviews the competencies and skills that the Board, as a whole, possesses; assesses potential Board candidates relative to perceived needs on the Board for required skills, expertise, independence and other factors; and recommends candidates for nomination, appointment, election and re-election to the Board. Members of the full Board and representatives of the mining industry are consulted for possible candidates.

Further to the above commitments, the Board will seek out candidates with common attributes such as integrity, intelligence, sound business judgement, independence of mind and the ability to learn and understand all aspects of the Company's business. Recruits to the Board will also be highly qualified in their respective areas of expertise and possess a mix of skill and experience that, collectively, will allow the Board to function at a high level and add value to the enterprise.

The Company believes in diversity among its directors and values the benefits diversity can bring to its Board. Accordingly, the composition of the Board is intended to reflect a diverse mix of skills, experience, knowledge and backgrounds. Although diversity factors are considered in the Company's director identification and selection process, other factors such as performance, skill and merit, are given greater consideration in the director identification and selection process. In light of the Company's view that candidates should be selected from the widest possible group of qualified individuals, the level of representation of women is specifically considered, but is not the sole factor in identifying and nominating candidates for election or re-election to the Board.

Consideration Given to the Representation of Women in Executive Officer Appointments

The Company's views with respect to the representation of women in executive officer positions when making executive officer appointments are similar to its views on the representation of women in the director identification and selection process.

In its consideration of potential candidates for executive officer positions, management of the Company takes into account diversity, including gender diversity, and recognizes the benefits of having a management team representing different perspectives, but the Company also considers, among other things, a person's professional experience, particular areas of expertise, character and merit.

Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Company has not set measurable objectives or targets for ensuring women are represented on the Board or in executive officer positions.

The Company believes that adopting such targets may unduly restrict its ability to nominate, select, hire or promote the best candidate for the position in question, however, the Company remains committed to an inclusive and diverse Board and workplace. The Company intends to continue to include gender and other diversity measures as among the factors that are considered when nominating directors and hiring executive officers.

Number of Women on the Board and in Executive Officer Positions

Of the Company's current Board of seven Directors, there is currently one female Director (Laurel Sayer, an independent Director), which represents approximately 14% of the Board. Of the Company's five executive officers, there is currently one female executive officer (Anne Labelle, VP Legal and Sustainability), which represents 20% of the Company's executive officers. The Company's Manager, Investor Relations and Corporate Secretary (Liz Caridi) and the Project Controller and Company Secretary of Midas Gold Idaho, Inc. (Tanya Nelson), are also women.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

The Company has purchased, at its expense, directors' and officers' liability insurance policies to provide insurance against possible liabilities incurred by them in their capacity as Directors and officers of the Company. The policies provide coverage of up to $30 million per occurrence per policy year. Claims under the policies are subject to a deductible of $50,000 per securities claim and $50,000 for all other occurrences. The premiums for these policies for the year ended December 31, 2015, totaled $51,750.

With respect to the initial public offering of the Common Shares, the Company purchased, at its expense, directors' and officers' liability insurance policies dedicated to the transaction to provide insurance against possible liabilities incurred by them in their capacity as Directors and officers of the Company. The policies provided coverage of up to $30 million per occurrence per policy year. Claims under the policies were subject to a deductible of $25,000 per securities claim and $25,000 for all other occurrences. The premiums for these policies for the period from June 6, 2011 to July 14, 2011, totaled $6,112. Upon completion of the transaction, these policies were converted to run-off coverage for a period of 6 years. The run-off policies provide coverage of up to $30 million per occurrence and aggregate for the 6 year policy term. Claims under the policies are subject to a deductible of $25,000 per securities claim and $25,000 for all other occurrences. The premiums for these policies for the period from July 14, 2011 to July 14, 2017, totaled $85,188.

APPENDIX I

BOARD MANDATE

A. INTRODUCTION

The Board of Directors (the "Board") has a stewardship responsibility for the conduct of the business of Midas Gold Corp. (the "Corporation") and the activities of management. Whereas management is responsible for the day-to-day conduct of the business, it is the role of the Board to provide oversight and direction regarding the Corporation's strategic plan and long term goals. The Board's fundamental objectives are to enhance and preserve long-term shareholder value, to oversee that the Corporation meets its obligations on an ongoing basis and that the Corporation operates in a reliable and safe manner. In performing its functions, the Board should also consider the legitimate interests that its other stakeholders, such as employees, customers and communities, may have in the Corporation. In overseeing the conduct of the business, the Board, through the Chief Executive Officer, shall set the standards of conduct for the Corporation, and any of its subsidiary companies.

