TNR Technical, Inc.

ANNUAL DISCLOSURE STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Item 1. Name of the issuer and its predecessor (if any).

TNR Technical, Inc. ("TNR", the "Company", "We", "Us", "Issuer")

Item 2. Address of the issuer's principal executive offices.

Principal Executive Offices:
301 Central Park Drive
Sanford, Florida 32771
Telephone: 407-321-3011
Facsimile: 407-321-3208
Website: www.batterystore.com
www.tnrtechnical.com

Investor Relations Officers:
Wayne Thaw, CEO
Mitchell Thaw, President/COO
Anne S. Provost, CFO
301 Central Park Drive
Sanford, FL 32771

Telephone: 407-321-3011
Facsimile: 407-321-3208
Website: www.tnrtechnical.com
E-mail: wayne@tnrbatteries.com
anne@tnrtechnical.com

Item 3. Security Information

A. Trading symbol: TNRK
Exact title and class: TNR Technical Inc., common stock
CUSIP: 872595202
Par or Stated Value: $.02
Total shares authorized, 500,000 and **outstanding**, 307,200 **as of:** June 30, 2016

B. Preferred – None

C. Transfer Agent:
American Stock Transfer & Trust Company, LLC
6201 15th Avenue
Brooklyn, NY 11219
Telephone: 718-921-8200
Facsimile: 718-765-8715
Website: www.amstock.com

American Stock Transfer and Trust Company, LLC is currently registered under the Securities Exchange Act of 1934, and is an authorized transfer agent subject to regulation by the U.S. Securities and Exchange Commission.

There are no trading suspension orders issued by the SEC on the Company's securities. Of the 307,200 common shares outstanding at June 30, 2016, approximately 140,000 shares are fully tradable in the open market without restrictions. All other shares are either restricted securities under Rule 144 or "control securities" owned by officers, directors and/or affiliated persons.

Item 4. Issuance History

In the past two fiscal years and any interim period, there were no sales of the Company's securities by the Company.

Item 5. Financial Statements

The financial statements for fiscal year ended June 30, 2016 follow this page.

TNR Technical, Inc.

ANNUAL DISCLOSURE STATEMENT

FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Balance Sheet

TNR Technical, Inc. Assets	June 30, 2016	June 30, 2015
Current assets:		
Cash and cash equivalents	2,528,177	2,378,024
Accounts receivable - trade, less allowance for doubtful		
accounts of $11,180 and $10,145	547,836	497,063
Inventories	2,009,315	2,000,429

Net cash provided by (used by) operating activities	165,856	(95,567)
Cash flows from investing activities:		
Purchase of property and equipment	(39,985)	(38,257)
Proceeds from disposition of property and equipment	18,650	-
Net cash used in investing activities	(21,335)	(38,257)
Cash flows from financing activities:		
Dividend Reimbursement	5,938	-
Purchase of treasury stock	(306)	-
Net cash provided by financing activities	5,632	-
Increase (decrease) in cash and cash equivalents	150,153	(133,824)
Cash and cash equivalents - beginning of period	2,378,024	2,511,848
Cash and cash equivalents - end of period	$ 2,528,177	$ 2,378,024
Supplemental disclosure of cash flow information:		
Cash paid during the year for income taxes	$ 134,488	$ 205,582

See accompanying notes to financial statements

(1) Summary of Significant Accounting Policies

(a) Nature of Operations

TNR Technical, Inc. (TNR or the Company) designs, assembles and markets batteries and multi-cell battery packs to a wide variety of industrial, commercial, and retail markets. The Company is a distributor for a number of major U.S. battery manufacturers and markets its products nationally.

(b) Accounts Receivable

Accounts receivable are customer obligations due under normal trade terms and are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts using the reserve method based on its assessment of the current status of the individual receivables and after using reasonable collection efforts. After all attempts to collect a receivable have failed, the receivable is written off against the allowance.

