Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the unaudited interim consolidated financial statements and related notes to the unaudited interim consolidated financial statements included elsewhere in this report. This discussion contains forward-looking statements that relate to future events or our future financial performance. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. These forward-looking statements are based largely on our current expectations and are subject to a number of uncertainties and risks including the Risk Factors identified in our Annual OTC Markets filing for the quarterly period ending March 31, 2016. Actual results could differ materially from these forward-looking statements. Hannover House, Inc. is sometimes referred to herein as "we," "us," "our" and the "Company."

The nature of the issuer's business is driven by the operating entity, Hannover House, which is a full-service producer and distributor of entertainment products *(i.e., feature films for theatrical, video, television and international distribution, and a publisher of books).*

Hannover House, Inc., is a Wyoming Corporation. Truman Press, Inc., d/b/a "Hannover House" is an Arkansas Corporation.

Hannover House, Inc., f/k/a Target Development Group, Inc. (which was also formerly known as "Mindset Interactive Corp.") was registered as a corporation in Wyoming on January 29, 2009. Truman Press, Inc., d/b/a "Hannover House" was registered as a corporation in California on September 15, 1993, and re-registered in Arkansas effective June 2008. The Ecklan Corporation, registered on March 25, 1998, in the State of Texas, was the predecessor entity to Target Development Group, Inc.

The Company, Hannover House, Inc., as well as Truman Press, Inc., d/b/a "Hannover House" and the special purpose entities VODWiz, Inc., Bookworks, Inc., and Medallion Releasing, Inc. / FilmWorks each have an effective fiscal year-end date of December 31.

Neither the Company, Hannover House, Inc., nor the operating entity, Truman Press, Inc., d/b/a "Hannover House" have ever been in bankruptcy. To the best of management's knowledge, no predecessor entity has ever been in bankruptcy.

Effective January 1, 2010, Target Development Group, Inc., acquired all of the shares of Truman Press, Inc., d/b/a "Hannover House" in a stock-swap agreement. The details of this acquisition venture are described in detail within the information statement posted on the OTC Markets Disclosure Statement of December 14, 2009.

Over the past five years, the Company has defaulted on several loan or credit obligations, but none representing a material event to the Company or falling outside of the ordinary course of business. As previously disclosed through the Company's filings with the OTC Markets, the Company had incurred debt relating to the theatrical releasing costs of the film "Twelve" (debt obligations were accrued with Andersons, AOL, Bedrock Ventures, 42 West, Technicolor, Tribune Ent. and others). As of March 31, 2016 the Company had reduced the cumulative total of the outstanding debt balances for this film from an original gross of $4.2-million (inclusive of obligations to the production company / licensor), down to $586,389 as of this reporting period. Other significant obligations of the Company include "P&A" for the release of the film, "Hounddog" (Weinreb loan), "P&A" for the release of "All's Faire In Love" (NBCal Loan), producer / licensor obligations to Interstar Releasing, Fantastic Films and E.E. Smith, all of which are itemized or otherwise included within the Company's financials. Company has made significant reductions in payables during calendar year 2015.

As of 3-31-2016, there were no further changes of "control".

As of 3-31-2016, there were no increases of 10% or more of the same class of outstanding equity securities.

During the quarterly reporting period ending 3-31-2016, the Company did not authorize the issuance of any new shares.

The Company has not experienced any delisting of the issuer's securities. As of 3-31-2016, there were no current, past, pending or threatened legal proceedings or administrative actions that could have a material effect on the issuer's business, financial condition or operations other than those items specifically described hereunder or otherwise disclosed in OTC Markets Filings. As of 3-31-2016 and remaining true through the date of this filing, there were no past or pending trading suspensions by a securities regulator. The legal proceedings, whether past, pending or threatened, all fall under the guidelines of being within the ordinary course of business, and are disclosed in detail in this filing or incorporated within previously filed disclosures with the OTC Markets.

Business of Issuer -- The SIC Codes most closely conforming to the Company's business activities are: 7822 *(Services – Motion Picture & Video Tape Distribution)* and 2731 *(Books: Publishing).* The Company is currently operating. At no time has the Company ever been a "shell company" as defined in the guidelines.

