

VELTEX CORPORATION
FINANCIAL STATEMENTS
SIX MONTHS ENDED
JUNE 30, 2016
(A COMPILATION)

To the Board of Directors
Veltex Corporation
Chicago, Illinois

INDEPENDENT ACCOUNTANTS' COMPILATION REPORT

Management is responsible for the accompanying financial statements of Veltex Corporation (a Utah corporation), which comprise the balance sheet as of June 30, 2016, the related statements of operations for the three and six months ended June 30, 2016, and the statements of stockholders' equity/(deficit) and cash flows for the six months ended June 30, 2016, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in note 4 to the financial statements the Company has an accumulated deficit and no current operations which raises substantial doubt about the ability to continue as a going concern. Management's plans regarding these matters are also described in note 4 to the financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

VELTEX CORPORATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016
(A COMPILATION)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business - Veltex Corporation (the "Company") was incorporated in Utah September 17, 1987, and is a holding corporation, which currently maintains its corporate headquarters in Chicago, Illinois. The Company's common shares trade OTC Markets under the symbol VLXC. The Company seeks to enhance shareholder value through aggressive recuperation of lost resources and assets while maximizing the worth of those recovered. The Company is also pursuing other avenues worldwide of enhancing shareholder value. Prior to 2008, the Company operated in the textile industry.

Basis of Accounting - The financial statements of the Company have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Cash Equivalents - All highly liquid investments with maturities of three months or less when purchased are considered cash equivalents.

Income Taxes - The Company accounts for income taxes under the provisions of ASC 740, "Income Taxes". Deferred tax assets and liabilities are provided for temporary differences between financial reporting basis and the tax basis of the Company's assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled, subject to a valuation allowance where uncertainty exists as to the ultimate recoverability of net deferred tax assets. The Company's various Federal and state tax returns are subject to examination by the IRS or other taxing authorities, generally for three years after they were filed.

The last Federal tax examination was completed in February 2015 for the years ending 2004 through 2009. The result of the examination was a no change letter. Management does not believe that the results of any future examination will have a material effect on the financial position of the Company.

The income tax accounting process for uncertainty in income taxes prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return. A company must determine whether it is "more-likely-than-not" that a tax position will be sustained upon examination, including resolution of any related appeals or litigation procedures, based on the technical merits of the position. Once it is determined that a position meets the "more-likely-than-not" recognition threshold, the position is measured to determine the amount of benefit to recognize in the financial statements. Management's review of the Company's possible tax positions at March 31, 2016, did not result in any positions requiring disclosure. Should the Company need to record interest and/or penalties related to uncertain tax positions, or other tax authority assessments, it would classify such expenses as part of the income tax provision.

Subsequent Events - The Company has evaluated subsequent events through September 19, 2016, the date which the financial statements were available to be issued.

See accompanying independent accountants' compilation report.

VELTEX CORPORATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016
(A COMPILATION)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. LEASE OBLIGATIONS

The Company leases its corporate office space and two storage units under a sub-lease agreement in downtown Chicago Illinois. The Company currently operates on a month to month basis. Total rent expense for the three and six months ended June 30, 2016 was \$3,961 and \$7,942, respectively.

3. RELATED PARTY TRANSACTIONS

The Company has a management contract with a related party (First Options of Chicago Inc., a Delaware corporation) to provide the Company's management services. The Company has accrued amounts due to First Options of Chicago Inc. of \$37,500 for the six months ended June 30, 2016, for management services. At June 30, 2016, First Options of Chicago, Inc. is owed \$68,455 from Veltex related to cash advances and expenses paid by First Options of Chicago, Inc. on behalf of Veltex. These amounts include contract management fees in arrears.

During the six months ended June 30, 2016, First Options of Chicago, Inc. exercised stock options for 100,000 shares (no exercise price). The options were valued at \$13,000.

4. GOING CONCERN

As of June 30, 2016, the Company does not have sustainable sources of revenue and income, and an accumulated deficit of \$2,103,528. The Company is currently pursuing \$100,078,621 in legal judgments. Management has not been able to assess the ultimate collectability of these legal judgments.

These conditions raise substantial doubt about the ability of the Company to continue as a going concern. The Company's management plans to rely on stock issuances to generate funds for current operating costs and the potential collection of its legal judgment. See note 5.

VELTEX CORPORATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016
(A COMPILATION)

5. LEGAL JUDGMENTS

On March 26, 2012, the United States District Court for the Central District of California entered a judgment in the principal amount of \$100,078,621 in favor of Veltex in the suit entitled Veltex Corporation v. Javeed Azzia Matin, et. al., Case No. CV 10 1746 ABC (PJWs). This suit was brought against the former management of the Company and others. It arose from a scheme to fraudulently convey the shares of the Company to another entity for little or no consideration. The proceeds from the sale of the shares were converted by the defendants for their own use. The judgment was classified as a fraudulent conveyance and transfer of assets by the United States District Court.

The judgment also includes \$2,005,172 in damages to reimburse the Company for legal expenses. These amounts are not recorded in the legal judgments. In addition, all judgments are accruing interest at applicable interest rates. The State of California stipulates an interest rate of ten percent from the judgment date.