(c) Fair Value Measurements

The Company accounts for financial instruments in accordance with FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("ASC 820"), which provides a framework for measuring fair value and expands required disclosure about fair value measurements of assets and liabilities. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices included within Level 1 that are either directly or indirectly observable;

Level 3 – Unobservable inputs that are supported by little or no market activity, therefore requiring an entity to develop its own assumptions about the assumptions that market participants would use in pricing.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of June 30, 2016. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair

values. These financial instruments include cash and cash equivalents, trade receivables, income tax receivable, accounts payable and accrued expenses and are immediately available without market risk to principal. Fair values were assumed to approximate carrying values for these financial instruments since they are short term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand.

The Company does not have any financial or non-financial assets or liabilities that would be characterized as Level 1, 2 or 3.

(d) Inventories

Inventories are stated at the lower of cost (weighted average) or market.

(e) Property and Equipment

Property and equipment are recorded at cost. The Company provides depreciation for machinery and equipment, furniture and fixtures, and vehicles using the straight-line method over the estimated useful lives of the respective assets, which range from three to seven years. Amortization of leasehold improvements is computed using the straight-line method over the lesser of the lease term or estimated useful lives of the improvements which range from three to four years.

(f) Major Suppliers

During the year ended June 30, 2016, the Company purchased from four individual suppliers approximately 25%, 12%, 11%, and 9%, respectively, of its total purchased inventory. During the year ended June 30, 2015, the Company purchased from four individual suppliers approximately 29%, 13%, 13%, and 16%, respectively, of its total purchased inventory.

(g) Revenue Recognition

The Company, consistent with the practice of most entities operating in the battery distribution business, recognizes revenue upon shipment of battery products from its warehouse facilities. The Company's customers take title to the products at the time of shipment and bear the cost of freight. There is no continuing performance obligation by the Company subsequent to shipment of product. The costs incurred by the Company for shipping and handling are included in cost of goods sold.

(h) Advertising Costs

Advertising expenditures related to product distribution and marketing efforts consist primarily of internet advertising and print media which are expensed as incurred. Advertising costs included in selling, general and administrative expenses were $13,969 and $57,921 for the years ended June 30, 2016 and 2015, respectively.

(i) Use of Estimates

Management of the Company makes estimates and assumptions during the preparation of the Company's financial statements that affect amounts reported in the financial statements and accompanying notes. Such estimates and assumptions could change in the future as more information becomes available, which in turn could impact the amounts reported and disclosed herein.

(j) Concentration of Credit Risks

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of cash and cash equivalents and trade accounts receivable. The Company maintains its cash balances at certain financial institutions which at times may exceed federally insured limits. Although the Company believes it is not exposed to significant credit risk in these accounts, it has distributed its cash among several banks to minimize exposure. The Company performs periodic credit evaluations of its trade customers and generally does not require collateral.

(k) Stock-Based Compensation

Stock-based compensation is measured at grant date, based on the fair value of the award, and is recognized as an expense over the employee's requisite service period. The Company estimates the fair value of each stock option as of the date of grant using the Black-Scholes pricing model, reduced by the present value of estimated future dividends.

The Company estimates the volatility of its common stock at the date of grant based on the historical volatility of its common stock. These historical periods may exclude portions of time when unusual transactions occurred. The Company determines the expected life based on historical experience with similar awards, giving consideration to the contractual terms, vesting schedules and post-vesting forfeitures. The Company bases the risk-free interest rate on the implied yield currently available on U.S. Treasury issues with an equivalent remaining term approximately equal to the expected life of the award.

(l) Income Taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

The Company identifies and evaluates uncertain tax positions, if any, and recognizes the impact of uncertain tax positions for which there is a less than more-likely-than-not

probability of the position being upheld when reviewed by the relevant taxing authority. Such positions are deemed to be unrecognized tax benefits and a corresponding liability is established on the balance sheet. The Company has not recognized a liability for uncertain tax positions. A reconciliation of the beginning and ending amount of unrecognized tax benefits or penalties has not been provided since there is no unrecognized benefit or penalty. If there were an unrecognized tax benefit or penalty, the Company would recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses.

The Company files income tax returns in the U.S. federal jurisdiction, and various state jurisdictions. The Company's open tax years subject to examination by the Internal Revenue Service generally remain open for three years from the date of filing.