B. PROCEDURES AND ORGANIZATION

The Board operates by delegating certain of its authorities to management and by reserving certain powers to itself. The Board retains the responsibility for managing its own affairs including selecting its Chair, nominating candidates for election to the Board and constituting committees of the Board. Subject to the Articles of the Corporation and the British Columbia Business Corporations Act (the "Act"), the Board may constitute, seek the advice of and delegate powers, duties and responsibilities to committees of the Board.

C. DUTIES AND RESPONSIBILITIES

The Board's principal duties and responsibilities fall into a number of categories which are outlined below.

1. Legal Requirements

The Board is responsible for overseeing that management is in compliance with all regulatory requirements whereby all documents and records are prepared, approved, and maintained;

(a) The Board shall meet at least quarterly; and

(b) The Board has the statutory responsibility to:

(i) manage or, to the extent it is entitled to delegate such power, to supervise the management of the business and affairs of the Corporation by the senior officers of the Corporation;

(ii) act honestly and in good faith with a view to the best interests of the Corporation;

(iii) exercise the care, diligence and skill that reasonable, prudent people would exercise in comparable circumstances; and

(iv) act in accordance with its obligations contained in the Act and the regulations thereto, the Corporation's Articles, securities legislation of each province and territory of Canada, and other relevant legislation and regulations.

2. Independence

The Board has the responsibility to put in place appropriate structures and procedures to permit the Board to function independently of management. The Board shall have a majority of independent directors as well as an independent Chair or an independent Lead Director, as the term "independent" is defined within the meaning of all applicable Canadian and U.S. securities laws and the rules of each stock exchange on which the Corporation's securities are listed (collectively, the "Applicable Regulations"), except if and to the extent that the Applicable Regulations permit otherwise. In addition, each member of the Board and each member of each committee of the Board shall meet such other qualification requirements as may be set forth in the Applicable Regulations.

The Board shall annually make an affirmative determination as to the independence of each member of the Board under the Applicable Regulations.

Also, the Board will include an "in camera" session for the independent directors at each Board meeting, and the independent directors shall also meet as often as necessary in order to fulfill their responsibilities.

3. Strategy Determination

The Board has the responsibility to put in place long-term goals and a strategic planning process for the Corporation and to participate with management directly or through its committees in developing and approving the mission of the business of the Corporation and the strategic plan by which it proposes to achieve its goals, which strategic plan takes into account, among other things, the opportunities and risks of the Corporation's business.

4. Managing Risk

The Board has the responsibility to identify and understand the principal risks of the business in which the Corporation is engaged, to achieve a proper balance between risks incurred and the potential return to shareholders, and to put in place systems which effectively monitor and manage those risks with a view to the long-term viability of the Corporation.

5. Division of Responsibilities

The Board has the responsibility to:

(a) appoint and delegate responsibilities to committees where appropriate to do so; and

(b) develop position descriptions for:

(i) the Board;

(ii) the Chairman;

The Board may also establish other standing committees from time to time.

Each committee shall have a written mandate that clearly establishes its purpose, responsibilities, members, structure and functions. Each mandate shall be reviewed by both the committee itself and the Board regularly. The Board is responsible for appointing committee members.

6. Appointment, Training and Monitoring Senior Management

The Board has the responsibility:

(a) to appoint the Chief Executive Officer, to monitor and assess the Chief Executive Officer's performance, to satisfy itself as to the integrity of the Chief Executive Officer, and to provide advice and counsel in the execution of the Chief Executive Officer's duties;

(b) to develop or approve the corporate goals or objectives that the Chief Executive Officer is responsible for;

(c) based on the recommendation of the Compensation Committee of the Board, to approve the annual salary, bonus and other benefits, direct and indirect, of the Chief Executive Officer;

(d) to approve the appointment of all corporate officers, acting upon the advice of the Chief Executive Officer and to satisfy itself as to the integrity of such corporate officers;

(e) to review and discuss with management the Corporation's leadership development and training program. Also, the Board will consult with management to put in place a management succession planning process. to adopt an orientation program for new directors. This program will include, but not be limited to, access to recent minutes of Board meetings, corporate documents, interviews with senior managers, and when appropriate, site visits.

