6. Describe the Issuers Business, Products and Services

A. Business Operations The ITNF current mission is to research and grow Internet Infinity ("ITNF") revenue and earnings. Through affiliated subsidiaries we can grow our internet business operations by helping our direct B2B customer serve their B2C targeted member consumers. For example, our "Fountain of Youth Society. As our name Internet Infinity ("ITNF") implies, there are "few limits" on what we could accomplished with ITNF as a service provider effectively and creatively using the internet. For

example, there are now over 40-million seniors over 65 years old in the United States. And that number is increasing by 10,000 per-day. It is estimated that there will be over 50-million USA seniors by 2019 accord to the US Census Bureau. There are now over 680-million persons in the world and that will increase to 2 billion by 2050. George” Morris, PhD aka: (“Dr. George”) (τ) has returned to ITNF after a number of years of university teaching and retirement as Professor Emeritus at California State University. His areas of specialization are marketing, finance and psychology. He was one of the first professors to use the “One-on-One – Internet” Marketing Strategy concept. Today, Internet Infinity is seeking profitable, (“positive cash flow”) growth through business affiliations and/or company partnering, to serve the senior target market. One of our forthcoming promising efforts is “The Fountain of Youth Society.” Our goal has evolved and expanded with the senior target market business research. However, there is no guarantee that we can deliver any of the services in our plan. ITNF’s initial focus was on selling Internet software many years ago. However, the Internet Infinity operations were put on hold until we could find an alternative revenue opportunity. Now, Morris has completed the handling of family and personal health responsibilities. And he is proposing this growth model for revenue and profits Dr. George believes that we have a very large business opportunity to work with seniors. He says: “we are at the largest intersection of population age and marketing opportunity today.” And we want to be a main source of information and support for service providers to senior consumers.

B. Internet Infinity, Inc. (III or “the Company”) was incorporated in the State of Delaware on October 27, 1995. III was in the business of distribution of electronic media services until unfair foreign price competition destroyed the market. The Company was re-incorporated in Nevada on December 17, 2004 and reorganized by its founders in Fiscal 2014. The Company is currently a Development Stage. Company.

C. Issuers primary SIC Code is 8699 Membership Organization, not classified elsewhere.

D. Issuer’s fiscal year end date: March 31.

E. Principal product and services are Information and matching between our senior members B2C and their suppliers of products and services B2B using our research and consulting.

7. Issuer’s Facilities. Since we are a contemporary “Virtual” Internet Company, we have little use at this time for physical real estate facilities. Therefore we rent and travel between various United States locations and meetings in Las Vegas, Nevada and Austin, Texas.

Our most important assets are intangible such as our public stock company, Internet Infinity, Inc. which will give us special access to business resources and opportunities. Our plan is to use our shares to facilitate relationships such as strategic alliances beneficial to “partners” ITNF, its members and ITNF customers/clients. We want to help our clients with increasing their operating, marketing and financial success.

Another key asset is our Chairman/President, “Dr George” Morris, PhD, Professor Emeritus at California State University, retired, a senior himself. His education and experience in finance, marketing and psychology and experience as a speaker and author and 40 years of business connections and negotiation can differentiate us in the seniors’ market place.

8. In addition to “Dr George’ Morris and his family are in a 90 per cent plus ownership control position. However, that 90 percent represent Georges’ main and almost only source of wealth. Therefore George

is highly motivated to succeed. Morris has over 30 years of business experience and can bring many talented persons and “partners’ to strategic alliances for serving our B2B clients and our B2C members. Dr George’s favorite business philosophy is: “Ultimately, the most important measure of a CEO is eh company’s stock price.” He further states: “now is my time to perform for my family, shareholders and friends.. Internet Infinity’s directors, officers and significant employees occupying executive officer positions, their ages as of March 31, 2014, the directors’ terms of office and the period each director has served are set forth in the following table:

Person Positions and Officers Since Expires George Morris, 76 Chairman of the Board of Directors – President, Chief Executive Officer and Chief Financial Officer 2014 2016

Paul Rademaker, 69 Director 2013 2016 George Roth, 72 Director 2013 2016

GEORGE MORRIS, Ph.D. Dr. Morris has been the Chairman of the Board of Directors, principal shareholder, and Secretary of Internet Infinity since Internet Infinity was formed and went public. He says: “it’s time for me to perform and I believes the most important measure of a CEO is the company’s stock price. George is responsible for the new direction and business plan for ITNF to serve as a market development membership company for senior living products, services and information. In addition, Morris is currently facilitating the accounting and trading of ITNF stock and planning a revival of ITNF performance through the seniors living program. Morris also heads a 501C3 Non-profit organization dedicated to helping senior veterans and patriots living and success, in conjunction with ITNF. George Morris has also been the owner of Morris Business Development Company, a 1940s Securities Act BDC with Merger and Acquisition support since 1974.