Through the operating entity of "Hannover House," the Company is actively involved with the production, acquisition and distribution of entertainment products into the USA and Canadian markets, including theatrical films, home video releases, rights licenses of films and videos to Video-On-Demand platforms and television, as well as book publishing (including printed editions and electronic "E-Book" formats).

FILMS & VIDEOS – Most of the film and video titles that are distributed by the Company are "acquired" or otherwise licensed from third-party suppliers, often production companies or media companies seeking to expand their income and market reach through a relationship with Hannover House or through the company's recently formed multi-studio sales cooperative, Medallion Releasing, Inc. Some of the properties distributed by the Company are "*sales agency*" ventures, in which the Company performs certain sales & marketing functions on behalf of the owners of the properties, as opposed to having the Company actually purchase or otherwise license rights into the property.

In 2010 with the merger of Hannover House and Target Development Group, Inc., the Company began moving away from "*sales agency*" ventures and pursuing actual rights-licensing / acquisition structures for new titles being released under the Hannover House label, as this form of licensing arrangement can ultimately be more lucrative for the company. Most of the titles being distributed by the Medallion Releasing division are under sales agency agreements, ranging from 15% to 50% revenue splits with the program suppliers and outside labels.

BOOKS / E-BOOKS – The Company remains active in the acquisition and licensing of publishing rights to printed books and e-Books. The gross margins earned by the Company in the release of Books are generally much higher than the margins derived from the release of Film and Video properties; however, the upside revenue potential for books is usually not as high as the potential for Films. So the Company seeks to maintain a balance in its release slate of high-margin book properties, with high-revenue Film and Video properties.

The use of the term "Company" refers to the combined entities, as reported on a consolidated basis, of Hannover House, Inc., Truman Press, Inc., d/b/a "Hannover House" and Bookworks, Inc. *(a special purpose entity utilized for Screen Actors Guild activities and productions),* as well as VODWIZ, Inc. *(the special purpose video-on-demand portal venture),* and Medallion Releasing, Inc. *(the multi-studio sales venture).* Each of the corporate entities files

separate income tax returns with the federal government and respective states of registration; however, financial statements and reports, as of January 1, 2010, refer to the combined and consolidated results of all entities. Hannover House, Inc. is the publicly-traded entity for all operating divisions. Truman Press, Inc., d/b/a "Hannover House" is the operating and releasing division entity for all consumer products. Bookworks, Inc., is a special purpose entity established for the servicing of book and publishing ventures, and more recently, used for Screen Actors Guild productions.

As of 3-31-2016 and remaining true through the date of this filing, the Company does not foresee any probable or existing governmental regulations as having an adverse or material impact to the operations.

Since 2009 and each year thereafter, the Company has been involved in varying degrees with the development and production of feature film and television properties, in addition to the core business activity of acquiring third party properties for distribution to various media markets. During calendar year 2009 (and specifically limited to activities for Truman Press, Inc., d/b/a "Hannover House"), the Company invested approximately $15,000 on activities that could be characterized as 'research and development.' During the calendar year of 2010, and under the consolidated reporting of all entities, the Company invested approximately $20,000 on projects and activities that could be characterized as 'research and development.' During the calendar year of 2011 and under consolidated reporting of all entities, the Company invested approximately $166,000 on projects and activities that could be characterized as 'research and development.' (specifically, the production of feature film / video products). During 2012, the Company invested approximately $287,114 on production projects / R&D assignable; during 2013, the Company made no new investments in production or activities that would be R&D assignable. The company has been involved in some feature film productions during 2014 and the first quarter of 2015, including development, pre-production and post-production work on "**Bonobos: Back to the Wild**" *(nature docudrama),* "**Mother Goose: Journey to Utopia**" *(live-action fantasy adventure)*, "**Dinosaurs of the Jurassic**" *(Documentary),* "**Shadow Vision**" *(Sci-Fi Thriller),* "**The Summoning**" *(Horror-Thriller),* "**Shuck and Jive**" *(Urban Drama)* and "**Clown Town**" *(Horror).* The Company is also working on structuring financing and distribution ventures for three additional features, "**Extreme Operative**" *(action-adventure),* "**Dog and Pony Show**" *(Family-Animal Adventure),* "**Bridge To Redemption**" *(Action-Thriller), "***The Legend of Belle Starr***" (Historic-Action-Western), "***True Freshman***" (Sports-Christian-Feature), "***Over The Edge***" (action-adventure),* and *"***Primate***" (sci-fi-creature-feature).* A previously announced development project, "**Wild Oats**" has been licensed under a distribution pact between the production company and The Weinstein Company, for which Hannover House is a profit participant. Production on "**Wild Oats**" is completed, and stars Shirley MacLaine, Demi Moore and Jessica Lange. The film was directed by Andy Tennant *(director of studio megahits "Ever After", "Sweet Home Alabama" and "Hitch" – all of which surpassed $100-mm in domestic USA Box Office proceeds).* The company feels that its participation in facilitating the production of these and other higher-end titles generates many benefits: longer license periods *(usually perpetuity),* greater revenue opportunities *(including international rights),* and higher-end titles to serve as locomotives to elevate the company's stature with theatrical exhibition chains and video mass merchants which can help with catalog and secondary title placements.