(f) to create a culture of integrity throughout the Corporation;

(g) to communicate to management the Board's expectations of management;

(h) to set out expectations and responsibilities of directors including attendance at meetings and review of meeting materials.

7. Policies, Procedures and Compliance

The Board has the responsibility:

(a) to oversee that the Corporation has in place policies and structures that lead the Corporation to operate at all times within applicable laws, regulations and our ethical standards; and

(b) to approve and monitor compliance with significant policies and procedures by which the Corporation is operated.

8. Reporting and Communication

The Board has the responsibility:

(a) based on the recommendations of the Corporate Governance and Nominating Committee of the Board, approve the nomination of new director nominees;

(b) to oversee that the Corporation has in place policies and programs to enable the Corporation to communicate effectively with its shareholders, other stakeholders and the public generally;

(c) to review and discuss the process whereby the financial performance of the Corporation is reported to shareholders, other security holders and regulators on an accurate, timely and regular basis;

(d) to review the procedures that management has put in place to facilitate the timely reporting of developments that have a significant and material impact on the value of the Corporation;

(e) to report annually to shareholders on its stewardship of the affairs of the Corporation for the preceding year; and

(f) to develop the Corporation's approach to corporate governance and to develop a set of corporate governance principles and guidelines.

9. Monitoring and Acting

The Board has the responsibility:

(a) to monitor the Corporation's progress towards it goals and objectives and to revise and alter its direction through management in response to changing circumstances;

(b) to take action when performance falls short of its goals and objectives or when other special circumstances warrant;

(c) to oversee the adequacy of the corporation's control and information systems for the effective discharge of its responsibilities;

(d) to review the regular assessments of the Board conducted by the Corporate Governance and Nominating Committee;

(e) to review the risks of the Corporation and ensure adequate processes are in place to identify, monitor, mitigate and/or address the risks identified; and,

(f) to oversee the Corporation's Anti-Bribery and Anti-Corruption Policy and monitor and review the processes that are in place to maintain compliance with the Extractive Sector Transparency Measures Act.

APPENDIX II

AUDIT COMMITTEE MANDATE

A. PURPOSE

The overall purpose of the Audit Committee (the "Committee") of Midas Gold Corp. (the "Corporation") is assist the board of directors (the "Board") of the Corporation in fulfilling its oversight responsibilities for:

1. the integrity, quality and transparency of the Corporation's financial statements;

2. the Corporation's internal control over financial reporting;

3. the Corporation's compliance with legal and regulatory requirements which relate to financial reporting;

4. the appointment (subject to shareholder ratification) of the Corporation's external auditor and approval of its compensation as well as responsibility for its independence, qualifications and performance of all audit and audit related work; and

5. such other duties as assigned to it from time to time by the Board.

The function of the Committee is oversight. The members of the Committee are not full-time employees of the Corporation. The Corporation's management is responsible for the preparation of the Corporation's financial statements in accordance with applicable accounting standards and applicable laws and regulations. The Corporation's external auditor is responsible for the audit and quarterly review, when applicable, of the Corporation's financial statements in accordance with applicable auditing standards and laws and regulations.

In carrying out its oversight role, the Committee and the Board recognize that the Corporation's management is responsible for:

1. implementing and maintaining suitable internal controls and disclosure controls;

2. the preparation, presentation and integrity of the Corporation's financial statements; and,

3. the appropriateness of the accounting principles and reporting policies that are used by the Corporation.

B. COMPOSITION, PROCEDURES AND ORGANIZATION

1. The Committee shall consist of at least three members of the Board. The Board will appoint members to the Committee and the Committee will elect a Committee Chair from among the Committee's membership.

2. The Board will ensure that the Chair of the Committee and its members are independent and financially literate, as defined in National Instrument 52-110 ("NI 52-110").

3. The Committee will meet at least four times a year. The Chair of the Committee has the authority to convene additional meetings, as circumstances warrant. The Committee will invite members of management, the auditor or others to attend meetings and provide pertinent information, as necessary. The Committee will hold private meetings with each of the external auditor, and senior management. Meeting agendas will be prepared and provided in advance to members, along with appropriate briefing materials.

