On September 24, 2007, the corporate name was changed to American Post Tension, Inc. as the result of an acquisition. On June 30, 2011, the Company acquired Crown City Pictures, Inc., a Florida corporation and changed its corporate name to Crown City Pictures, Inc. on that date as part of the acquisition. On November 21, 2014, the Company amended its Certificate of Incorporation to change its corporate name to World Poker Fund Holdings, Inc.

3. The Issuer's fiscal year end date:

The Issuer's fiscal year end date is December 31.

4. Whether the Issuer (and/or any predecessor) has been in bankruptcy, receivership or any similar proceeding:

Neither the Issuer nor any predecessor has been in bankruptcy, receivership or any similar proceeding.

5. Any material reclassification, merger, consolidation, or purchase or sale of a significant amount of assets not in the ordinary course of business:

On August 30, 2015, the Company entered into an agreement to acquire an interactive gaming asset from Interactive Gaming Development Group of Bulgaria. The proprietary gaming engine accommodates Texas Hold'em, Omaha, Omaha High, Omaha Low, 7 Card Stud, 5 Card Stud, Roulette, and Blackjack gaming and is maret ready. The original agreement was then amended on September 15, 2015 and closed on September 30, 2015 with the transfer of the gaming assets to the Company, which plans to form a new wholly-owned subsidiary to which the assets and business will be transferred.

We are currently modifying the game to reflect a tournament-based platform which will be featured and cross-promoted from our other online gaming platforms and future TV productions.

Under the terms of the amended agreement and closing, the Company purchased the gaming asset for a total of $5,500,000 through a combination of stock and cash, as follows:

Stock (vaued at $2.00 per share for the acquisition):

Date	Shares	Amount:
December 1, 2015	250,000	$ 500,000
January 1, 2016	1,000,000	$ 2,000,000

March 31, 2016	$ 25,000
June 30, 2016	$ 150,000
25% of gross advertising revenue as earned	$ 300,000
	$ 500,000

In the event that the closing price of WPFH stock on the date one year after closing is less than $2.00, the Company will issue additional common shares so that the total deal value of the common stock portion of the consideration is $5,000,000.

The acquisition has been entered into the financial records at the full deal value of $5,500,000; however, the Company has not had an independent evavuation made

of the asset acquired other than as part of the acquisition. At the time of the closing of the transaction, the market price of the last trade of the Company's common stock was at $2.96 per share, which would indicate a transaction value of more than $7.9 million. No independent valuation has been requested or prepared for the acquisition value reported of $5,500,000 and there is a risk that the actual value could be far less, or have no value at all, in which event the carrying amount for the investment would have to be written off as a loss at the end of the current fiscal year. As of the date of thids report, the closing price of the common stock is less than the $2.00 trigger price for the issuance of new shares as of one year after closing.

On December 3, 2015, the Company entered into a Stock Purchase Agreement with RealDeck Incorporated ("RealDeck"), a Nevada Corporation to acquire all of the issued and outstanding common and preferred stock of RealDeck. When closed, RealDeck will become a wholly-owned subsidiary of the Company. The consideration for the transfer of the RealDeck shares will be (a) shares of common stock of WPFH equal in market value to $15,000,000, based on an agreed market price of the common stock of WPFH on the OTC Markets of $1.80 per share as of the day before the date of the agreement, and (b) a convertible promisory note in the amount of $465,376. The number of shares issued to the RealDeck shareholders at Closing are subject to increase (but not decrease), if, on the one-year anniversary date of the Closing, the value of the WPFH Shares, based on the aggregate closing market price for the WPFH Shares on the OTC Pink Markets (or any successor applicable stock trading market) at that time, is less than $15,000,000. Closing of the transaction has been extended by agreement and closing is expected to occur in the current quarter.

