WORLDFLIX INC.
Notes to Financial Statements
For the Three Months Ended September 30, 2015
(Unaudited)

1. Organization and Formation

The Company has elected a calendar accounting period beginning on January 1st and ending on December 31st of each year.

2. Basis of Presentation

The accompanying financial statements have been prepared by us, without audit and in accordance with US GAAP. The balance sheet of WORLDFLIX, INC has been prepared on the accrual basis of accounting. Under this method, certain revenues are recognized when earned and certain expenses and purchases of assets are recognized when the obligation is incurred.

Use of Estimates:
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Early adoption of FASB ASU 2014-10 - Development-Stage Companies:
In June 2014, the FASB issued ASU 2014-10, "Development Stage Entities". The amendments in this update remove the definition of a development stage entity from the Master Glossary of the ASC thereby removing the financial reporting distinction between development stage entities and other reporting entities from U.S. GAAP. In addition, the amendments eliminate the requirements for development stage entities to (1) present inception-to-date information in the statements of income, cash flows, and shareholder equity, (2) label the financial statements as those of a development stage entity, (3) disclose a description of the development stage activities in which the entity is engaged, and (4) disclose in the first year in which the entity is no longer a development stage entity that in prior years it had been in the development stage. The amendments in this update are applied retrospectively. The Company elected early adoption of ASU 2014-10. The adoption of ASU 2014-10removed the development stage entity financial reporting requirements from the Company.

Basis of Consolidation:
The consolidated financial statements i n c l u d e 100% of the assets, liabilities, revenues, expenses and cash flows of WORLDFLIX, INC. All intercompany accounts and transactions have been eliminated in consolidation. The results of subsidiaries acquired or disposed of during the respective periods are included in the consolidated statements of operations from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Property and equipment:
Property and equipment are recorded at cost and depreciated under straight-line methods over each item's estimated useful life, generally seven years for furniture and fixtures and five years for office equipment.

3. Going Concern

The financial statements at September 30, 2015 have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities in the normal course of our business. As reflected in the accompanying financial statements, we had a net loss of $41,008 for the three months ended September 30, 2015; accumulated stockholder's deficit of $1,843,451. Also, as of September 30, 2015, we had very limited liquid and capital resources. We are currently highly dependent upon obtaining sufficient short and long term financing in order to continue running operations and there can be no guarantee that such financing will become available.

The foregoing factors raise substantial doubt about our ability to continue as a going concern. Ultimately, our ability to continue as a going concern is dependent upon our ability to attract new sources of capital, to attain a reasonable threshold of operating efficiency and achieve sustainable profitable operations. This cannot be guaranteed given the current lack of operating capital. The financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern. Given our lack of operating capital and current

Inability to issue additional shares, no guarantee can be given that we will reach any successful conclusion with debt holders.

4. Convertible Promissory Notes

Throughout the nine months ended September 30, 2014, the Company entered in a number of notes payable with third parties totaling $155,443 and with a related party for $36,700. All of the notes have no defined terms and are repayable on demand and carry no interest. Management is currently in discussions to convert these notes into equity at suitable conversion terms.

Debt Schedule:
As of June, 2015 we had (taking into consideration the calculation of debt discounts).

The following table sets forth the summary schedule of the cash payments required to be made by us, broken down by the type of loan :

	Total	Current	Long Term 1-3 years
Convertible notes payable, third party - net of discount	155,443	155,443	-
Note payable, related party - net of discount	36,700	36,700	-
Total	192,143	192,143	-

5. Stockholder's Equity

Common Shares:

the same rights and privileges, is not subject to the payment of corporate debts, is not entitled to preemptive rights, and is entitled to one non-cumulative vote per share on all matters on which
shareholders may vote. The holders of the common stock have equal ratable rights to dividends from funds legally available, if and when declared by the Board of Directors.

6. Earnings (Loss) Per Share

We report Basic and Diluted Earnings per Share (EPS) as follows: Basic EPS is computed as net income (loss) divided by the weighted average number of common shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur from common shares issuable through stock options, warrants and other convertible securities. Common equivalent shares are excluded from the computation of net loss per share if their effect is anti-dilutive.

7. Commitments and Contingencies

Litigation
The Company is not currently involved in any litigation that it believes could have a material adverse effect on its financial condition or results of operations. There is no action, suit, proceeding, inquiry or investigation before or by any court, public board, government agency, self-regulatory organization or body pending or, to the knowledge of the executive officers of the Company or any of its subsidiaries, threatened against or affecting the Company, our common stock, any of our subsidiaries or of our companies or our subsidiaries' officers or directors in their capacities as such, in which an adverse decision could have a material adverse effect.