The Company has not incurred any non-negligible costs relating to compliance with environmental laws, whether to federal, state or local. As of 3-31-2016, the Company had 10 full-time employees, positions were: CEO, President, VP Sales, Director of Sales, Director of Promotions, Production Manager, Bookkeeper, Film Booker, Technical Services and Warehouse Manager.

The nature of products and services offered:

A. The principal products of the Company, and their respective markets are:
   i. Theatrical films – released to theatres in the United States
   ii. Home Video Products (DVDs, Blu-Rays, Digital Copies) – released to video specialty retailers, mass-merchandisers, bookstores, schools, libraries and rental outlets (including kiosks) in the United States and Canada;
   iii. Video-On-Demand releases – films and videos offered for direct 'in-home viewing' by consumers via a variety of service providers.
   iv. Books and E-Books – sold through bookstores, schools, libraries, internet retailers and streamed through a variety of e-Book platforms.

B. The primary distribution methods used by the Company for all consumer product goods can be categorized as: "two-step wholesale" distribution (wherein the Company sells its products to an authorized wholesale distributor, which in turn, resells the products to retailers or consumers) and "direct distribution" wherein the Company sells its products directly to consumers or directly to the end-user retailer.

C. The Company has announced, and included in previously published disclosures, a listing of some of the principal, upcoming theatrical films that will also be released onto home video formats.

D. Competitive Position – The Company competes for theatrical screens and retail (home video) shelf space against seven (7) Major Studio suppliers and approximately eight (8) independent studio suppliers. While all of the Major Studio competitors operate their own (in-house) home video distribution divisions, only three of the independent studio suppliers operate both theatrically and in the home video markets. Operating a home video releasing label "in-house" provides the Company with an advantage in the solicitation of titles for acquisition, as well as provides greater control over the Company's cash-flow and corporate goals.

E. Materials and Suppliers – The principal service providers to the Company are listed in detail in this disclosure, below. The principal suppliers of new release film and video products include the following production companies and programming sources *(listed alphabetically):* Allegheny Image Factory; American Family Movies; Arkansas One Network; Associated Television; Atlantic-Pacific Pictures; Atlas Films; BerVon Entertainment; Cinetic Media; CMD; Daybreak Pictures; Empire Film Group, Inc.; Eurocine International; FilmWorks; Gaumont, SA; Film Sales Co.; Green Apple Films; Little Film Company; Origin Motion Pictures; Plaza Entertainment, Inc.; Phoenix Entertainment; Phoenix Releasing Group; Sola-Media, GmbH; Shoreline Entertainment; SND Films; Studio 3 Entertainment; PWI-Veracruz Entertainment and XVIII Entertainment. The principal suppliers of books for the Company to publish include (listed alphabetically): James Danielson, Phil Goodman, Barr McClellan and Vivian Schilling. The Company sees no shortage of properties available for acquisition in any of the applicable media.

