LEXAM VG GOLD INC.**NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS****JUNE 30, 2016 AND 2015***(Unaudited - in Canadian dollars)***1. NATURE OF OPERATIONS**

Lexam VG Gold Inc. (the “Company”, or “Lexam VG”) was incorporated under the laws of Ontario through a Plan of Arrangement on January 1, 2011, amalgamating Lexam Explorations Inc. and VG Gold Corp. The Company is principally engaged in the business of exploring precious metal mineral properties in Timmins, Ontario, Canada. Substantially all of the efforts of the Company are devoted to these business activities and to date it has generated minimal revenues. As a result, the Company has no regular source of cash flow and will need to raise additional funds in the future in order to advance its exploration activities. There can be no assurance that the Company will be successful at raising such funds or whether funds raised will be at terms economically favourable to existing shareholders. If in the future the going concern assumption is not appropriate, certain adjustments may be necessary to the financial statements. These adjustments could impact the carrying value of assets or liabilities, such as amounts receivable, prepaid expenses and deposits, exploration and evaluation assets, accounts payable and accrued liabilities and reported expenses.

As at June 30, 2016, Robert R. McEwen (“Mr. McEwen”), the non-executive chairman of Lexam VG owns 27% of the Company’s issued and outstanding common shares.

The Company’s assets are comprised primarily of 100% interest in Fuller, Buffalo Ankerite and Davidson Tisdale properties and a 60.96% interest in the Paymaster property as at June 30, 2016.

2. BASIS OF PRESENTATION**Statement of compliance**

These condensed unaudited interim consolidated financial statements have been prepared in accordance with International Accounting Standard (“IAS”) 34, *Interim Financial Reporting* as issued by the International Accounting Standards Board (“IASB”). These condensed unaudited interim financial statements do not include all disclosures required by International Financial Reporting Standards (“IFRS”) for annual financial statements and accordingly should be read in conjunction with the Company’s audited annual consolidated financial statements for the year ended December 31, 2015 prepared in accordance with IFRS as issued by the ISAB.

The policies applied in these condensed unaudited interim consolidated financial statements are consistent with the policies disclosed in Notes 2 and 14 of the audited annual consolidated financial statements for the year ended December 31, 2015.

These condensed unaudited interim consolidated financial statements have been authorized for issue by the Company’s Board of Directors on August 4, 2016.

LEXAM VG GOLD INC.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

JUNE 30, 2016 AND 2015

(Unaudited - in Canadian dollars)

2. BASIS OF PRESENTATION (Continued)

Recently Adopted Accounting Standards

The IASB issued the following accounting standards and amendments to accounting standards, which are effective January 1, 2016:

On May 6, 2014 the IASB issued Accounting for Acquisitions of Interests in Joint Operations (Amendments to IFRS 11). The amendments require business combination accounting to be applied to acquisitions of interests in a joint operation that constitute a business. The adoption of this standard had no impact on the Company's condensed interim consolidated financial statements.

On May 12, 2014 the IASB issued amendments to IAS 16 Property, Plant and Equipment and IAS 38 Intangible Assets. The amendments made to IAS 16 explicitly state that revenue-based methods of depreciation cannot be used for property, plant and equipment. This is because such methods reflect factors other than the consumption of economic benefits embodied in the asset. The amendments in IAS 38 introduce a rebuttable presumption that the use of revenue-based amortization methods for intangible assets is inappropriate. This presumption could be overcome only when revenue and consumption of the economic benefits of the intangible asset are highly correlated or when the intangible asset is expressed as a measure of revenue. The adoption of this standard had no impact on the Company's condensed interim consolidated financial statements.

On December 18, 2014 the IASB issued amendments to IAS 1 Presentation of Financial Statements as part of its major initiative to improve presentation and disclosure in financial reports (the "Disclosure Initiative"). These amendments will not require any significant change to current practice, but should facilitate improved financial statement disclosures. The adoption of this standard had no impact on the Company's condensed interim consolidated financial statements.

3. SHORT-TERM INVESTMENTS

The Company's short-term investments are held with a Canadian bank, and consist of thirty-day Guaranteed Investment Certificates, which can be converted to cash as needed.