4. No business shall be transacted by the Committee, except at a meeting where a majority of the members are present, either in person or by teleconference or video conference.

5. The Committee may:

   (a) engage outside legal, audit or other counsel and/or advisors at the Corporation's expense, without the prior approval of the directors of the Corporation;

   (b) set and pay the compensation of any advisors employed by the Committee;

   (c) review any corporate counsel's reports of evidence of a material violation of security laws or breaches of fiduciary duty;

   (d) seek any information it requires from employees – all of whom are directed to cooperate with the Committee's request – or external party; and

   (e) meet and/or communicate directly with the Corporation's officers, the external auditor or outside counsel, as necessary.

6. The Committee's business will be recorded in minutes of the Committee meetings, which shall be submitted to the Board. The Committee Secretary will normally be the Corporate Secretary.

C. ROLES AND RESPONSIBILITIES

The Committee will carry out the following duties and responsibilities:

1. Financial Statements and Related Disclosure Documents

The duties and responsibilities of the Committee as they relate to the financial statements and related disclosure documents are to:

   (a) review and discuss with management and the external auditor the interim and annual consolidated financial statements and the related disclosures contained in Management's Discussion and Analysis and recommend these documents to the Board for approval, prior to the public disclosure of this information by the Corporation. Such discussion shall include:

      (i) the external auditor's judgment about the quality, not just the acceptability, of accounting principles applied by the Corporation;

      (ii) the reasonableness of any significant judgments made;

      (iii) the clarity and completeness of the financial statement disclosure;

(iv) any accounting adjustments that were noted or proposed by the external auditor but were not made (whether immaterial or otherwise); and

(v) any communication between the audit team and their national office relating to accounting or auditing issues encountered during their work.

(b) review and recommend approval to the Board of the following financial sections of:

(i) annual Report to shareholders;

(ii) Annual Information Form

(iii) prospectuses;

(iv) annual and interim press release disclosing financial results, when applicable; and,

(v) other financial reports requiring approval by the Board.

(c) review disclosures related to any insider and related party transactions.

2. Internal Controls

The duties and responsibilities of the Committee as they relate to internal and disclosure controls as well as financial risks of the Corporation are to:

(a) periodically review and assess with management and the external auditor the adequacy and effectiveness of the Corporation's systems of internal control over financial reporting and disclosure, including policies, procedures and systems to assess, monitor and manage the Corporation's assets, liabilities and expenses. In addition, the Committee will review and discuss the appropriateness and timeliness of the disposition of any recommendations for improvements in internal control over financial reporting and disclosure procedures;

(b) obtain and review reports of the external auditor on significant findings and recommendations on the Corporation's internal controls, together with management's responses; and,

(c) periodically discuss with management, the Corporation's policies regarding financial risk assessment and financial risk management, including an annual review of insurance coverage. While it is the responsibility of management to assess and manage the Corporation's exposure to financial risk, the Committee will discuss and review guidelines and policies that govern the process. The discussion may include the Corporation's financial risk exposures and the steps management has taken to monitor and control such exposures, including hedging, foreign exchange, internal controls, and cash and short-term investments.

3. External Auditor

The duties and responsibilities of the Committee as they relate to the external auditor of the Corporation shall be to:

(a) receive reports directly from and oversee the external auditor;

(b) discuss with representatives of the external auditor the plans for their quarterly reviews, when applicable, and annual audit, including the adequacy of staff and their proposed fees and

expenses. The Committee will have separate discussions with the external auditor, without management present, on:

(i) the results of their annual audit and applicable quarterly reviews;

(ii) any difficulties encountered in the course of their work, including restrictions on the scope of activities or access to information;

(iii) management's response to audit issues and, when applicable, quarterly review issues; and,

(iv) any disagreements with management.