On November 7, 2011, the District Court of the Third Judicial District, Salt Lake County, Utah found in the matter of Fletcher v. Javeed Matin, Case No. 080907145 that the interim receiver which the court had appointed in July 2008 to protect the Company's assets until a new Board of Directors was elected, had breached his fiduciary duties to the Company. A judgment in the amount of \$57,167 was entered against the receiver on January 12, 2012, by the United States Federal Court in California. The Company is still pursuing collections on this judgment.

Various government agencies are pursuing seizure of assets against the defendants, and management is unable to determine whether the judgment is collectable in whole or in part. Management is unable to address with reasonable certainty the collectability of these legal judgments, but will continue to pursue them within its legal rights.

Following is a summary of the estimated judgements by type and, if any portion of the amount is received, the anticipated account(s) in which the amount would be recorded. Legal judgements consist of the following as of June 30, 2016:

Judgment (additional paid in capital)	\$	100,078,621
Judgment (other income)		57,167
Attorney damages (other income)		2,005,172
Estimated accrued interest (other income)		43,436,093
Total	\$	145,577,053

6. STOCKHOLDER'S EQUITY

Stock Options

On March 10, 2009, the Company granted First Options of Chicago Inc. (related party) the right to exercise the option to purchase 100,000 shares of restricted common stock at no exercise price at the beginning of each year without expiration. As of June 30, 2016, all options granted have been exercised.

See accompanying independent accountants' compilation report.

VELTEX CORPORATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016
(A COMPILATION)

6. STOCKHOLDER'S EQUITY - CONTINUED

On March 10, 2009 the Board of Directors granted First Options of Chicago Inc. the option to purchase 1,500,000 shares of restricted common stock at an exercise price of \$0.01 per share. The options are fully vested and are outstanding as of June 30, 2016, without an expiration date.

On July 1, 2015 the Board of Directors granted six board members the option to purchase 500,000 shares each of restricted common stock at an exercise price of \$0.25 per share. The options are fully vested and are outstanding as of June 30, 2016, but expired on July 1, 2016.

On July 1, 2015 the Board of Directors granted corporate counsel the option to purchase 500,000 shares of restricted common stock at an exercise price of \$0.25 per share. The options are fully vested and are outstanding as of June 30, 2016, but expired on July 1, 2016.

During the three months ended March 31, 2016, the Company issued 750,000 shares of restricted common stock to two board members for \$75,000.

On April 25, 2016, the Company requested each director to enter into a stock subscription agreement for \$20,000 (minimum) for 200,000 shares of restricted common stock at \$0.10 per share. All six directors fulfilled the subscription during the three months ended June 30, 2016. \$140,000 was received for 1,400,000 shares.

During the three months ended June 30, 2016, the Company issued 625,000 shares of restricted common stock to two current shareholders for \$62,500.

On July 1, 2016, the Board of Directors granted corporate counsel a stock option for 1,500,000 shares of restricted stock at no exercise price with an estimated value of \$150,000, of which \$100,000 relates to past legal fees, and future legal services of \$50,000. The Company has recorded a payable of \$100,000 for the past services as of June 30, 2016.

On July 1, 2016, the Company granted the six board members options to purchase 750,000 shares each of restricted common stock at an exercise price of \$0.20 per share. The options vested immediately and have no expiration date. The Company will record compensation expense of \$519,750 in the third quarter of 2016. Fair market value using the Black-Scholes option-share model was determined using the following assumptions:

Expected life (years)	10
Risk free rate of return	1.49%
Dividend yield	-
Expected volatility	965%

See accompanying independent accountants' compilation report.

VELTEX CORPORATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016
(A COMPILATION)

7. INCOME TAXES

The Company has incurred losses since its inception and, therefore, has not been subject to federal income taxes. As of June 30, 2016, the Company had domestic net operating loss ("NOL") carryforwards for income tax purposes of approximately \$1,708,000 which expire in 2022 through 2036 . Under the provisions of Section 382 of the Internal Revenue Code greater than 50% ownership changes that occurred in the Company may significantly limit the Company's ability to utilize its NOL carry forwards to reduce future taxable income and related tax liabilities.

Section 382 allows an owner shift any time there is a transfer of stock by a person who directly, or indirectly, owns more than 5% of the corporation and the percentage of stock of the corporation owned by one or more five percent shareholders has increased, in the aggregate, by more than 50 percentage points over the lowest percentage of stock owned by such shareholders at any time during the "testing period." The "testing period" is generally a three-year period ending on the date of any owner or equity structure shift.

The amount of post-change income that may be offset by pre-change losses is limited each year by the "Section 382 Limitation." Generally, the Section 382 Limitation is an amount equal to the value of the old loss corporation multiplied by a long-term interest rate established monthly by the Internal Revenue Service. The Company has not yet determined the qualifying events and resulting limitation that may impact utilization of net operating losses against future periods.

At June 30, 2016, management has recorded an allowance for the entire amount of the deferred tax asset.

Net deferred tax assets consist of the following components as of June 30, 2016:

Deferred tax assets:

Federal and state net operating loss carryforwards	\$	595,000
Valuation allowance for deferred tax asset		<u>(595,000)</u>
Net deferred tax asset	\$	<u><u>-</u></u>

See accompanying independent accountants' compilation report.