Dr. Morris was the President, and founder of Morris Financial, Inc., a highly connected NASD member financial broker-dealer firm, since its inception in 1987. The Broker Dealer was closed in June 2015. Dr. Morris earned a Bachelor of Business Administration and Masters of Business Administration from the University of Toledo, and a Ph.D. (Doctorate) in Marketing and Finance and Educational Psychology from the University of Texas. He has retired as Professor Emeritus from California State University and was Assistant Professor at the University of Southern California. Dr. Morris was the West Coast Regional Director of the American Society for Training and Development and a Director of the South Bay Business Roundtable and a speaker on a number of topics relating to business, training and development. Morris has created or been directly involved in the design, writing and development of numerous Internet web sites for Internet Infinity and Morris Business Development Company.

9 GEORGE ROTH, M.S., B.S., of Las Vegas, Nevada primary area of business consulting practice for over 40 years has been structuring small business enterprises to access growth capital while remaining compliant with regulators and securities laws. Mr. Roth after earning an undergraduate degree in electromechanical engineering, graduated from the Carnegie Mellon University with graduate degrees in Management and Science in 1959. He entered the southern California Aerospace industry employed as Senior Program Manager for Division Vice Presidents of Ford Motor Company, Northrop Space Labs, and McDonnell Douglas Special Programs where he held high level security clearances and accomplished the recovery of \$61 million in project costs from the Air Force. Mr. Roth founded Securities Compliance Control LLC (SCC) in 1999 in response to the imposition of tougher regulations adopted by the NASD aimed at small businesses. Pursuing his continuing career of providing solutions to regulatory requirements for microcaps, George Roth draws on his extensive experience and international contacts in business development for hundreds of clients in both private and public sectors. He has worked with

leading securities counsel and CPA's. After leaving aerospace in 1969, Mr. Roth advised such Los Angeles law firms as Ball, Hart, Hunt and Brown, and O'Melveny & Meyers as to corporate structuring strategies, forming several publicly traded corporations. He was sponsored by these firms to attend and receive credit for the California Bar associations CEB courses in Securities Law and Taxation. Relocating to Las Vegas in 1970, he continued his work with local CPA's and law firms such as Jones Bilbray Bonner and Brown, as well as expanding his business offices from time to time into New York, Florida, Texas, Utah, Denver, and Los Angeles. Over the years, Mr. Roth has established a large number of publicly traded entities that have since been acquired or transformed into companies that continue to trade today. Additionally, his past contacts with funding sources produced results for a number of mortgage companies

PAUL RADEMAKER. Mr. Paul Rademaker from Laguna Hills of Rademaker Consulting brings us 30-years of business management experience including positions of chief operations officer, chief financial officer and president in an array of companies. He spent 15 years specialized in turning around financially troubled companies as well as a consultant to start-up, small and medium size companies in the areas of process flow, administration, and business planning and budget controls. He holds a BS in Chemistry and an MBA in Finance from California State University. He is also an Adjunct Professor at Pepperdine University managing the entrepreneurial program for the MBA program. B. Our legal/Disciplinary history is void of any conviction or being a defendant in any criminal proceeding, judgment or decree that limited involvement in any type of business, securities, commodities or banking activities. Morris has been licensed by the Securities and Exchange Commission, State of California for the last thirty years without incident or violation. And no order has barred, suspended or otherwise limited any business activity.

C. "Dr George" Morris is the only Internet Infinity shareholder with more than 10% of the Company's equity securities. George Morris, Box 1009, Newport Beach, California 92659 holds 92% of the ITNF common stock. As a Nevada corporation, Morris/ITNF registered agent is RA's of America, 1504 US Hwy 395 N #8, Gardnerville, NV 89410-5273.

A. Legal/Disciplinary None of the Officers or Board of Director members were the subject of legal or disciplinary actions, proceedings, judgements, decrees, suspensions in the last five years.

B. Beneficial Shareholders Only George P. Morris, Box 1009, Newport Beach, CA 92659 beneficially owns 10% or more of the issuers securities. 1. Other Advisors No outside (third party) advisor provided advice to our company on matters relating to operations, business development and disclosures. 2. Issuer Certification
