1. NATURE OF OPERATIONS AND GOING CONCERN

Mag One Products Inc., (formerly Acana Capital Corp.), (the "Company" or "Mag One") was incorporated on June 18, 2007 in British Columbia, Canada and had its name changed to Mag One Products Inc. on March 18, 2015. The Company's head office is located at Suite 145 – 925 Georgia Street West, Vancouver, V6C3L2. The Company's shares are traded on the Canadian Securities Exchange ("CSE").

The Company's principal business is the research and development of technology and manufacturing facilities for the production of magnesium and magnesium compound.

Going concern

These consolidated financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. As at March 31, 2016, the Company is not able to finance its day to day activities through operations. The Company's continuation as a going concern is dependent upon its ability to attain profitable operations and generate funds there from and/or raise equity capital or borrowings sufficient to meet current and future obligations. These factors indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. Management intends to finance operating costs over the next twelve months through the issuance of its common and preferred shares. Should the Company be unable to continue as a going concern, the net realizable value of its assets may be materially less than the amounts on its consolidated statement of financial position.

2. STATEMENT OF COMPLIANCE

These condensed consolidated interim financial statements for the three and six months ended March 31, 2016 together with the comparative figures herein have been prepared in accordance with International Accounting Standards ("IAS") 34 "Interim Financial Reporting" ("IAS 34") using accounting policies consistent with the International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC").

Accordingly, certain disclosures required in annual financial statements have been condensed or omitted. These condensed interim financial statements are intended to provide users with an update in relation to events and transactions that are significant to an understanding of the changes in financial position and performance of the Company since the end of the last annual reporting period. It is therefore recommended that these condensed interim financial statements be read in conjunction with the most recent audited annual financial statements of the Company for the year ended September 30, 2015.

These condensed interim consolidated financial statements were approved and authorized by the Board of Directors on May_____, 2016

3. SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation

These consolidated financial statements have been prepared on an accrual basis and are based on historical costs, except for certain financial instruments measured at their fair value, and are presented in Canadian dollars, unless otherwise noted.

The Company has not adopted new accounting policies since it recent year ended September 30, 2015.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of preparation Continued)

These consolidated financial statements incorporate the accounts of the Company and the following controlled subsidiaries:

		Ownership Percentage	
Name	**Country of incorporation/ formation**	**March 31, 2015**	**September 30, 2015 and March 31, 2016**

Mag One Operations Inc.	Canada	Nil	100%
Mag One Operations Inc. (Previously North American Magnesium Company)	USA	Nil	100%
North American Magnesium Company LLC (NAMP LLC)	USA	Nil	100%

**The Company had control of JPLP. LLC up until January 1, 2015. It was consolidated resulting in non-controlling interest being recorded in the consolidated statements of financial position, up until control ceased on January 1, 2015.*

Inter-company balances and transactions, including unrealized income and expenses arising from inter-company transactions, are eliminated on consolidation.

Significant estimates and assumptions
The preparation of financial statements in conformity with IFRS requires management to make certain estimates, judgments and assumptions concerning the future. The Company's management reviews these estimates and underlying assumptions on an ongoing basis, based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to estimates are adjusted for prospectively in the period in which the estimates are revised.

Estimates where there is significant risk of material adjustments to assets and liabilities in future accounting periods include fair value measurements for financial instruments and the recoverability and measurement of deferred tax assets.

Significant judgments
The preparation of financial statements in accordance with IFRS requires the Company to make judgments, apart from those involving estimates, in applying accounting policies. The most significant judgments in applying the Company's financial statements are the determination of the functional currency of the parent and its subsidiaries, and the assessment of the Company's ability to continue as a going concern and whether there are events or conditions that may give rise to significant uncertainty.

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting standards issued but not yet applied

Certain pronouncements were issued by the IASB or IFRIC that are mandatory for accounting periods beginning after October 1, 2015 or later periods.

The following new standard has not been early adopted in these consolidated financial statements, is not expected to have a material effect on the Company's future results and financial position:

IFRS 9 Financial Instruments (new; to replace IAS 39 and IFRIC 9); and Amendments to IAS 32 Financial Instruments: Presentation.

Other accounting standards or amendments to existing accounting standards that have been issued but have future effective dates are either not applicable or are not expected to have a significant impact on the Company's financial statements.

4. CORPORATE RESTRUCTURING

In July 2014, the Company, and two of its wholly owned subsidiaries, Ameri-Can, and JG entered into a plan of arrangement in order to proceed with a corporate restructuring (the "Arrangement").

In accordance with the Arrangement, the Company transferred various real and farming properties to Ameri-Can; and its marketable securities and a condominium unit to JG (collectively the "Assets Transfer") in return for common shares of Ameri-Can and JG which were distributed to the shareholders of the Company on a pro-rata basis based on their relative shareholdings of the Company. Ameri-Can and JG concurrently applied to list their shares on the CSE. Upon the completion of the Arrangement, Ameri-Can and JG were no longer subsidiaries of the Company.

The operations that were transferred to Ameri-Can and JG are considered a discontinued operation of the Company. Their result of operations for six months ended March 31, 2015 and year ended September 30, 2015 are as follows:

	Ameri-Can	JG	Total