F. Dependence on Major Customers – Two of the Company's current customers as of 3-31-2016 contributed fifteen percent (15%) or more to the overall, annualized sales revenues. Wal-Mart Stores, Inc. (inclusive of sales to their SAM'S Clubs division), and through wholesalers Anderson Merchandisers *(now owned by Alchemy Entertainment)* has been purchasing many of the Company's new release DVD titles. The Company does not see the Wal-Mart market share as an unhealthy dependence on a key customer, as Wal-Mart constitutes a much smaller share of the Company's overall revenues than for many Major Studios, and the Company does not anticipate that the growth in sales to Wal-Mart Stores, Inc., will grow disproportionately with the Company's other customers. However, beginning in July, 2015, with the merger (or sale) of wholesaler Anderson Merchandisers to Alchemy Entertainment, the transition of moving the wholesale pipeline to Walmart through a different wholesaler has significantly disrupted the flow of some of Company's new releases into Walmart, and equally impacted the cash flow resulting from sales of video units at Walmart. Company is working with Alchemy Entertainment to resolve issues of new title solicitations and payments in order to rectify these post-merger issues. Additionally, and in response to the payment and accounting issues with Alchemy, the Company has entered into a two-year, forty-eight title physical home video releasing venture with Cinedigm Entertainment, commencing in Q2, 2016, and targeting the placement of two or more new release titles each month into Walmart. With respect

to Netflix and the licensing agreements for many of the Company's theatrical titles for Subscription Video-On-Demand, Company has changed its policy of revenue recognition, and is now recording these contracts only as the licensing window commences (which is usually 60-days after the initial USA Home Video release of each title). In the past, Company was recognizing the full value of the Netflix SVOD agreements upon execution, as opposed to on licensing term. By changing the manner in which Netflix agreements are recognized, Netflix remains at under 15% of Company's revenues for the current reporting quarter.

As of the date of this report, Cinedigm has placed four of Company's new release DVD titles into Walmart. Company still plans to maintain its sales relationship with Alchemy, and to offer one title per month, pending a possible resolution with Alchemy on current issues of dispute.

Medallion Releasing has commenced activities for the international sales and licensing of higher-end properties owned or controlled by the Company, the revenue results for which also exceed the fifteen percent (15%) threshold of total, annualized revenues. The Company does not feel that the rapidly growing sales revenues being realized from the international markets poses an unreasonable or viable threat to operations, as sales are cumulative over multiple licensing agreements for specific territories, media and titles.

G. The Company does not own or control any patents, franchise or concessions. The licenses and royalty agreements fall under the category of being part of the ordinary course of business.

H. The company does not need any government approvals of principal products or services.

The nature and extent of the issuer's facilities include a primary office and warehouse combo unit (under lease from Summit Properties / Elder Co., Springdale, AR), comprising approximately 6,000 square feet.

Item 3 Quantitative and Qualitative Disclosures About Market Risk

Investment in the Company's Stock bears similar risks as may exist with other stocks trading on the OTC Markets board. The trading price for Company's Stock Shares can vary significantly based upon a variety of factors unrelated to the Company's actual value or revenue achievements. On an accrual basis, the Company is generating profits each quarter, with regular DVD and Blu-Ray product sales supplemented with long-term receivables for Subscription Video-On-Demand and Television sales. However, on a cash-flow basis, the Company's cash resources are often strained by immediate and long-term debt obligations. Some investors and shareholders have expressed discomfort with the Company's persistently tight cash position, which has been the result of balancing ongoing operational needs with debt management and new release activities against product cash flows. Conversely, many shareholders have also expressed resistance to the concept of issuing equity shares under "debt conversion" structures, which would relieve much of the cash-flow burdens but would result in a dilution of shareholder equity. Accordingly, management has worked to find the best balance of maximizing shareholder value and return, while minimizing equity dilution activities. There can be no assurance that ongoing cash flow from product sales will, by itself, be sufficient to meet the Company's combined operational, debt-management and growth needs. To address the Company's cash position, management has initiated an agreement with an Accounts Receivable-based lender, to accelerate cash flow from current product sales and thus facilitate faster growth into new areas *(such as the Company's "VODwiz.com" streaming venture),* as well as to provide working capital to enable the Company's Film and Television Rights Library to be more efficiently exploited.