(c) pre-approve all audit and allowable non-audit fees and services to be provided by the external auditor in accordance with securities laws and regulations. The Committee will pre-approve all audit and non-audit services to be provided by the external auditor in advance of work being started on such services. The Committee Chair may approve proposed audit and non-audit services between Committee meetings and will bring any such approvals to the attention of the Committee at its next meeting;

(d) recommend to the Board that it recommend to the shareholders of the Corporation the appointment and termination of the external auditor;

(e) receive reports in respect of quarterly reviews, when applicable, and audit work of the external auditor and, where applicable, oversee the resolution of any disagreements between management and the external auditor;

(f) ensure that at all times there are direct communication channels between the Committee and the external auditor of the Corporation to discuss and review specific issues, as appropriate;

(g) meet separately, on a regular basis, with management and the external auditor to discuss any issues or concerns warranting Committee attention. As part of this process, the Committee shall provide sufficient opportunity for the external auditor to meet privately with the Committee;

(h) at least annually, assess the external auditor's independence and receive a letter each year from the external auditor confirming its continued independence;

(i) allow the external auditor of the Corporation to attend and be heard at any meeting of the Committee;

(j) review and approve the Corporation's hiring policies regarding partners, employees and former partners and employees of the external auditor to ensure compliance with NI 52-110;

(k) at least annually, evaluate the external auditor's qualifications, performance and independence and report the results of such review to the Board; and

(l) At least every five years, conduct a more comprehensive review of the external auditor's performance and report the results of such review to the Board.

4. Whistleblower

The duties and responsibilities of the Committee as they relate to the Whistleblower Policy of the Corporation shall be to:

(a) establish and review procedures established with respect to employees and third parties for:

(i) the receipt, retention and treatment of complaints received by the Company, confidentially and anonymously, regarding accounting, financial reporting and disclosure controls and procedures, or auditing matters; and

(ii) dealing with the reporting, handling and taking of remedial action with respect to alleged violations of accounting, financial reporting and disclosure controls and procedures, or auditing matters, as well as certain other alleged illegal or unethical behaviour, in accordance with the Corporation's related policy and procedures.

5. Compliance

The duties and responsibilities of the Committee as they relate to the Corporation's Compliance are to:

(a) review disclosures made by the Corporation's Chief Executive Officer and Chief Financial Officer regarding compliance with their certification obligations as required by the regulators;

(b) review the Corporation's Chief Executive Officer and Chief Financial Officer's quarterly and annual assessments of the design and operating effectiveness of the Company's disclosure controls and procedures and internal control over financial reporting, respectively;

(c) review the findings of any examination by regulatory agencies, and any auditor observations; and,

(d) receive reports, if any, from management and corporate legal counsel of evidence of material violation of securities laws or breaches of fiduciary duty.

6. Reporting Responsibilities

It is the duty and responsibility of the Committee to:

(a) regularly report to the Board on Committee activities, issues and related recommendations; and,

(b) report annually to the shareholders, describing the Committee's composition, responsibilities and how they are discharged, and any other information required by legislation.

7. Other Responsibilities

Other responsibilities of the Committee are to:

(a) perform any other related activities as requested by the Board;

(b) review and assess the adequacy of the Committee mandate annually, requesting Board approval for proposed changes; and,

(c) institute and oversee special investigations, as needed.

APPENDIX III

CORPORATE GOVERNANCE AND NOMINATING COMMITTEE MANDATE

A. PURPOSE

The overall purpose of the Corporate Governance and Nominating Committee (the "CG&N Committee") of Midas Gold Corp. ("Midas Gold") is to provide a focus on corporate governance that will enhance corporate performance, and to provide oversight, on behalf of the Board of Directors (the "Board") and shareholders, that the corporate governance system is effective in the discharge of its obligations to Midas Gold's stakeholders.

B. COMPOSITION, PROCEDURES AND ORGANIZATION

1. The CG&N Committee shall consist of at least three members of the Board, all of whom shall be non-management directors, and "independent" within the meaning of all applicable Canadian securities laws and the rules of each stock exchange on which Midas Gold's securities are listed (collectively, the "Applicable Regulations"), except if and to the extent that the Applicable Regulations permit otherwise.

2. The Board, at its organizational meeting held in conjunction with each annual general meeting of the shareholders, shall appoint the members of the CG&N Committee for the ensuing year. The Board may at any time remove or replace any member of the CG&N Committee and may fill any vacancy in the CG&N Committee.

3. Unless the Board shall have appointed a chair of the CG&N Committee, the members of the CG&N Committee shall elect a chair from among their number.

4. The secretary of the CG&N Committee shall be the Corporate Secretary, unless otherwise determined by the CG&N Committee.

5. The CG&N Committee shall have the opportunity to meet at each regularly scheduled board meeting, but not less than twice per year, and at such locations as the Chair of the CG&N Committee shall determine and may also meet at any other time or times on the call of the Chair of the CG&N Committee or any two of the other members.