On April 14, 2016, the Company signed an acquisition agreement to acquire 49% of the Gaming Assets of Universal Entertainment Group, LLC ("UEG") for $10,000,001. UEG is the developer and owner of the software and intellectual property designed to host and maintain an on-line poker site to be utilized by the The Iowa Tribe of Oklahoma under its new, first-in-the nation, .gov hosted poker site. UEG has an agreement in place with The Iowa Tribe to launch an online poker site, to maintan the site, and to develop new games and applications, in exchange for 49% of the total revenue generated from the site. The online poker site plans to offer gaming on airline flights, cruises, and to international players where online gambling is legal.

6. Any default of the terms of any note, loan, lease, or other indebtedness or financing arrangement requiring the Issuer to make payments:

None

7. Any change of control:

Effective May 1, 2015, the Series A Convertible Preferred Stock was sold to Lookhu, Inc., which became the control party of the Company. This Agreement was rescinded in January 2016, and the stock was then acquired by World Casinos & Resorts, Inc, a Nevada Corporation, which is currently the control party of the Company, with 51% of the total vote of all classes of the voting stock of the Company.

8. Any increase of 10% or more of the same class of outstanding equity securities:

In March, 2015, an additional 28,925,800 common shares were issued to the shareholders of World Poker Fund, Inc., resulting in a total of 30,882,997 common shares and 1,000,000 Series A Preferred Stock outstanding, the latter carrying 51 percent of the total voting power of all stock issued. Effective May 2015, the Series A Convertible Preferred Stock was sold to Lookhu, Inc., which was subsequently assigned to World Casinos & Resorts, Inc in January 2016 which became the control party of the Company.

9. Any past, pending or anticipated stock split, stock dividend, recapitalization, merger, acquisition, spin-off, or reorganization:

On January 6, 2015, the Company completed a 1 for 150 reverse split, reducing the number of shares of common stock outstanding to 1,007,135 common shares. In March 2015, the Company completed the acquisition of World Poker Fund, Inc. as a result of which an additional 28,925,800 common shares were issued to the former shareholders of World Poker Fund, Inc. As of December 31, 2015, there were 31,302,743 common shares issued and outstanding as a result of the acquisition, the rounding up of frational shares to the next higher whole number and later conversions of outstanding convertible notes into common stock.

The exchange transaction was recorded on the Company books at an acquisition value of $3,000,000 based on management's best estimate of the transaction value. At the time of the closing of the transaction, the market price of the last trade of the Company's common stock was at $0.60 per share, which would indicate a transaction value of more than $17 million. No independent valuation has been requested or prepared for the acquisition value of $3,000,000 and there is a risk that the actual value could be far less, or have no value at all. Management has re-evaluated the acquisition value as of December 31, 2015, and has determined that the reported carrying value of the acquisition does not need to be reduced or written off at the end of the fiscal year.

10. Any delisting of the Issuer's securities by any securities exchange or deletion from the OTC Bulletin Board:

The company previously was a fully reporting company under Section 12(g) of the Securities Exchange Act of 1934. In March 2013, the Company filed a Form 15 terminating its reporting obligations. As a result, the Company was delisted from the OTC Bulletin Board. The common shares continue to trade on the OTC Pink Markets under the symbol WPFH.

11. Any current, past, pending or threatened legal proceedings or administrative actions either by or against the Issuer that could have a material effect on the Issuer's business, financial condition, or operations and any current, past or pending trading suspensions by a securities regulator. State the names of the principal parties, the nature and current status of the matters, and the amounts involved.

None pending or threatened during the period ended March 31, 2016 or to the date of this report.

B. Business of Issuer

We are comprised of five divisions: Sponsorship Tournaments, Media Entertainment, Online Poker and Social Gaming, Charity and Public Awareness Events, and Casino Development and Services.

SPONSORSHIP TOURNAMENTS

The sponsorship tournaments are held to discover and develop poker careers for up-and-coming poker players. Every contestant has the opportunity to earn a spot as a sponsored WPF sponsored player. A series of non-cash multi-table tournaments (MTT) will be held to determine the best poker players. Top ranked members will be awarded with player staking contracts. These tournaments will be hosted through our non-cash gaming platforms and also featured on our America Loves Poker production (see below).

