(AN EXPLORATION STAGE COMPANY)
NOTES TO FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 - NATURE OF BUSINESS AND BASIS OF PRESENTATION

Gold Mining USA, Inc. (the "Company") was incorporated on April 28, 1995 under the laws of the state of California. In June, 2007 the Company filed Certificate of Domestication and Articles of Incorporation with the State of Florida and became governed by the laws of the state of Florida.

The Company previously pursued various business opportunities. Effective March 9, 2012 the Company changed its principal operations to acquisition, exploration and packaging of mineral properties. On March

19, 2012, the Company's name changed to Gold Mining USA, Inc. Effective March 11, 2013 the Company changed its fiscal year end to December 31. On January 13, 2013 the company did a reverse of its common and preferred shares by a ratio of 1000-1. Further, on October 10, 2013 there was a change of ownership of the company. The delivery of control block of Preferred A shares in the amount of 100 million shares post the company's reverse results in an ownership of 95% control of the company. Management was also changed at this time.

NOTE 2 – BASIS OF PRESENTATION

Basis of Presentation

The accompanying unaudited interim financial statements of Gold Mining USA, Inc. (the "Company") have been prepared in accordance with accounting principles generally accepted in the United States of America, and should be read in conjunction with the unaudited financial statements and notes for the period ended March 31st, 2016. The results of operations for interim periods are not necessarily indicative of the results expected for the future.

Recent Accounting Pronouncements

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the results of operations, financial position or cash flow.

NOTE 3 - GOING CONCERN

The Company's financial statements have been presented on the basis that it is a going concern as it contemplates the realization of assets and satisfaction of liabilities in the normal course of business. At September 30th 2015, the Company had working capital deficit of $7,400. The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the outcome of these uncertainties.

The Company is working to secure additional funds for its mineral exploration and packaging activities to meet its obligations as well as working capital requirements during the first quarter of 2016.

There are no assurances that the Company will be able to either (1) achieve a level of revenues adequate to generate sufficient cash flow from operations; or (2) obtain additional financing through either private placement, public offerings and/or bank financing necessary to support the Company's working capital requirements. To the extent that funds generated from operations and any private placements, public offerings and/or bank financing are insufficient, the Company will have to raise additional working capital. No assurance can be given that additional financing will be available, or if available, will be on terms acceptable to the Company. If adequate working capital is not available the Company may be required to curtail its operations.

NOTE 4 – MINING CLAIMS

Gypsy Mine,
Effective January 20th 2014 the company had acquired 100% interest of the mining property for 5 million Restricted shares of the company set forth in the terms and conditions met by way of a purchase agreement. This purchase agreement has been adjusted on July 16th 2014 to reflect a 5.5 million dollar issuance in total for both the Gypsy Mine and the El Tule Mine as consideration for both properties. As the company enters its 3rd quarter of 2015 the property the plausibility and valuation of the Gypsy being a viable interest is still in consideration of the company. Further reflected in the year end of March 31st 2016 the company is continuing the process of reviewing all data provided for this Claim and certain fee's surrounding the Claim and its fesability..

NOTE 5 - RELATED PARTY TRANSACTIONS
As at January 1st 2016 the company entered into a promissory note with Hillside Realty pty Ltd of Australia in the amount of 35,000 USD, to assist in administrative

NOTE 6 – CONVERTIBLE NOTE PAYABLE
On November 14, 2011 the Company issued a promissory note for total proceeds of $35,000 at zero Interest rate. The promissory note is unsecured and repayable on November 14, 2012. Effective November 28, 2012 the promissory note was in default.

On January 28, 2013 the Company reached an agreement with the lender whereby the lender had the right to convert. Value of the beneficial conversion feature was not separated from the debt component. The convertible features may be evaluated in future periods for a fair determined value or consideration.

SUPPLIMENTAL TO NOTE:
As of September 30th, 2015 the company and Rubyden pty atf ltd the n Mewett Fund (Note holder) came to a renewed settlement which will amend the notes value of conversion from .007 to par value. This amendment is due to the note holder not being able to monetize the aged debt which was issued out in January 28th 2013. The total aggregate amount of shares amended under the new settlement of the note is 50 million to be issued out under non-affiliate amounts of 4.9% until note holder is made whole under special considerations as the holder had contributions towards activities that was such of additional loaned capital on top of existing debt. As at June 30th 2016 the holder has only issued 2,118,643 shares since the amendment of note in September 2015.

NOTE 7
On March 19th 2014 the company received a loan in the amount of 12,300 USD from Settlement Holdings Ltd. Under the promissory note terms the company had not been able to satisfy the debt as such agreed to allow a conversion to supplement the cash owed to Settlement Holdings Ltd. The company and holder came to agreement Settlement Holdings Ltd. The total aggregate amount of shares under the new settlement of the note is 25 million to be issued out under non-affiliate amounts of 4.9% of the issued and outstanding shares until note holder is made whole. As of March 31st 2016 the holder has converted 3,018,343 shares (See Share capital in Note 8) The holder converted 15,518,383 shares of the amount of 25,000,000 entitled.

NOTE 8 – SHARE CAPITAL
In addition to the convertible notes as at the company had satisfied third party service providers with 144 legend removed shares in the amounts of aggregate for numerous legal/advisory services and 200,000 aggregate shares for administrative consultants. As of June 30th, 2016 the company's share structure is as follows:

Issued and outstanding 79,786,422 Float 21,146,003

The Company is working to secure additional financing to fund its mineral exploration activities and to meet its obligations and working capital requirements over the next twelve months.

There are no assurances that the Company will be able to either (1) achieve a level of revenues adequate to generate sufficient cash flow from operations; or (2) obtain additional financing through either private placement, public offerings and/or bank financing necessary to support the Company's working capital requirements. To the extent that funds generated from operations and any private placements, public offerings and/or bank financing are insufficient, the Company will have to raise additional working capital. No assurance can be given that additional financing will be available, or if available, will be on terms acceptable to the Company. If adequate working capital is not available the Company may be required to curtail its operation.