While there are no material threats at present to the Company's ongoing viability, the Company has been enduring a prolonged cash flow strain since December, 2015 – due primarily to the late 2015 mergers or sale of two principal customers *(specifically, Anderson Merchandisers and FreeStyle Releasing)* and the impact that these transactions has had on the generation of new orders and the collection of past due receivables for Hannover House. With respect to creditors, including judgment lien holders, there can be no assurance that the majority of long-term

creditors will continue to comply with debt reduction and installment payment agreements. And while the Company continues to generate DVD and Blu-Ray sales to major retailers *(and Video-On-Demand contracts through the major VOD portals)*, there can be no assurance that current and past sales performance of these core revenue streams will continue into the future. The remedies available to the Company for continued viability and growth are revenues from product sales and licenses *(including the new media revenue streams from Medallion International and from VODWIZ)*, ongoing and expanded credit arrangements *(both with lenders and suppliers), private investor transactions for specific titles (production, distribution or both), bank activities for credit facilities secured against receivables, rights presales or corporate guarantees*, and stock-equity opportunities *(ranging from shelf-registration of new shares to "debt-conversion" ventures to alleviate the cash-flow burden from older, qualifying payables).* In response to shareholder reaction and the shareholder resistance to the pursuit of 'debt conversion' transactions (which have demonstrated in the past to negatively impact the share price), the Management has endeavored to secure operating funds, growth capital and payables management funding from resources other than these debt-conversion transactions or convertible notes. No new transactions of either nature have occurred since August, 2015. Investment in the Company's Stock Shares bears significant risks, as well as significant upside potential. The "Price-Earnings Ratio" for publicly-traded entertainment stocks in the Company's area of activity results in an average P/E rate of 22-times. The current P/E ratio for Company's (Hannover House's) is about 3.2, based on an annualized projection of the current reporting period. This low P/E rate for Hannover House shares relative to the other publicly traded companies operating in the same business sector, suggests that the shares are currently trading at a price that is undervalued by a factor of approximately 6-times when compared to the industry average.

Item 4. Controls and Procedures - Evaluation of Disclosure Controls and Procedures

The term "disclosure controls and procedures" is defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 as amended (the "Exchange Act"). These rules refer to the controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within required time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

As of March 31, 2016, the end of the period covered by this report, the Company carried out an evaluation under the supervision and with the participation of our Chief Executive Officer and President of the effectiveness of our disclosure controls and procedures. Our Chief Executive Officer and President have concluded that such controls and procedures continued to be effective as of March 31, 2016.

Item 4T. Controls and Procedures

Changes in Internal Control over Financial Reporting

As required by Rule 13a-15(d) of the Exchange Act, the Company, under the supervision and with the participation of the Company's management, including the Chief Executive Officer and Chief Financial Officer, also evaluated whether any changes occurred to the Company's internal control over financial reporting during the period covered by this report that have materially affected, or are reasonably likely to materially affect, such control. Based on that evaluation, there has been no such change during the period covered by this report.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings. As of March 31, 2016, the Company was involved in the following legal matters for which ongoing court activities / filings or adjudicated status were still pending:

1). TCA GLOBAL MASTER FUND – The previously disclosed balance due to TCA Global from Company, was the subject of a Florida Courts judgement issued during Q3, 2015.