POKER ENTERTAINMENT

We are currently in production of various reality TV series – *Poker Boss, America Loves Poker, and Poker After Hours.* We are also currently in pre-production of a travel/gambling reality show. We will make every attempt to showcase our technologies and promote our social gaming/online poker platforms on all of our shows.

ONLINE POKER & SOCIAL GAMING

WPF Interactive, Inc, a Nevada corporation and wholly-owned subsidiary of World Poker Fund Holdings, Inc., will operate and license all of WPFH's international and domestic interactive gaming platforms.

SOCIAL GAMING

We are currently in the process of developing a tournament-based gaming platform and have launched CelebrityWorld.com as Beta. CebebrityWorld.com has already commenced generating revenues as of the date of this filing.

CelebrityWorld.com

Celebrity World is a new paradigm in the social casino business sector. The $3.4 Billion social casino market has been growing rapidly and is expected to exceed $4.4 Billion by 2017.

Many of the social casinos offer players the ability to play casino games and the "Social" aspect of the casino is that they can invite their friends to play. Celebrity World is a social casino that is also a MMORPG (Massively multiplayer online role-playing game). The advantage of this differentiator is that the players are in a virtual world together where they can play games, mingle, meet new people, and party together. Instead of playing your favorite slot machine by yourself, you can see and chat with others players while you are playing, so you are never playing alone.

Flowplay, our CelebrityWorld.com partner, has developed a social casino MMORPG and has proven that the business model consistently monetizes at a rate of over double the RPDAU (revenue per daily average user) of some of the largest social casinos in the world.

We have contracted with several Celebrities who will promote this platform to their social media followers. Celebrities will be able to connect with their fan base and provide a place where they can hang out, party and have a real interactive experience.

CelebrityWorld.com has launched its beta in May 2016 and is currently generating revenue.

WPF Interactive, Inc is also in final development stage of its online (non-cash) Poker Platform which will be used to host Sponsorship tournaments. We plan to feature the RealDeck live dealer technology within this platform.

ONLINE POKER / CASH GAMING

Currently, just Nevada, Delaware and New Jersey have web gambling industries. We will be developing an internet poker platform for the California market should online gaming become permitted in the state. We are planning to enter the international online poker markets along with seeking relationships with American Indian Tribes to develop internet poker and gambling platforms throughout the country within sovereign rights under the Indian Gaming Regulatory Act (IGRA). The acquisition transaction to acquire 49% of the

gaming Assets of United Entertainment Group, including the interest in the Pokertribe.com offering, is the first step in this initiative.

CHARITY & PUBLIC AWARENESS EVENTS

We will be hosting and sponsoring various Charity Poker and Public Awareness events. We are currently in discussions with several organizations to collaborate on Charity Poker Events.

CASINO DEVELOPMENT & SERVICES

We are seeking opportunities with American Indian Tribes to establish and develop Class III gaming operations for them. Part of our business model will include assisting Native American tribes secure financing to petition for federal recognition and repurchasing land into federal trust.

INDIAN GAMING REGULATORY ACT OF 1988

As codified by the Indian Gaming Regulatory Act of 1988 (IGRA), states have limited ability to forbid gaming in areas that have tribal sovereignty. IGRA breaks gaming into three separate classes: Class I gaming is social and ceremonial gaming of the tribal members; Class II gaming includes bingo and house-banked card games; and Class III gaming is all other types of gaming. Indian tribes are allowed to engage in Class I gaming without exclusions or conditions. Class III gaming can only be conducted under a legal compact between a tribe and the state wherein the Indian lands on which the gaming is conducted lie. Tribes may operate Class II gaming on their Indian lands under self-licensing and regulation, and without a governing tribal-state compact, when such gaming is permitted to anyone else within the state in accordance with state laws. It is our position that an online poker site on sovereign land is authorized Class II gaming under IGRA.