6. The quorum for meetings shall be a majority of the members of the CG&N Committee, present in person or by telephone or other telecommunication device that permits all persons participating in the meeting to speak and hear each other.

7. Any two directors may request the Chair to call a meeting of the CG&N Committee and may attend at such meeting or inform the CG&N Committee of a specific matter of concern to such directors, and may participate in such meeting to the extent permitted by the Chair of the CG&N Committee.

8. The CG&N Committee shall have access to such officers, employees and the external auditors and legal counsel of Midas Gold, and to such information respecting Midas Gold, and may engage separate independent counsel and advisors at the expense of Midas Gold, all as it considers necessary or advisable in order to perform its duties and responsibilities. Expenditures or commitments in excess of $25,000 are subject to board approval.

C. DUTIES AND RESPONSIBILITIES

The duties and responsibilities of the CG&N Committee shall be as follows:

(b) to develop and monitor the overall approach to corporate governance issues and, subject to approval by the Board, to implement and administer a system of corporate governance which reflects superior standards of corporate governance practices;

(c) to report annually to the shareholders, through the annual management proxy circular or annual report to shareholders, on Midas Gold's system of corporate governance and the operation of its system of governance, having reference to National Policy 58-201 *Corporate Governance Guidelines*;

(d) to analyze and report annually to the Board as to the relationship of each director to Midas Gold, and to make annual recommendations to the Board as to whether such director should be classified as an independent director, a related director or an unrelated director;

(e) to advise the Board or any of the committees of the Board of any corporate governance issues which the CG&N Committee determines ought to be considered by the Board or any such committee;

(f) to review with the Board, on a regular basis but not less than annually, the role of the Board, the mandate of each of the committees of the Board and the methods and processes by which the Board fulfills its duties and responsibilities;

(g) to develop and implement a process for evaluating the performance of the board of directors and committees of the board as well as the chair persons of such committees. To annually evaluate the performance of such committees and chair persons and the Board. Additionally the committee will develop a similar process to be conducted on a regular, but not annual, basis to evaluate the performance of individual directors and the chair person;

(h) to recommend to the Board a system which enables a committee or an individual director to engage separate independent counsel and advisors at the expense of Midas Gold in appropriate circumstances and, upon the approval by the Board of such a process, to be responsible for the management and administration thereof;

(i) be responsible for identifying individuals qualified to become new board members and recommending to the board the new director nominees for the next annual meeting of the shareholders, and in so doing consider:

i. the competencies and skills that the board considers to be necessary for the board, as a whole, to possess;

ii. the competencies and skills that the board considers each existing director to possess; and

iii. the competencies and skills each new nominee will bring to the boardroom.

(j) ensure an appropriate orientation and continuing education program is in place for new and existing directors;

(k) whenever the Chairman of the Board is also the Chief Executive Officer of Midas Gold, to establish practices and procedures to permit the Board to act independently, and to act as a forum for concerns of individual directors regarding matters not readily or easily brought to a full Board meeting for discussion;

(l) to review, discuss and approve on an annual basis the policies of the Corporation;

(m) to oversee the Corporation's Anti-Bribery and Anti-Corruption Policy and monitor and review the processes that are in place to maintain compliance with the Extractive Sector Transparency Measures Act; and,

(n) review such other matters as may be referred to the Committee by the Board.

APPENDIX IV

COMPENSATION COMMITTEE MANDATE

A. PURPOSE

The overall purpose of the Compensation Committee (the "Committee") of Midas Gold Corp. ("Midas Gold") is to implement and oversee human resources and compensation policies approved by the Board of Directors (the "Board") of the Corporation.

B. COMPOSITION, PROCEDURES AND ORGANIZATION

1. The Committee shall consist of at least three members of the Board, all of whom shall be non-management directors, and "independent", within the meaning of all applicable Canadian securities laws and the rules of each stock exchange on which Midas Gold's securities are listed (collectively, the "Applicable Regulations"), except if and to the extent that the Applicable Regulations permit otherwise.

2. The Board, at its organizational meeting held in conjunction with each annual general meeting of the shareholders, shall appoint the members of the Committee for the ensuing year. The Board may at any time remove or replace any member of the Committee and may fill any vacancy in the Committee. Unless the Board shall have appointed a chair of the Committee, the members of the Committee shall elect a chair from among their number.

