

ENVIRO-SERV INC. ANNOUNCES RECORD Q1 2016 RESULTS

TAMPA, FL. April 20th, 2016) - [Enviro-Serv, Inc.](#) (OTC: EVSV), which targets highly profitable small service companies in the commercial and residential property maintenance industry and owner of wholly owned subsidiary Pestmaster Services-Tampa is pleased to announce that Enviro-Serv, Inc. will be posting record setting Q1, 2016 financials by May 10th, 2016 on OTCMARKETS.COM Website.

CEO Chris Trina states this to investors and shareholders, "We are extremely proud of the results of our first quarter in 2016. The Pestmaster subsidiary is on a major roll whereby revenue was generated of nearly \$50,000 in the first three months of this year which compares to only \$10,000 same quarter a year ago. We are up almost 500% in comparison and yet our stock is trading at an all-time low which I find truly remarkable given our progress the last two quarters. Becoming a Pestmaster franchise and utilizing our funding proceeds properly last summer has given this company a much needed boost Trina exclaimed."

Trina re-emphasized his comments of a few weeks ago by stating this to shareholders, "I realize our stock has been suppressed for quite some time and I truly appreciate the patience of our shareholders and investors. Even though it's impossible to predict or control the underlying stock price of EVSV I believe in my heart there is an honest to goodness disconnect of what's actually happening internally here at Enviro-Serv and our stock price at this time. Currently trading at par value (.0001) gives zero credit to the underlying stock for everything being accomplished and especially negates the amazing results of becoming a Pestmaster franchise 9 months ago. Very exciting things are happening and I fully expect the market to take notice very soon. Our new Enviro-Serv website address is www.evsvinv.com I encourage everybody to visit the new site."

Enviro- Serv, Inc. (OTC: EVSV) is a Tampa based corporation specializing in providing property maintenance services in geographically concentrated warm climate states. Through an aggressive acquisition strategy, the Company is building a portfolio of highly profitable enterprises that offer year round services such as pest control management, lawn and landscaping care, pool maintenance, air conditioning/refrigeration installation and repairs and a host of additional onsite maintenance offerings. Please visit our websites at www.evsvinc.com and www.pestmaster.com to learn more.
