#### **6) Describe the Issuer's Business, Products and Services**

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the following:

Business -General

The Company Website: [www.millenniumenergycorp.com](http://www.millenniumenergycorp.com)

A. a description of the issuer's business operations;

Millennium Energy Corporation has, over the last two years, shed its original fossil fuel focus, and is now emerging as a proudly "New Age" company, focusing on renewable energy, clean technology, and complementary investments, which are all poised to grow exponentially.

Millennium Energy operates as a Global Holding Company, and has four corporate divisions each with synergies across the Millennium portfolio. Property Development with land holdings in Costa Rica; Natural Resources with Oil & Gas Blocks in Sakhalin Island, Russian Federation; Clean Energy including various solar, tide, and waste to energy investments and collaborations globally, as well as electric vehicle technology; and Infrastructure Division with various relationships predominantly throughout the middle east and India, designed to facilitate the execution of all of the above.

Millennium Energy Corp is focusing on a range of Clean and Renewable Energy projects powered by Wind, Solar or various Waste to Energy processes using innovative technology solutions to implement its business plans in the Energy Sector across the globe, together with the complementary commodities and technologies. Millennium Energy makes agreements to joint venture our Energy Projects with strategic partners in each country in which we have a project. Through this approach we take advantage of the local knowledge and we utilize the best available technology and experience to execute our projects in all regions of the world from North America, South America, Europe, Middle East, Africa and South East Asia, including Australia, China and India.

Company has entered into an agreement to acquire Majority ownership and control of North Carolina based EV Fleet, focused on developing electric LDVs for the "white van" market, about to roll-out production outside of the US while awaiting DOT approval

Millennium Energy Corp. acquired 100 % of Reseva Quepos LLC on March 23, 2015, LC, a Delaware LLC, that owns a 50 Acre Development Parcel of Oceanfront land, which is zoned and approved for 1,100 Residential Vacation Units on the beachfront in Costa Rica. The company plans to develop and market these units in a Joint Venture with one of the world's leading Vacation Ownership Resort Developer and Marketers.

The Company has built this portfolio through a series of primary share issuances, without raising or fundraising, although we believe that it would now be expedient of the Company to leverage some of these investments through share swaps, which could then be collateralized to provide working capital.

B. Date and State (or Jurisdiction) of Incorporation:

The Company was incorporated in the State of Nevada on February 16, 2001.

C. the issuer's primary and secondary SIC codes;

Primary and Secondary Codes: 1382 – Oil and gas

D. the issuer's fiscal year end date;

December 31

E. principal products or services, and their markets;

Renewable Energy Development with Joint Venture for exploring and developing Oil and Natural Gas in Russia, Waste to Energy Project Development in Canada, Resort Property Development in Costa Rica, and Natural Gas Exploration in New Mexico.