3. The secretary of the Committee shall be the Corporate Secretary, unless otherwise determined by the Committee.

4. The Committee shall have the opportunity to meet at each regularly scheduled board meeting, but not less than twice per year, and at such locations as the Chair of the Committee shall determine and may also meet at any other time or times on the call of the Chair of the Committee or any two of the other members. The quorum for meetings shall be a majority of the members of the Committee, present in person or by telephone or other telecommunication device that permits all persons participating in the meeting to speak and to hear each other.

5. The Chief Executive Officer shall be available to advise the Committee, shall receive notice of all meetings of the Committee and may attend meetings at the invitation of the Chair of the Committee; provided, that the Chief Executive Officer may not be present during the Committee's voting or deliberations on the compensation of the Chief Executive Officer.

6. The Committee shall have access to such officers and employees and such information respecting Midas Gold and may, in its sole discretion, engage such compensation consultants, independent legal counsel and other advisors (collectively, "Compensation Advisors") at the expense of Midas Gold, all as it considers to be necessary or advisable in order to perform its duties and responsibilities. Prior to engaging any Compensation Advisor, the Committee shall assess the independence of the

Compensation Advisor, taking into consideration the following factors, as well as any other factors required to be considered pursuant to the Applicable Regulations:

(a) the provision of other services to Midas Gold by the person that employs the Compensation Advisor;

(b) the amount of fees received from Midas Gold by the person that employs the Compensation Advisor;

(c) the policies and procedures of the person that employs the Compensation Advisor that are designed to prevent conflicts of interest;

(d) any business or personal relationship of the Compensation Advisor with a member of the Committee;

(e) any Midas Gold shares owned by the Compensation Advisor; and

(f) any business or personal relationship of the Compensation Advisor or the person employing the Compensation Advisor with an executive officer of Midas Gold.

7. The Committee shall be directly responsible for the appointment, compensation and oversight of the work of any Compensation Advisor retained by the Committee. Midas Gold shall provide for appropriate funding, as determined by the Committee, for payment of reasonable compensation to any Compensation Advisor retained by the Committee.

C. DUTIES AND RESPONSIBILITIES

1. The duties and responsibilities of the Committee shall be as follows:

(m) to recommend to the Board compensation policies and guidelines for application to Midas Gold;

(n) to work with management so that Midas Gold has in place programs to attract and develop management of the highest calibre and a process to provide for the orderly succession of management;

(o) to review corporate goals and objectives relevant to the compensation of the Chief Executive Officer and, in light of those goals and objectives, to recommend to the Board the annual salary, bonus and other benefits, direct and indirect, of the Chief Executive Officer (provided, that notwithstanding the foregoing, the Committee shall approve all awards to the Chief Executive Officer pursuant to the Midas Gold stock option plan and any other plan that delegates to the Committee such authority) and to approve compensation for all other designated officers after considering the recommendations of the Chief Executive Officer, all within the human resources and compensation policies and guidelines approved by the Board;

(p) to implement and administer compensation policies approved by the Board concerning the following:

(i) executive compensation, contracts, stock plans or other incentive plans, including making awards of equity-based compensation and options, or where the plan or contract does not delegate to the Committee such authority, making recommendations to the Board regarding such awards; and,

(q) from time to time, to review the Corporation's broad policies and programs in relation to benefits;

(r) to annually receive from the Chief Executive Officer recommendations concerning annual compensation policies and budgets, including stock options, for all employees;

(s) from time to time, to review with the Chief Executive Officer the Corporation's broad policies on compensation for all employees and overall labour relations strategy for employees;

(t) to develop and monitor the overall approach to remuneration for the directors of Midas Gold and, subject to approval by the Board, to implement a remuneration program for the directors and the roles within the Board committees;

(u) to periodically review the adequacy and form of the compensation of directors so that the compensation realistically reflects the responsibilities and risks involved in being an effective director, and to report and make recommendations to the Board accordingly;

(v) to report regularly to the Board on all of the Committee's activities and findings during that year;

(w) to develop a calendar of activities to be undertaken by the Committee for each ensuing year and to submit the calendar in the appropriate format to the Board of Directors within a reasonable period of time following each annual general meeting of shareholders; and

(x) to review executive compensation disclosure before publically disclosed.