The Company noted that the court filings from the attorneys for TCA contained several demonstrably erroneous statements, including the wrong balances and misstatements that TCA had been unable to secure payment via "debt conversion" transactions *(which had been occurring regularly throughout the prior year)*. Rather than spend significant legal fees to rebut and contest the statement errors, Company decided instead to pay off the proper balance, in order to enjoy the benefits of the release of the UCC Security Interest and the return of the 10-million "collateral" shares of Company's stock that were issued to TCA back in May of 2013. In December, 2015, counsel for Company filed a motion with the Washington County (Arkansas) courts, where TCA had filed a notification of foreign judgment. The Company's pleading demonstrated that Company had fully paid off the TCA note and balance, and exceeded the total payments by $28,439. In demonstrating that the matter had been fully paid, Company utilized TCA's auditor's statement, and applied the maximum legal interest rate, less payments made by (or on behalf) of Hannover House, Inc. Subsequent to the close of the March 31, 2016 Quarterly reporting period, counsel for Company negotiated a settlement agreement that both parties have since accepted. Under the settlement agreement, TCA will waive the claims of additional monies due, and file the applicable "satisfaction of judgment" documentation with both the Arkansas and Florida courts. In return, Company will waive its claims for damages for usurious interest, and Company will not contest the prior issuance of 10-million shares of restricted stock to TCA as collateral (and ultimately as "compensation") for the Investment Advisory Services described in the loan agreement.

2). STANDARD REGISTRAR – The Company has deferred filing a lawsuit against Standard Registrar pending a reconciliation of shares issued. Standard Registrar is cooperating with Company on this resolution.

3). STOCK MANIPULATOR'S SUIT – The Company has engaged George B. Morton, Esq., to pursue an action against five known members of an organized stock "bashing" gang that have collectively damaged the Company's share price by more than $10-million in market capitalization value over the past three years. Due to the size of the damages in this case, the jurisdiction will be the US Federal Court, western district of Arkansas. This civil action has still not been filed as of the date of this filing, due to a strategic determination regarding the ideal timing for the filing of this action, and the impact of this move and subsequent public announcement relative to other corporate governance achievements. A related action to pursue charges for the criminality of the actions taken by these manipulators is also being prepared for this same court venue.

4). HANNOVER HOUSE VS. JSJ INVESTMENTS – On September 14, 2015, JSJ Investments notified Company that it was electing to "convert" an aged note of $23,000. Company responded that it was electing to pay off this note, with interest as prescribed in the note, in cash. JSJ rejected this offer and demanded that the note be paid in freely trading common stock shares at a 50% discount to market. Company's position was that the note contained a conversion provision that could be pursued, only in the event that the Company did not elect to pay the note and interest off in cash; Company's position has been that if repayment via conversion shares at a massive discount-to-market were the only means acceptable to JSJ, that the entire note is rendered illegal under usury laws. Hannover House has responded in a timely manner via counsel, and additionally informed Standard Registrar in writing that both notes would be paid in cash and to not proceed with the two JSJ conversion requests for HHSE Shares. It was not until December 5, 2015, when Standard Registrar provided a "Control Log" report of share issuance activities for Hannover House that the Company became aware that Standard Registrar proceeded – against the Company's demand – and issued shares to JSJ in satisfaction of both notes, and at the toxic and excessive conversion rate of discount-to-market pricing. Company will be pursuing a dismissal of the JSJ lawsuit as well as sanctions for legal fees. Company has not determined if there are recourse issues in this particular matter with respect to Standard Registrar.

5). REDBULL VS. HANNOVER HOUSE – Company was surprised to be served a lawsuit from the law firm representing Redbull Media House *(the production company behind the November, 2014 theatrical release, "On*

Any Sunday: The Next Chapter"). The premise of the lawsuit is to demand payment from Hannover House of $250,000 for "*the home video rights license fee*," even though no such sale or transfer of home video rights to Hannover House ever occurred. In fact, as the record clearly demonstrates, Hannover House worked under direct instructions from the Redbull management team to assist with the placement of this title's home video sales with Starz-Anchor Bay Entertainment. Company's counsel is proceeding with the appropriate motions and filings to move for dismissal of this action, or a resolution based on facts.

Item 1A. Risk Factors

Other than as set forth in this FORM 10-Q filing, there are no specific risk factors relating to the Company's securities that are not universally applicable to other equities trading on the OTC Markets.