(m) Cash Equivalents

For purposes of cash flows, the Company considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

(n) Earnings Per Common Share

Basic earnings per common share have been computed based upon the weighted average number of common shares outstanding during the years presented. Diluted earnings per share exclude all potentially dilutive shares if their effect is anti-dilutive.

(o) Subsequent Events

The company has evaluated events and transactions occurring subsequent to June 30, 2016 as of September 12, 2016, which is the date the financial statements were available to be issued. Subsequent events occurring after September 12, 2016 have not been evaluated by management. No material events have occurred since June 30, 2016 that would require recognition or disclosure in the financial statements.

(2) Inventories

Inventories consist of the following as of June 30:

	2016	2015
Finished goods/work-in-progress	$ 30,915	$ 38,136
Purchased product and materials	1,978,400	1,962,293
	$ 2,009,315	$ 2,000,429

(3) Property and Equipment

Property and equipment consists of the following as of June 30:

	2016	2015
Machinery and equipment	$ 89,845	$ 110,813
Furniture and fixtures	167,558	172,033
Vehicles	-0-	38,336
Leasehold improvements	56,708	52,848
	314,111	374,030
Less accumulated depreciation and amortization	244,359	306,793
	$ 69,752	$ 67,237

(4) Shareholders' Equity

Common Stock – The Company's common stock consists of the following:
Authorized; 500,000 shares of common stock, $.02 par value. The stockholders of common stock are entitled to one vote for each share held.

Treasury Stock – Shares of common stock repurchased are classified as treasury shares. During fiscal 2016, twenty-five shares of common stock were repurchased for $306. In addition, the Company determined that 1,923 shares of common stock previous reported as treasury shares were actually retired prior to July 1, 2014. The 51,208 treasury shares reported at June 30, 2015 on the accompanying balance sheet reflect this correction. In fiscal 2015, there were no shares repurchased as treasury.

(5) Stock Option Plans

The 1998 Incentive and Non-Qualified Stock Option Plan, (the "1998 Plan"), was approved by the Board of Directors effective December 15, 1998 subject to stockholder approval within 12 months. The 1998 Plan authorizes 60,000 shares subject to adjustment of shares under the anti-dilution provisions of the 1998 Plan. The 1998 Plan authorizes the issuance of the options thereby as either "Incentive Stock Options" within the meaning of the Internal Revenue Code of 1986, as amended, or as "Non-Statutory Stock Options." Persons eligible to receive options under the 1998 Plan include employees, directors, officers, consultants or advisors, provided that bona fide services shall be rendered by consultants or advisors and such services must not be in connection with the offer or sale of securities in a capital raising transaction; however, only employees (who may also be officers and/or directors) are eligible to receive an Incentive Stock Option. The 1998 Plan also provides that no options may be granted after December 15, 2008.

There were no options outstanding at June 30, 2016. Options outstanding and exercisable at June 30, 2015 consisted of 10,000 shares at a weighted average exercise price of $21.80 per share. There was no intrinsic value associated with options outstanding and exercisable at June 30, 2015. During fiscal 2016, the contractual life on all outstanding options expired. There were no options granted, vested or otherwise forfeited during fiscal years 2016 and 2015.

(6) Income Taxes

The income tax provision consists of the following as of:

	June 30, 2016	June 30, 2015
Current Tax Expense		
Federal	$ 125,000	$ 150,000
State	28,000	34,000
	153,000	184,000
Deferred Tax (Benefit)		
Federal	22,000	(10,000)
State	5,000	(3,000)
	27,000	(13,000)
Total Income Tax Expense, net	$ 180,000	$ 171,000

The tax effects of temporary differences that give rise to significant portions of the deferred tax assets and liabilities at June 30 are presented below:

	2016	2015
Deferred tax assets:		
Inventories	$78,000	$85,000
Accounts receivable	4,000	4,000
Stock options issued	-	15,000
Accrued paid time off	11,000	14,000
Deferred tax assets:	93,000	118,000
Deferred tax liabilities:		
Depreciation and amortization	(16,000)	(14,000)
Net deferred tax assets:	$77,000	$104,000

Deferred taxes are presented in the accompanying June 30 balance sheets as follows:

	2016	2015
Current deferred tax assets, net	$93,000	$103,000
Noncurrent deferred tax assets, net	-	1,000
Noncurrent deferred tax liabilities, net	(16,000)	-
	$77,000	$104,000

(7) Lease Commitments

The Company leases its Florida office, warehouse and distribution facilities from a partnership controlled by an executive officer, shareholder and director of the Company. The lease agreement provides for payment of real estate taxes and insurance and extends through June 2017. The Company also leases warehouse and distribution facilities in California from an unrelated party under a five-year operating lease agreement expiring in August 2019.