REVENUE STREAMS

SPONSORSHIP TOURNAMENTS

Sponsorship Tournaments will raise funds through (i) staking and (ii) advertising. We are planning to use our online free-play platform and shows to promote tournaments which will lead to staking contracts.

POKER ENTERTAINMENT & INTERACTIVE GAMING

Advertisement, sponsorships, merchandizing, and media distribution are all anticipated revenue streams attached to the entertainment content we produce. We have currently arranged a 50% revenue share on all advertisements and sponsorships with our shows distributed on the World Poker Channel of Lookhu.com. We will also be seeking various distribution for our shows. We expect these reveues will commence before year end.

ONLINE POKER & SOCIAL GAMING

We anticipate the bulk of the poker and social gaming platforms to generate revenues by consulting/management/royalty fees, virtual chips, memberships, and advertising.

CelebrityWorld.com

Celebrity World's Revenue will be generated by the Sale of VIP and VIP-Elite Memberships ($6-20 per month) and from the sale of Virtual Goods. We will also receive revenues from sponsors and advertisments.

The Major Industry Metrics for social gaming is the ARPDAU (Average Revenue Per Daily Average User) which is measured in cents per day per user. Our partner in CelebrityWorld.com, Flowplay, Inc., currently monetizes its own on-line gaming platform at a rate over double of most major casinos and online brands and we expect similar results, since the Company is similar to FlowPlay's model, with a celebrity element.

The Super Data Industry Report for January, 2016, reported the following results:

COMPANY	TITLE	ARPDAU	MONTHLY REVENUE
FlowPlay	Vegas World	$ 0.45	$ 1,173,435
IGT	DoubleDown Casino	$ 0.26	$ 14,067,097
Playtika/Caesars	House of Fun	$ 0.29	$ 4,860,081
Zynga	Texas Hold'em Poker	$ 0.07	$ 5,365,653

The Company believes that its operating results should be at least as good as FlowPlay, once the site is fully operational, since CelebrityWorld.com is based on the Flowplay model. There can be no assurance, however, that the operating results of the Company site will reach any of the reported results of any other similar site.

CHARITY & AWARENESS EVENTS

We will be charging for our services to coordinate poker charity and fundraise events. Our clients will mainly be 501(c)3 nonprofit organizations.

CASINO DEVELOPMENT & SERVICES

Depending on the arrangement agreed upon with the Indian tribes, revenue streams will be generated by royalties, consulting, and management fees.

MERCHANDISING

We plan to enter into licensing/royalty agreements with some or all of our celebrity beneficial owners on various merchandising and promotional properties related directly or

indirectly to our projects, gaming platforms, shows and tournaments. Our objective would be to primarily convert their social media followers into our consumers.

INTERNAL VALUATION

We have internally placed a value on each acquisition as noted below. These internal valuations do not reflect the cost of acquisition and are estimates of future value based on assumptions that may or may not actually occur. No reliance should be placed on any such valuations for any purpose as the assumptions may not occur as assumed.

CelebrityWorld.com -

Based on past performance of FlowPlay and our celebrity aspect, management believes that, at full launch, the platform will generate at least $15M/year. At a multiple of 7.5, with a 30% margin, management believes that the value of this asset will then be at least $30M.

InSkyCasino.com

Management expects, at full launch, the site will generate an approximate gross revenue of $808.7M of which UEG will receive $224.7M. Our agreement with UEG is to receive 49% of their revenues, which will give us $114.6M annnualy. At a multiple of 5, we are currently interally valuing this asset a value of $573M. After full launch, management feels that a greater multiple will be applied due to the uniqueness and niche of the platform.

PokerTribe.com

Management expects, at full launch, the site will generate an approximate gross revenue of $205M of which UEG will receive $59.2M. Our agreement with UEG is to receive 49% of their revenues, which will give us $29M annnualy. At a multiple of 10, we are currently interally valuing this potential asset at of $290M.