Key Man / Principals - The Company is reliant upon the continued employment and work performance of the two, principal managers, Eric Parkinson (CEO) and D. Frederick Shefte (President). As an accommodation to benefit the Company's cash flow, both Parkinson and Shefte have been deferring a majority of their salaries. Additionally, as has been required by many third-party program suppliers, Parkinson has often been listed as a "key man" to the rights licenses or sales venture agreements for specific acquisitions, due to his successful home video sales track record. Additionally, the engagement of Tom Sims as VP of Sales for both Hannover House, Inc. and Medallion Releasing, Inc., makes him into an important and key man employee. The cessation of employment by any of these principals could have a material and negative impact on the Company, as current cash flows would not facilitate the hiring of comparably qualified executives, and the loss of Parkinson as "key man" could result in multiple title agreement cancellations. During the applicable reporting period covered by this agreement, Company has entered into a financing and distribution agreement with Silver Line Films, Inc. which could have a temporary impact on the Key Man issues with respect to C.E.O. Eric Parkinson. Under the terms of the agreement, Silver Line is advancing $3,500,000 towards the production costs for the feature film, "Mother Goose: Journey To Utopia" with designated stars Shirley MacLaine and Samuel L. Jackson. Under this agreement, C.E.O. Parkinson will be required to take a 90-day leave-of-absence from the Company in order to perform duties as the Director of this motion picture, filming for which will take place primarily in the State of Georgia (Atlanta) – with one week of filming to occur in either Western Ireland, or Southern Germany *(the film offices or location studio partners at both locales have proposed co-production funding opportunities which are being evaluated for best suitability).* The Company feels that the "Mother Goose" project will have a materially positive impact on the Company's profile and revenues. Accordingly, the requirement to lose a key man for a three-month period is viewed as a worthy reallocation of resources in order to deliver a greater end result for the Company and its shareholders. During Mr. Parkinson's leave-of-absence *(which is expected to commence on or about August 15, in support of a September 12, 2016 start of principal photography),* the primary duties normally being performed by Parkinson will be reallocated internally to other support staff and executive team members *(e.g., sales activities, marketing planning, new product acquisitions, shareholder outreach and OTC markets compliance).*

a) Eric F. Parkinson (CEO), 1428 Chester St., Springdale, AR 72764 – holding 43,141,649 shares of Common Stock. Parkinson also owns 1,800,000 shares of Series A Preferred Stock. Mr. Shefte retains a lien to reclaim up to 5-million shares from his original allotment of

TDGI shares, which were a voluntarily surrendered back to the company's treasury pending achievement of certain corporate governance goals for the company under his direction as President.

Item 11 A1-A6 – Supplemental Disclosures.

i). The Company has completed the written and disclosure portions of a Form 10-12(g) Registration Statement, which was previously planned for filing with the Securities and Exchange Commission on or Jan. 15, 2016, subject to the completion of outside audits by a PCAOB licensed auditing firm. The Company has since engaged a qualifying auditing firm and participated in extensive interviews and reviews of filings, reports and back-up materials. As disclosed to shareholders on the HHSE Company blog site on January 30, 2016, the new auditors have made several determinations of material deficiencies in the financials for the Company, specifically, 1). The value of the Film Library relative to all other assets *(and the issues of the five-year-aging of the prior Film Library Valuation report, the changing marketplace for physical video sales as compared to the growing market for digital streaming, and the significant exclusions of key titles from the prior Film Library)* and 2). The need for Internal Controls and Compliance Documentation that would conform to standards prescribed under Sarbanes-Oxley Act 404. While technically not "advising" the Company on how to conduct internal controls or instructing the Company to conduct a more thorough and current Film Library Valuation Study, the new auditors did clarify that not addressing or rectifying these issues would result in significant comments by the auditors to the Form 10-12(g) audit portion, and this could result in commentary and non-compliance following S.E.C. review of the registration filing. Having the Company's largest balance sheet asset reviewed under more recent valuation, and having the Company conform to widely accepted Internal Controls Procedures, would be a requirement for the auditors, unless the Company was willing to proceed with significant auditor's footnote commentary on these issues. Rather than risk having another obstacle impact the S.E.C. acceptance of the Company's registration, management has taken the steps to conform to these higher disclosure and operational standards. Company anticipates that the updated Form 10-12(g) Registration Filing, including 2-years of full-year audits and a revised and updated Film Library Valuation Report will be submitted to the S.E.C. in the near-term future, subject to the completion of the new Film Library Valuation (it should be noted that Company is seeking to obtain a lowered valuation than the initial figure determined by the new Library Evaluators, which contains sales forecasts for titles greater than Company Management's estimates. It is Company's position that a Library Valuation that is significantly higher than forecasts based on Company's existing, internal self-distribution apparatus, could elevate shareholder expectations higher than management's more conservative forecasts. While the higher sales values provided by the first Library Valuation report have as a premise the assumption that HHSE will align itself with one of the Major Studios in the coming year, there can be no assurance that such a deal will occur, and as such, management feels that the current Film Library Valuation should reflect existing distribution channels and revenues, and conform closer to management's estimated current value of $28-mm. A review of sales activities at the Cannes Film Festival and Marche du Film (held in May, 2016, subsequent to the current reporting period), will be included in a telephonic discussion on May 25 with the Film Library valuation supplier, with the goal of reaching a mutual consensus as to a value that is both realistic within the industry, and obtainable based on Company's current distribution apparatus.