Future minimum rental payments associated with operating lease obligations are as follows:

Year ending June 30,	2017	$170,531
	2018	60,145
	2019	62,440
	2020	10,805
		$303,921

Total lease and rental expense approximated $173,000 and $172,000 in fiscal 2016 and 2015, respectively. In fiscal 2016 and 2015, lease expense associated with related parties (exclusive of sales tax and property tax) was approximately $105,000 and $94,000, respectively.

(8) Retirement Plan

The Company participates in a qualified retirement plan (the Plan) with a salary deferral feature designed to qualify under Section 401 of the Internal Revenue Code. Employees of the Company are eligible to participate in the Plan if they meet certain minimum age and period of credited service requirements. The Plan allows participants to defer up to 25% of their compensation on a pre-tax basis subject to certain maximum amounts. The Plan allows the Company to make matching contributions not to exceed 6% of the eligible participant compensation. In fiscal 2016 and 2015, the Company made matching contributions of $22,237 and $25,431, respectively.

(9) Recent Accounting Pronouncements

Revenue

In May 2014, the FASB issued Accounting Standards Update No. 2014-09, *Revenue from Contracts with Customers* (ASU 2014-09), which supersedes nearly all existing revenue recognition guidance under U.S. GAAP. The core principle of ASU 2014-09 is to recognize revenues when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled for those goods or services. ASU 2014-09 defines a five step process to achieve this core principle and, in doing so, more judgment and estimates may be required within the revenue recognition process than are required under existing U.S. GAAP.

The standard is effective for annual periods beginning after December 15, 2018, using either of the following transition methods: (i) a full retrospective approach reflecting the application of the standard in each prior reporting period with the option to elect certain practical expedients, or (ii) a retrospective approach with the cumulative effect of initially adopting ASU 2014-09 recognized at the date of adoption (which includes additional footnote disclosures). The new standard allows for early adoption for annual periods beginning after December 15, 2016. The Company is currently evaluating the impact of its pending adoption of ASU 2014-09 on its financial statements and has not yet determined the method by which it will adopt the standard.

Leases

In February 2016, the FASB issued Accounting Standards Update No. 2016-02, *Leases*. The new standard establishes a right-of-use (ROU) model that requires a lessee to record a ROU asset and a lease liability on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement.

The new standard is effective for fiscal years beginning after December 15, 2019. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The Company is currently evaluating the impact of its pending adoption of the new standard on its financial statements.

Deferred Taxes

In November 2015, the FASB issued ASU 2015-17, *Balance Sheet Classification of Deferred Taxes*, which will eliminate the guidance in Topic 740, *Income Taxes*, that required an entity to separate deferred tax liabilities and assets between current and noncurrent amounts in a classified balance sheet. Rather, deferred taxes will be presented as noncurrent under the new standard. The amendment is effective for fiscal years beginning after December 15, 2017. The Company does not expect that the adoption of this new standard will have a significant impact on the consolidated financial statements.

Item 6. Describe the Issuer's Business, Products and Services

A. Business of Issuer

TNR Technical, Inc. designs, assembles and markets primary and secondary batteries to a variety of industrial, commercial and retail markets and is an authorized distributor for several major battery manufacturers; the products of which are distributed nationally by the Company's two main facilities in Sanford, Florida and Santa Ana, California.

