As of March 31, 2015, there were no trading suspensions, stock splits, dividends, recapitalizations , mergers, acquisitions, spin-offs or reorganizations, etc.

However, as of the date of this filing, there was a share exchange agreement that was completed that changed the control of the Company, which is presented in detail in the following paragraphs.

Proactive Pet Products Inc. (PPPI) was the sole owner of 100% of the outstanding common shares of Digital Airo Inc. (DIGA) upon the formation of the subsidiary in January 19, 2015 up until the date of the share exchange agreement on May 6, 2016.

Prior to conducting a name change and corresponding change in business operations in January of 2015, PPPI was named Registered Express Inc. (RGTX) and was in the digital mail business. In January of 2015, the RGTX's Board of Directors agreed to diversify the Company's operations by pursuing new business opportunities in the pet product industry. Consequently, the Company changed its name to PPPI to reflect this new direction and created a wholly owned subsidiary to hold its old business assets derived under the previous RGTX business model. On January 19, 2015, the Company incorporated Digital Airo, Inc. in the State of Nevada to be a wholly owned subsidiary of the Company to operate its digital and technology businesses.

Registered Express International (REI) entered into two separate license agreements with PPPI under the Company's old business model (i.e., RGTX) pertaining to its Internet based global delivery of documents/files/media through its proprietary system and network. The first license agreement with a value of $1,050,000 was acquired in exchange for a sub-license agreement with Registered Express International Corporation (a third party company that was not an affiliate of RGTX). The agreement is renewable after 5 years. The second license agreement with a value of $1,500,000 was acquired in exchange for separation of Registered Express International Corporation in the form of a perpetual license agreement.

On February 12, 2016, the management of American Leisure Holdings Inc. (AMLH) announced that the Management of the company evaluated the current economic conditions and initiated an executive business decision to divest itself of assets in the Oil and Gas sector, with the intention of establishing a footprint in emerging technology. During this period and up to the point of the share exchange with Digital Airo, Inc. (DIGA) on May 6, 2016, the Company was a development stage company with a business plan, operations and more than nominal assets. The assets of AMLH relating to oil and gas were not fully divested until the date of the share exchange on May 6, 2016.

On May 6, 2016, all of the shares of DIGA were transferred to Registered Express International Inc. (REI) as consideration to cancel the five year license agreement with a value of $1,050,000 that was an asset owned by DIGA. The early cancellation of the 5 year license was valued based on the full surrender of DIGA's common stock. PPPI decided to relinquish all of the shares to REI as it had been planning for some time to make the financial statements and operations streamlined and focused exclusively on its pet products business, which is the primary business of PPPI. Subsequent to the transfer of all of DIGA's stock to REI on May 6, 2016, on the same day, in an unrelated transaction with a third party, REI then transferred all of its shares in DIGA to American Leisure Holdings, Inc. (AMLH). REI transferred the stock of DIGA to AMLH in exchange for entering a new license agreement with AMLH under the new business model. REI decided to instantly assign all of the stock of DIGA to AMLH upon Mr. McFadden agreeing to become the president of AMLH due to his extensive experience in the industry and value added to the Company and also in exchange for the Company's commitment to enter a new license with REI. James McFadden was appointed as the new President and CEO of the AMLH on May 6, 2016. In an integral part of the share exchange agreement entered in on May 6, 2016, the controlling shareholders of AMLH (Wroblewski Oil and Gas, Inc. or "WOGC") relinquished 399,987,448 of their shares in AMLH to James McFadden. In addition, Mr. McFadden received 175,012,552 in restricted common stock issued directly from AMLH's treasury. The stock was valued at $.0042 a share based on the closing bid price on May 6, 2016 and was recorded as Officer's Compensation. Therefore, the total stock received by Mr. McFadden was 575,000,000 restricted common shares of AMLH, or approximately 65.34% of the outstanding stock. Mr. McFadden received these shares as a signing bonus and as advanced compensation for his service contract with the Company. As part of the Share Exchange Agreement entered in on May 6, 2016, AMLH Issued a $76,350 Convertible Promissory Note to Wroblewski Oil and Gas Company Inc. in a separate transaction for costs and services related to the share exchange and as consideration for the transfer of 30,000,000 common shares back to the treasury of the Company.

On January 19, 2015, the Company incorporated Digital Airo, Inc. in the State of Nevada to be a wholly owned subsidiary of the Company to operate its digital and technology businesses.

Registered Express International entered into two separate license agreements with PPPI under the Company's old business model (i.e., RGTX) pertaining to its Internet based global delivery of documents/files/media through its proprietary system and network.

The first license agreement with a value of $1,050,000 was acquired in exchange for a sub-license agreement with Registered Express International Corporation (a third party company that was not an affiliate of RGTX). The agreement is renewable after 5 years.

The second license agreement with a value of $1,500,000 was acquired in exchange for separation of Registered Express International Corporation in the form of a perpetual license agreement.

On February 12, 2016, the management of American Leisure Holdings Inc. (AMLH) announced that the Management of the company evaluated the current economic conditions and initiated an executive business decision to divest itself of assets in the Oil and Gas sector, with the intention of establishing a footprint in emerging technology. During this period and up to the point of the share exchange with Digital Airo, Inc. (DIGA) on May 6, 2016, the Company was a development stage company with a business plan, operations and more than nominal assets. The assets of AMLH relating to oil and gas were not fully divested until the date of the share exchange on May 6, 2016.

On May 6, 2016, all of the shares of DIGA were transferred to Registered Express International Inc. (REI) as consideration to cancel the five year license agreement with a value of $1,050,000 that was an asset owned by DIGA. The early cancellation of the 5 year license was valued based on the full surrender of DIGA's common stock. PPPI decided to relinquish all of the shares to REI as it had been planning for some time to make the financial statements and operations streamlined and focused exclusively on its pet products business, which is the primary business of PPPI.

Subsequent to the transfer of all of DIGA's stock to REI on May 6, 2016, on the same day, in an unrelated transaction with a third party, REI then transferred all of its shares in DIGA to American Leisure Holdings, Inc. (AMLH). REI transferred the stock of DIGA to AMLH in exchange for entering a new license agreement with AMLH under the new business model.

REI decided to instantly assign all of the stock of DIGA to AMLH upon Mr. McFadden agreeing to become the president of AMLH due to his extensive experience in the industry and value added to the Company and also in exchange for the Company's commitment to enter a new license with REI. James McFadden was appointed as the new President and CEO of the AMLH on May 6, 2016.

In an integral part of the share exchange agreement entered in on May 6, 2016, the controlling shareholders of AMLH (Wroblewski Oil and Gas, Inc. or "WOGC")) relinquished 429,987,448 of their shares in AMLH to James McFadden. In addition, Mr. McFadden received 145,012,552 in restricted common stock issued directly from AMLH's treasury. Therefore, the total stock received by Mr. McFadden was 575,000,000 restricted common shares of AMLH, or approximately 70% of the outstanding stock. Mr. McFadden received these shares as a signing bonus and as advanced compensation for his service contract with the Company.

As part of the Share Exchange Agreement entered in on May 6, 2016, AMLH Issued a $76,350 Convertible Promissory Note to WOGC in a separate transaction for the return

to treasury of 30,000,000 common shares. This price was determined based on the average of the closing bid price for the last twenty days prior to the transaction being consummated.