With respect to the Company's auditors and the Company's Film Library valuation service provider, Counsel has advised that Company is not required to disclose the new auditing firm until the Registration Statement is filed. This strategy has been accepted by management as a move to minimize shareholder interference with the auditing process and the Film Library Valuation.

ii). Company has recently enacted a change of corporate direction which puts a greater emphasis on theatrical release activities, international sales and motion picture production ventures, with the generation of fees for release services as well as from revenue collections.

iii). Company plans to add a total of three (3) new members to the Board of Directors, timed with the activation of Officers & Director's Liability Coverage and the filing of the Form 10 Registration;

iv). A prior plan for Company to begin repurchasing HHSE Stock shares off the open market – previously planned for January, 2016 – has been delayed due to cash flow issues resulting from the sale or merger of two major customers for Company (as described hereinabove).

v). Company has structured installment payment plans for several key creditors including the Anderson's ("Twelve P&A Loan"); other major creditors, including Michael Weinreb ("Hounddog P&A Loan"), Second Star Investments ("Twelve P&A Loan"), Bedrock Ventures ("Twelve Acquisition Loan"), E.E. Smith ("Boardinghouse Stew") and Interstar Releasing ("Dawn of the Living Dead" dispute), have not yet been formally restructured. With respect to the Bedrock, Interstar and the E.E. Smith judgments, Company counsel has a legal strategy to pursue having these default judgments set aside and enabling the merits of each case to be adjudicated in Arkansas. Management believes that the stronger cash flow being generated from current enhanced theatrical and home video releasing activities can ultimately be utilized to reduce or retire the debt burden from the key creditors, once the restricted cash flow from Alchemy Entertainment and FreeStyle Releasing are resolved.

vi). Company has been offered a significant opportunity to dramatically expand the VODWIZ venture, by accessing a film library of approximately 6,500 titles *(which are already fully mastered and conformed for digital streaming).* The implementation of such a move for VODWIZ would require a modification or cancellation of the current "hosting" agreement set forth with Nanotech Entertainment several years ago. It is Company's belief that other, more lucrative and less-labor intensive ventures and projects for Nanotech have proven to be a greater priority than the on-boarding of new titles for the VODWIZ streaming portal. Accordingly, it is Company's belief that a revision or cancellation of the Nanotech Entertainment hosting-services agreement for VODWIZ may be in the mutual best interests of both companies. It is the position of Hannover House / VODWIZ that the consumer portal site cannot be reasonably "launched to consumers" until 500 or more titles are immediately available and accessible to consumers for downloading. Company and Nanotech reached an impasse last summer due to certain demands by Nanotech which were not prescribed in the services agreement, and which were not deemed to be functionally realistic. While there are many digital portals, websites and O-T-T entertainment service providers, Company feels that there is a market for the VODWIZ site if a significant quantity of independent films can be offered to consumers (even on a non-exclusive basis).