B. Date and State (or Jurisdiction) of Incorporation: 1979, New York

C. Primary and secondary SIC codes;

3691 – Manufacturing storage batteries
3692 – Primary batteries, dry and wet

D. The issuer's fiscal year end date: June 30

E. Principal products or services, and their markets:

The Company is an authorized distributor of nickel-cadmium, nickel metal hydride, alkaline, lithium, silver oxide and sealed lead acid batteries and battery chargers manufactured by Saft America, Power-Sonic, Varta Micro-battery, Enersys, Renata, GP Batteries, CSB Battery,

Ultralife Batteries, Energizer Battery, FDK, Universal Power Group, Arts Energy, Tenergy, CTEK and Panasonic. As an authorized distributor, the Company purchases cells, assembles them into battery packs and maintains inventory for resale. The Company sells its batteries and/or battery packs to original equipment manufacturers, municipalities, hotels/resorts, military, aerospace, government agencies, electrical wholesalers, battery distributors, exporters and consumers without geographical limitation and on a non-exclusive basis. The Company also designs and assembles battery packs to customers' specifications. The Company's batteries have applications in utilities, personal watercraft, photography, power tools, watches, instrumentation, laptops, CNC, Airsoft, surveying equipment, radio control, mobile radios, alarms, U.P.S., door locks, marine, medical, mobility, motorcycle, programmable logic controllers, and emergency lighting as well as other various consumer products. Sales under industrial and distribution programs accounted for substantially all of the Company's revenues during the Company's past three fiscal years and no one customer accounted for 10% or more of the Company's total revenues during these years.

Item 7. Describe the Issuer's Facilities

The Company's principal executive office, sales and distribution facility is located at 301 Central Park Drive, Sanford, Florida 32771. This facility, which consists of approximately 8,000 square feet of space, is leased from RKW Holdings Ltd., a Florida Limited Partnership, controlled by Wayne Thaw, an executive officer, director and shareholder of the Company. The Florida lease renewed in May 2014 and extends through June 30, 2017 with a 6% annual increase in rent. The Company currently pays a base rent of $9,383 per month, inclusive of sales tax. The Company is also responsible for the payment of all insurance, property, and other taxes related to the leased facilities. Property taxes currently estimated at $900 per month, inclusive of sales taxes, are accrued on a monthly basis.

The Company leases from a non-affiliated company, a sales, distribution and assembly facility at 3601 W MacArthur Boulevard, Suites 909-911, Santa Ana, California, 92704. This facility consists of 4,620 square feet of space. The California lease commenced on July 1, 2014 with annual increases in base rent of approximately 4% through the expiration date of August 31, 2019. The Company currently pays a base rent of $4,828 per month, which is subject to increase for its share of the landlord's increased operating expenses. The Company owns production equipment consisting primarily of welding, soldering, testing, and inspection equipment which has been sufficient for its needs to date.

Information related to future minimum rental payments for operating lease obligations and related party expense can be found under footnote 7, page 13.

Item 8. Officers, Directors and Control Persons

A. Directors and Executive Officers

1. Directors

Name	Position with Company	Director Since
Wayne Thaw	Chairman of the Board, CEO	1983
Mitchell Thaw	Director, President & COO	1998
Anthony Guadagnino	Director	2004

The following information is provided regarding the Company's directors, all of whom are United States citizens:

Wayne Thaw, age 59, has served as Chairman of the Board and Chief Executive Officer since 2000 and a director since 1983. From 1987 until 2013, Mr. Thaw served as President and Chief Operating Officer of the Company. He has been a full-time employee since 1980.

Mitchell Thaw, age 60, has been a director of the Company since 1998 and President and Chief Operating Officer since 2015. For over 25 years, Mr. Thaw was engaged in various Wall Street trading and management positions and has expertise and experience in numerous Wall Street products, options, structured products, stocks, warrants, program trading, convertible bonds, corporate and government bonds. Mr. Thaw received a BA from the University of Miami.

Anthony Guadagnino, age 69, has been a Director since 2004. He has been determined by the Board of Directors to be "independent" as that term is defined in Rule 10 A-3 under the Securities and Exchange Act of 1934, as amended. Mr. Guadagnino is President and owner of Presidential Group South, LLC, a property management company, since 1985. Mr. Guadagnino has been in property management since 1975 and has served as a senior accountant at Eisen & Lubin, a New York City CPA firm. He is a graduate of the City College of New York, Bernard Baruch School of Business with a BSBA, Accounting.
